Regarding Pinups and R-18 Content!

Hello Class!
looks like the day has finally
come! we are retiring the
nudes as of this month!

I know, we have had alot of
fun with them this past year
BUT with the staff now fully
focused on episode
production, we have less
time on our hands! but fear
not. it looks like we are
replacing the full on
hardcore lewds and loops
with cuter **NEWTPE**
magazine style pinups.

So if you're a member of
the \$20 Tier please take
note!

Rip Kons fat tits (2023-2024)

Thank you for reading!

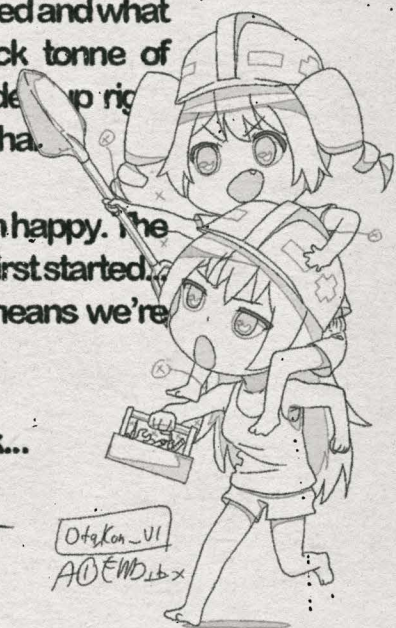

some closing word from everyone here at the studio. and by that i mean just me, so fuck it here we go...

we've been gone for over 12 months and that wasn't by accident. I was on my Miyamoto Musashi, just who am i, just what am i doing here aaa mode.

Truthfully the only thing that fixed it was working, going back to basics, rediscovering what we loved the most about the process, what worked and what didn't. It took some time and a fuck tonne of experimentation but interestingly i ended up right back where i started, with Otacha.

for the first time, in a long fucking time im happy. The last time i felt like this was back when i first started, and usually when i get that feeling it means we're onto something special.

2024 we're so fucking back...

お疲れ様です

Thank You!
