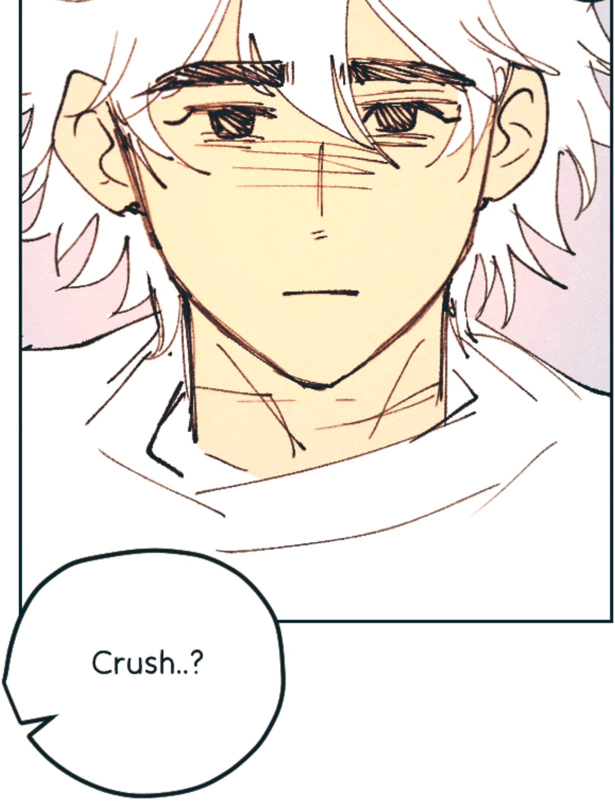
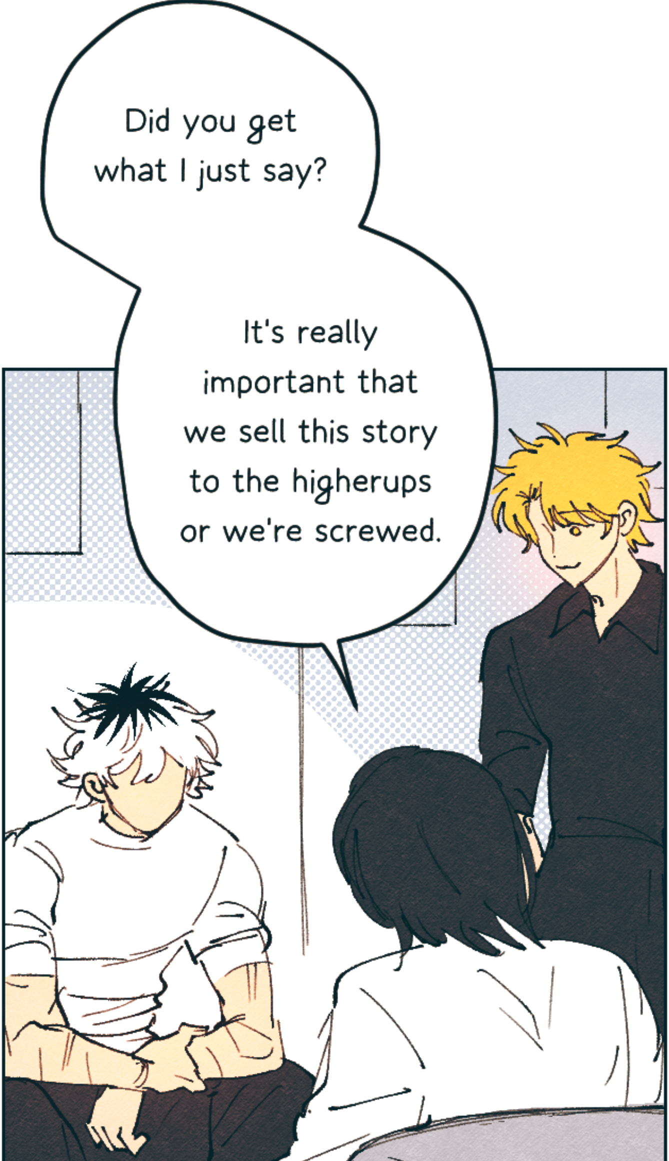
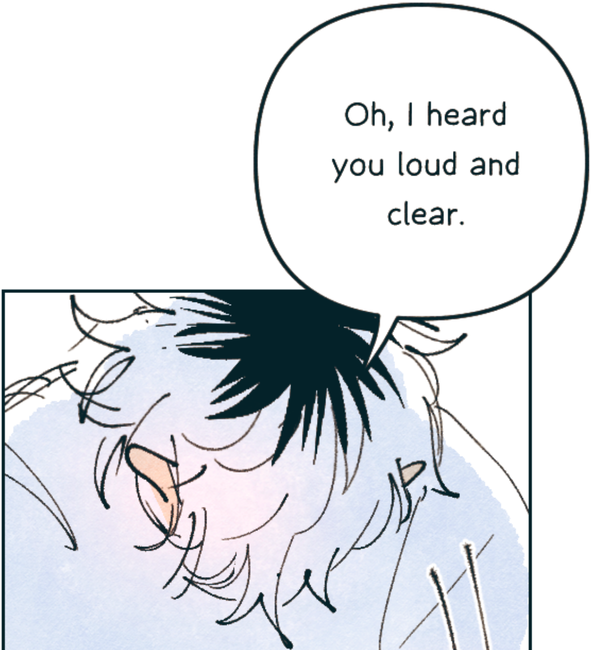
...
It's been 15 minutes..
He's injured.. Maybe I should go find him.
...

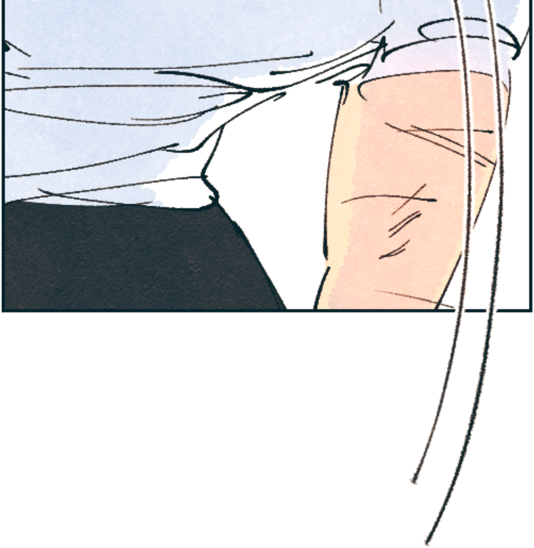




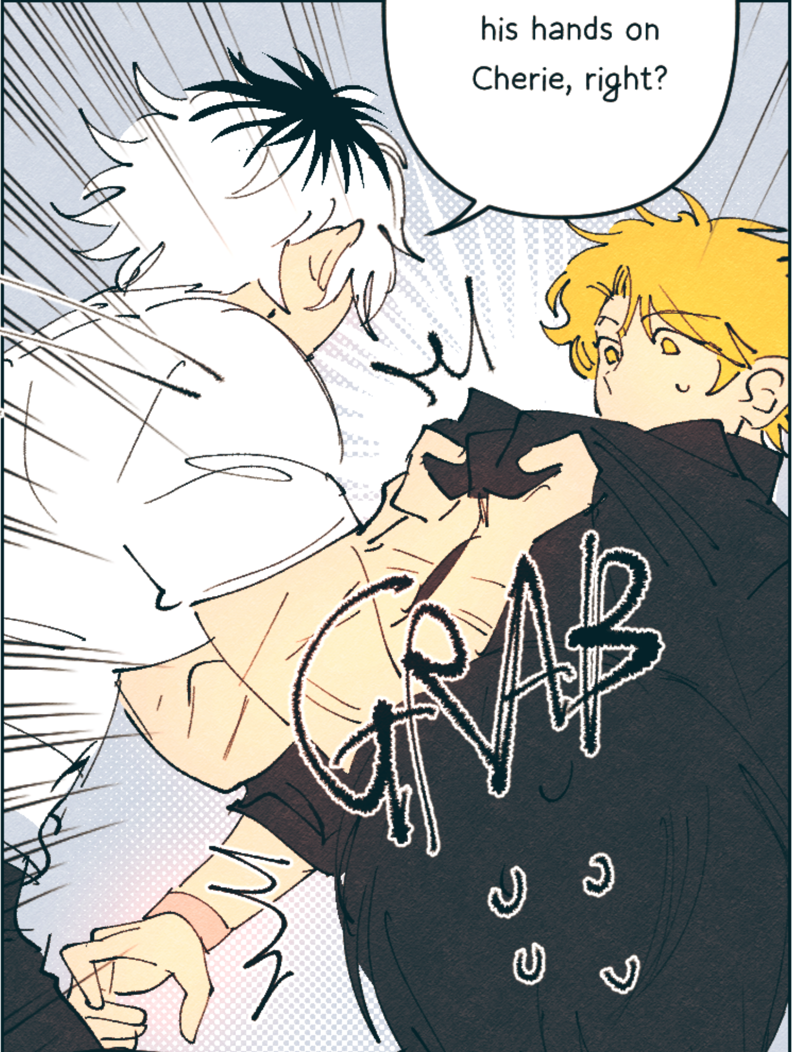
Did you get what I just say?
It's really important that we sell this story to the higherups or we're screwed.



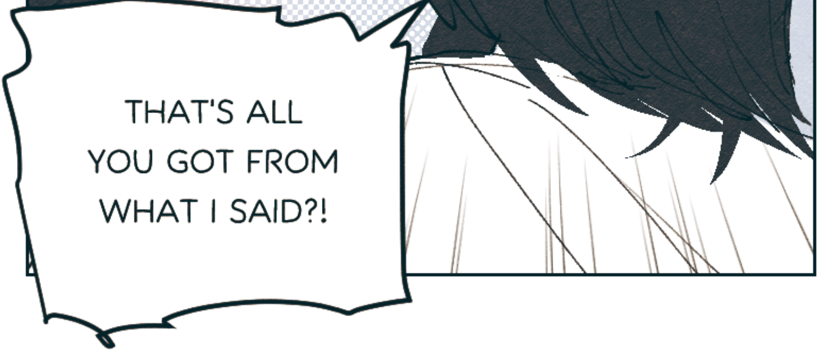
Oh, I heard you loud and clear.



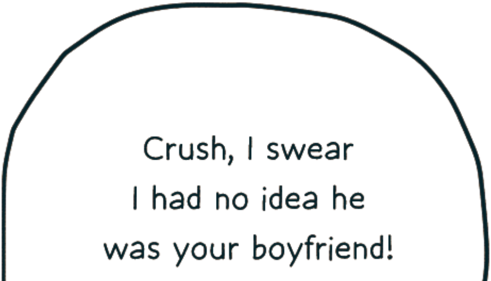
He's the
one that put



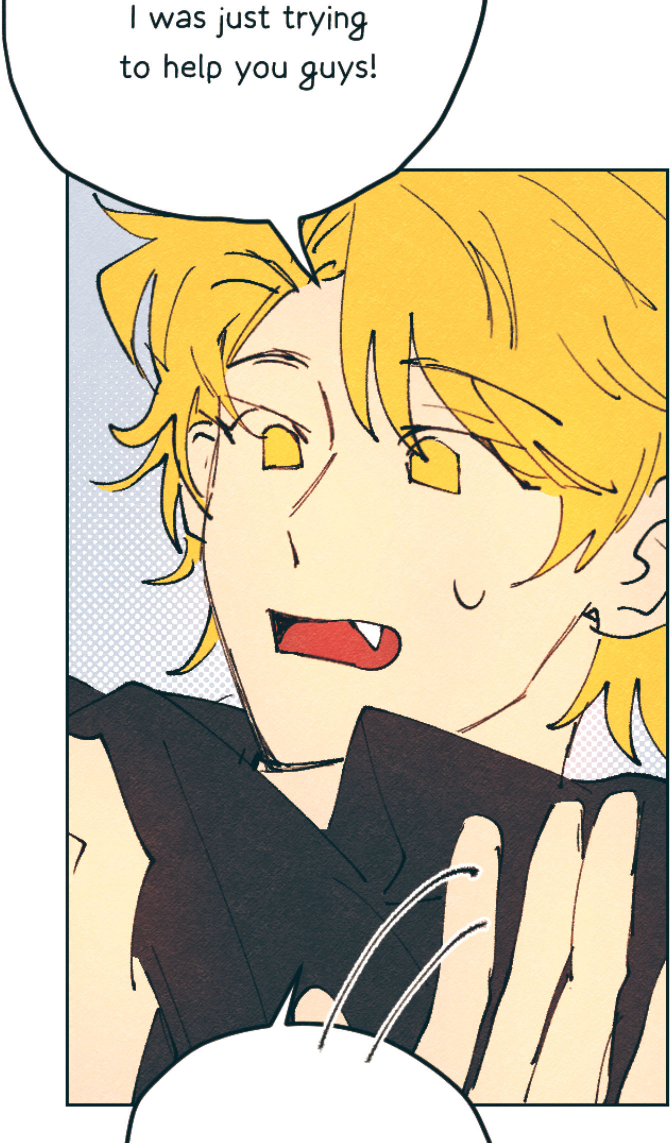
his hands on
Cherie, right?
GRAB



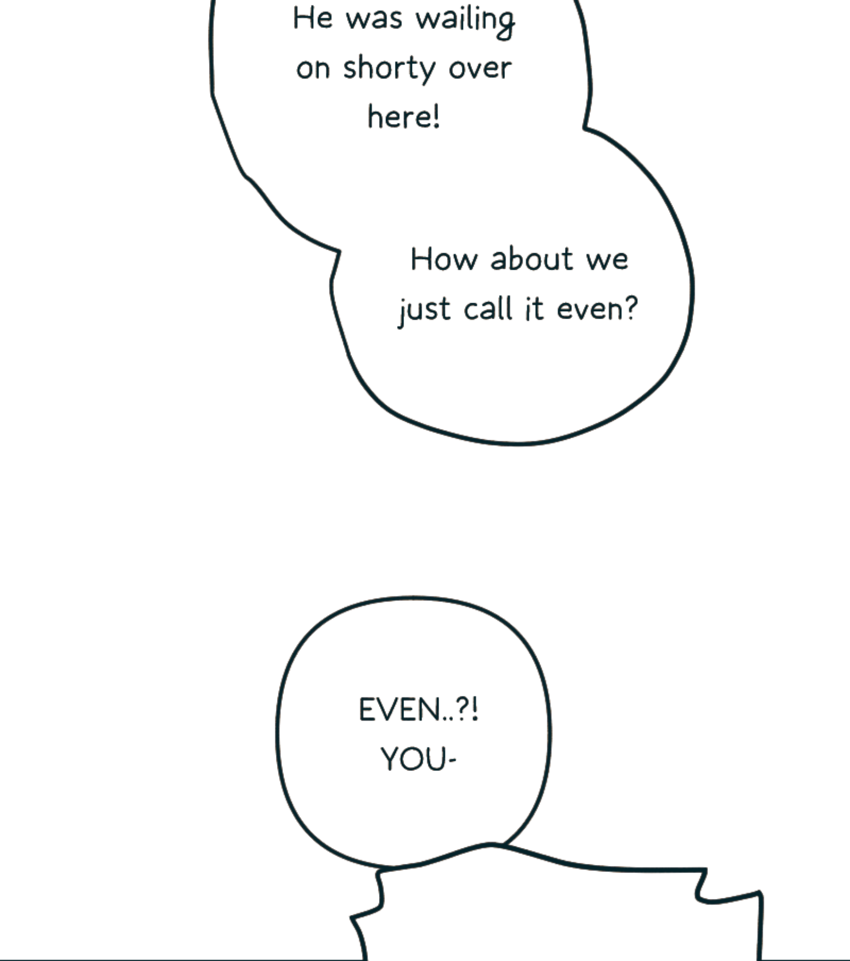
THAT'S ALL YOU GOT FROM WHAT I SAID?!



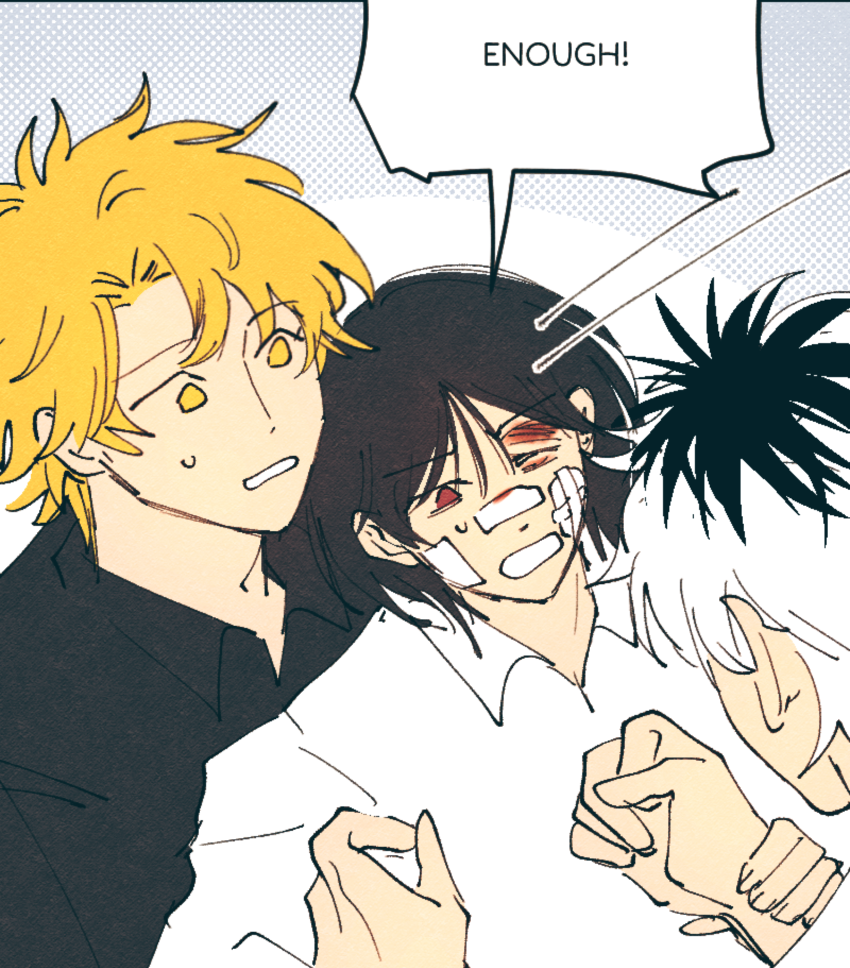
Crush, I swear I had no idea he was your boyfriend!

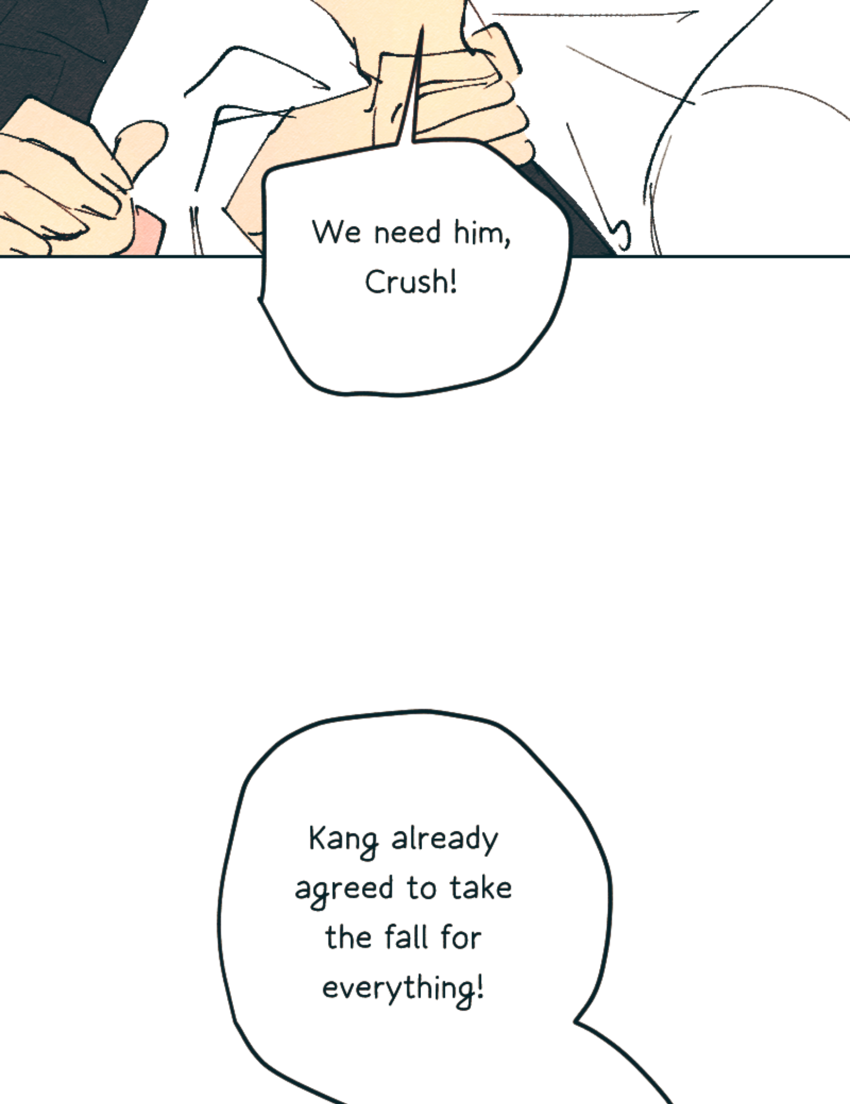


I was just trying
to help you guys!

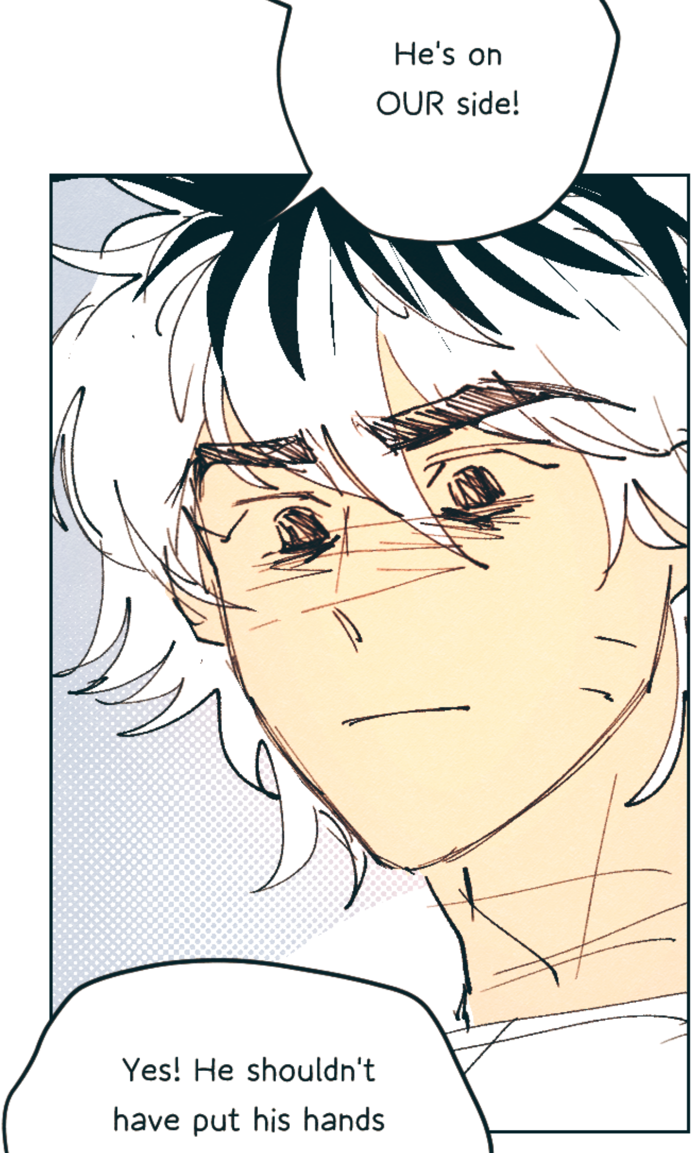


He was wailing on shorty over here!
How about we just call it even?
EVEN..?! YOU-



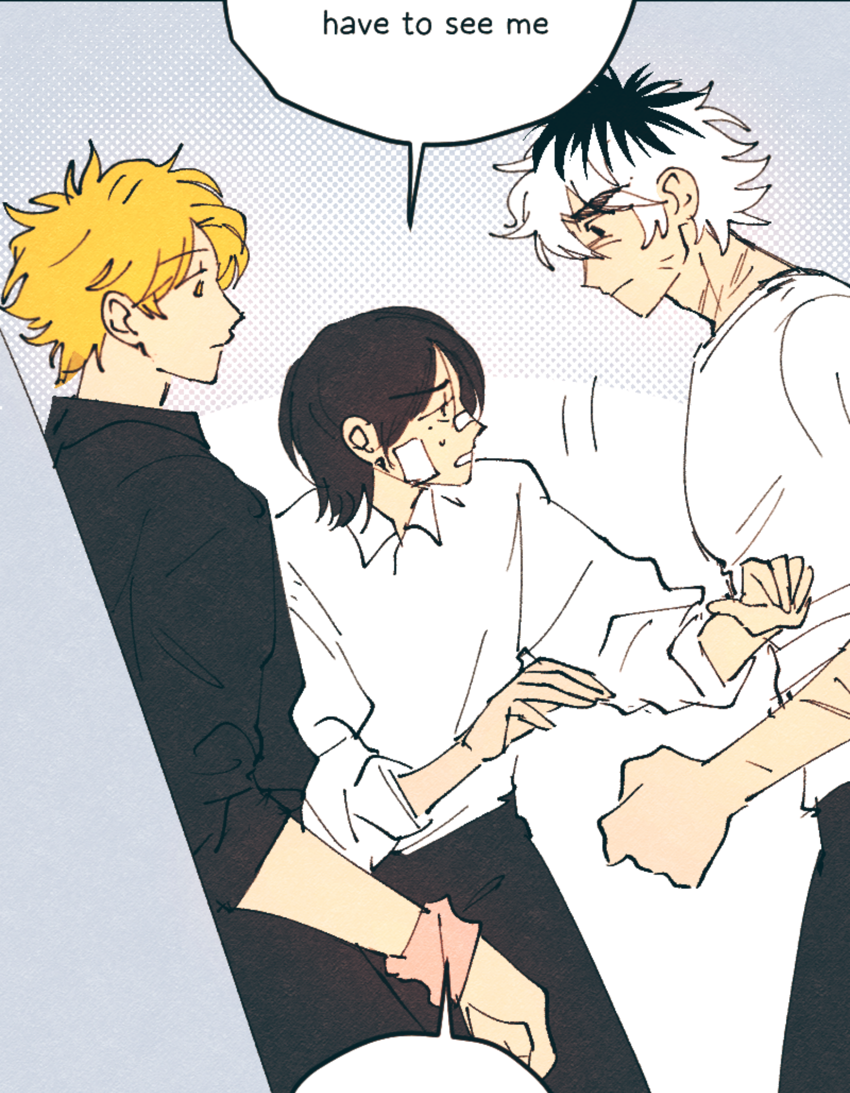


We need him, Crush!
Kang already agreed to take the fall for everything!



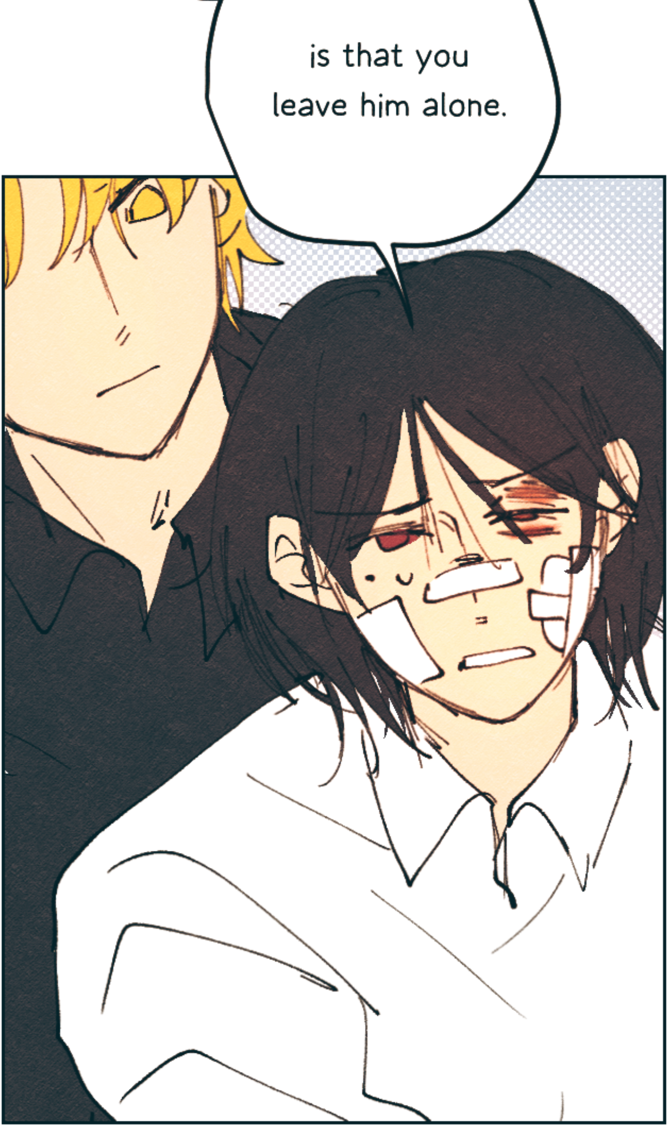
He's on OUR side!
Yes! He shouldn't have put his hands

on Cherie, that was a mistake!
But Cherie was the one that almost got us caught!
If we just played our cards right, you won't



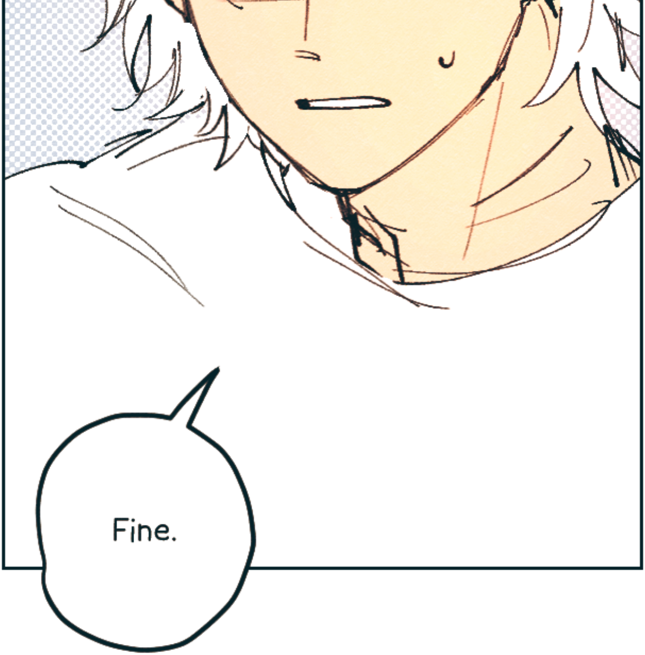
have to see me

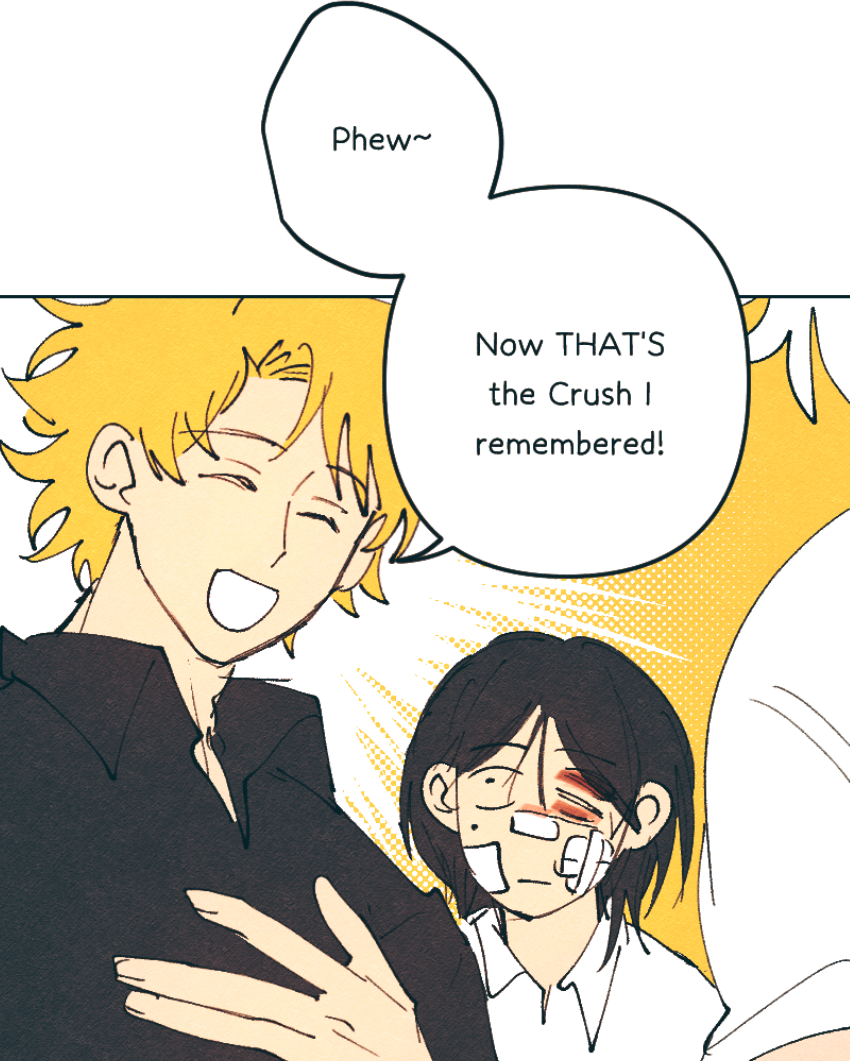
ever again.
All I ask



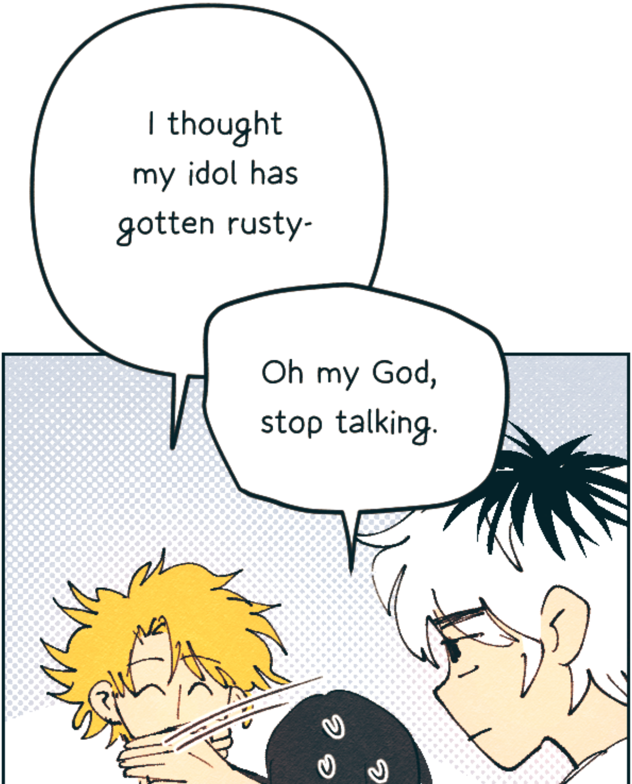
is that you
leave him alone.

For Cherie's sake.

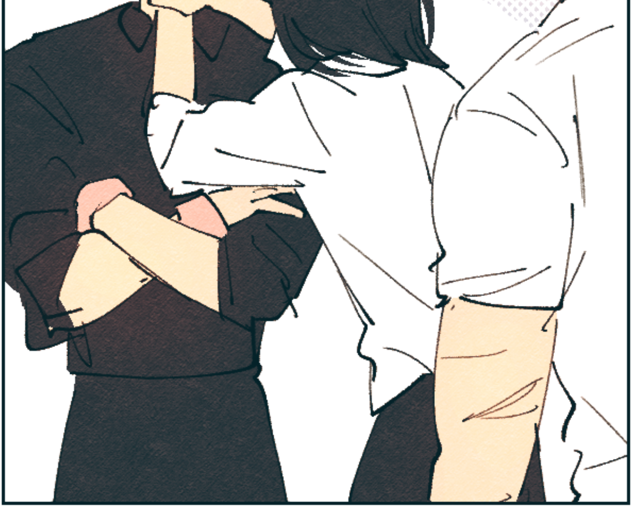


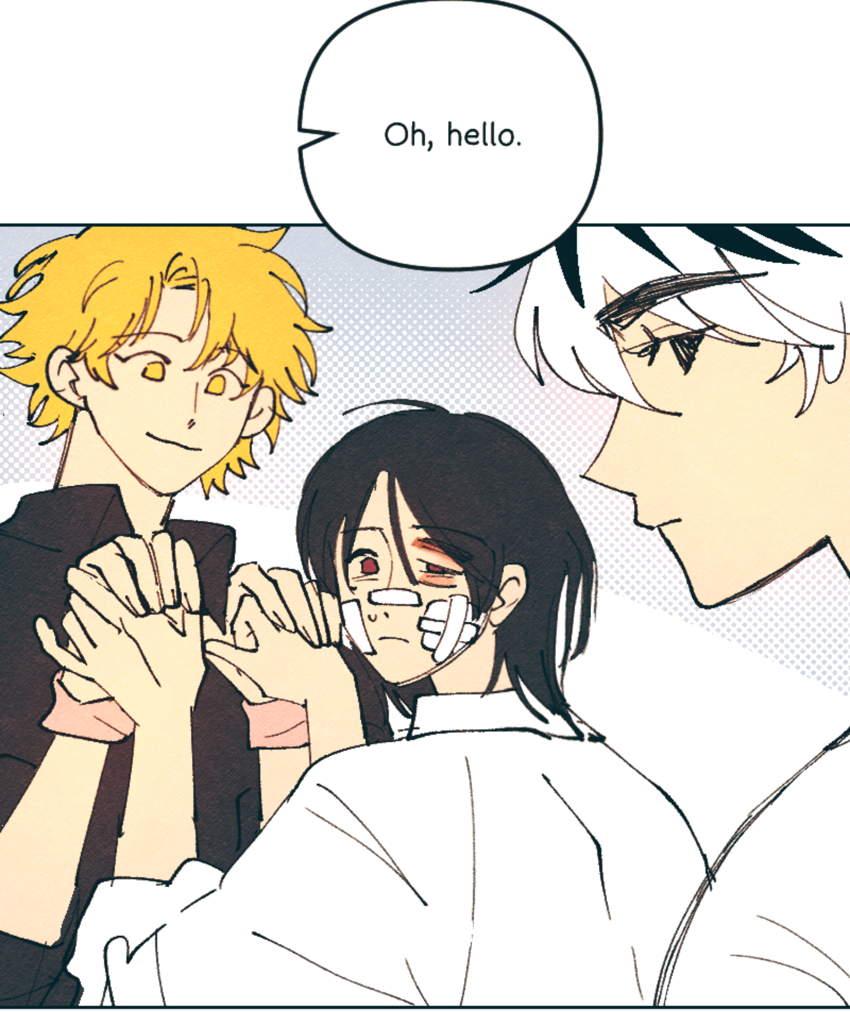


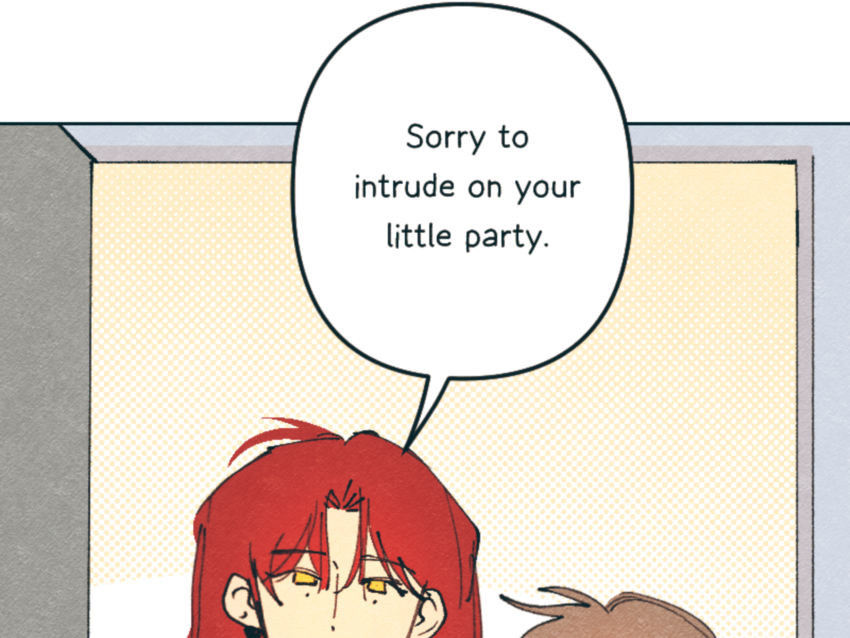
Phew~
Now THAT'S the Crush I remembered!



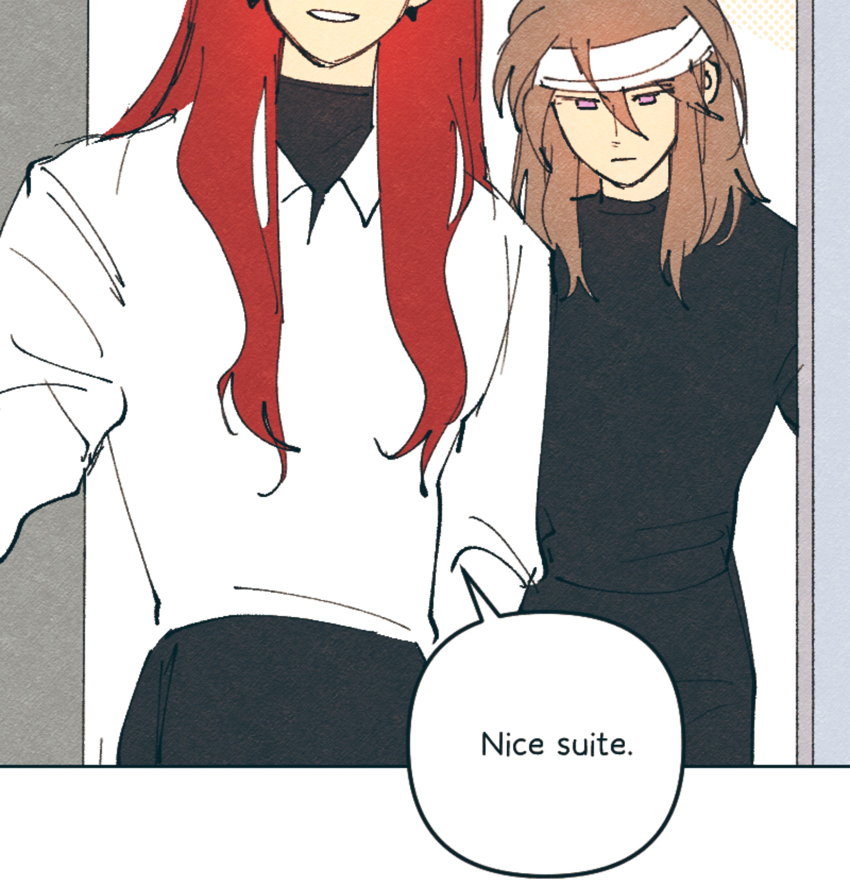
I thought my idol has gotten rusty-
Oh my God, stop talking.

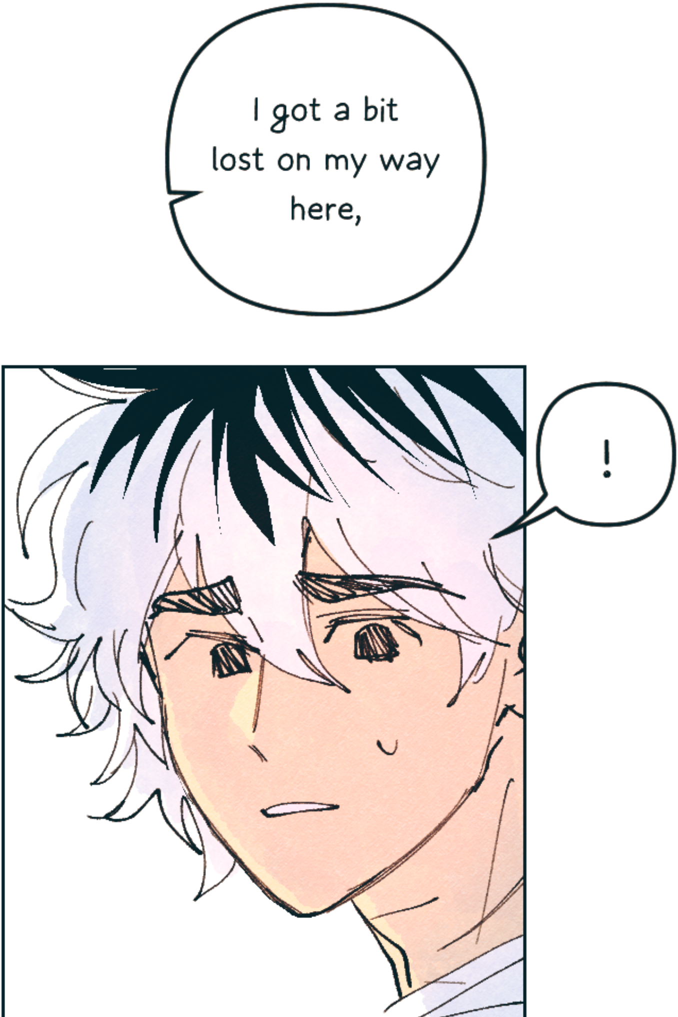




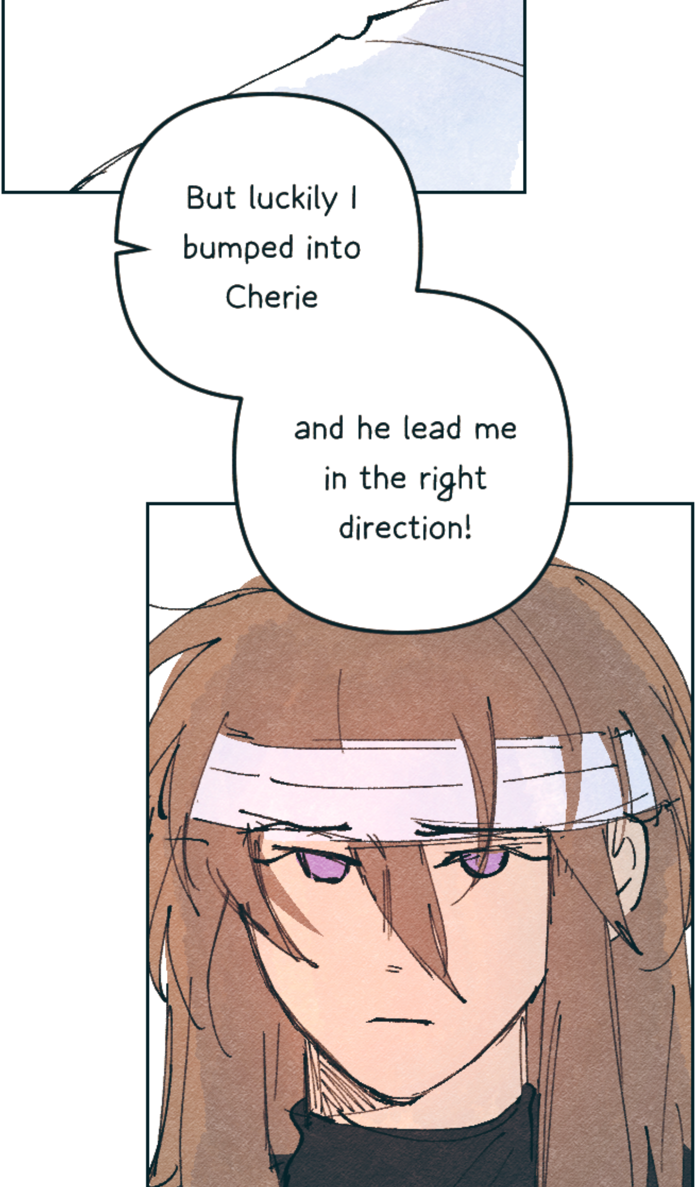


Sorry to intrude on your little party.



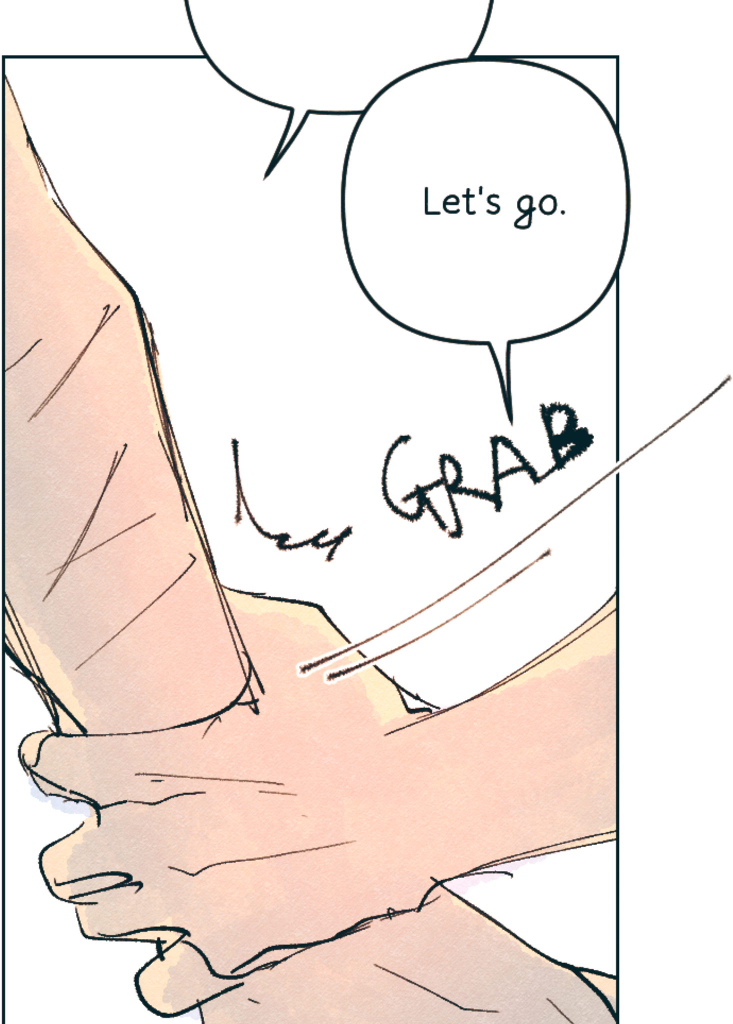


I got a bit lost on my way here,
!



But luckily I bumped into Cherie
and he lead me in the right direction!

Cherie,
are you still-



Let's go.
