PANEL 1

Back to normal vision. The magical hands are floating on each side of Heather. She has her arms crossed over her chest as if to contain the pleasure. She's gasping for air, cheeks flushed, looking completely confused by what's happening to her. Aidan is visible in the background, discreetly peering into the room through the same door as before.

HEATHER

(thinking)

That was so INTENSE!

(cont'd)

Like I was ACTUALLY being groped.

PANEL 2

Zoom in on Heather from neck to hips. She still has her arms crossed over her chest. The magical hands are floating down, one in the front and the other one in the back.

HEATHER

(from above panel; thinking)

Okay, so it's stopped for now.

PANEL 3

Heather heads resolutely for the door of the boudoir (where Aidan is NO LONGER VISIBLE). The ethereal hands are there, one near her crotch and the other behind her ass. Both are BALLED INTO FISTS except for the middle finger, which is extended. We're all wise as to where they're going next.

HEATHER

(thinking)

Better leave while I can.

PANEL 4

The magical hands have disappeared from view. Heather freezes like she's being electrocuted, one (real) hand covering her crotch and the other reaching for her butt. Her jaw is slack and her eyes half-closed from a sudden rush of inexplicable pleasure.

HEATHER

(loud/explosive)
GAAH!

PANEL 5

We're back to PERV-VISION, this time with an extreme close-up of Heather's naked hips (so, stomach to upper thighs). The angle doesn't show everything, but the magical hands (which look more tangible in PERV-VISION) are inserting themselves between her legs and in her butt. We don't see the details, but it's VERY CLEAR what they're doing (motion lines present to emphasize motion).

HEATHER

(from above panel; loud/explosive)
OH LORD!!!
