

What was  
that all about?

CCS-NT3R

Like  
she said, she's  
my fears.

A woman with short, vibrant red hair and a dark, camouflage-patterned long-sleeved top is looking down with a somber expression. In the background, a tiny, nude woman with long red hair is walking away. The setting is a dark, industrial interior with stone walls and pipes. A sign on the wall reads "CCS-NT3R". There are also yellow "CAUTION" signs with "POWER CHARGE" and arrows. A speech bubble is positioned near the woman's face.

I thought I  
got rid of her some  
time ago.

But with the  
rules of this world,  
who knows?

Let's take a  
look up there. See  
what's left.

I guess  
the answer is  
nothing.

This place is completely busted.

Well, I would like my boyfriend back.

Think,  
Dee.

Find a moment in  
your past that brought  
you joy.

Remember  
when we had our  
very first date?

How could I forget?

You were so nervous that day.

How could I ever be someone anybody would want to be with?

I really was. I was so scared to have a date with you.

Go on.

A muscular woman with long brown hair, wearing no clothes, stands in a dilapidated building. She has her arms outstretched. The background shows brick walls with graffiti, including the word 'VANDAL' and 'WILD OVER'. In the bottom left corner, there is a small inset image of a woman with short red hair.

You were  
the very first person  
to not see WHAT I  
was, but WHO.

And that  
meant the world  
to me.

As it did to me.

Welcome  
back, lover.

Holy shit,  
I'm me again.

Say, what  
was it you said?  
You were here  
five month?

It only was a  
few hours I felt  
you were gone.

I was stuck here after I found the path.

I even started counting the days.

I was feeling so lonely without you.

It's okay, Dee.  
We can figure this  
out together.

You  
think?

**ROOOOAAAARRRRRR!**

What in

that?

The  
heck...?

A fucking dragon?

RUN,
