

Ginny Potter; being the good loving wife she was to Harry Potter, was currently walking with two other women and her husband. The group of four was headed back towards the Potters' bedroom and Ginny Potter was already feeling extremely horny and proud of herself for brokering the arrangement between herself, her husband, and the two sisters from the northern kingdom. Both of the other young women were attractive like her and the two were actually sisters named Elsa and Anna. Elsa had stark white hair while her sister Anna had lovely red hair. Both spoke in thick Norwegian accents compared to both Ginny and Harry's English accents both had somehow picked up English during their travels. Physically they were just about on par with Ginny though it appeared that Elsa had a small advantage on her with regard to bust size. Of course, to please her husband it wasn't really just about the girls' breasts and as she occasionally caught glimpses of their nice curvy asses she figured that Harry and the two sisters would not be disappointed spending some fun intimate time together.

After approaching Elsa and Anna, Ginny had invited the two girls to have dinner with them. During the dinner, it had been easy enough to notice that both of the sisters found her buff muscular husband very attractive. It was understandable but of course Ginny had to ensure that they knew she was in charge of the situation and that if they even got close to Harry they were only doing so because it was her decision. Of course, it was kind of difficult for her to broach the subject since her body was getting hot and bothered itself. She had a feeling that she knew what Elsa's hand had been doing when one disappeared below the table. Ginny would have been right there with the girl with hair the color of ice but the hand not gripping her drink was below the table stroking and playing with her husband's huge cock. Even while it was dormant, the length was enough for Ginny's pussy to get very wet. If she had been wearing panties beneath her short shorts, she knew her juices would have stained the material of her panties as she played with her husband across from two beautiful girls. The thought of her husband fucking both Elsa and Anna senselessly made Ginny nibble on her lips and she felt her breathing growing a bit shallow. At that point, she had decided to advance things along. As the girls flirted with Harry with both words and their sexy eyes Ginny had finally offered up the proposal she had been thinking about after she had seen the girls looking longingly at her husband's incredible body. "Elsa, Anna. Would you like to fuck my husband?"

For a few moments, no one said anything. Harry took a small sip of his pint and Anna looked a bit worriedly between the three other people at the table. Elsa however just looked right at Ginny, not losing her nerve in the least before she nodded. "Of course I would. So long as you are okay with that Ginny."

"I love Harry but sometimes he is just too much for me and my poor pussy. Since we're here all having a great vacation I believe we should make the most of it. You two are our age and very attractive. How about it Anna?" Ginny asked the other redheaded girl at the table. With one last long look towards Harry, Anna finally nodded.

"Yes... Yes I'm okay. I'm great, actually now that I think about it." Anna said with a small smile. After that, the four finished up their meal and prepared to head back over to Harry and Ginny's room.

Almost as soon as Ginny and the others came into the room, Ginny moved her body and grabbed Elsa's body to pull it closer to her own body. Ginny didn't hesitate before she pressed her lips squarely against Elsa's mouth and preceded to kiss the white-blond haired girl sensuously right in front of her husband and Elsa's sister. "Mrrmmmm.." Ginny moaned out while her hands went to the back of Elsa's top and undid the clip to expose Elsa's nice pale and full breasts.

"Take off all your clothes so Harry can see if you are hot enough to even share his bed." Ginny said with a smile before she moved over to her husband. The hot slutty redhead with perky breasts barely covered up by a swimsuit top started to undo the buttons of her husband's shirt while the two sisters started to remove their own clothing. Anna was a bit slower and took her time to slowly remove her top but Elsa was not fazed at all, either about showing off her naked body to strangers or her younger sister.

After Elsa had kicked off her bikini bottoms the lovely young royal lady moved over and placed her hand on Harry's chiseled abs and noticed Ginny opening up his trunks and removing his awakening cock. In front of her very eyes, the ice queen watched as Ginny unlimbered her husband's enormous cock. Like Ginny, Elsa couldn't help but feel her juices starting to seep out gently from her tight pussy. Her fingers reached down and stroked through the tight triangle of white pubic hair just above where her labia started. Looking up she found that Anna was just now sliding her swimsuit bottoms down to the ground. Her sister's pubic hairs were cut similarly to herself. Apart from her sister having red hair Anna's breasts were also closer in size to Ginny's while Elsa had a nice pair of busty soft breasts topped by fluffy pink nipples that were cool to the touch.

Anna watched her hot sister lick her lips as Ginny and Elsa moved Harry over to the bed. After her husband was set in place Ginny motioned for Elsa and Anna to sit on either side of her amazingly trim and muscular husband. Anna moved forward feeling her own sexual lubrication starting to slowly heat up the inside of her legs as she took a few steps forward before turning around to sit on the bed. Ginny set her tight body in front of Harry and lifted up his legs so she could remove his pants and boxers in her dutiful fashion. After that, his mammoth hard cock was completely exposed to all three women.

"Oh.." Anna said surprisingly as her eyes drank in every inch of Harry Potter's amazing cock. Her sister wasn't content with just looking and was about to reach out for the cock with her pale white fingers when Ginny slapped the hand away of short red hairs carved in the shape of a lightning bolt. The woman with icy blonde hair was definitely used to getting her way and Ginny's slap caught her completely off guard. She was about to say something else when Ginny leaned in nice and close and smiled at Elsa.

"Allow me one touch first on my husband. Then you can fuck him for as long as you last Elsa." Ginny said before pulling back and opening her mouth wide and taking the first bit of Harry's cock into her mouth. The lovely young redheaded woman's mouth instantly puffed up a bit to accommodate the enormous cock as she bobbed her head up and down over her husband's lap. Her fingers went up and scratched over Harry's lean hard musculature while Anna and Elsa

looked on at the amazing display unfolding in front of them. “I didn’t think they ever got that big.” Anna said a bit shocked while Elsa leaned down and gently licked and stroked her tongue over Harry’s large ballsack.

“Mrrm fuck... this is amazing.” Harry said quietly as his hard muscles shivered slightly from the abundance of pleasure starting to course through all of his body. Anna stroked her sister’s hair as her own breathing grew haggard before she leaned over and kissed her luscious lips on Harry’s neck and then up to his ears.

“I am so glad that Ginny asked us to share a nice evening with you Harry. She is truly an amazing woman.” Anna said before her lips finally met Harry’s own. While Anna and Harry locked lips both Ginny and Elsa feasted on Harry’s magnificent cock and balls. After a few moments Ginny actually opened her lips to switch places with Elsa to allow the ice queen a chance to properly enjoy the taste of Harry’s large member.

“Mrrmm... Frmmm...” Elsa said as she wrapped her lips tightly around every inch of Harry’s cock that her mouth could reach. Harry’s body leaned back on the bed and allowed Ginny to plop one of her husband’s huge great balls right into her mouth. With her husband in the new position both Harry’s amazing wife and the buxom white haired girl could reach as much of Harry’s sex as possible. Eventually Ginny motioned to Anna to join the two of them. The three amazing girls ended up all sucking, kissing and licking Harry’s enormous prick and intermittingly kissing and playing with each other’s breasts and bodies.

After a few more minutes, Ginny moved from her position and sidled up to Harry. The amazing redhead kissed her husband’s lips and gave his muscular butt a playful tap before she collected a new swimsuit and headed for the door. “Be sure to have a lot of fun Harry. I’m going to go for a little sightseeing. Enjoy yourselves girls...” Ginny said with a smile towards Anna and Elsa.

Both of the girls smiled and Elsa continued stroking her fingers along Harry’s powerful length. “Oh I am sure we will have a good time.” The white blonde haired girl with her characteristic Norwegian accent. Ginny smiled at the two sisters kissing Harry’s mouth and playing with his cock before she opened up the door and left the room for a bit of sight-seeing.

Both Elsa and Anna looked at each other for a moment before Anna smiled at her older sister and nodded towards Harry. “You can go first Elsa. You’re oldest after all. Just make sure to save some for me.” Anna said with a small almost awkward smile as she stroked her hand up along Harry’s lean hard chest while her other hand reached down to grip the base of Harry’s hard throbbing cock.

“I don’t know if I can promise that.” Elsa declared before she moved her body and then immediately hitched her leg up so that she could properly mount Harry’s amazing cock. The beautiful white haired girl from the northern regions immediately pressed her breasts together against Harry’s hard chest. Harry’s own nipples started to tickle and scratch all over Elsa’s soft pliable pale flesh as she began raising her body up and down to allow Harry’s cock to drive further and further inside of her wet dripping pussy.

Anna smiled watching her attractive sister start to moan and shiver as her entire pussy was widened out by Harry humungous throbbing cock. One hand reached up to play with her breast and tweak her pink nipple as she bit her lip. The pleasure of the simple physical touching and the glorious sight of her sister's pussy being stuffed by Harry was enough to make her breathing become more and more shallow. While her fingers pinched and tweaked her nipples her other hand reached down between her legs.

“Mrwaaamm... nrrmmaahh... how do you like... like my breasts... they're bigger than Ginny's.... I hope you like them... Nrgnnnahh.. like them Harry... Do... do whatever you want to them.... Do ... do whatever you want to me all nightawaaahh!” Elsa moaned out as she squeezed her breasts together and then pulled gently on her own nice busy tits as her eyes fluttered open and close as the pleasure mounted throughout her entire body as she was bounced up and down by Harry's hands on her curvy ass cheeks.

Watching Harry continue to stuff the living hell out of her sister's cunt had Anna nearly melting down. Her fingers rubbed and flicked over her clit before moving back out a bit to slide up and down the insides of her outer lips as her juices continued spilling out of her orifice as she moaned again and again. Seeing her sister like this was as amazing sight as Elsa continued having her pussy punished by such a handsome man's cock. They didn't always share lovers but at this moment she was glad that they were both open minded enough to embrace such an experience. Of course, what she really couldn't wait for was to feel Harry's amazing cock driving deep inside of her own pussy.

Meanwhile Harry and Elsa changed position on the bed. Elsa ended up posing on all fours and placing her fingers out on the wall set over the headboard while she gave Harry a little wiggle of her ass and then reached back a finger to pull open her pussy lips. Harry didn't need any more of an invitation but he loved the teasing as much as when Ginny did it to him. The young man with the amazing body and thick muscles grabbed Elsa's nice firm ass cheeks and then led the tip of his massive cock right up to her sopping wet entrance. “Looks like your pussy really wants my cock.”

“I told you... I want you to do whatever you want to me Harry. Please... fuck me nice and hard.” Elsa pleaded out with a slightly pouty look to her lips and eyes before she gasped out as Harry forced the rest of his massive prick deep inside of tight pink tunnel. Harry began to ruthlessly pump her body full of his nice long cock. In only a matter of seconds as he started to really thrust deep inside of her Elsa's body the woman with long ice-blonde hair felt her body reaching the tipping point of how much pleasure her body could resist. She was screaming loud as a dragon could roar as her body was slammed forward towards the wall as her ass cheeks were slapped by Harry's hips colliding with her soft lean flesh. Under the tenderizing barrage her pussy soon started to twitch and convulse all along Harry's long pounding cock and Elsa started to cum.

“Harry.. I... I can feel the Awahh... Ayaaaahhaayaaaii!” Elsa cried out as her entire body became flush with hot scalding pleasure. Her entire pussy was twitching like it was hooked up to an electrical conduit as her body tried to pull in every inch of Harry's cock as she came

from his sexual assault. Harry for his part just kept pressing on with his superior endurance. Elsa's body was easily overmatched and as she slowly started to cum down Harry simply pulled his body back so that his cock was dragged out from her tight wet embrace. When his member was finally free of Elsa's constricting orifice her body fell down onto the bed. The white haired beauty immediately started drinking in air to refresh her batteries while Harry moved over to Anna.

"It is your turn Anna." Harry said before he grabbed Anna's body and gently hoisted her up so that her arms had to grab around the lean muscles of his neck as he held up her legs.

"Ohahh.. please don't drop me Harry." Anna said out before she cried out as Harry's still rock hard cock brushed lightly against her sensitive clitoris before sliding back down along the outer edges of her labia. 'That's it... please get in me... put your cock in me now,' Anna thought silently before she partially screamed out with pleasure as the tip of Harry's cock finally pushed inside of her own pink opening. Her juices exploded out around the point of insertion before Harry began to bounce her up and down in his arms.

Anna couldn't believe how great it felt. It was unlike anything else she had experienced as she was held in the air by Harry Potter's powerful muscular arms. His cock reached so deep inside of her when her entire body fell down on top of his length and yet it nearly always felt like the crown of his cock was going to fall out when he hoisted her up along his powerful length. Just like her sister Anna's sensitive pussy was being completely over-maxed by the incredibly thick girth pressing deeper and deeper inside of her. Creating even more waves of pleasure was the pressure that Harry's thick cock put on the entrance to her womb each time her body was reigned back in by gravity to be speared against by all of Harry's inches.

Anna's head was flailing wildly as her entire body was jostled again and again as the pleasure welled up from deep inside of her pussy and started burning all over her body. Soon enough just like her sister and Ginny her body was reaching the tipping point and Harry still hadn't cum. Anna did her best to strengthen the tightness of her inner pussy muscles around Harry's cock but it wasn't enough. As Harry licked and nibbles on her ear and continued flooding her mind and body with pounding jolts of superheated pleasure Anna was unable to contain herself. As her reservoir broke it felt like a tsunami of white hot pleasure was exploding out from her pussy all the way up to the end of every red hair on her head. After depositing Anna back on the bed Harry found that Elsa had managed to accumulate enough energy for her next round.

"I'm not done with you yet Harry. Give me your best shot." Elsa declared as she leaned forward on the bed to start sucking Harry's enormous prick to enjoy the combined taste of both her sister and her own juices while she also played with her clit and inner lips as she prepared her body for round two.

Eventually when Ginny came back to the room, she found Anna as essentially a cum-filled mess smiling nearly deliriously on the cum soaked hotel bed. Meanwhile she quickly noticed Elsa being bent over the balcony railing by her husband. The white haired girl with a

Norwegian accent was squealing with joyous cries as her pussy was fucked silly by Harry's thundering thrusts. Ginny smiled at the display while feeling no jealous. Instead the young woman removed her swimsuit pieces and deviously wondered which of their friends Harry would like to have bouncing on his cock when they get back from their vacation...
