

Multiverse Paramour Issei Hyoudou

Highschool DxD/Multiple Franchises

By Azure/ For Issei

Chapter Eight - Lusting for the Gambling Lush Hokage (Tsunade Senju)

Somewhere in another universe, far away....

Within the Hokage office of the Konohagakure village was the blonde leader of the Leaf, also known as the Fifth Hokage; Tsunade Senju. The beautiful, big-breasted, blonde woman sighed warily as she had just returned from recovery in the hospital after the Fourth Great Ninja War was finally over. Much damage was done and many Shinobi lost their lives to Madara Uchiha and his machinations, which included enemy forces consisting of resurrected Shinobi from times long past. Everything in the world, particularly between the five great nations, was on the road to peaceful recovery at this point. They have honored all their warriors who have fallen in battle, starting anew on life and ready to enjoy it thanks to Naruto Uzumaki and his team.

Tsunade rubbed her temples in growing irritability when she saw the stacks of paperwork lined up on top of her desk. She was wondering just when and how her assistants had managed the time to drop off all of this while she was out there fighting for the world.

"Ugh, I'm barely back for a minute and already I'm getting a splitting headache over paperwork, I need a drink before I start on anything like this today," Tsunade grumbled to herself, raising a twitching eyebrow when she looked at the stacks of files she needed to sign and arrange. She cursed the paperwork in front of her and wondered if maybe she should've gotten Kakashi to do it for her instead by letting him stay Hokage in her place.

She quickly got moving and avoided her desk, she paced around the office rummaging around through her many cabinets looking for booze of any kind to make the day easier. The blonde, Slug-Sennin looked everywhere and found nothing, there was no booze of any kind to help her deal with the mountain-sized stress of office work the Hokage has to do.

'No,no, no! There's nothing left! None of my personal supply of Sake is left in this place! I need to make an emergency trip to my family's old storage temple right away.' She thought to herself in panic and rushed out of the office, racing across the rooftops of many buildings in a blur of speed only Ninja can do. She kept going until she reached the estate of the Senju residence where she lives, arriving in front of a large ornate mansion belonging to Hashirama's clan for generations.

It served as Tsunade's home for both her childhood and her present adulthood after she had returned to the Village. Landing in front of the place and rushing inside, she went down into the cellar that was usually stocked full of wine and Sake. So far, all she found was a small 20oz bottle of it, it was left behind in the food storage of the cooking ingredients. Downing it instantly and getting only a teensy bit tipsy as a result, the Fifth Hokage went on the prowl for more. She looked all over the cellar of her old house in desperation until she happened upon that secret room she had discovered some time ago, one with a particularly powerful Seal over its doorway entrance that she couldn't get open no matter what she did.

It was a large, bizarre diagram lined with foreign symbols and dragonic iconography all colored in bright red. Walking up to the sealed stone surface of the doorway and feeling desperate, Tsunade was tempted to use her immense strength and bust her way inside. She was determined to see if whoever used it in the past had booze of any kind stashed within. She was just tipsy enough and desperate enough to consider that a possibility.

'I know it's a low possibility and a foolish gambit, but still....! I cannot go back to that nightmare of an office without something to drink!' She thought to herself with resolve and reeled back her right hand, clenching it into a fist, and slammed it into the door with the force to make the entire area tremble due to her immense strength!

Bam!

The dust cloud cleared up and revealed the door remaining completely intact, it was standing unopened without so much as a scratch on its surface. Tsunade was surprised when she pulled back her hand, wondering what kind of magic kept it in place when she noticed that her right knuckle was bleeding just a tiny bit.

Drip!

"Ouch, really? To think that door could repel me at all when using my enhanced strength. Must be some powerful Jutsu keeping everything protected and intact." She mulled, rubbing her hand until her regeneration immediately fixed it up, but not before a drop of blood landed on the symbol painted on the door.

The iconography of the Red Dragon Pentagram started glowing bright, surprising Tsunade and forcing her to step back in utter surprise!

!

"W-wha....? What did I do?!" She asked herself, watching the Pentagram change, generating blinding red energy that brought forth a physical human-sized figure from within a portal leading out of it!

Out stepped one foot, then another, until a full-body appeared in the form of a young, dashing boy with spiky brown hair and emerald green eyes. He was about a head shorter than Tsunade and wore a dark high-school uniform over himself with a red T-shirt worn underneath an opened jacket. Being slightly tipsy, Tsunade secretly admired his dashing looks and blushed, she smiled coyly at him when seeing his face up close. The light from the summoning portal died down, leaving the lad to look behind himself with an intrigued look on his face at yet another portal that had summoned him to a different world just like before. The stone door containing the symbols suddenly opened up and revealed a pantry stocked full of large Sake bottles.

"Huh, guess there were more portals out there in the multiverse than I thought. Just how many worlds did all the previous Red Dragon Emperors visit when drifting between Dimensions?" He said to himself until he heard a squeal of excitement coming from behind, making him turn his head to see a beautiful, big-breasted woman standing just a few feet away.

"Yes! There really is Sake behind this door after all!~ I'm saved!" Tsunade gushed out in celebration, she was holding her cheeks and catching the boy's attention by making her large breasts jiggle side to side with elated happiness.

'B-B-B-Boooobs! Huge ones too....! *Gulp!* Yess! Thank you for having those Summoning symbols plastered all over the Multiverse, my predecessors!~ I will not fail you in appeasing the woman who brought me here.' Issei thought to himself, grunting painfully with arousal and seeing Tsunade about to push past him to rush into the pantry behind. He grabbed onto her shoulders gently so he could catch her attention and introduce himself to her, making her pause and turn her head in his direction. "H-hey...hold on a minute, you summoned me here, lady. Uh....can I be of Service of any kind?~"

Tsunade blinked at him twice, then looked back at the booze lying in wait inside the stone pantry ahead of her. She focused on Issei again and saw the sly smile appear on his face, making her heart lurch with a hint of arousal and intrigue as she gently grabbed onto his wrists to pull him off. He promptly introduced himself when she did.

"My name is Issei Hyoudou by the way, I'm....the Red Dragon Emperor You uh..kinda brought me here by accident apparently, but I'll be glad to appease you any way I know how.~" He introduced, with a smirk.

"Huh, alright then....*Hic*...I don't know what exactly a Red Dragon Emperor is, but...." Tsunade slurred her words a bit and leaned over, putting an arm around his shoulders and pushing her tits up close to his face with a smile on her lips, making Issei push steam out from his nostrils in the process. "...how about you be my drinking buddy for today so that I don't have to go to work in the office? There's plenty of booze here in that closet up ahead.~"

"Deal! What's your name, beautiful? Also, may I know your name?~" Issei asked suavely, resisting the urge to grope her gigantic breasts when they were pushing right into the side of his face. He was feeling confident in his charm he had over women and he felt this blonde, buxom beauty trace a finger down his chest and swirl it around with a smile.

"Firstly, I am Lady Tsunade Senju, the Hokage of the Hidden Leaf. I don't know why exactly my ancestors have a portal to bring you here, but I couldn't care less now that I have an entire closet full of booze waiting for me to enjoy. I definitely needed it since we've just been through a war and barely survived being wiped out, plus....it's been a while since I've had a drinking buddy." She said with a somewhat somber expression on her face, she was feeling drawn to Issei as his Dragon-powered Pheromones were starting to affect her, even more so when in a drunken state. "Feel like playing a game of cards with me back at the Hokage office? We've got some booze now and we can make it fun, Issei.~".

"Heh, you got it, Tsunade-Chan. I happen to know a few of them that'll go great with drinking Sake. How do you feel about playing a game of Strip Poker?~" Issei offered, knowing he was gradually drawing her in with his Pheromone-laced allure thanks to his unique Emperor abilities. Seeing Tsunade's breasts up close made him aroused enough to activate those on purpose.

Tsunade smiled as she pulled him by the hands, leading him into the closet with her so they could rustle up plenty of bottles of the sacred booze.

Once they grabbed over a dozen Sake bottles together, Tsunade and Issei both made way for her office via teleportation Jutsu and gathered around a small table in the center. There, Issei brought out a deck of cards he just so happened to have and he watched Tsunade pop open a bottle of Sake immediately after they got comfortable. She took a hard swig of it with gusto, chugging it down like it was water and letting out another sigh when she pulled it back. Surprisingly enough, she still had her wits about her but was noticeably happy with loosened inhibitions aplenty. Tsunade had a history of drinking so much Sake that she wouldn't get black-out drunk per se, but she would feel very lively and free-spirited whenever she got into the tipsy mood.

"So...*hic*...before we get started on our game of Strip Poker, Issei, I'd like to know what are your conditions for me if I happen to lose a single round. I'm sure you got some fun ideas, right handsome?~" She asked, leering at him with half-lidded eyes as he shuffled the cards around in his hands. Tsunade was thankfully leaning over the table's surface, leaving her cleavage to hang loose and noticeably flashing her pendulous cleavage directly within Issei's eyesight.

The boy grunted gutturally and felt his excitement levels spike up another notch, he was very motivated to get this beautiful woman naked and go to bed with her.

'I gotta win! I got..to..win! I must have those insanely huge breasts rubbing all over my face and on my hands!' He thought to himself, smirking confidently as he finished shuffling the cards, knowing he had an ace up his sleeve just in case she was a better player than he assumed. "Hmm, nothing out of the ordinary in terms of the usual rules and conditions, but you gotta lose a piece of clothing starting from the top. Undergarments and everything included, whenever I win a round, you get up and shed something until you're in your birthday suit. That's it."

"Hmm, fair enough. You sure do sound cocky, huh? Well, I'll have you know that I am a legend in my own right when it comes to gambling. How about I add in a little something extra? Like, say, letting you feel me up whenever you have to get one extra win on me, Issei. Don't think I can't see you staring at my tits the entire time I've been talking with you. I know they're amazing, and I thank you for admiring them, but they're not for a free showing.~" Tsunade offered slyly, winking at him and nearly making Issei explode from excitement already.

He nodded furiously at her request and started handing out the cards to each end of the table between the two of them, putting the rest back into its usual spot on the table as they had begun the game.

"You're on, babe. I'll be happy to take you up on that challenge, and I'll definitely earn that showing, naked tits and all. So don't be a sore loser when I win against you." Issei said, knowing full well he could simply touch her through skin contact and make her insides light up with overwhelming arousal to the point she'd melt at his touch.

Being that she was tipsy already, it wouldn't be too hard to get her to agree with doing more with more until the usual fun stuff happened. He knew that Tsunade, likewise, was eyeballing his crotch with a hunger-ridden look on her face just as he was doing with her breasts. They both wanted each other, but Issei was going to make Issei her bitch-in-heat and fuck her raw on the table.

"Game on then! They call me 'Legendary' for a reason, you know. I'll show you just how the Hokage of the Hidden Leaf does things.~" Tsunade declared, secretly feeling embarrassed at her claim since she was only infamous for being the most notorious loser in the entire Gambling world. Still, she didn't want to look weak in front of Issei and admit she was just a 'Legendary Sucker' who lost every time she gambled. Still, despite everything else, Tsunade was feeling increasingly attracted to Issei like a moth to the flame. Every second that

passed between them, she wanted to reach over and smother the boy's face into her magnanimous breasts, as she had not felt this way since Dan.

Issei signaled the start and their game of Strip Poker was underway, he was determined to win after picking up all he knew after playing regular poker with Azazel many times.

First Round; Issei's Win.

"There we go, now get up and take off that top, lady Hokage.~" Issei commanded smoothly, watching as Tsunade sighed before getting up to her feet. Her hand was a losing hand and Issei's had smoked her fair and square. She stood up and slid her hands underneath each strap of her dulled white top, peeling it off her smooth shoulders with her fingers until it slipped off of her chest.

Tsunade let her massive J-cup sized boobs spill out nakedly in front of Issei's starstruck eyes, she hadn't been wearing a bra of any kind and showed him the perfection of her voluminous breasts.

"Hnggghhh! Oooooopai! Nice, very nice....!~" Issei grunted with excitement as he salivated when seeing them in the flesh. They were perfectly round, ample, and full of volume. In his eyes they were perfect, and as far as Issei can tell, he can sense where her highly-sensitive areas of pleasure were just by looking at them.~"I am so going to take my extra win and fondle those babies as much as I like.~"

"Only if I lose to you, horndog. This is just round one, after all. Need to earn one more on top of the previous victory to get that prize." Tsunade said, resenting that she didn't keep her green robe jacket worn over her shoulders when she started this contest. She reached down and grabbed the bottle of Sake next to her, taking another hard swig and sat down again in a huff, making her tits wriggle when she did.

Issei grunted painfully again, feeling his more bestial side begin to take over as he was overcome with lust for this gorgeous woman. Like always, with his arousal came the effect of manifesting stronger Pheromones into the air, affecting Tsunade even while she was tipsy and chugging down booze. Once she was finished, she sat back down again and placed the bottle to the side, looking at Issei with a competitive look on her face. He tried not letting his eyes wander down to her breasts again, but oh the temptation was too great not to.

Thankfully, he was able to focus and dish out the next hand of cards for each of them, beginning the next game.

"Alright, I'm ready for you. I won't lose to you this time, believe it!" She let out with an energetic grin.

Two More Rounds Later, Tsunade lost again two times more, leaving the woman to slump her head on the table in defeat and mentally cursing her lack of fortune when it came to gambling.

"Dammit, even now...I can't win." She mumbled to herself, leaving Issei to stare at her with slight confusion as he held his winning hand while attempting to sneak another up-close peek at her tits.

...

Even he was surprised by how bad she was at the game of Poker, or just Gambling in general since apparently misfortune always seemed to smile upon her. Sighing again and standing up, Tsunade started pulling down her tight-fitting leggings before Issei's starstruck eyes. He nearly clutched the table and shattered it with the strength in his hands as he watched her plump, bodacious hourglass body appear in all its half-naked glory.

'Nghh! She even has a plump, full-bodied figure ripe with hourglass curves too! Large tits, wide ample butt, and slim waist on top of it. This woman is a ten-outta-ten bombshell babe!' He thought quietly to himself, seeing her pull down her pants completely, leaving her in only a silken dark green thong over her the rest of her body.

Tsunade wore no other accessories to speak of, making this game of Strip Poker the best event he could ever challenge a gorgeous woman to. While she was standing with a feminine pose in front of him with a foot gently placed on top of the table, Tsunade proudly showed off her naked features without a hint of shame. Her skin was pristine in hue, light and well-conditioned thanks to her mastery of Hashirama Senju's Revitalization Jutsu that Tsunade perfected in her youth. Still, she grumbled begrudgingly to herself for losing so easily to Issei, yet

still, a part of her secretly enjoyed being naked in front of him. Something about this dashing, young, horndog of a lad made Tsunade feel frisky and very young again. She was getting aroused the longer she stood naked in front of him, hoping that he was packing it big downstairs. Just the thought of stripping him down a win, however rare that may be, made her bite down on her lip with growing excitement.

"Ahem, I seem to recall you losing twice in a row, now....off with those panties too, My Lady Hokage. I want to see all of you naked right before I go feel up those tits." Issei said, earning a slight glare from her as she sat back on the ground with legs flying up into the air and hands around the sides of her waist, tugging on the straps of her thong.

Issei leaned in closely overhead, grinning with excitement as she started pulling off her thong before his eyes. Down it came, sliding up her legs and then past her ankles, revealing the moistened folds of her peach in all its semi-fuzzy glory. Tsunade's pink pussy, tight-looking sex appeared moistened to the brink already, meaning she was insanely aroused by him and not yet admitting to it.

'Heh, I always knew I had that effect on women regardless of having the Dragon Pheromones saturate the air, I'm just that charming of a guy. First things first though, I still gotta grope the hell out of those perfect, doughy, large titties. Doing it through the game and beating her each time makes life more fun that way.~' Issei thought to himself as Tsunade finished pulling off her thong and tossing it away to land somewhere in the room. She let it fall anywhere, not really caring since she was partially wasted and feeling frisky. Rolling back onto her rear and leaning forward, Tsunade let her naked tits stick out noticeably from above the table, ready for him to play with them at his leisure.

"Well, come on and feel them up then, you've certainly earned that special victory prize of being able to grope my tits, Issei.~" She beckoned with a sultry voice, planting her palms flat on the table and leaning over some more so that her breasts were dangling above it like a pair of watermelons. Issei had to stifle himself from squealing with excitement as he got up and put his cards down.

"You don't have to tell me twice. In fact, it might be just as much fun for you as it'll be for me.~" He said, reaching over with his hands and grabbing his fingers onto her pendulous melons with each digit pushing into highly-erogenous areas around Tsunade's mammaries.

"Uuuuhhhh.....! Oohhh.....my!~" Tsunade let out, whimpering quietly in ecstasy already. She felt her tits became highly sensitive out of nowhere, responding blissfully to the mere touch of Issei's fingers like so. He was squeezing a digit into each particular place around her mounds, touching highly erogenous areas and occasionally pulling on her tits together with his fingers in expert fashion. 'Ohhhh Kami-Sama! His hands feel like they're digging into my very soul but in a good way! How is it he is able to do this with me just by simply touching my breast?! I feel like I am being made into putty by his hands! Uuaahh!~'

Tsunade squirmed from atop the table, shaking her hips left and right and chomping down on her bottom lip with eyes closed with excitement. Issei was over the moon with happiness right now, he was getting to really feel up the biggest pair of tits he saw since Yasaka and Rias back home. Fondling the dough of Tsunade's melons some more, he gently tugged on each of them elegantly in a back-and-forth fashion for about a minute until he reluctantly pulled himself off.

Tsunade let out a blissful sigh and growl before breathing heavily as though she was about to cum. The Dragon energy of Issei's body, connected through his touch, combined with the Pheromones in the air, making Tsunade increasingly horny by the minute this game went on. Issei intends to take more from her in the next few matches, nothing excites him like a woman begging for his dick.

"Alright then, let's begin the next match. Even if you're already naked, I still want to be able to grope you some more, plus I'm sure you'd want to be able to strip me at least one time, right?" He guessed, making Tsunade bite down on a fingernail with sexual frustration as she nodded her head in agreement.

"Y-yes! I mean, let's do this then, Issei. I will beat you....!" She declared, not believing it'll happen in her lifetime, but wanting to be touched some more without saying it.

'If I didn't know any better, I'd say my Dragon Energies are mixing in with whatever kind of energy her body is packing. Can't call it magic, but it is something I've sensed within her the moment I arrived. Either way, it's making her incredibly hot and bothered even without me using ten percent of my skills. Breaking her in will be fun.~' Issei thought as he re-shuffled the cards again, handing out new hands to each of them and beginning the next match of the game.

Tsunade lost the next one and the one after that, perhaps purposely so, and felt Issei's magical fingers squeeze each of her titties into his hands once again. This time she let out a blissful moan and threw her head back, feeling Issei pinching and tweaking her nipples as he pulled her breasts in his direction. Tsunade nearly broke the table when she clutched the edges with her fingers, squeezing her thighs together and feeling her pussy moisten incredibly fast the harder he pulled on them.

All too soon that groping session ended and she picked up another hand of cards, ready to lose again, albeit willingly just to feel Issei touching her some more. Tsunade barely even bothered to look at her cards when she lost the next time, believing her luck to take care of her dives for her as though Fate willed her breasts to be groped by Issei. This time around, she sat back onto her bent kneecaps, raising herself up higher and leaning back to allow him some more, seeing a look of gleeful excitement on Issei's face as he reached for her.

"That's it, come and get your reward, Issei. I don't think I even care about losing anymore at this point, I'm already naked.~" Tsunade purred, watching as he hopped over the table to get closer to her, digging all ten fingers into her tits and squeezing both of them strongly with his palms. "Uggghhh! Hnhh!~ Issei!~"

She screamed out in coarse breaths, making her chest heave and causing her tits to sway salaciously in an up-and-down fashion before his eyes. Issei, upon seeing them jiggle even from inside of his palms, squeezed them tighter and fondled them playfully as he sat closer to Tsunade's naked body. The woman moaned gutturally from within her throat, moaning loudly as she let her mouth hang open, letting out coarse breaths of hot air. She was feeling beyond excited at this point, being groped by a dashing stud who may as well be a Maestros in touching women, made her brave this next action without care.

She's been without it for far too long at this point. In Tsunade's mind, she basically told whatever morality and principles she had to 'Suck it' as she cupped Issei's chin and brought him closer to her face.

"Issei....." She cooed seductively in a soft whisper, bringing him close until she could wrap her lips around his mouth in a full-on kiss.

Schup!

Tsunade lowered her eyes and wrapped her arms around his neck, pulling him closer as she embraced him in a loving lip-lock between an older woman and a young stud. Issei closed his eyes and kept his hands on Tsunade's breasts, groping and happily squeezing them as they went.

"Hhmmmm....! Issei...!~" She breathed out between lip-sucking kisses, letting her saliva mingle with his own while their tongues rolled into each other eloquently in a rapturous embrace.

'Yes! Oh man does it feel good making out with a beautiful woman like her! I am not letting go of these breasts though, they're my sacred treasure just as this woman will be right now. Mhmm.~' Issei thought to himself as she swallowed Tsunade's tongue into his throat, squeezing his lips around while they made out like impassioned lovers right there beside the table.

The cards, the game, and even the Sake was forgotten in this passionate tryst about to erupt. Kissing Issei's lips even more and hungrily swallowing his saliva, Tsunade reached down to his crotch and started fondling his growing appendage from underneath his pants. Her soft fingers caressed the stiffening, and rather, a large log of phallic meat underneath the fabric. She noticed that he was hard and growing harder, but also incredibly large in size, which made her feel even more aroused than she began with.

Together, their tongues hungrily slurped over each other for minutes on end, all while Tsunade aggressively fondled his crotch until she felt it was high time to get even more adventurous. Swirling her tongue around the inside of his mouth, she slowly broke off from his lips and pulled herself back, revealing to him a smiling and a rather seductive-looking face staring back at him slyly.

"Fuck me, Issei. I can't stand it any longer, I need it right now and you're the only man I can see giving it to me in the way I deserve. Plus, you're pretty well-hung downstairs, I see, that makes you an A Plus in my book.~" Tsunade cooed, seeing him smile and nod his head as he stepped back to start undressing.

Tsunade sat back onto her rear, leaning back as she observed Issei pulling off his jacket and removing his red T-shirt.

"You're one horny Village Chief, but I'll be glad to give it to you 'in the way you deserve', Tsunade-hime. But first...I want to see how tight that mouth of yours on my dick before anything else. I'll be happy to treat you to the same courtesy down there.~" Issei tempted, making Tsunade nod her head gleefully at the idea.

She watched his nicely-toned physique appear in nearly all of its naked glory, further exciting her as Issei removed his pants with boxers next.

!

Out sprung his mammoth-sized member, standing erect in over a foot-size length in total, maybe more, with balls looking as thick as a pair of apples.

"Oh my.....! Holy hell, kid, you've been packing 'That' underneath those pants? This Village Chief likes what she sees. *Grows*" She purred, running her tongue around her lips and observing Issei's magnanimously-large cock in full, feeling her loins sizzling for insemination already.

Issei finished undressing and appeared in all his naked, masculine, glory with his overly large cock sticking out fully erect. He was ready to ravish this blonde woman all morning long and she knew it. Tsunade wasn't even thinking about her office work anymore as of this moment, in fact, she felt the paperwork could be burned down and she wouldn't even care. Right now she was dying of sexual thirst and felt only Issei give it to her, quenching her appetite which had gone stale for too many years.

Sitting down and patting his lap as though telling her to come to get him, Tsunade obeyed immediately and crawled over to Issei like a predator on the prowl, rotating her naked body so that she could hover her sex directly above his face. Issei eyed her delicious-looking pussy and her pink, sodden folds with carnal hunger. When remembering that he was summoned via a Magical circle created by the Red Dragon Emperors of the past, Issei thought up a creative idea in which to use his abilities, namely his tongue by using Red Dragon Emperor magic.

"You better make me feel magical, Issei Hyoudou, Know that I'll certainly go above and beyond for you.~" Tsunade purred and gently dropped down onto his waist, allowing her beach-ball sized breasts to cushion his groin and gently sandwich his cock in the process.

"S-so soft and full! Oh, those things are easily the biggest I've ever seen, they honestly feel like heaven in the flesh!" Issei grunted happily as he sees Tsunade's feet sliding underneath his armpits from above, making her sex hover barely an inch above his face. She ran her tongue slowly up the underside of his amazingly thick cock, tasting it and measuring it up while feeling around the top half of it with her hands. Issei was easily that big and she loved that he was.

"Hmmm. *Sllpr..shlpp...shlupp!* Amazing, you're not only full of life, but also very thick to the touch. I think I'll treat you to the 'Sucker's Special', Issei.~" Tsunade giggled, making light of her once-shameful nickname and raising her head up high so that she can wrap her lips firmly around the bulbous glans of the head. She spread her lips wide open and swallowed it down in just one, loud gulp, taking it into her mouth.

Schlupp!

"Ggghhh! Aanhh!~" Issei growled loudly from under the older woman's nether region, feeling the moistness of her mouth occupy the head of his dick and begin gobbling him up as she slid down. He was feeling the warm slimy, passage, of her throat taking him into the depths of her throat and beyond, making his groin touch her nose as she began bobbing up her head on his meat.

Tsunade kept one hand clutching the basin of his cock, stroking it gently between her fingers as she started throating Issei's dick with pure carnal hunger.

"Hmhmhm!~ *Schlupp..schlupp..schlupp..schlupp..schlupp..schlupp!* Mhmm..mhmm...mmmhm..mhmm!~" She was going in deep, taking each throbbing inch of him into her esophagus while letting her tongue curl around the sides like a serpent.

Issei had never felt anything close to this in all his life, he started bucking his pelvis upwards into his face, feeling Tsunade glue her lips to his crotch and frenziedly work her head into it with her tight, wet lips like a pro.

'Christ! It's as if her throat were a tornado of flesh! Holy Hell this feels amazing!~' Issei thought to himself, watching as her blonde hair tousled and bobbed down from between his legs, seeing it happen from the horizon of her ample buttcheeks. 'That's right, I can't...be a selfish lover. I gotta give it to her as good as she gives it to me.'

With that in mind, Issei reached into the inner thighs, spreading them apart and craning his head forward so that he could hungrily wrap his lips around the moist cusp of her labia! Like kissing a girl on the lips and ensnaring her with his tongue work, Isei managed to bring out a trill moan from within Tsunade's body as he had started eating her out. His lips squeezed her juicy lips into his mouth, sucking the

moisture out of her wet womanhood. He magically morphed his tongue into a long serpentine, Dragon-like version of itself and shoved it far into her quim, tasting more of Tsunade's pussy and making her writhe uncontrollably in pleasure.

"Hhggnhhhh! *Pop!* Ohhhh Issei....! Give me more!~" She let out, leaving her mouth hanging open as she ground her buttocks into Issie's face, letting him gorge himself on her pussy as much as he likes.

'Heh, you got it, babe.~' Issei thought back to her and held the woman's legs apart by worming his arms around her thighs and keeping them spread-eagle in front of his face. He resumed sucking on Tsunade's slightly fuzzy slit, flicking her clitoris with his tongue before sliding it back inside to swivel around thoroughly in an eloquent manner.

The blonde, big-breasted Hokage was completely at Issei's mercy, she was struggling to be able to mount her face on his dick again while feeling her legs turn into jelly at his touch. On top of eating her out, the boy had also taken to squeezing her buttocks and upper thighs with his fingers, seemingly knowing exactly where her sensitive spot tended to be.

Slpp..shlpp..shlpp..shlppp..slpp..hlpp..shlpppp!

"Mmmhmm! *Sweet and tasty, cougar pussy is always delicious!*" Issei gurgled in a muffled voice, closing his eyes and pushing himself further to where his nose prodded her moistness. He let his jawline spread out and feel Tsunade's fuzz on his face, his lips instinctively started gorging on her pussy next, languishing in the taste of her folds and pink sex altogether. Issei was inhaling her scent, becoming even more aroused in the process, as he was tasting everything in sight with a long serpentine tongue that slithered into the woman's insides without mercy.

"Uuaagghhh! Aaaagghhhh! Oohhh Issei...yess! Hnghh!~" Tsunade hollered out with a euphoric smile on her face before she managed to swallow up his cock again.

This time around, she wanted to stimulate the boy's impressive genitals by first cupping his bloated balls into her hands. While she kept on swallowing half of his mast into her mouth, Tsunade started channeling all of her known sensual arts learned through massage, using only her Chakra-filled fingertips to knead the surface of his balls. Rolling her digits around Issei's bloated ballsack, Tsunade massaged his prostate expertly and put to use all her medical knowledge into stimulating his member. Issei was really feeling it all, every touch of her fingers prodding his weak points and fluffing his balls made him begin to gyrate his pelvis into her face while she was still languidly sucking his cock into her mouth. Tsunade was making good use of her 'Vortex-style' of dick-sucking, making him feel a proverbial whirlpool of saliva and flesh pulling him further into the roof of her mouth. It made him growl like a Dragon and dive into her muff with even more ferocity, hungrily tonguing her out with animal-like gusto! Tsunade wound up moaning loudly again, she was shivering blissfully while slowly dragging her face up to the head of his cock, feeling her mind melt with pleasure thanks to Issei's long tongue churning her insides.

"Mmhm hmmm..mhmm!~ *Schluuuuupp! Pop!*" She popped her lips off of his knob and wrapped one hand around the hilt, pumping him furiously as she returned to wrapping her lips around the glans and swallowing Issei's meat into her gullet once more.

"Mhmp...mhmp..mhmp..mhmp...mhmp..mhmp! Mhmmmm!"

'H-holy crap! She is a legendary sucker! Ugh! I'm going to blow real soon, hope she's a legendary swallower too!' Issei thought to himself, subtly pumping his pelvis upwards into Tsunade's lips, feeling her aggressively throat his cock into her mouth with lips sucking furiously on his shaft.

Issei, in-turn, gorged on her sex like a professional, letting his long tongue slither around inside of her more sensitive places till he reached her cervix. With a touch, he caressed Tsunade's G-spot, making her shudder wildly with her feet curling underneath his neck in order to bring him closer! There, she held her arms around his thighs and hugged his waist with her face, furiously face-fucking herself in reverse with her buttocks raucously slapping into his head from the top.

intensified slurping noises and loud, barely muffled moans filled the air of the Hokage office constantly as they continued pleasuring each other unabated for some time. Eventually, Tsunade felt her insides beginning to quake with orgasm, making her insides churn and gush all over Issei's face as she took one extra-long, extra-thick suction of his cock as she slowly dragged her face back to the top from the bottom of his shaft.

Schluuuuupppp! Pop!

"I'm cumming! Oh Kami-Sama, I'm cumming...!!~" She cried out before plunging her face down into his waist, engulfing his cock with her mouth one last time. That set Issei, and herself, off at the same time in blissful orgasmic harmony!

"Hhhhhh! Tsunade-Hime....! T-take it all!~" He cried out in a muffled voice, feeling his cock lurch intensely from inside of the slimy sheathe of her throat. He spewed forth thick ropes of spunk directly into the roof of her mouth, filling up her oral cavity and making her swallow everything in a rush as it spilled down her slender throat!

Gulp..gulp..gulp..gulp...gulp...gulp!

"Mmhmm!~" She hummed pleasantly while gulping down every last drop of enriched Dragon-Emperor sperm. She sealed her lips tightly around the base, coaxing more from him and wriggling her face into his groin while doing so. Tsunade relished in the taste of Issei's seed, loving the flavor and growing addicted to it as she felt her stomach fill up in no time at all.

While pumping Tsunade's mouth with cum, he too felt his face become coated with her essence, feeling her vulva throb while getting a spritz of her juices every second. Retracting his tongue, Issei used it to lap up every last ounce of nectar, giving Tsunade a reason to cum suddenly a second time out of nowhere when doing so. She shuddered blissfully with post-coital bliss, rubbing her nether region all over his face and enjoying the feeling of his tongue cleaning up her snatch.

'Sooooo good~ Yesss!~" She squealed internally with a dream-like smile on her face.

Eventually, the two of them came down from their orgasmic high, Tsunade collapsed on top of Issei momentarily, letting her cunt squirt a few more times onto his face, and gradually got up. Shakily so, she managed to stand upright and show Issei the view of her plump, heart-shaped ass from behind as she made her way over to the Hokage desk in front of her.

"That...*huff...huff...wheeze*...was amazing, Issei! B-but, I'm not done yet.~" Tsunade declared with a coy smile on her face. She planted her hands flat on the surface of the desk with her buttocks sticking out and wriggling right at him. "Why don't you come over here and shove that massive thing back inside of me, namely into one of these holes here? I'd love to feel you in my ass.~"

"Y-yes! I mean, yes, Lady Hokage.~" Issei replied smoothly as he got up, showing Issei the impressive girth of his cock still standing erect like a stone pillar. Dragon Emperor Vitality is nigh-infinite, making him the perfect lover for many women. Tsunade growled when seeing that stiff-looking monster bob with every step he takes coming towards her.

Issei grinned confidently as he arrived behind the vivacious Lady Chieftain. When he noticed the important-looking 'Hat' of the Hokage just laying down somewhere atop of her desk, Issei pointed to it with a smile.

"Put that on while I fuck you, Tsunade-Hime. I think the important Chieftain of the Village needs to look her best when she's getting the plowing of a lifetime after all." Issei said, seeing her gleefully grab the sacred ornament of the Kage wardrobe and put it on her head to wear. He nodded in appreciation and witnessed her blushing like a maiden as he ran his hands softly down her ass. Issei may have been a boob man, but right now he was admiring how full and plump her ass was when he started squeezing her cheeks between his fingers.

"Mmhmm!~ Aaahh....!~ Y-you have magical fingers, Issei!" Tsunade let out in a shrill cry of breath, enjoying the feeling of his fingers kneading the dough of her buttocks before spreading her cheeks apart to reveal her tight-looking velvet star.

"And I'm betting you have a magical asshole too, I'm going to plow it until you can't walk straight, then hollow out that pussy before blowing my load.~" Issei laid out, making her shiver with excitement already and lean forward, letting her breasts squish against the surface of her desk.

Grabbing his cock and keeping her cheeks spread open to reveal her hole, Issei guided his member over to the ring of her anus and slowly sunk in with the head spreading her open.

Plop!

"Uuggghhh!~ Oooohhhh....so...thick! Ngh!" Tsunade hissed through clenched teeth, feeling Issei's thick sausage burrow slowly into her asshole, spreading her rectal cavity apart in ways she never felt before. Her mouth spilled open and her fingernails scratched the surface of the Hokage desk as she felt him pushing into the hilt.

Issei growled in pleasure as he felt the tightness of the woman's ass clutching him warmly inside of the damp insides of her sphincter as he pressed himself to the base. He waited for Tsunade to catch her breath for a moment, then saw her raising herself up on her hands to allow her boobs some breathing space. Issei saw her turn to face him from over her right shoulder and smile, winking at him with a nod telling him to continue.

"Fuck me, Issei.~" She breathed out, running her tongue around her lips with cheeks colored in red due to both arousal and tipsiness. Needless to say, Issei didn't need to be told twice. He drew back his cock to the middle of his shaft, only to slam everything right back into the woman's ass!

A hard smack of flesh occurred, followed by Tsunade's blissful sigh of elation, she was feeling Issei's cock hollowing out her rectal cavity in a slow, methodical manner that made her insides melt with passion. Soon enough, their bodies were rowing into each other with Issei slamming into Tsunade's plump ass, moving even faster the longer he felt her insides clutch him mid-process.

"Ahhh..ahh..ah..ah..ahh...ahh!~ Issei....! Ooh Kami it feels so good! Y-you're destroying my butt, you know!~" She let out, deliriously smiling as she rose up even further, allowing her tits to jiggle salaciously in an up-and-down manner above the desk. Her Hokage hat stayed on, struggling to remain atop of her head as she jostled forward repeatedly into the desk.

Issei grunted with pleasure, feeling the tightness of Tsunade's asshole clutch him harder as he went on, he pushed into her repeatedly and squeezed her cheeks between his fingers, enjoying a fully-grown woman with large boobs. He wanted to see those melons bouncing just above his perspective from the front. He pushed and rowed himself into her doughy, ample ass, feeling the softness of her cheeks caress his waist as he repeatedly slammed into her without pause.

For minutes more she continued moaning, her volume increasing with every jiggle her buttocks made until Issei's sudden need to feel her pussy around him compelled the boy to pull out with a 'Plop'. His dick pulled out of her gaping asshole now, leaving Tsunade flummoxed until she was suddenly pulled back and replaced with Issei now laying down on top of her desk with a smile.

"Get on top of me, Hime. I want to feel your breasts jiggling right in front of my face, then....! I'm going to fill your insides up to the brim. I think you've been needing that for a long time, right?~" He guessed, making the partially drunken Ninja blush bashfully and admit it with a nod of her head.

"Y-yes! Oh....here I come, Issei!" Tsunade yelled out with desperate need as she got up atop the desk with kneecaps landing just outside of Issei's hips. She straddled his waist and hovered her juicy, twitchy snatch directly above his monolith-of-a-cock with labia spread open.

With a 'Squelch' of insertion, Tsunade fell on his penis and felt her insides spread the widest they've ever been spread before in her life! Her mouth fell open instantly as she rested herself on top of Issei's body, smothering his face with her large tits and feeling his cock churning its way through to her cervix until it eventually penetrated her womb.

"Oooooohh...Issei! Mmhmm!" She cried out, biting down on her bottom lip with eyes closed as she planted her palms flatly onto his pecs.

Tsunade wasted no time at all and started moving her body backward then forward, grooving her pelvis along his waist as she began riding him in a voracious manner. The desk started creaking as she slammed her ass down onto his thighs, feeling his large cock piercing her vaginal depths in full while shaking her tits above his eager-looking face.

"Uuh..uh...uh..uh..uh..uh..aaagh! Ooh fuck me harder, Issei, grab onto my tits and play with them as much as you like!~" She cried out, putting her hands behind her head and riding him upright with her hips vivaciously bouncing up and down on his meat.

"Gghkk! You're really freaking tight for someone who hasn't had any in a while! Ugh!" Issei grunted and grabbed onto each of her pendulous, bouncing melons and squeezing them into his fingers.

This caused Tsunade to purr loudly with a lip-bitten smile as she felt him knead each nipple to his liking. Her bouncing became faster and more raucous, causing the desk to shake on its legs. Her body was becoming sweatier and her buttocks were jiggling faster the harder she slammed herself down onto his meat. Issei took his time enjoying the feel of Tsunade's large tits squeezing into his hands, fondling them at his leisure while feeling the slick tightness of her sex squeeze him the harder she rode his cock!

'Hnhh..nghin...nghhh...! Oohhh..yeah! Tsunade-Hime....!~" He let out, enjoying the body of this blonde, big-breasted woman in full, wondering if she'll get pregnant if he blasts her womb full of highly virile seed. 'M-Maybe I can rearrange things so that..ugh...my sperm doesn't fertilize her, but instead..ugh...feeds her life energy. I could tell she's really old internally, with the outside being superficially made through some kind of special craft exclusive to this world. Maybe it's time she gets the real deal when I blow it, a true fountain of youth type of rejuvenation.'

Realizing this, Issei sat up and grabbed Tsunade's left breast, pulling it into his mouth and sucking on it hungrily with the other one hand grabbing onto her waist. This caused a spike of sexual arousal from within the woman, making her throw back her head and cry out to the

heavens as she came! Her body shuddered intensely with her insides churning around his cock, causing it to swell and enlarge before spewing a fresh load of sperm directly into her chambers!

Spllt..spllt..splltt..spllt....splt..spllt.splltt!

"Aaaagggghhhh!~" Tsunade cried out in ecstasy, cumming hard on Issei's meat and feeling it getting milked for more cum by her sensitive insides as she cradled his face into her hands.

Their bodies lurched together in unified orgasm, Issei held onto Tsunade's hips with both hands while squeezing her nipple into his mouth for a few more seconds before eventually pulling himself off. He was met with the woman's lips soon after, embracing her as they swapped saliva in a very heated, intimate fashion. Both of them had their eyes closed while they rode out their climax, unable to see that Tsunade's appearance was changing into an even younger state of health not seen since her teenage years.

"Mhmm. Mhmm...! Mhmm....mhmm!~ Issei." She moaned into his mouth, tasting his lips one last time as she pulled back. Her body was still faintly glowing with rejuvenating energies, making any signs of aging disappear instantly and causing Tsunade to truly appear as young as her prime self.

'Whoa....amazing, it really worked. Whatever thing she uses to keep her body artificially youthful is taking in my Dragon Seed and giving her the real deal! She's gotta be around Rias' age now that I look at her.' Issei remarked, noticing a bizarre Dragonic symbol appearing on her forehead in place of her jewel

While still cumming inside of her, he eventually fell back onto the desk in exhaustion, taking Tsunade with him as they cuddled blissfully together in post-coital happiness.

"Ah.....best loss in gambling...ever. Heheheh.~" She whispered to herself in happiness, pulling her sex off of his cock with a splotch of sperm gushing out. Feeling the need to quickly preserve everything before it was wasted, Tsunade grabbed a Sake bottle from nearby and let the residual sperm oozing out of her spill into the inside of the bottle itself. 'Oh dear me, it looks like he pumped a literal gallon-sized load of cum inside of me. It'd be a wonder if I wasn't pregnant from it, but....it did make me youthful again. Genuinely so too, I've never felt more alive in my entire life. Oh, Issei....!'

She finished letting her pussy drain sperm into the bottle and capped it quickly before rising back up. Tsunade saw Issei staring at her with a smile and pull her into his arms so that they could make out once again atop her desk, naked with each other.

End of Chapter
