

quiet footsteps walking down a hall, ambient sounds of students talking in the background quietly. This ambient continues for the script as they're at school. It's as if the listener is hiding away in a secluded hallway during school

very faint todoroki voice

Okay Midoriya. I'll see you later then.

Midoriya: Bye for now!

footsteps getting louder down the hall as Todoroki gets closer, he doesn't see the listener yet though

Hm..?

Oh.. hey. There you are. What are you doing here all alone? We missed you during lunch today, and you didn't come to class afterwards. are you alright?

You look... a little red. Did something happen?

pause for a moment

Oh.. I see. Well, there's nothing to be worried about. Your quirk is incredible, and versatile. I know the training has been a bit tough lately, but you've been doing so well.

small pause

Ah... here. Since you weren't with us at lunch today, I got you a pudding.

he reaches into his bag and pulls it out, handing it to the listener

Hm? Oh.. I know they only give one to each student. This ones mine. I know that you like them, so I thought I'd save it for you.

You're welcome.

the listener takes it and puts it in their bag

The sports festival is coming up soon. Are you excited for it?

Oh.. you're nervous? I understand. There's a lot to prepare for. Have you been training for it?

tiny chuckle, like a breathy "hm" sound with your mouth closed

Good. Me too. But if I'm going to be honest, I've only really been training on my own. I haven't really gotten around to asking anyone to train with me.

small pause

Hm.. how about I walk you home today? You seem like you could use the company. You seem a little.. hm. I'm not sure.

Oh, Don't worry, it's not that far from my home. You have nothing to worry about, I made the offer so I want to do this.

Alright, let's go.

two pairs of feet walking down the hallway, they stay quiet for a bit

About.. the training I mentioned earlier. I was wondering if you'd like to train together before the festival? I think our quirks might be quite compatible and we could both learn a lot.

Oh, Midoriya? He's been a bit too busy training with others. And if I'm going to be honest, I'd really like to train with you. Your quirk is strong, and honestly.. I like your company.

So.. can we train together?

Mn.. Thank you. I really do think we can learn a lot from each other.

they leave the school, they're outside now. You can hear distant cicadas, faint chirping of birds and soft wind and footsteps on concrete as they're walking on the road home

It's been very warm out lately, hasn't it.

I can cool myself down with my quirk, thankfully.

Summer.. becomes a bit unbearable sometimes though. I don't exactly like the heat, despite my own abilities.

Mm.. You look a bit warm yourself. Here, hold my right hand, I can help cool you down a bit if you'd like.

quiet, gentle frost sounds as they grab his hand, also remember to keep the footsteps going this whole time as they walk to the listeners home

There. How's that? I'm sure it's not much but I hope it helps a little. Your hand is honestly worryingly hot.. are you sure you're feeling alright?

Mm.. Okay. If you're sure.

small pause

Hm? Oh, don't worry. If anyone sees us holding hands like this I'll just be honest. You were warm, and I was using my quirk to ease your discomfort.

they keep on walking

Although... I honestly don't mind holding your hand like this though. It feels nice.

You like it too? Then I guess we could do this more often. If.. we both like it.

more footsteps as they keep walking, silent for a few moments

There's your street up ahead. I'll walk you to your front door if you'd like.

footsteps for a few seconds

There. I should probably start heading home myself now, I have quite a bit of studying to do.

Mm.. what are you-? **listener gently takes his hands, maybe add a small sound for that**

You're.. a bit touchier than usual.

Hm...? You want me to stay with you? I.. I guess I can stay for a little while. If..

that's what you want.

the front door opens and closes and they're inside

It's very quiet, are we alone?

Your parents are working? Ah.. I see. Is it really alright that I'm here with you right now?

Alright. Well.. what did you want to do? Ah.. hey.

the listener moved into his chest, breathing heavily, face flushed and red

Are you feeling ill? Here.. let's sit you down.

they sit on the couch

Sit still, let me feel your forehead.

Ah.. you're burning up. Your face.. it's so red. Are you.. alright? Maybe we should get you to bed.

Ah.. you're.. really close. Hold on.. mn.. hey...

his voice is a bit of a shy, lustful whisper

Mn... are you trying to kiss me..? Nnn... what's gotten into you all of a sudden..? Ah..

You must be under the effect of a quirk.. right?

Hm.. huh? You bumped into someone today? You think they accidentally activated their quirk on you?

It's.. a strange quirk if this is how it's effecting you.. here.. let's get you up to your bed so you can sleep this off, okay?

voice gentle and whispery **Here.. let me carry you.. your body is trembling so much.. just hold onto me.**

he picks them up, and walks up the stairs

Is this room your bedroom? Okay..

door creaks open and he walks in and sets the listener down on the bed, they pull him down onto the bed too

Ah..! Hey.. now might not be the best time to get into a bed together.. mn.

I.. hey.. relax.. I know your body must feel very strange right now. But I don't think these kind of quirks last long.. so hang in there for me okay?

Touch you..? I can't.. I can't take advantage of this, that wouldn't be right. I know you feel like you want that right now.. but you're not in your right mind at the moment.

Mn... here.. calm down.. I'll help you try and get to sleep. Just relax.

Do you like when I rub your back? Does it feel alright? Mn.. good.. I'm glad.

Just try and breathe, and calm yourself down. You're shaking so much... your body is so hot..

Here, wrap your arms around me. I'll cool you down.

gentle sheet rustling, and then some quiet frost sounds

Talk whispery

How does that feel? Your body really is heating up... I hope this helps..

Mn... close your eyes for me.. I've got you. Let yourself relax.. I'll hold you against my chest until you feel better. I'm here...

Hey... what's wrong? Why are you looking at me like that..? Mn.. **Listener kisses Todoroki**

He reciprocates a bit, kissing back for a bit

Mn... ah... We can't.. not when you're like this. I'm.. not even sure if you even want this with me, it might just be the quirk you're effected by right now.. right?

Mmm.. Your lips.. are so soft. They feel so warm.. your body is so needy.. isnt it? Hah.. We need to calm down..

mm..

some more kissing

I can't.. we can't.. **shaky breaths**

talk in a soft whispery tone, but slightly breathless

Ah... relax.. okay? I.. **short, gentle, nervous and breathless laugh**

I want you... but not like this. Okay? You're.. so beautiful. But I wont take advantage of you. Now.. close your eyes.

keep the whispery tone

That's it.. now rest for me. I'm sure this effect wont last long, okay?

I'll stay with you until you feel better. I wont leave you alone... You have nothing to worry about. We'll get through this together.

Let yourself drift off...

breathe...

Really whisper this, gently and sweetly **You'll be alright. I promise.**
