## **Part 3: Pleasing the Older Generations**

While Jim was upstairs with his youthening in-laws, his wife Ellen was downstairs pushing 70 and nodding off on the couch. Her hair had gone completely gray and her eyes were growing heavy and sunken. Her body was frail and beginning to shrivel as she hunched forward in her seat and softly snoozed.

She felt a warm blanket being pulled around her bony shoulders and opened her eyes to blurrily see the form of an attractive adult woman standing in front of her.

“M-mom?” Ellen croaked in a hoarse voice.

The young woman giggled and leaned over to kiss Ellen’s wrinkled cheek.

“Thank you honey, it feels nice to be mistaken for my own daughter now! But I’m sorry to say that I look much too young to be your mother - anyone who saw the two of us now would think *you* were the grandmother and I was your pretty granddaughter.” A now 40-year-old Wei observed as she gently stroked her former-granddaughter’s grey hair.

Ellen focused her tired eyes and clutched the younger woman’s arm with her wrinkled veiny hand.

“PoPo!?” Ellen gasped.

The middle-aged woman giggled again.

“You can just call me Wei, honey. Here, I made you some soup.” She said handing a warm bowl to the old woman.

Ellen took it in her shaky hands. She couldn't believe that now she was the oldest woman of the house and her own formerly senile grandmother was the one doting on her.

"I have to find Jim..." Ellen insisted as she attempted to stand up.

Her legs were stiff and uncooperative. She would have spilled tea all over herself and tumbled on the floor if not for Wei's assistance. The young woman took the bowl back and steadied Ellen and then gently eased her back down to her seat.

"You eat your soup. I'll go find him and Kim and we'll get this all sorted out." Wei said to the wizened woman with a kindly smile.

Ellen didn't like it but she was also feeling exhausted and Wei had so much more energy.

"Okay. You tell Jim that he needs to come down right now and fix me! I don't want to spend another minute as a frail old lady!" She declared.

Wei chuckled and nodded.

"I know the feeling. But honey, if you do need to get up in the meantime, please use this cane here or my old walker. I don't want you falling and breaking a hip!" Wei insisted, placing one of her old canes next to her aged former granddaughter.

Ellen nodded reluctantly and began to spoon soup into her wrinkled lips, appreciating the warmth of the broth. Her old bones were feeling much chillier than they ever did when she was young.

Wei leaned over and kissed the old lady's gray head and then hurried off to find her daughter and grandson-in-law.

It didn't take her long to hear the sexual moans and grunts coming from Ellen and Jim's bedroom. Though as she approached those moans and grunts began to sound younger and higher pitched.

“Ohhhh Jimmy!” Kim cried in ecstasy.

It was a voice that Wei hadn't heard in fifty years - the sound of her teenage daughter crying out to a boyfriend. Wei had been a pretty strict mother but Kim had been such a horny teenager that they were constantly butting heads with one another.

In the bedroom the couple on the bed had slipped back from their 20s and had become a pair of high schoolers looking like they had made the decision to lose their virginity to one another.

Jim's beard scruff smoothed into the fresh face of an adolescent boy. Pimples lightly sprinkles along his cheeks and forehead. His hair receded from his chest as well and his muscles diminished giving him the gangly body of a scrawny teen.

Kim also thinned a little bit more, losing some of her womanly curves as she went back to her gawky teen years. Her face looked cuter and more innocent and her pussy became even tighter. She reached up to clutch her own C-cup breasts only to find that they had shrunk back to A-cups.

They were too caught up in the throws of pleasure though to be deterred by their youthened bodies. In fact, now that they were a pair of 16-year-olds they actually felt hornier and more desperate to continue exploring one another in sexual rapture.

Wei had managed to get her daughter into adulthood without an unwanted teen pregnancy, she wasn't about to deal with that a second time around. The 40-year-old burst open the door to the bedroom.

“Kimiko!” Wei shouted at her daughter sternly as she burst into the room.

The couple on the bed now resembled a kid from the local school baseball team getting it on with one of the cheerleaders. No one would guess that these two teenagers had been a 45-year-old man and his 67-year-old mother in law only this morning.

“Mom!?” Kim screamed in surprise as she grabbed the blanket and pulled it over her naked body.

Wei put her hands on her hips and looked at her daughter sternly.

“Kimmy... I taught you better than this!” She scolded her teenage daughter.

Kim scoffed at her middle-aged mother while also marveling at how young the formerly doddering old woman was now.

“You can’t talk to me like that mother! I’m a grown adult!” She said in a high-pitched voice.

Wei smirked and shook her head.

“Uh-uh not anymore you’re not. You look like you did back when you were in high school. Which means you’re back under my roof so that means its my rules.” Wei declared.

Kim pouted as she attempted to pull her panties back up and put her bra back on. Both were far too oversized for her slim teen body.

“Uh actually technically it’s my roof.” Jim piped in, his voice was also higher pitched and immature.

Wei shot him a warning look.

“Zip it Romeo.” She said, making a locking motion over her lips while staring at the young man.

“Yes ma’am.” Jim said quickly, intimidated by his new girlfriend’s mother who also happened to be his grandmother-in-law.

Kim got out of bed and stomped over to her mother defiantly, her bare teenage feet slapped against the wood floor with each step.

“This is so unfair! You can’t just barge in here and act like i’m some stupid little girl again!” The girl shouted at her mother as she pouted and flailed her skinny arms.

“If you’re so grown-up and mature you would have the self-control not to just jump in bed with your daughter’s man while she suffers from old age downstairs.” Wei replied coolly.

“I’m just, like, y’know, living my life! I can’t help it if me and Jimmy are in love! But we’re both like, um, mature adults - with jobs and stuff! We can totally make these decisions ourselves and I don’t need my boring old mom coming in here and ruin my fun!” Kimmy yelled.

Her panties finally slipped off her hips and slid down around her feet. Her bra hung comically off of her underdeveloped chest.

“Oh you’re a mature woman huh?” Wei asked skeptically as she folded her arms over her own impressive bust.

The teenager nodded.

“Yeahuh! I had a job and... and I even like, retired... so i’m like totally mature...” She said sounding even younger than she had been a moment ago.

“So you can just make up your own rules then.” Wei replied with a smirk.

Kimmy nodded her young head again enthusiastically.

“Yep! I can do whatever I want because i’m an adult! I can play with boys and we can do kissing and...” She said as she slipped back down into her tween years.

“And?” Wei asked, amused at her daughter becoming a cute little kid again.

“And I can stay up as late as I want!” The child insisted as she slipped back down to double digits.

“Oh is that all?” Wei asked with a chuckle.

The little girl shook her head.

“And I can eat all of the ice cream I want because i’m the mommy!” Kimmy declared as her cheeks grew chubby and her limbs became tiny and squat.

Soon a toddler with silky black hair stood in front of the middle-aged woman, coming only up to her knees. The little girl craned her neck up to see the very adult woman looming over her.

Kimmy took a step back and fell onto her bare bottom and began to cry.

“No I no wanna be a baby! I’m match-er! Imma big girl! WAAAAHHHHH!!!!” She began to bawl as she slipped back into infancy.

Wei reached down pulling the bra off of her baby daughter and lifted the naked infant up into her arms.

“There, there. It’s okay... Mommy is here.” Wei assured the regressed woman as the baby continued to sob.

She patted her daughter’s tiny bottom and rocked her in her arms to get her to settle down.

“Now Kimmy, it’s all right. Mature women don’t cry...” Wei teased the baby in her arms.

Jim just laid in bed gawking at the fact that his lover was now a tiny baby, crying and being swayed in the arms of her mother. He looked back at Wei and noticed that she looked younger too. Younger than she had when she came into the room.

Her dark hair looked brighter and healthier and her jaw line was smooth, with no hints of jowls. The lines on her face had lifted and faded into only the faintest of creases in the corners of her mouth and eyes.

Wei's impressive breasts had also lifted in her top and were incredible melon-like tits that poked out under the shirt or Ellen's she was borrowing. If Jim had to guess he'd put her in her early 30s - which was still about twice his age currently.

"Uh-oh... I think I know what Kimmy wants..." Wei said in a sing-songy voice.

The baby was still crying but had clutched onto Wei's rising tit with her tiny hands. Wei responded by carrying her over to the bed and handing the infant over to Jim.

"Here can you hold her for a moment. I need an extra pair of hands..." The sexy adult woman purred.

Jim took Kimmy in his hands and looked at the baby girl. It was amazing to think that this little gurgling infant was the same person as the beautiful young woman he had just made love to or the middle-aged cougar he had known back in college and especially not the aging faded beauty in her 60s that he had come to know as his mother-in-law.

"Hi Kim... uh, sorry about this." He said, figuring that her infancy was another bi-product of his miscalculations with the device.

The baby responded by peeing on him.

"Ahh no! C'mon Kim! I said I was sorry!" He cried as he leapt out of the bed she just peed on.

Wei laughed and peeled off Ellen's shirt from her womanly torso and then walked over topless and took the baby back.

"She's a little brat. Always had been! Even 65 years ago!" Wei said shaking her head and grinning.

Jim pulled on his boxer shorts that no longer fit him particularly well and ran to the bathroom to clean himself up. Wei sat down in a chair in the bedroom and held the baby up to her large chest.

It was unclear if Kim resisted sucking on her mother's breast or if she had no thought about it. Because it didn't take much to get the baby girl to grip the swollen mammary and latch her tiny mouth around the nipple.

"There you go. Drink up mommy's milk baby." Wei cooed as she held her daughter against her breast.

Kim sucked greedily at her mother's teet.

"Mmmm it's been a lifetime since I had a babe at my breast." Wei said aloud as Jim cleaned himself off in the bathroom.

The young man came back in and stared at the formerly decrepit old woman who was now a busty beauty in her 30s.

He couldn't help but look at her large swollen breasts as his now infant former lover suckled from her left one. Downstairs Wei's chest had been a pair of formless empty sacks but now they were plump and round and incredibly sexy even full of milk.

"Maybe you'd like to come join Kimmy, I have a spare nipple..." The rejuvenated woman purred as she heft her right breast in her hand and rubbed it enticingly.

Before Jim could respond Wei yelped in pain and glared down at the black haired infant that had bitten down hard on her nipple, seemingly in retaliation for her mother flirting with Kim's former man.

"Ow! Naughty baby! You don't bite mommy's nipple like that!" Wei scolded the baby girl.

Kim bit down again and Wei pulled her infant daughter off of her tender breast and held her with both hands over her lap.

"You know exactly what you're doing don't you Kimmy?" She asked the tiny babe.

As if in response, Kim gurgled and laughed and then began to pee down onto her mother's lap.

“Uh-uh! That's it. You're being too naughty. Now it's time for mommy to show you what bad little girls get!” Wei snapped.

She took the baby and laid her across her damp lap and then proceeded to spank Kim's bare little bottom. The infant began to go red faced and cry. Wei wasn't smacking her especially hard but the humiliation of it - being a baby and getting spanked like this while Jim watched on, was too much for the formerly retired academic.

Jim watched as Wei continued to spank her daughter's little hiney and thought that it had probably been a very long time since Kim had received a spanking - at least one that she hadn't requested.

It was a bit strange seeing the matronly seductress reduced to an age where she was so small and helpless. She couldn't even talk yet to express her disappointed and frustration at no longer being on the right side of puberty any longer.

Jim wondered - if he couldn't figure out a way to fix his device and grow her back up then they'd have to wait 18 years again to sleep with one another - by that time then Jim would be the older man, twice his young lover's age and Kim would be the nubile teenage girl having sex with a middle-aged person - so young and... he wasn't sure 'innocent' would be the right word for Kim, it would depend on whether or not she kept her memories of being an adult or not. Otherwise she'd be growing back up all over again with Wei raising her as a 21st century girl.

Wei had finished spanking her daughter and brought her over to the bathroom to get them both cleaned up. A few moments later she pranced back into the room completely naked, her dark triangle of pubic hair visible at her crotch. Her breasts bounced as she walked back holding Kim.

“Okay let’s try this again...” The 30-year-old said with a giggle.

She sat down and held her regressed daughter back up to her breast. Kim resisted for a moment but soon had her tiny lips around her mother’s aroused nipple and began to suck on it to her heart’s content.

Jim stood there and watched, still amazed at what a gorgeous woman Wei had become. He shouldn’t have been surprised since he had fallen in love with both her daughter and her granddaughter. But Wei in her prime was breathtakingly beautiful.

Although, as he watched the young woman hold the baby to her breast she looked even younger than the 30-years that he had thought her to be a few moments ago.

Her skin looked smoother and more supple every moment as even the faintest lines on her face lifted and vanished.

“Shhh shush little Kimmy, go to beddy bye so that Mommy can have some fun...” She whispered in a higher pitched young lilt as she stroked the baby’s soft head.

She looked over at Jim, giggling and winked at him.

He continued to gawk at the naked young woman, the teet that the baby was sucking on was getting smaller with each suck of the infants mouth as she regressed from her proud D-cups back to the b-cups she had in her late teens/early 20s.

Her arms and legs with thin and slender, her bare feet grew smaller and daintier and even the bush between her legs was looking sparser.

Soon a young woman in her mid to late teens was pulling a sleeping infant from her chest and laying her down on a blanket on the floor.

“There she goes... now that baby Kimmy’s asleep the adults can play...” She purred, staring at Jim’s very erect cock with an excited look.

He looked at the pretty girl - she looked to be a year or two younger than him now. If she threw on a cheerleader's skirt and jersey she would look right at home walking the halls of the local high school.

"Uh I'm not sure we can call ourselves adults anymore..." Jim said smiling nervously at his former grandmother-in-law.

Her fresh face, with a cute slightly upturned nose, lightly freckled and framed by her shiny dark hair, formed an arousing grin across it.

"Hey speak for yourself mister..." She giggled, playfully shoving Jim's bare chest.

But as she went to cup her breasts, she realized that the orbs were a lot smaller than she had thought that they were. She glanced down at her petite young body and gasped in surprise.

"Oh my gosh! I'm even younger!" She squealed feeling her smooth young skin and perky assets.

"You're very cute though!" Jim blurted out to the sexy teen.

She looked back at him with her head bowed slightly and bit her lip, stretching a long slender leg out and rubbing her cute toes and the soft sole of her foot up and down the boys leg.

"Oh yeah? Do you like me as a young virginal beauty?" She asked as her hand traveled down from her pert breast along her flat stomach to her slit that was currently drenching her smooth thighs.

She looked like an incredibly horny girl who was looking to fuck her boyfriends brains out before her parents came home.

"Uh yeah well... I um... it's kind of weird to see you like this since the entire time i've known you you've been a senile old lady..." He pointed out, blushing.

Wei giggled and walked closer to Jim, pressing her firm perky boobs against his muscular young chest and tilting her pretty face up to him to gaze at him seductively.

“Well... I’m definitely not *old* anymore, wouldn’t you agree? And as for senile... let me show you just how sharp and ‘with it’ I am...” She purred as she reached up to pull Jim into a kiss.

She gently took his hand and brought it down between her legs, guiding him to slip his fingers in between her labia. Jim inserted his index and middle finger up into her very tight slight that was absolutely dripping with juices. Wei gasped a breathy moan and then tugged at his hand to pull out.

Jim did so and Wei brought the fingers that had been in her pussy up to her mouth and slipped them up into her pouty lips, licking the fluids off of them with a grin.

“Mmm I can’t even remember the last time I was able to get this wet... of course back then we weren’t allowed to talk about such things...” She laughed happily.

Jim held onto the girls slender waist and looked down at her practically panting in anticipation of sex with him. He was a good head taller than the young girl but as he held her it felt like she was growing taller.

Or that he was shrinking.

His body grew thinner and lost it’s athletic build that he had regained in young adulthood. His facial stubble completely vanished and his face looked more boyish. He was now looking slightly up at the sexy teen girl in his arms.

Wei opened her mouth in shock for a moment and then giggled.

“Oh my! You are too cute!” She said nuzzling her face into his and giving him a small peck on the lips.

Jim looked over at himself in the mirror and touched his smooth face.

“I shrunk again!” He gasped.

Wei pouted as she ran her soft hand up and down his mostly hairless scrawny chest.

“We can still... make *love* though right? I mean, you’re old enough?” She asked hopefully.

Jim looked at the two of them together. If he had to guess he was just on the cusp of 16. Next to Wei he looked like an underclassman boy experiencing his ‘first time’ with an upper classman high school girl.

He nodded at her.

“Yeah I’m uh, not a little kid or anything...” He said, his voice cracking a little bit.

Wei clapped excited and then reached down to confirm that he still had an erect member.

“Goodie! It’s been more than 40 years since i’ve had sex... and probably another ten before that since it’s been satisfying! I was looking forward to being the sexy little Lolita for once but I guess I’ll just have to settle for being the *slightly* older woman...” She giggled with a wink.

Jim looked over at her. Something about being back in his mid teens was doing something strange with his hormones and Wei’s gorgeous young naked body was only exacerbating it. He was suddenly worried about pre-maturely cumming - something he hadn’t done since before he got to college.

“Do you remember - um, being old?” He asked her.

It was really unbelievable in this moment to imagine Wei as the shriveled, hunched over doddering grandmother that she had just been downstairs. She looked like a Korean-American pop star or a girl that does sexy dance trends

on Tik Tok. He wondered if the formerly 80-something woman even knew what Tik Tok was!

“Um... kind of? Like, I know I was old and I can remember my daughter and my granddaughter and some memories from my life but... it all feels a little fuzzy - like, I remember that I needed a diaper this morning but I can't even wrap my head around what that felt like, y'know? It's almost like the longer i'm young... the more it feels like this is how i'm supposed to be.” Wei explained, thinking about it for a moment.

Jim nodded, that's sort of how it was feeling to him too.

“Well, let's stop talking about being all wrinkly and old and let me know you what a young girl can do...” She purred with another girl as she pranced over to the bed shaking her perfect round behind at him.

She laid out gracefully onto the bed looking like wet dream. Jim felt flustered. He had had sex so many times before - with her daughter and her granddaughter and many other women over the years but seeing Wei's nude body laying on her side beckoning him onto the bed to join her he panicked.

“I... have to go to the bathroom!” He blurted out.

She raised an eyebrow at him and smirked.

“Okay... don't be too long though or I may have to get started without you...” She giggled.

Jim nodded, taking her seriously and then rushed into the bathroom.

Once inside he shut the door and began to hyperventilate, looking at his fresh young face in the mirror. He was blushing and sweating at the same time.

He quickly splashed some water on his face and took a few more deep breaths trying to mentally assure himself that he was up for the job of pleasing his nubile teenage former grandmother-in-law who was waiting anxiously for him in the other room.
