

Jack &  
Jill

Phase 7  
Part 28

A young woman with long blonde hair is lying on her back on a bed. She is looking towards the camera with a slightly confused or questioning expression. Her right hand is resting near her head, and her left arm is bent with her hand near her chest. She is wearing gold hoop earrings and has red nail polish. The bed has a white textured sheet and several purple patterned pillows. The scene is brightly lit.

Jack. Jack! Wake the fuck up.

Hm? Wha...?

Oh my God! *Connor!*?

What the hell are you doing here? Ugh, how'd I even get to this room...? Wait, we didn't—

Ugh! No way, you're my fucking brother-in-law.

R-Right. Where's Emily?

Not here. I was sent to give you a message, but I got caught by that creep you had dinner with. Listen, Emily and Dr. Mason—

Mason is involved!?

Shut up and listen! They're trying to rescue you from...whoever these motherfuckers are. They—

Mr. Xu. His name is Mr. Xu and he's crazy wealthy and crazy powerful. He already knows about Emily...and you just walked right into his trap! Wait, why aren't you moving?

I was drugged. I can't move.

Dammit. Let me get a robe on. I'll help you.

Ah, good morning, Jill. You're looking positively *radiant*. Walking okay? Heh.

Davis. You son of a bitch. What are you talking about?

Nevermind, nevermind. After your exciting girls' night out, I thought you might sleep in. But here you are, up and about. Good! I wouldn't want to miss this little reunion. Brother-in-laws, together again! Although, there's not much "brother" left in you.

What did you do to Connor?

*Me?* Nothing. He did this to himself. You see, although we were never going to allow Connor get near you, we were going to let him go unmolested if he passed our little purity test. He did not. In fact, he failed spectacularly.

What the hell do you mean?

Do you remember Josie here? You might remember her better by her deadname. She's not allowed to use it anymore. But...

...this used to be Joey.

Oh my God! What did you do to him?

I...did this to myself. I disobeyed Mr. Xu, and he punished me for my defiance.

Isn't she delightful? She's been a kind of free agent until Mr. Xu finds a good home for her. One of her specialties is acting as a honeypot, seducing men and catching them in compromising positions.

I'm so sorry. I didn't want to, but—

Not now, Josie. Please! Anyway, Josie here very quickly seduced your Connor. That's why he can't move. You see, Josie's neovagina was laced with a para...para-something-or-other. A type of drug. It paralyzes you.

I don't believe you. Connor and I don't get along, but he's an honorable guy.

I thought you'd say that, Jill.

There are cameras everywhere in this room, of course. That's a trick I learned a long time ago! If you put an actual camera in plain view, nobody thinks to check for hidden ones. Let me just put in this tape...

You son of a bitch! Connor!

And this is far from the first time Connor has cheated on your sister. In fact, according to our research, he's about as loyal as a stray dog. Connor thinks he's untouchable. And why shouldn't he? He's an Air Force Colonel, and he's got a lot of power, which he abuses.

Of course, there is only one way to get Connor to stop cheating on your sister. We must give him a taste of his own medicine. A taste of betrayal, a taste of powerlessness, a taste of shame.

You see, Mr. Xu believes that not everyone is suited to the sex to which they are born. And I'm not just talking about transgenders. I mean everyone. For some, for instance, the state of manhood is toxic. It gives them the delusion that they are superior to women or entitled to more than they deserve. For others, though, like yourself, Mr. Xu believes the burden of manhood stifles potential. That it crushes your spirit. He believes that you must be freed from the shackles of masculinity for you to be truly happy. It's not your fault, Jack. You were born to be a beautiful woman. You were wasted as a male, that must be obvious even to you. Mr. Xu believes he's elevating you.

But for Connor? We'd be curing him of his delusion, his sickness, which has been holding him back from being a good person. Letting him live as a woman would cure him of his sense of entitlement. It would teach him humility. And it would certainly cure him of his rampant cheating.

What the fuck are you talking about?!  
You... You want to make him into a girl,  
too? Are you insane?

Maybe. But doesn't Emily deserve  
someone better? And don't we all  
deserve to be free of men like him?

Fine, Connor's a cheater. But he's not a  
criminal. He's not a rapist.

C'mon. Do you really think all those  
women he fucked were willing? He's a  
predator, a monster. He uses his position  
as a spy with the Air Force to fuck  
women, women who are afraid to say no  
for fear of losing their lives because they  
live in a war zone. It's sick. And coming  
from me, that's saying something.

This is bullshit, Jack. I never raped anyone. Yes, I've fucked around, and I'm sorry. But I was doing my job protecting America. That's just how it is out there in the field.

*Tsk, tsk.* I may be a monster, but at least I'm honest.

Fuck you!

You're not my type. Not yet, anyway.

Anyway, to answer your question, no, I don't want to make him into a girl. I want you to make him a girl.

*What?*

Inject this into his testicles. It will kill them and end his life as a male. He'll stop producing sperm and testosterone, and we'll take the rest from there.

No way! I'm not doing that to my sister's husband! You can't make me.

I could. But I won't. Instead, I'm giving you a choice: Do you want to save his life?

You'd kill him?

Not directly. But I think Josie is eager for another fuck. Aren't you, girl? And what do you think happens if he gets another dose of her paralyzing pussy?

Goddammit! I don't care! Jack, I'd rather die than get my dick cut off! You hear me? Don't do it!

See? The words of a true misogynist. For him, women exist for his pleasure, and if he can't have pleasure, he has no reason to live.

Please, don't ask me to do this.

Do it for the girls he raped, Jill. You're one of them now, not a man like him. The world will be safer and better if he's changed.

I can't. I won't.

All right. If that's your choice...

...I'll let Josie have him. Girl, ride his dick until he stops breathing.

Yes, sir.

Oh, God. W-Why am I getting hard? Dammit!

Stop! I'll...I'll do it.

I thought you might, Jill.

No! Jack, please, don't! Please! I'm sorry about messing around on Emily. I'll never do it again, I swear! I'll quit the Air Force!

Too bad Connor can't enjoy his last erection. Are you sure you don't want to give him a blowjob to bid his manhood farewell?

Fuck off. Connor, I'm—I'm so sorry. But I can't let them kill you.

Aaaahhhh! Christ! No, no, no! Fuuuck! It hurts! What did you do? It fucking hurts! You bitch! I don't want to be a woman! Stop! Stop!

Too late, Connor. Your life as a man is over. I think we'll call you Connie. Is that too on the nose?

A man with short dark hair, wearing a black button-down shirt, is smiling broadly and holding a large, clear syringe with a needle. He is looking towards a woman on the right. The woman has long, wavy blonde hair and blue eyes, wearing a brown, low-cut, long-sleeved dress with a large bow at the waist. She has a neutral expression and is looking slightly away from the man. The background is a plain, light-colored wall.

Congratulations on making your first sissy, *sissy!* Ha! But I'm serious, actually. You have the right temperament for this line of work. Maybe Mr. Xu will let you work as a handler, like Holly. Anyway, we need to get you back to the island.

What about Connor?

Oh, don't worry. Another handler is coming to collect *her*. Boy, I haven't had this much fun on the mainland in ages. Thanks, Jill. Now, all we need to do is get you ready for Mr. Xu's party in two weeks.

Two weeks!?

Aw, don't worry, sissy. You'll love it. And I promise, when the time comes, you will be ready for your new life.
