The next full moon will occur on Tuesday, April 23, 2024 at 7:49 P..M. EST. It is known as the Full Pink Moon. It is also known as the Paschal Moon, Egg Moon, Fish Moon, Hare Moon, and the Sprouting Grass Moon. "Pink moon" is just a nickname from folklore — a reference to moss pink, or wild ground phlox, whose pinkish flowers are among spring's earliest flowers in the eastern United States.

For your Full Moon Ritual, fill the bowl with water, if possible from the ocean or lake, otherwise water with pink Himalayan salt or natural sea salt is a suitable option. Place the bowl on the ground in front of you and light the floating candle in the bowl. Then drop in the rose oil, or pink petal leaves. If you have pink crystals, these can also be placed in the water to enhance the effects of the ritual.

Write on a piece of paper anything you wish to release. It can be a word, a sentence, or entire paragraphs full of detail. Write whatever feels necessary to purge. Read what you wrote out loud and then immerse the piece of paper in the water so that the negative energy can be cleansed and transformed. The flame from the floating candle is a purifier and will neutralize any negativity emanating from the note. It also symbolizes your firm intention to let go of any pain attached to it. Here's to releasing negative vibes and inviting more positive ones!
