

EXPLOITING MY STEP-DAD

PATREON

freeBo23

One Day my mom Came home With a new Boyfriend.

Panny, this is Kabe, your new Daddy! He's a Beefcake, right?

Hi, kid! You can call me STEPPAD!

UH?!

Like many of my mom's lovers, Kabe is really hot But Completely stupid.

I like to spy on him fucking my mom...

I LOVE THAT ASS, STEPPAD!

GROWL!

YEAH!

But he doesn't have a real job and wastes his days drinking beers and smoking pot on our couch.

GRRP!

GULP!

My mom is working double shifts almost every day to pay all the bills, also because Kabe moved with us almost at once because his old place was a dump. As I sat studying college and looking for part-time jobs, he'd do his damndest to drink away the last of our money. If only there was some way I can earn enough cash!

SNORE!

So, I'm finishing my economics homework, when I look over at my "step-dad". He's sprawled out on the ratty couch, snoring softly, wearing nothing but an old dirty wife-beater and a pair of ragged tighty whities. He's hot! He apparently was some kind of hot-shot jock back in high school, and he's kept his body somehow.

That's when I got a brilliant idea!

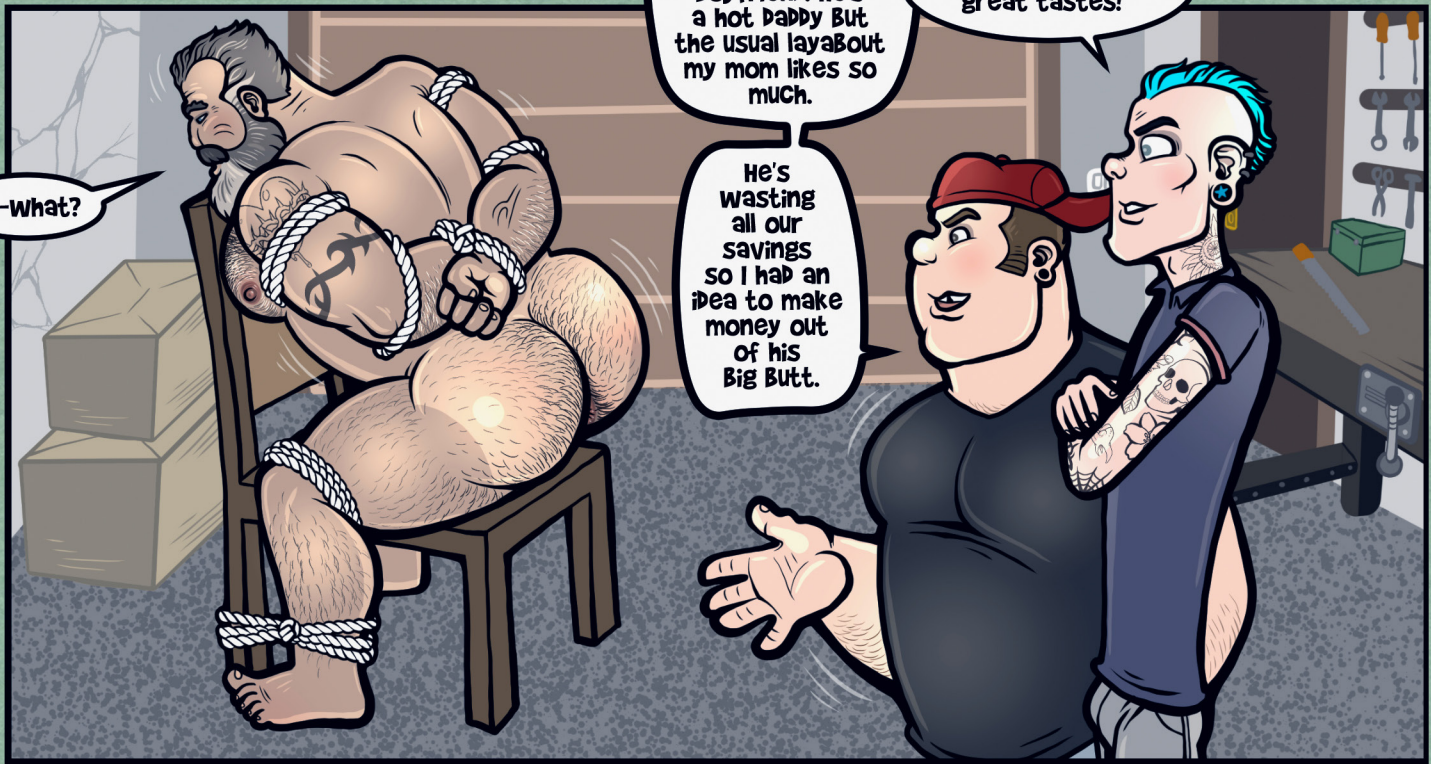

I called my Buddy Andy over, and we both managed to get the Bastard out to the garage and tied up. Kabe was stoned as fuck, so he didn't even realize.

W-What?

Andy, this is Kabe, my mom's new Boyfriend. He's a hot Daddy But the usual layabout my mom likes so much.

Pamn, your mom has great tastes!

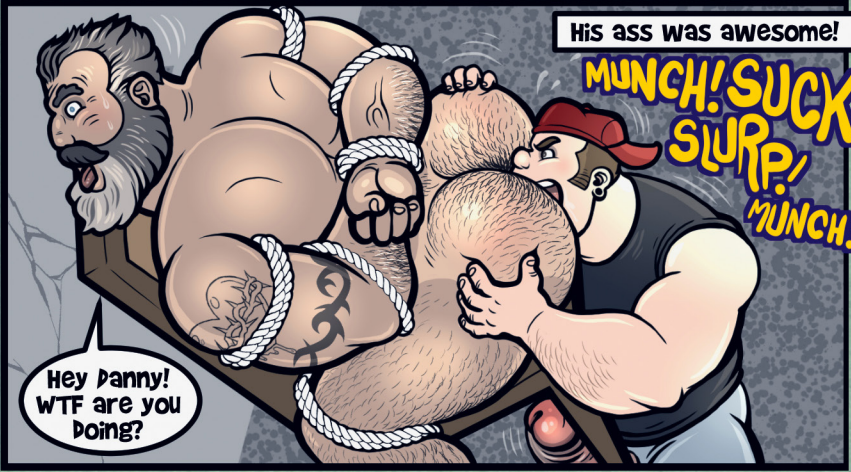

He's wasting all our savings so I had an idea to make money out of his Big Butt.

I tried him out first...Checking our Product' as it were.

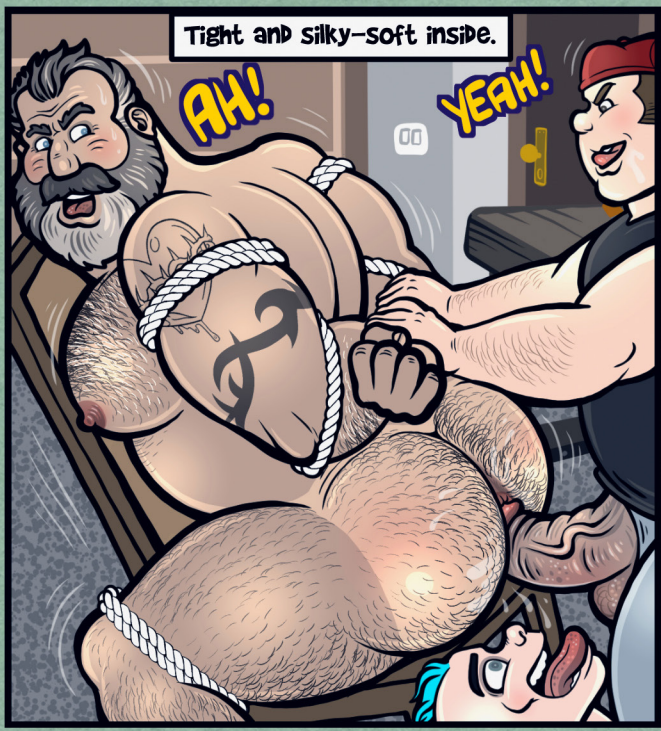

SLURP!

His ass was awesome!

MUNCH! SUCK! SLURP! MUNCH!

Hey Panny! WTF are you doing?

Tight and silky-soft inside.

AH!

YEAH!

Hey Bro, you are lucky to have such a slutty steppad!

HUMP! HUMP! HUMP! HUMP!

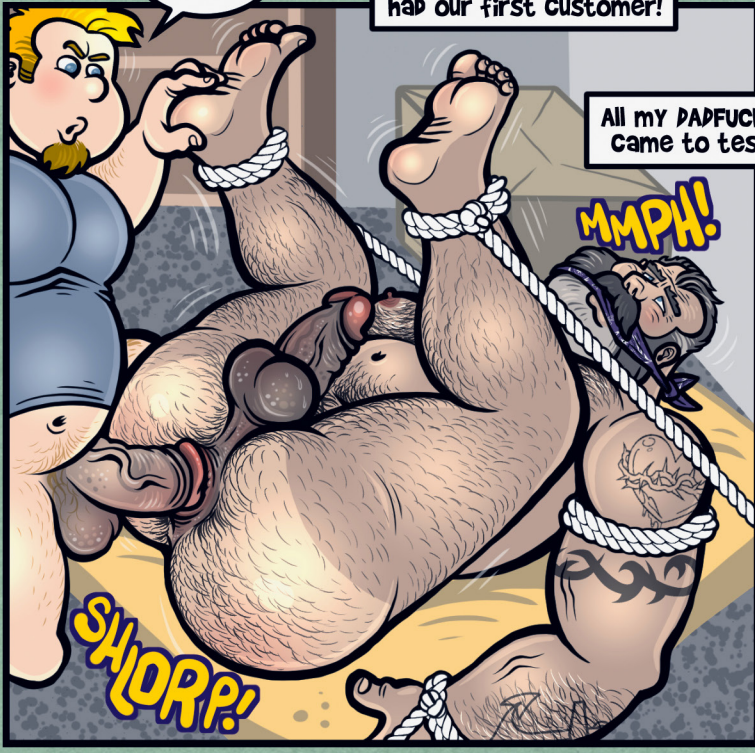

We fucked him in turns. He had great endurance and he was a great cocksucker. My favourite kind of Daddies!

SPANK!

The neighbor, Mr. Williams, was a hot,
married dad of 2 children, but he always
liked my mom so had some kind
of grudge against Kabe. He heard the noise
and came to check, so I offered him my ware.

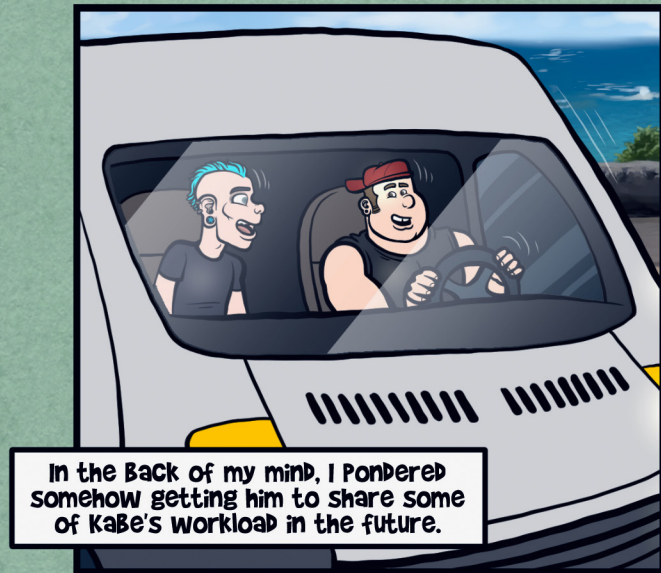

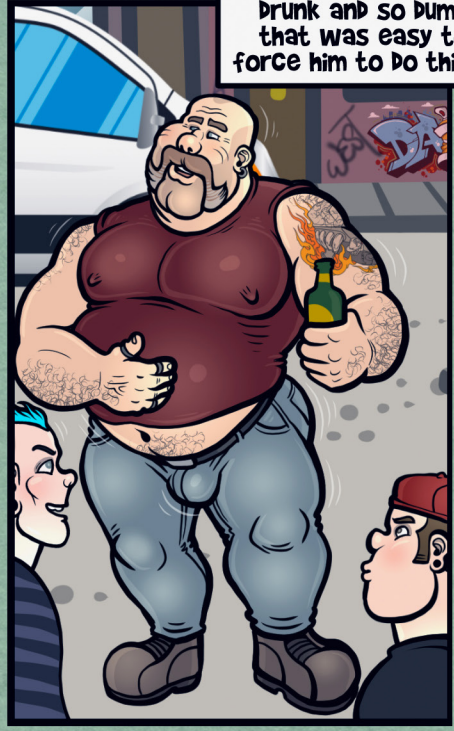

SPANK!

He gave us a whole 5 Bucks just
to Beat Kabe's ass red! I mean, he
fucked him too, but 5 Bucks! wow!

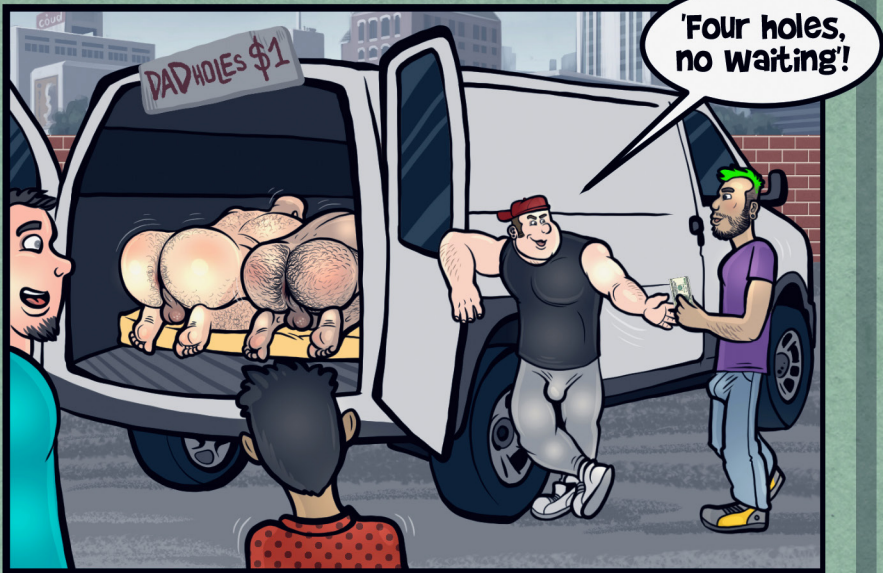

Kabe wasn't too happy about his role in our new business arrangement but after the first dozen clients, he settled in nicely. He didn't even need the ropes after a while!

Andy's uncle was a Big-Bellied trucker. He was also always drunk and so dumb that was easy to force him to do things.

Andy said his uncle Harry had a Big, windowless van, and if we cut him in, we could haul my step-dad around town to 'new markets'... even go to other towns.

In the back of my mind, I pondered somehow getting him to share some of Kabe's workload in the future.

Last thing Kabe croaked out before passing out was,

Damn, Boy! How about at least charging a dollar?!

You always gotta keep thinking ahead to make money!
