"Alright...alright...you got me wearing this stupid thing...now what about your end of the deal?" asked Kayden. He sat in his crush's apartment. He was naked save for a big, white fluffy diaper taped around his waist. His crush, Macy, stood before him in her skimpiest pair of lingerie.

"Do you see how I'm dressed, Kayden? Are you not..." Macy reached down and firmly gripped Kayden's semi-erect cock through the thick padding of the diaper. "...excited to see me like this?"

Kayden hissed through his teeth. "Ah ah...not yet!"

Macy giggled. "Why? Worried you're going to squirt in your diapers?"

Kayden glared at her. "I'm a man, Macy. The only place I'm cumming tonight is inside you. And when I do, we're going on that date."

"Alright then, Mr. Confident. Let's begin." Macy reached into her purse and pulled out what looked like ordinary lip balm. What Kayden didn't know is that the chapstick had special properties and that their bet was stacked against him. Macy spread the special balm across her lips, then settled down in Kayden's lap with her legs spread. She pressed her crotch into Kayden's padding. "Remember, if you cum in those diapers there's no way I'm ever letting you have sex with me."

Kayden laughed. "You say that like I'm gonna actually cum in these like some sissy. Not g--mmmph..." Kayden shut up the moment Macy's lips touched his. There wasn't a doubt in his mind that he would win their bet. Even when his cheeks grew flush and his hands clammy, not a doubt entered his mind.

The aphrodisiacs that coated Macy's lips quickly flooded Kayden's system. His semi-erect cock strained against the fluffy padding of the diaper. It ached for release. He ached for release. It had only been a matter of seconds and Kayden had already mostly forgotten about their bet.

However, no matter how horny it made him, Kayden knew he needed to wait. He may have been horny as hell, but there was no way he'd pass up the chance to have sex with Macy.

"I can feel you beneath all that padding," said Macy. "Gotta hand it to you, Kayden. You've got a pretty big dick. Not the worst looking guy either..." Macy pressed herself into Kayden and pushed his face into her breasts. "Too bad I don't really care about that stuff."

Kayden was too horny and too dumb to understand what Macy implied. He drooled all over her breasts. Next thing he knew, he held Macy in a tight hug. He sucked on her nipples as he eagerly humped away. The diaper crinkled loudly and drowned out everything else.

"Taste something familiar?" asked Macy. "I put some of that balm on my nipples too. The instructions said this might happen...so...say goodbye to your manhood, Kayden. Cum in your diapers like the dumb little sissy you are."

Kayden's eyes widened. He was suddenly hyper-aware of everything going on around him. When did he start humping, why was he sucking on her nipples, and why was his cock spasming? Kayden gasped. He whimpered and squirmed as Macy pressed him back onto her bed. Kayden laid there with his knees and elbows spread out. Macy's knee pushed into his diapered crotch and gave him just enough stimulation to not be able to stop himself. "Guh...n-nuh...nah a si--- unnnnf...."

Macy watched with delight as Kayden, the man that had hounded her for weeks for any kind of physical affection, came in his diapers. Just like TF Labs had promised, the diapers made it abundantly clear the moment Kayden lost control. The plain, white diapers greatly expanded in size when Kayden soaked the crotch of them with his semen. A wetness indicator revealed itself on the crotch in the form of the words 'Sissy Sticky Pamps' in bright pink bubble letters.

Kayden was too far gone to notice. He laid on the bed in absolute bliss, having completely forgotten that he had just done something he'd sworn not to do. Soft grunts and whimpers escaped his lips as more and more semen soaked into the crotch of his diaper. The once faded lettering on his diaper became bright and readable the more he ejaculated until it looked to be part of the diaper's initial design rather than just a wetness indicator.

"Enjoying soaking your diapers, 'Sissy Sticky Pamps'?" Macy teased.

Kayden, finally done with his orgasm, looked around the room in a stupor. His eyes finally settled on the thick, squishy diaper taped around his waist. The words on the front seemed to mock him for his failure. "N-No! I-I didn't d..." Kayden swallowed audibly when he noticed the semen that had escaped his diaper and came just below his belly button. "It was an accident!"

"Which is why I'll be keeping you in diapers, Kayden...or maybe Sissy Baby Katy might work better?"

Kayden sat up on his elbows, a look of shock on his face. "Y-You're not calling me that! I'm not a sissy baby. I-I'm nah...nah...a s-sissy...?" As Kayden spoke, he felt more and more strange to the point where he could no longer speak properly. He was aroused again. Horribly so. Macy wasn't even pressing her knee into his crotch. Something about how the squishy padding felt on his skin drove him wild. Eventually, Kayden could resist it no more. He brought his hands down to his crotch and massaged his aching groin. "Wha...what's the matter...wif me..."

Macy giggled. "You're a diaper loving sissy, that's what! And that's what everyone will think once they see the video of what happened here today."

Kayden couldn't think straight. He heard everything Macy said and knew that he needed to act, but all he could do was hump his hands. It just felt so good. Nothing short of an orgasm would make him stop.

"I've got a hidden camera on the shelf over there, but I think a close up shot of you squirting in your diapers would paint a better picture of how big a sissy pervert you really are." Macy pulled her phone out and pressed record on her camera app. "Look at how horny Sissy Baby Katy gets when she wears her diapiess!"

Kayden wanted to hide his face in shame, but he couldn't; instead, he let loose a girlish whimper and ejaculated into his diapers again. His expression said it all, but the special diapers taped to his waist said more. Almost immediately they expanded further until Kayden's legs were forced far apart. Pastel colored hearts, rainbows, and stars appeared all over the diaper along with the words from before to make an incredibly girly and infantile design. Unknown to Kayden, the diaper had been siphoning off his masculinity the entire time. The semen mixed with a coating on the inside of the diaper to draw in his testosterone and replace it with estrogen. Combined with the aphrodisiac still on his face, Kayden's body was flooded with chemicals intended to make him submissive and feminine. He was powerless but to watch as he lost muscle mass and what masculinity he had left. His nipples grew pink and puffy and his body hair fell away.

Macy laughed. She stopped the recording, reached into her pocket, and pulled a large pink pacifier with the TF Labs logo on it out of her pocket. "You know what this is, sissy?"

Kayden hated how she called him that, though he couldn't refute it given his state. "I-it's a paci..."

"Yes, baby, it's a *paci*. You know what's great about it?" Macy asked. She raised the nipple to the light and turned it slowly. "The nipple is covered in the same aphrodisiac and sissification compound that turned you into the pathetic diaper humping sissy that you are now." Macy leaned over Kayden and squeezed his dick through the padding. She laughed at him when he helplessly ejaculated again. "If you were to suck on this, not only would you become dependent

on it, but you'd also become completely happy with your new life as more and more of these chemicals flood and rewrite your brain."

"G-Get it away from me!" Kayden managed to protest through gasps.

"Not happening; in fact, you're going to beg for it here soon. Right after we get you properly dressed."

Kayden's eyes widened. "W-What?"

"Everyday you follow me to the bus stop and pester me like I'm some piece of meat. Today, I'll be doing the pestering. Today, you're going to waddle in your sticky pampers all the way to the bus and you're going to get on with me."

"No..."

Macy nodded. "Oh yes. No more naughtiness from you, Katy. It's time for you to stand up, go over to that drawer, and put on everything inside it. Now, sissy." Macy reached down and gripped Kayden's cock through the padding. He was as hard as he could get, but Macy could barely feel it. The drug had claimed it would sissify his dick as well. It seemed like it had worked perfectly.

The moment Macy gripped his cock, Kayden felt compelled to do as she asked. He was so horny and so close to her near-naked form. The old Kayden might have taken her at that point, but the new Kayden couldn't bring himself to do it; instead, Kayden wound up crawling to the drawer like a baby. His thick diaper swaddled his cock tightly and made it impossible to walk without risking an orgasm. Kayden refused to humiliate himself anymore than necessary. He would never willingly give in to the sissification Macy planned for him. He was still a man no matter the changes. Kayden was sure of that. He was resolute; at least, he was until he looked inside the drawer.

Pink frilly diaper cover with the words 'Princess Diapie Humper' on the crotch, a pink babydoll dress far too short to cover anything, mittens, booties, a baby bonnet, and a ridiculously over-the-top frilly pink purse. All of the clothing had locks. All of it was made with a humiliating bright pink satin material. "I'm not gonna wear this! I-I can't! I don't care what you do, I'm not putting this stuff on!"

Macy sighed. "Looks like being a horny, humpy little sissy clouded your big kid brain. You don't have a choice sweetheart. You can either get dressed like a big girl, or I can give you this special plug for your bottom to make you behave. Would you like me to put this in you, Katy?"

Kayden looked up to see that Macy stood over him with a large pink buttplug dripping with aphrodisiac. "N-No! Don't! It won't fit!"

"Awww...little girl, is that why you don't want it? Well no worries, your babysitter knows a little sissy like you has plenty of room for something this small." Macy reached down and pushed Kayden's face into the clothing drawer.

The overpowering smell of strawberries and flowers filled Kayden's nostrils as his diaper was yanked down around his thighs. He struggled to get free, but the sissification process had left him weak and surprisingly willing. At a single command from Macy, Kayden's hands had found their way back to his bottom where they spread his buttocks apart. He cursed into the frilly clothing he would soon be forced to wear as Macy stuffed the massive plug inside his ass. ght, Kayden felt the effects of the plug almost immediately. The pain of the insertion quickly gave way to incredible pleasure. Kayden's knees grew weak. He slumped forward and moaned from the intense orgasm that shook his body. His cock spasmed and semen dribbled from his limp dick down into the already sticky padding.

Satisfied with Kayden's performance, Macy pulled his diaper back up past his hips. "Do you like that? Do you like cumming in your diapers like a sissy baby. What happened to you wanting to fuck me?" Macy teased Kayden relentlessly. "If you're going to act like a little sissy, then dress like one. Put on your pretty dress sissy."

Kayden's mind unraveled as his body transformed. Any muscle mass that was left turned into fat, giving Kayden a plump bottom and a more shapely figure. His short brown hair grew long and blonde. Kayden hardly looked like his old self at all. He knew that. It excited him. It took all his effort not to cum in his diapers again as he willingly donned the frilly clothing. Kayden barely got the dress on before he started to masturbate through his diapers. The intense pleasure he felt from the plug in his asshole was too much for him to bear.

"Wow..." said Macy, "You really are a baby if you can't even dress yourself. What happened to the *man* that was here before, hmm?" Macy reached into the drawer and pulled the locking mittens loose. She forcibly slipped them on over Kayden's hands and locked them. "You're such a little baby you can't even take your own diaper off now. You know what that means, don't you?" Macy grinned from ear to ear when she revealed a bright pink chest harness and leash. Kayden allowed her to dress him in it and attach the leash. Kayden was much too busy rubbing his diapers to care. "It's time for the real punishment. Something a pervert like you deserves."

Kayden, more excited than ever, quietly gasped. "C-Can I have my paci pwease?"

Macy laughed. "What did I tell you sissy? You'll beg for it like the little baby you are."

"Can I pwease have my paci mommy! I'm a good widdle sissy and I want evewyone to know!"

"That you are..." replied Macy. She stuffed the pacifier in Kayden's mouth. She watched him lose what little bit of his old self he had left as he happily sucked away on the pacifier. Finally

ready for their adventure, Kayden was pushed forward and outside. He waddled down the sidewalk in front of her, fully erect and ready to blow with every step he took. People stared, they pointed, and mocked Kayden as they neared the bus stop. Unable to help himself, Kayden came in his diapers while they waited for the bus. He then soaked his padding until the diaper sagged heavily between his thighs. The soggy material swayed back and forth as he was pushed up and into the bus. There he stood next to Macy for the entire ride as people spoke in hushed tones about the girl wearing diapers. Each bump in the road threatened to push Kayden over the edge. Finally, when they arrived at their destination, Kayden couldn't help but rub his diapers. Everyone watched and groaned with disgust as Kayden giggled and whimpered.

"Here we are, sissy. The college campus. Your favorite place to waddle around in your soggy diapers and beg for diaper changes, remember?" Macy pushed a diaper into his hands and gave him a firm slap to the ass. "Now go on, that diaper can't hold much more. Wouldn't want you leaking all over your pretty clothes. Kayden completely agreed. A silly sissy like him needed to properly beg for his diaper changes. He waved goodbye and waddled away to do just that. Macy watched, delighted, from a distance as Kayden waddled from one person to the next and utterly humiliated himself in front of his peers. "And he was all set to graduate too," Macy said to herself, "Poor thing. Here's hoping they're lenient and put him back in daycare. He's clearly not ready for anything else."
