From	Washington DC	Brooklyn	Guthrie Center, Iowa
Job	Lawyer? Just graduated & still have to take the bar	4th Grade Teacher	Para Educator
BB Player Most Like	Helen Kim	Combination Britney w/ a dash of Dan. Britney cuz I'm fairly sarcastic & think I'm funny (maybe debatable), I'm not super confrontational, but would come to life even more in the diary room. I can really let my true feelings known there, or with someone I really trust. And Dan's dash for his ability to get to form a connection with everyone. We both have a teaching background too, and forming those individual relationships is a huge part of a career in education.	Jason Guy
3 Words	Goofy, talkative, passionate	Compassionate, Witty, Creative	Humorous, Adaptable, & Friendly

What You'd Take Into The House	ipod, tons of puzzles, pictures of my family and friends	A deck of cards. There are so many fun games, both card games and otherwise, you could play or make up with them.	Polaroid Camera, I like to capture special moments so having one of those camera would give me an opportunity to take those pictures. That and it would give me do something to do, because I know how bored will get in the house.
What Would Be Difficult In The House	being filmed 24/7 i would probably say something stupid and become a meme or trip on something and become a gif	As a teacher, I really enjoy my summers, but can get bored easily. So I definitely think the boredom would be tough for me. And of course, missing talking to my friends and family. I'm really close with all of them and so that combination, of missing them and the boredom, would be hard.	The boredom or being around the same people for 99 days consecutively and not being able get away. I feel like they are going to get on my nerves.
Life Motto	Whatever you are, be a good one.	If you won't be worrying, thinking, or having it be a part of your life it in 5 years, try not to put much worry or stress into it now.	Mistakes are how we learn
Fun Facts	i collected banana stickers growing up, i try to get "genius" on the NYTimes spelling be game every day, I can never just put on one outfit and go (its a 3 outfit minimum for me)	My interests are super all over the place! I have a fear of falling (FOF) I am a 1st Team All-Conference Soccer player (High School) I am allergic to poppyseeds
Why Should You Be Included	I'm very outspoken and will usually say what's on my mind (whether its good or bad). I love being a patron and law school/the bar have kept me away from some activities but im ready to show why i would kill it on big brother, first brant steele then the BB house!	I feel like I'll never get to be on an actual Survivor season since they always film during the school year! This might be the closest I'll get!	Who wouldn't want to compete in BrantSteele? I am seeking for an unforgettable night that I know I will never forget. I am very competitive, and doesn't like losing without going down fighting. That and I want to press my luck. When it comes to random generated games, I tend to get lucky. I willing to put my money where my mouth is.

What Would Be Difficult In The House	Not being able to go outside. During quarantine, I made sure I left the house everyday, even if it meant just a short drive or a walk on a park trail.	I think the hardest thing about being inside of the BB house is not knowing what's going on in the world - whether its news related, family related, what people are saying about you on Twitter (kidding.. but.. not really?).	Not having any alone time	Getting stuck with people who I can't wait to get away from probably

Why Should You Be Included	Because there is NO CHANCE IN HELL you're seeing me on the real show! No thank you, don't want those problems! I'm also very interested in becoming more active in the Patron community, & this feels like a really great way to dip my toes in!	Why not? Im pretty awesome	I am such a fan of Brant Steele so would love to be in one. And some South-east Asian representation

BB Player Most Like	the BuzzFeed quiz says I'm Da'Vonne, because I am "beautiful inside and out, always there to comfort someone when they need it and offer great advice off the cuff, speak my mind and aren't afraid of anyone who is a threat to me". But I think I am Sara-Marie Fedele, 3rd place getter in Big Brother Australia Season 1 (2001) because I am from the Long Ago times, I am fun and trusting, and I like wearing pyjamas and bunny ears at any hour of the day or night.	A cross between Jun and Vanessa	I identify with Kevin Martin's warmth and emotional intelligence.	I wish I was like Britney Hayes, she is hilarious!

Life Motto	I take my motto from the great Dame Judy Dench - Behold the field in which I grow my fucks, lay thine eyes upon it, and see that it is barren	Act like the person you want to become	"It's not the critic who counts... it's the one actually in the arena... who at the first fails, but does so while daring greatly." - Theodore Roosevelt	Life is short, choose happiness!
Fun Facts	In Paris in the 1980s, an Iranian diplomat proposed that he make me his kept woman.	I can list (sing) the 50 US states in alphabetical order	Classically trained clarinetist and was a professional for ten years before changing paths to become a therapist.	Doing a re-listen to RAANAP in 2021,
Why Should You Be Included	I'm quick witted, and I can bang on about anything - so I'll be able to narrate the action of the season, and explain my strategy in detail, while throwing shade on my fellow castaways	I am honestly a bit too introverted to actually be in the BB house but it's been a dream of mine since I started watching (season 2).	I don't think anyone knows me! I have a tendency to be shy & reclusive, so I'm coming out of my shell & want to be part of the community more. I've been a patron for a long time, been to many live events, & have listened to pretty much every single RHAP podcast. I am tired of having the purple edit, I want to have fun, & meet people.	My fav show is BB, I have never been applied before but I think a BB Brant Steele is up my alley.
