Hana is not a big fan of her new bunny ears, but her boss insisted on keeping them. Her girlfriend also finds them cute!

Classic black shades make Hana look cooler and protect her eyes from the sun. Quite useful!

The same top, buttons now unable to close.

The H.O.R.N.I. Officer summer uniform MARK III now also features shorts!

Age

19

Height

5'5"/165 cm

Platform shoes, for that extra bit of height and sex appeal, also makes her just a little taller than her lover.

Current cup size

DDD

The very first thing you'd notice when you run into Officer Tokki would be her magnificent breasts.

Hana is a very proud owner of these two, however she's been a little concerned about them constantly getting larger and heavier at an alarming rate. She started out just shy of a flat chest, with AA cups a few weeks ago, but now they're getting very close to quad D's. This unusual behaviour became noticeable to her the moment she entered

The Horny-Verse.

Every day it gets harder and harder to fit these impressive beauties into her tight uniform.

Maybe her inflating bust was the reason she was promoted to officer in less than a month, the fastest promotion ever given, but Hana is convinced that it was earned honestly through hard work and determination.

One thing is certain... Hana's girlfriend **LOVES** the increasingly massive titjobs she's been getting!
