

Hello Veronique Sulyvahn,

You don't know me at all, but I'm a huge fan of the work you've done both as a QA Tester and Model for Miragocorp as well as you're wholesomely kinky social media feed.

To see someone like you with genetic mutations like your tail, overcome those aspects of themselves and embrace them as part of your identity...

It really resonated with me, as someone who was also born with some... genetic quirks, as well as a kinky side.

I know your „Nano-Suit“ is one of a kind, and super experimental. But I can't wait for the day where that kind of fetishwear hits the consumer market and becomes readily available for everyone.

I'm really look forward embracing and exploring my long suppressed kinky and demonic side.

Thank you for being such a beacon of hope your work moves me and I send the kindest regards.

Love you! Thank you!

Sincerely, Angelica

Wow... I'm speechless, Angelica.

Really, I receive a ton of messages that are ... well you can imagine what they are about. So let me say thank you so much for writing that letter the way you did.

I found it deeply moving.

To know that I'm not alone, and that there are others out there like you that I am in turn reaching is inspiring for me as well.

As you'll understand I can't tell you anything about the development process nor the release schedule of the nanolatex skins

It'll be a few years until all the „quirks and kinks“ will be resolved

But, rest assured Angelica... "I'll make sure that you're at the top of the list to get one."

You know, you could join me for a cup of coffee. Who knows, one day I might personally be the one to seal your nude body into your shiny, sexy new hide..

Love, Veronique ;)

Ps.: was the last bit too much ? I get a ton of weirdo messages so... might have rubbed off ;D

A .. tad bit but .. you can make it up on thursday 19th with tea ?

19th 🍵

NOW THAT YOU'RE DONE
ANSWERING YOUR FAN MAIL,
HOW DO THIS NEW SMART-LATEX
GEAR FEEL, MISS SULYVAHN?

MMMMM... SIMPLY DELIGHTFUL.
THE FACE HARNESS'S STRAPS
AREN'T DIGGING INTO MY EARS
LIKE LAST TIME, AND THE ARMBINDER
IS RIDING THAT PERFECT BALANCE
BETWEEN BEING INESCAPABLE,
AND LUSCIOUSLY COMFORTABLE.

THAT'S GOOD.

YEAH, THE CORSET ISN'T PINCHIN
MY BACK SPINES ANYMORE TOO.
THIS AI CONTROLLED GEAR IS
REALLY SOMETHI- WHOA, WHAT'S THIS?

DON'T MIND THAT, I JUST ACTIVATED
THE NEXT LEVEL OF ENCASEMENT
ON YOUR RESTRAINTS, WHICH IN THIS
CASE, STARTS WITH, SPREADING
A MEMBRANE OVER YOUR HAIR
TO FORM A NICE, TIGHT HOOD.

IT'S KINDA WEIRD WEARING A LATEX HOOD,
WHEN EVERY PORE OF MY SKIN IS ALREADY
SEAMLESSLY ENCASED IN A LATEX NANOSKIN.
ALL IT DOES IT RESTRICT MY HAIR.

WE'LL GET READY FOR THE NEXT PHASE, MISS.
I'M GONNA NEED YOU TO SAY AAAAH
FOR THIS NEXT... ACCESSORY.

OH? I THINK I KNOW WHERE THIS IS GOING,
AND I'M ALREADY EXCITED...

YEP, THE NEXT PIECE IS THIS...
ERM... METICULOUSLY DESIGNED GAG,
WHICH I'M GOING TO BE INSE-

I WANNA DO IT!

W-WHAT?

I WANNA DO IT!
JUST HAND IT TO MY TONGUE,
AND CAN PUT IT IN MYSELF.
