

MITSU'S COLOR LIBRARY - ADOBE LINK

For those who do not have Photoshop you can access the online color library to recover the colors.

Here is the link: <https://shared-assets.adobe.com/link/cdc14800-a690-467c-5b73-6d22c5eebb08>

You can sort by group if you want it organized like in my photoshop.

It will be updated if I use new colors.

Thank you very much for your support! :3
