

GOOD WORKOUT

Damon started to feel a tingling running through his body, entirely his body, he felt a shiver run through his entire spine, cascading through the back of her head, to his anal sphincter, dreadful yet strangely pleasurable shiver running through his entire spine.

"God, what is this? I think I just. Oh"

Damon let out a moan, his voice cracking an octave higher, his entire body going into a pleasurable tingling, he feels his penis erecting, the pleasurable feelings running through his entire being makes as a result his cock getting hard really fast.

"This is odd, I just don't know what is going on but, my god, this feels weird," Damon says, his breathing accelerates, waves of a warm pleasure running through his body, the tent formed in his crotch area,

as a result of his hard member, formed a tent through the fabric of his jeans.

"I'm so horny, damn man" He groaned.

Damon could not believe this surge of pleasurable sensations running all over his overweight physique, he could not help but let out a moan, this time even louder than the first one very few seconds ago, he didn't notice his voice turning a little bit higher, he was lost into a pleasurable fog dulled his instincts and rational mind, the very thought of there is something wrong dissipated by the pleasurable waves of pure arousal into his entire being.

"What is happening to me? I'm so horny right now, why, this is so good but hell this is not me" He moaned, his voice sounding higher pitched, this concerns him as his tired eyes are wide open.

"What happened to my voice, this is not supposed to sound like this" Damon says in a breathy tone, sounding higher pitched by the second.

"I don't know what is happening to me but oh god it feels good, but this is something wrong" He moaned, with a hint of fear inside him.

"Don't you worry, this is what you want, right?" The voice from minutes ago spoke again.

"What? What is going on?" Damon says, his voice sounding girlish and his face looks scared.

"Don't worry baby, enjoy the pleasure and embrace your inner self, Denisse" The voice said.

"Denisse? Who is that-" Damon abruptly stopped talking as an electric shot of pleasure assaulted his entire self, and a huge moan escaped from his lips.

"OH GOD," Damon roared in utter bliss, his worries and fears wiped away from his entire mind.

Damon didn't notice his physique starting to undergo a strange change, his entire body rippled, the mass of his overweight shape twisting, reshaping into a different being.

"Denisse sounds like fun"

Damon's high-pitched voice said, moaning as the constant surge of pleasure assaulted him.

He kept moaning loudly as her moans turned less masculine and more feminine, you can hear them all over the campus and think there is a woman who was enjoying a very good time.

But fortunately, there is nothing who can hear his moans.

"Denisse loves fun" Damon moaned, his fogged mind embracing the Denisse name little by little.

While his mind is in a constant surge of feelings and new memories from a new foreign life, his overweight body seems to be changing.

Damon body mass shrinking by the second, his upper body slimming, the muscle and fat shrinking, the hair on his skin receding, you can see his torso becoming slim, with the fat and muscle evaporated, leaving in

its place a slim torso, with his former chest become a pair of big D cup breast, his shirt got very loose on his diminished frame, his arms lost all his mass and turning into a pair of slim arms with a pair of feminine dainty hands, the slim fingers of his feminine hands are very well manicured, a pink color decorated the new dainty fingers.

"Denisse wanna fun, Denisse needs fun" Damon feminine voice groaned, his changing eyes glowing with glee.

Damon cannot help but moan loudly and more slutty as a very spoiled brat, his facial features reshaping, the face becoming angular as the few wrinkles from his stressful life vanished, turning years younger, becoming the face of a stunning woman, probably in her early twenties, the hair growing long and black from the scalp, a beautiful mane of black raven hair adorned her young stunning face.

"Denisse hair is beautiful, I love my hair, I'm so hot and horny" He moaned, memories from a new life invading his mind little by little.

Damon kept moaning as he unzipped his pants and let them fall to the floor along with his boxers and began to stroke his hard dick with his dainty feminine hands, with each stroke his body changed further.

The pleasure is so strong that he is barely aware of the place he is, but there are just useless things as he is horny, and just there is only one thing in his mind.

"Denisse is horny, needs fuck, oh god" He groaned

His belly receding, turning flat and smooth, his lower body undergoing a similar transformation, the mass of his legs receding, turning a very pair of hot toned feminine legs, his butt reshaping, turning into a hot, tight pair of buttcheeks, his legs turned toned as well, with a decent amount of feminine muscular tone as his overall shape, the toned and tight slim body from a young woman.

"God, Denisse, you are a bitch in heat" He moaned, thinking about a sex night with a hot stud partner.

His skin gained a very healthy tan overall his feminine body.

"I need a hard dick right now"

The final changes happened as the last remains of Damon masculinity spurted away from his cock into very hot streams of sticky white liquid erupted from his hard cock, which is shrinking at every spurt, as the only remains of Damon shrinking completely, his dick turning into a very hot clit, his testicles receding into his shaft, leaving the opening of his new labia and the new lovely tunnel of love.

"YES, GOD YES"

The waves of pleasure as a result of this marvelous orgasm lead Damon's mind into a buzz, his clothes shifting turning into beige hot leggings, the one that suits her tight toned legs perfectly, and a white long-sleeve sports top, the sporty outfit suits her like a glove.

"My body is so fucking hot, I need to train a proper workout, and a hot fuck night," The lovely stunning girl says, as more memories from a new life fill her mind.

The only remains of Damon's former self are the white seed resting on the floor as a result of the last male orgasm.

New memories flash inside the mind of this hot creature, finishing the transformation.

While this happens, the world around her twists, reshaping, almost like this new lovely creature has been transported to a new place, one to match this lovely hot female.

The place seems to be the installation of a gym, the perfect scenario to match her new life.

Denisse stood there and saw everything around the gym, she took her time to admire herself in front of the large mirror, her hot-toned body was just perfect.

"You got it, girl, you are the hottest, and horny as fuck" She says, followed by a giggle.

She stood there, her stunning body will every man drooled over her, and she knew it.

"Oh my, look at that hot stud lifting heavy, I would love to lick your six-pack with my nasty tongue," She says, a giggle escaping from her pouty lips.

"I need to start my workout, proper stretching will be enough to make him mad," She says with a grin, as she begins to stretch her tight hot body.

"Look at this hot body is capable of my hot stud, I can see your boner," She thought as she caught him looking at her, with a boner between his legs.

"Good, just wait and see, " Denisse thought, looking at him, with her pouty lips forming a grin.

"This gonna be a good time after workout"
