

What a day...
I'm ready to relax and
watch some TV...

I'm so drained!
And **HUNGRY**.
Gotta see what's in the
kitchen.

Phew! I feel
kinda dizzy...weird.
Did someone turn up
the heat in here?

The full moon...it...
it's so bright tonight...
I feel so...

...**STRANGE**...

GRRRREE-AH AHARRR-KEERRRAAH!

I'm burnin' up!!!

AHHHH!!!

OW!!

GAAAAHAAOW!!

I can't take this anymo-

Pleeeeeease!!

Somebody, wake me up!

This is a NIGHTMARE!

This CAN'T be real!

There's this strange feeling... and it's not my face trying to escape the rest of my head. That pain remains...

It seems I've lost all of who I once was.

For reasons I still can't explain.

Doesn't really matter though...

I stagger a bit as my...consciousness fades in and out.

I can barely keep my balance on these...things that used to resemble something human.

Wait..what was I...

I can't...

...I...
