

Fleur and Angelina couldn't believe what they were seeing when they apparated into the Lovegood Residence. Luna was laid out naked with her stomach seemingly inflated even while she was leaking cum from her ravaged pussy. Hermione also had cum leaking out of the dark pinkish lips but the usually smart and witty woman was currently something of a blathering mess. The bushy brown haired young woman was using her large full breasts to massage Harry's balls even as he continued thrusting into his wife's pussy. Ginny herself was cumming yet again on her husband's cock once again around the time the two new girls made their appearance. When she finally recovered Ginny moved off of her husband's large impressive manhood.

"Ohaarrahhmm... Hello Fleur and Angelina. I am so glad you came to accept my offer."

"Well we were just curious..." Angelina started to say as she folded her arms next to her friend.

"Yes... we were only interested in seeing... oh..." Fleur said as both Angelina and the French goddess started to become captivated by Harry's enormous cock once Ginny moved off of her lean muscular husband's body.

Luna and Hermione looked absolutely dumbstruck from the sheer amount of pleasure and cum they had been treated to. Even Ginny's legs were a bit wobbly as she stood somewhat between Fleur and her husband. In the end Fleur decided she had to see and experience more of what had started to enthrall her.

The busy and curvy hipped French girl moved first and closed the distance between herself and Harry quite quickly. "It is... truly incredible." Fleur said with the thick French accent. Ginny could already see the hunger in her eyes and it made her smile that Harry would get to enjoy yet another one of his longtime friends. The red-haired witch settled down into a seating position not far from where Luna was still splayed out. The juices pouring out of the lovely young blonde were making quite the mess in her house.

"Zis cock is magnificent." Was the last words Fleur purred out before she opened up her whorish lips wide. Then as her warm breath heated up the tip of Harry's large cock Fleur moved her head forward and started taking the first few inches of Harry's cock into her mouth.

Angelina Johnson scoffed at Fleur's words. Sure the lovely dark skinned woman knew Harry's cock was large but she had seen others close to this length. Still she was drawn in by his powerful rod and the incredible look of his muscle bound body. So while Fleur focused on sucking along Harry's length Angelina opened up her mouth and started focusing in on Harry's big large balls.

"Holy shit. They're so full, how is that possible?." Angelina declared with wonder in her voice before she continued kneading Harry's ballsack while Fleur's lips continued making a wet 'mlurp ... mlurp' noise as she started taking in more and more of Harry's cock down her throat. When Fleur paused for a moment she quickly cast a spell on herself that made all of her clothing magically dissolve off her body. Soon enough Angelina followed suit. The former quidditch player's body was lean and hard, muscular almost to the same extent as Harry's. Meanwhile Fleur looked closer to Hermione's body

type, buxom with large full breasts and majestic silvery blonde hair.

Nearby Ginny chuckled and looked at Angelina. "And he's already cum in Luna, Hermione and me. I have an incredible husband. Just wait till he fills you up Angelina." Ginny said before she turned and leaned her body over Luna's. She kissed Luna's breasts and occasionally licked up some of the cum that covered the soft breasted girl's body. Hermione smiled and soon joined with Ginny, kissing the blonde's lips, nipples and stomach while her hand rubbed over Luna's creampie'd pussy.

"Luna you need to tighten up your labia. You don't want all of Harry's precious cum to drip out do you?" Hermione asked before she nibbled more on Luna's cum covered nipples and then up to the soft unprotected flesh of Luna's neck. The blonde blinked at her for a moment and then lazily let her eyelids fall a bit as she worked her body to try to close up her tunnel to not let any more of Harry's cum slide out of her.

Ginny decided that Hermione was very correct. "Reatus Ladodilius." She declared as she found her wand and then pointed it towards Hermione and then herself. Instantly two large dildos (though not as large as Harry's cock) formed inside of Hermione and Ginny's pussy.

"Mrwaaahh... ahwaahh... Ginny... next time, please warn me. I am still quite sensitive from Harry's cock." Hermione said as she moved a hand down to rub her clit so that the dildo didn't make her feel quite so full.

Soon Harry was done just enjoying having his cock and balls pleased and rubbed by Angelina and Fleur. Ginny's magnificent husband forced Fleur to bend over get on all fours like the bitch in heat she was fast becoming. When he first drove his cock so deep inside of Fleur, it sounded like he made her cum in one blow. Harry's hands slapped down and gripped the meat of Fleur's ass before he started away at her tight wet cunt. Soon the French slut was moaning so loudly that Harry was glad no one lived close to the Lovegood residence. Luna sat up and then settled in near to Ginny and Hermione. All three of the young naked witches began watching watched as Ginny's sister in law's entire body was rocked by Harry's thunderous thrusts. Hermione cooed playfully watching her longtime friend made the lewd French girl feel every single inch of his cock with each thrust inside of her quivering slit. Ginny noticed with a wicked smile that Hermione had reached down and started pulling on the dildo inside of her pussy. Soon Hermione was moving the dildo in and out of her cum filled pussy even as she watched Harry have his way with Fleur. Soon the girls watched as Fleur's arms were no longer able to keep her body up. Her top half fell forward and then her bottom half fell forward as well. The pleasure was just too much for the French girl as Harry's cock slipped free of her wet cunny. Fleur moaned out softly while Harry looked down at her.

"I need something sturdy to fuck her against or I'm just going to end up fucking her into the floor." Harry declared as he crouched down and spanked Fleur's curvaceous ass.

"The walls Harry." Ginny chimed in whimsically. "Use my walls. I hope my house is strong enough for you." Luna said with a soft smile before she kissed down Ginny's neck and breasts. "Ginny I love feeling your body. Your skin is a bit tighter than mine. I'm all plushy hehe." Luna giggled as her soft and

curvy body rested against Ginny's. Ginny smiled and kindly kissed her friend's lips before she moaned out as she realized Luna was now using her left hand to stroke the inside of Ginny's leg even as Hinny and Hermione were watching Harry continue to fuck Fleur.

Harry nodded towards Ginny and then as Angelina gave him space he turned Fleur around and then guided her over to a nearby wall with his cock still wedged inside of her pussy.

"Ohwaawa... 'Arry.. Pleaze... turn me around.. I vant to zee you az you fuck me... Please 'Arry." Fleur begged out, her words barely discernable through the discordant pattern of speaking and breathing. Each time the French girl tried to breath in some bit of air her breasts quivered as she tried to resist the growing Harry was giving her. As Harry turned Fleur around her breasts and front of her body was on display to all the other girls. Ginny watched her big breasts, noticing that they were even bigger than Hermione's that were resting close by to Ginny. Each time Harry's cock drove into her body the beautiful French girl's breasts bounced like a water buoy being tossed around in the ocean.

Fleur's body was curvier as well which meant that all four of the girls not being fucked by Harry got to see her body shudder in such a magical way as Harry drove his cock right back into Fleur's body and pushed her form right up against the wall behind her naked ass. When Harry's form was perfect and Hermione's eyes focused in on the way his tight ass looked each time his hips swung in a precise fashion to give Fleur maximum penetration.

Meanwhile Luna removed the dildo from inside of Ginny's pussy and started pushing a few fingers into Ginny's cum soaked pussy. Ginny didn't mind losing a bit of her husband's cum from inside her sensitive opening. There was much more where that came from.

Meanwhile Angelina continued to watch Harry's sexual form and motions as he planted his cock deep inside of Fleur's tight love tunnel.

"That's it my Seeker. Fuck her like the French slut she is!" Angelina said with a sharp smile as she moved near the left side of Harry and Fleur. She was watching Fleur's pussy be hammered as she started playing with her own body. As she let out a small moan Angelina found her head being pulled in by Harry to kiss his lips.

Fleur let out a new wave of strained gasps while Harry kissed Angelina and continued lancing all of Fleur's warm sex tunnel. The naked busty French blonde looked over at Angelina while the black girl was having her mouth invaded by Harry's tongue. The overabundance of visual stimulus continued creating a burning tornado of pleasure deep inside of Fleur's body while Harry's tip continued nudging against her cervix. "Hey. Mwaaah... I am not a French zlut like mrahmmm. Oui... yes.. yes.. Oui 'arry... deeper... please deeper.."

"Yes you are, look at you." Ginny chimed in before she moaned out as well. Luna's fingers were beginning to run up and down Ginny's still cream filled slit. Hermione 's entire body shook and she leaned forward nearby Ginny and Luna while the brainiac continued stroking her clit and playing the magically created dildo in and out of her pussy. As Ginny and the other two continued to have their own

fun it was a bit hard to focus on what her amazing husband was doing with Fleur and Angelina.

“Mrwaaahh.. yes Luna... and Fleur... I bet you would faint if he pulled his cock out of your pussy. Come on Harry... Mrrhammm.. make her cum and scream. This is louder than I’ve ever heard her get at the Burrow.”

When Harry was done kissing Angelina, the dark skinned Quidditch player smiled and continued pinching the meat of her soft full breast. Her fingers massaged and pulled gently on her lean hard flesh while her eyes remained focused on Fleur as Harry started pumping her body up against the wall with even more ferocious thrusts.

“Mwaaaaihiiee... ‘Aarryyy!!! I... am cumming!” Fleur moaned out before she started gasping. Her huge breasts continued bouncing as she came hard on Harry’s cock. In a matter of moments her body slumped forward onto Harry’s. Ginny and Hermione giggled before the two young women moaned, Ginny from having Luna pushing her fingers inside of her cream filled cunt and Hermione from her own play with the large thick dildo she was using to fuck herself with. Harry eventually lowered Fleur onto the ground. Angelina hardly skipped a beat and moved her naked body over to Harry’s.

“I’m curious to see what you can do Harry. You always had a nice body but I don’t think you’ve got the strength to keep up with me.” Angelina declared sharply. Ginny smiled and giggled at her friend’s overconfidence. Angelina had no idea what she was about to experience. Ginny moved in a bit closer to watch while Hermione and Ginny stopped playing with each other and went over to attend Fleur as the blonde girl’s breathing slowly started to return to normal. Angelina, perhaps because Harry’s body was a bit raw from fucking his fourth girl in a row, managed to push Harry down onto his back on the floor. After that the dark skinned girl with dark hair done up in a ponytail leaned her body over his lower form like a dark predator. She licked and sucked on Harry’s balls for a moment.

Heat soared through Ginny’s body at the incredibly sexual act. She always loved sucking on Harry’s cock but generally she only wanted to feel his cum inside of her pussy. Generally once he was inside of her pussy she never stopped to try to enjoy his taste in her mouth. Angelina gave Harry’s cock two sucks that let her take nearly all of his length inside of her mouth. Then she quickly changed position into a cowgirl sitting position and took all of Harry’s cock right into her wet gushing pussy.

“Ohahumm... So big and long...” Angelina moaned out as she rode him fast and hard. Her hands tensed against Harry’s hard muscles as she continued ramming her hips down against Harry’s body. Ginny bit her lip feeling her own body start to crave the feel of Harry’s cock being wedged deep inside of her again.

“I’m not going to cave in.”

“Whatever you say Angelina.” Harry said with a simple smile. Ginny’s husband looked like he was enjoying the challenge but it didn’t appear like he was having any difficulty dealing with the pleasant strain of Angelina’s pussy quivering and pulsing around his cock. Angelina’s body was so sculpted Ginny believed the dark skinned girl could be one of those mythical Amazonian women.

“Oui... he iz zo ‘ery strong...” Fleur noticed when Harry put his hands on Angelina’s ass and starting pushing her body down.

“He’s not bad. But I know how to make a man cum.Nrghnnn..” Angelina quickly stifled the moan that had been trying to come out of her lips. After she pushed her hips down against Harry’s warm muscular flesh once more she pulled her body about halfway up along his cock and then with Fleur’s body to help with balance she turned her body around so that she was now facing the girl’s while her back was to Harry.

Ginny heard a strain from Harry that surprised her. But she knew her husband would be able to match Angelina’s power. Angelina started to roll and dive her hips once again from the new position. With her upper body leaning forward her arms were braced on the floor as she put even more weight on each thrust of her lower body along the cock still wedged deep inside of her dark pink cunny. Then Harry’s hands reached out and started gripping the tight flesh of the Quidditch players ass. She had no excess meat to her flesh but Harry eventually found a proper grip and started to help Angelina out by making her ass fall down even harder against his body.

“Hey... I’m in... contr...ooawaahh..” Angelina moaned out as her body was forced down even harder onto Harry’s enormous cock. Even if she didn’t realize it then she was now losing the battle as Harry gained even more control of their sexual movements. Even as Angelina’s legs flexed to pull her body back up along Harry’s prodigious cock she couldn’t hold her body up if Harry didn’t want to allow her.

“No... I... you won’t make me... won’t make me cum... Nowawahh... Oraahwhaaah!!!” Angelina suddenly cried out as Harry continued to slam her as down against his hard flesh. Ginny and the rest watched with hungry pleasure as Angelina’s juices spilled out all over Harry’s cock. Harry groaned out feeling Angelina’s hot juices cover all of his cock. Fleur chuckled and htne nudged Angelina’s upper body back so that Angelina was now lying on her back atop Harry’s hard muscle bound chest. There Harry’s hands moved from Angelina’s ass and started squeezeing and playing with her smaller breasts. The effect was incredible as most times Angelina didn’t have her breasts played with a lot as she just thought of sex as another excersize. As she continued cumming Harry pulled on the dark brown of her nipples before he too started groaning out from the quivering tightness of Angelina’s pussy.

“Fuwaaaahhh...”

“Angelina... I’m going to cum...”

“Yes... fuck... cum Harry... Use my pussy as your goal ring... score... score deep inside of me!!!” Angelina cried out as her entire body continued shuddering as Harry let out one longer groan and started spraying his cum deep inside of Angelina’s body. The muscular woman’s form had been shaking violently when she was cumming. But when she started feeling her womb filled up with Harry’s frothy white cum her mind went totally blank. Fleur actually had to put her hands on Angelina’s legs to keep the girl from kicking and flaying around as Harry’s big cock thrust deep inside of her one last time and

blasted one more offering of his rich hot semen directly inside of the dark skinned woman's womb.

When Harry recovered and eased Angelina's body off of his huge cock Luna and Hermione quickly started to lick and suck on his cock to get him hard again. Ginny watched as Fleur took care of her friend by licking her skilled tongue up and down Angelina's creampie'd pussy lips. It was an incredibly erotic experience watching all of the girls become more and more crazy for her husband's cock.

Of course when Hermione tried to mount Harry again when she and Ginny's tongues and lips made him hard Ginny had to remind her who was in charge. As Hermione lied down on a nearby couch and put her fingers to her pussy to show Harry her pink cum stained tunnel Ginny moved Harry to the side and then climbed up on top of Hermione's body. It felt really nice having her lean body on Harry's larger soft breasts but the look of confusion and then jealousy on Hermione's face was also quite pleasant. She rubbed Hermione's cheek and then kissed the bushy brown haired girl's lips while she wiggled her hips and enticed her husband even though she didn't really need to.

Right as Ginny's lips fell away from Hermione's sweet tasting mouth Ginny moaned out as she felt Harry's thick long cock pushing inside of her body. This cock was so big that it pushed out some of his early cum from inside of Ginny out onto Hermione's pussy resting below Ginny. Ginny smiled and lifted her body up off of Hermione and squeezed her breasts together.

"After he cums in my pussy again maybe he'll cum inside of you again." Ginny managed to say as Harry started ramming her tight sensitive pussy. At first Ginny was just moaning from Harry's thick cock driving deep into her core again but Hermione didn't just take things lying down. She leaned up her own body and pinched and played with one of Ginny's puffy pink nipples while she bit and nibbled on her other nipple.

"Fuwaaaaaahhkk... Yes... right there... Play with me you horny little slut. Show me just how bad you want him to fuck you next." Ginny cried out as Fleur and Angelina were attended to by an incredibly horny Luna. Luna formed a magical strapon around her legs and had started playing it just inside of Fleur's asshole while she used another spell to pump a big dildo in and out of Angelina's mouth.

In the end all five of the girls were moaning out at the top of their lungs when Harry started to cum. This was his second shot into his wife's pussy and when the Fleur, Luna and Angelina heard the incredible growls and groans coming from the stallion in human form they paused their own actions long enough to inch close as they watched Harry's cock descend deep inside of Ginny.

Partly from the sensitive state of her pussy and partly from Hermione's incredibly aggressive sexual activities with Ginny's lips, neck, shoulders and breasts, Ginny was roaring like a lion being mated when Harry started to cum inside of her womb. Just like many times before her entire body seemed to pause for a split second before waves of sexual energy exploded out from deep in the woman's core currently being slammed against by her husband's thick cock.

Ginny's back arched and she cried out loud enough that some crows on the top of the Lovegood home scampered away into the sky. Hermione pinched and twisted Ginny's nipples as she continued rubbing and smooching her own horny slit against Ginny's cunt. Even if Hermione didn't actually have

Harry's cock drilling her she had received a boatload of stimulation each time he hammered Ginny's traitorous cunt lips. The ripple of pressure had pushed out from inside of Ginny's body and rubbed up against Hermione's own sensitive slit and clitoris even while she continued playing with Ginny.

When Harry finally stopped cumming in his wife he moved off of the couch and then pushed Fleur down onto her knees. Ginny gave Hermione one last lazy kiss and then climbed off so that she could also suck on her Husband's big thick shaft. She was excited to taste his cum, her juices and the residue of all the other girl's her husband had fucked this day.

Hermione watched Ginny slide off her body and then go to attend Harry. In a bit of jealous anger Hermione grabbed Luna's sweet face and then pulled the soft curious blonde down between her legs. "Clean me up Luna. I want to make sure that when Harry is ready to go again that my pussy is all ready to go." Hermione declared as her brown eyes focused in on watching the slutty redhead and the blonde horny French girl suck and nuzzle on the cock and balls that Hermione was quickly beginning to crave.
