Hao Min

Human Master Thief and Disguise Expert

Born in Crilong, the Red Dragonrealm, Hao Min is a strong-willed and roguish woman of extraordinary cunning and dexterity who loves independence and a good adventure.

Hao Min was raised in a Lifeism monastery according to the teachings of the legendary red dragonborn sage Umo-Wu about passion, optimism, and pleasure. Hao Min took the teachings of Umo-Wu at heart and left the monastery just before her training was over to experience the world

and claim what she felt she should have. In the years that followed, she became famous for a number of extraordinary heists and elaborate cons that left even the shrewdest dragonborn inspectors scratching their heads.

Her secret? Hao Min never really does anything for profit. Deep down, she is still motivated by Umo-Wu's teachings. In secret, she plans to reclaim the Ten Sacred Dragonscrolls from the traitorous lords who stole them during the Civil Dragonwars.

Durma Frostpaw

*Half-Orc Barbarian
(plus Nebo, her trusty bear!)*

Durma is a strong and independent warrior who roams the frozen mountains and wild plains of what is now the Empire of Krestovo. As the last of her tribe, she has sworn vengeance against Gorg, the god of war, and his followers for decimating her people.

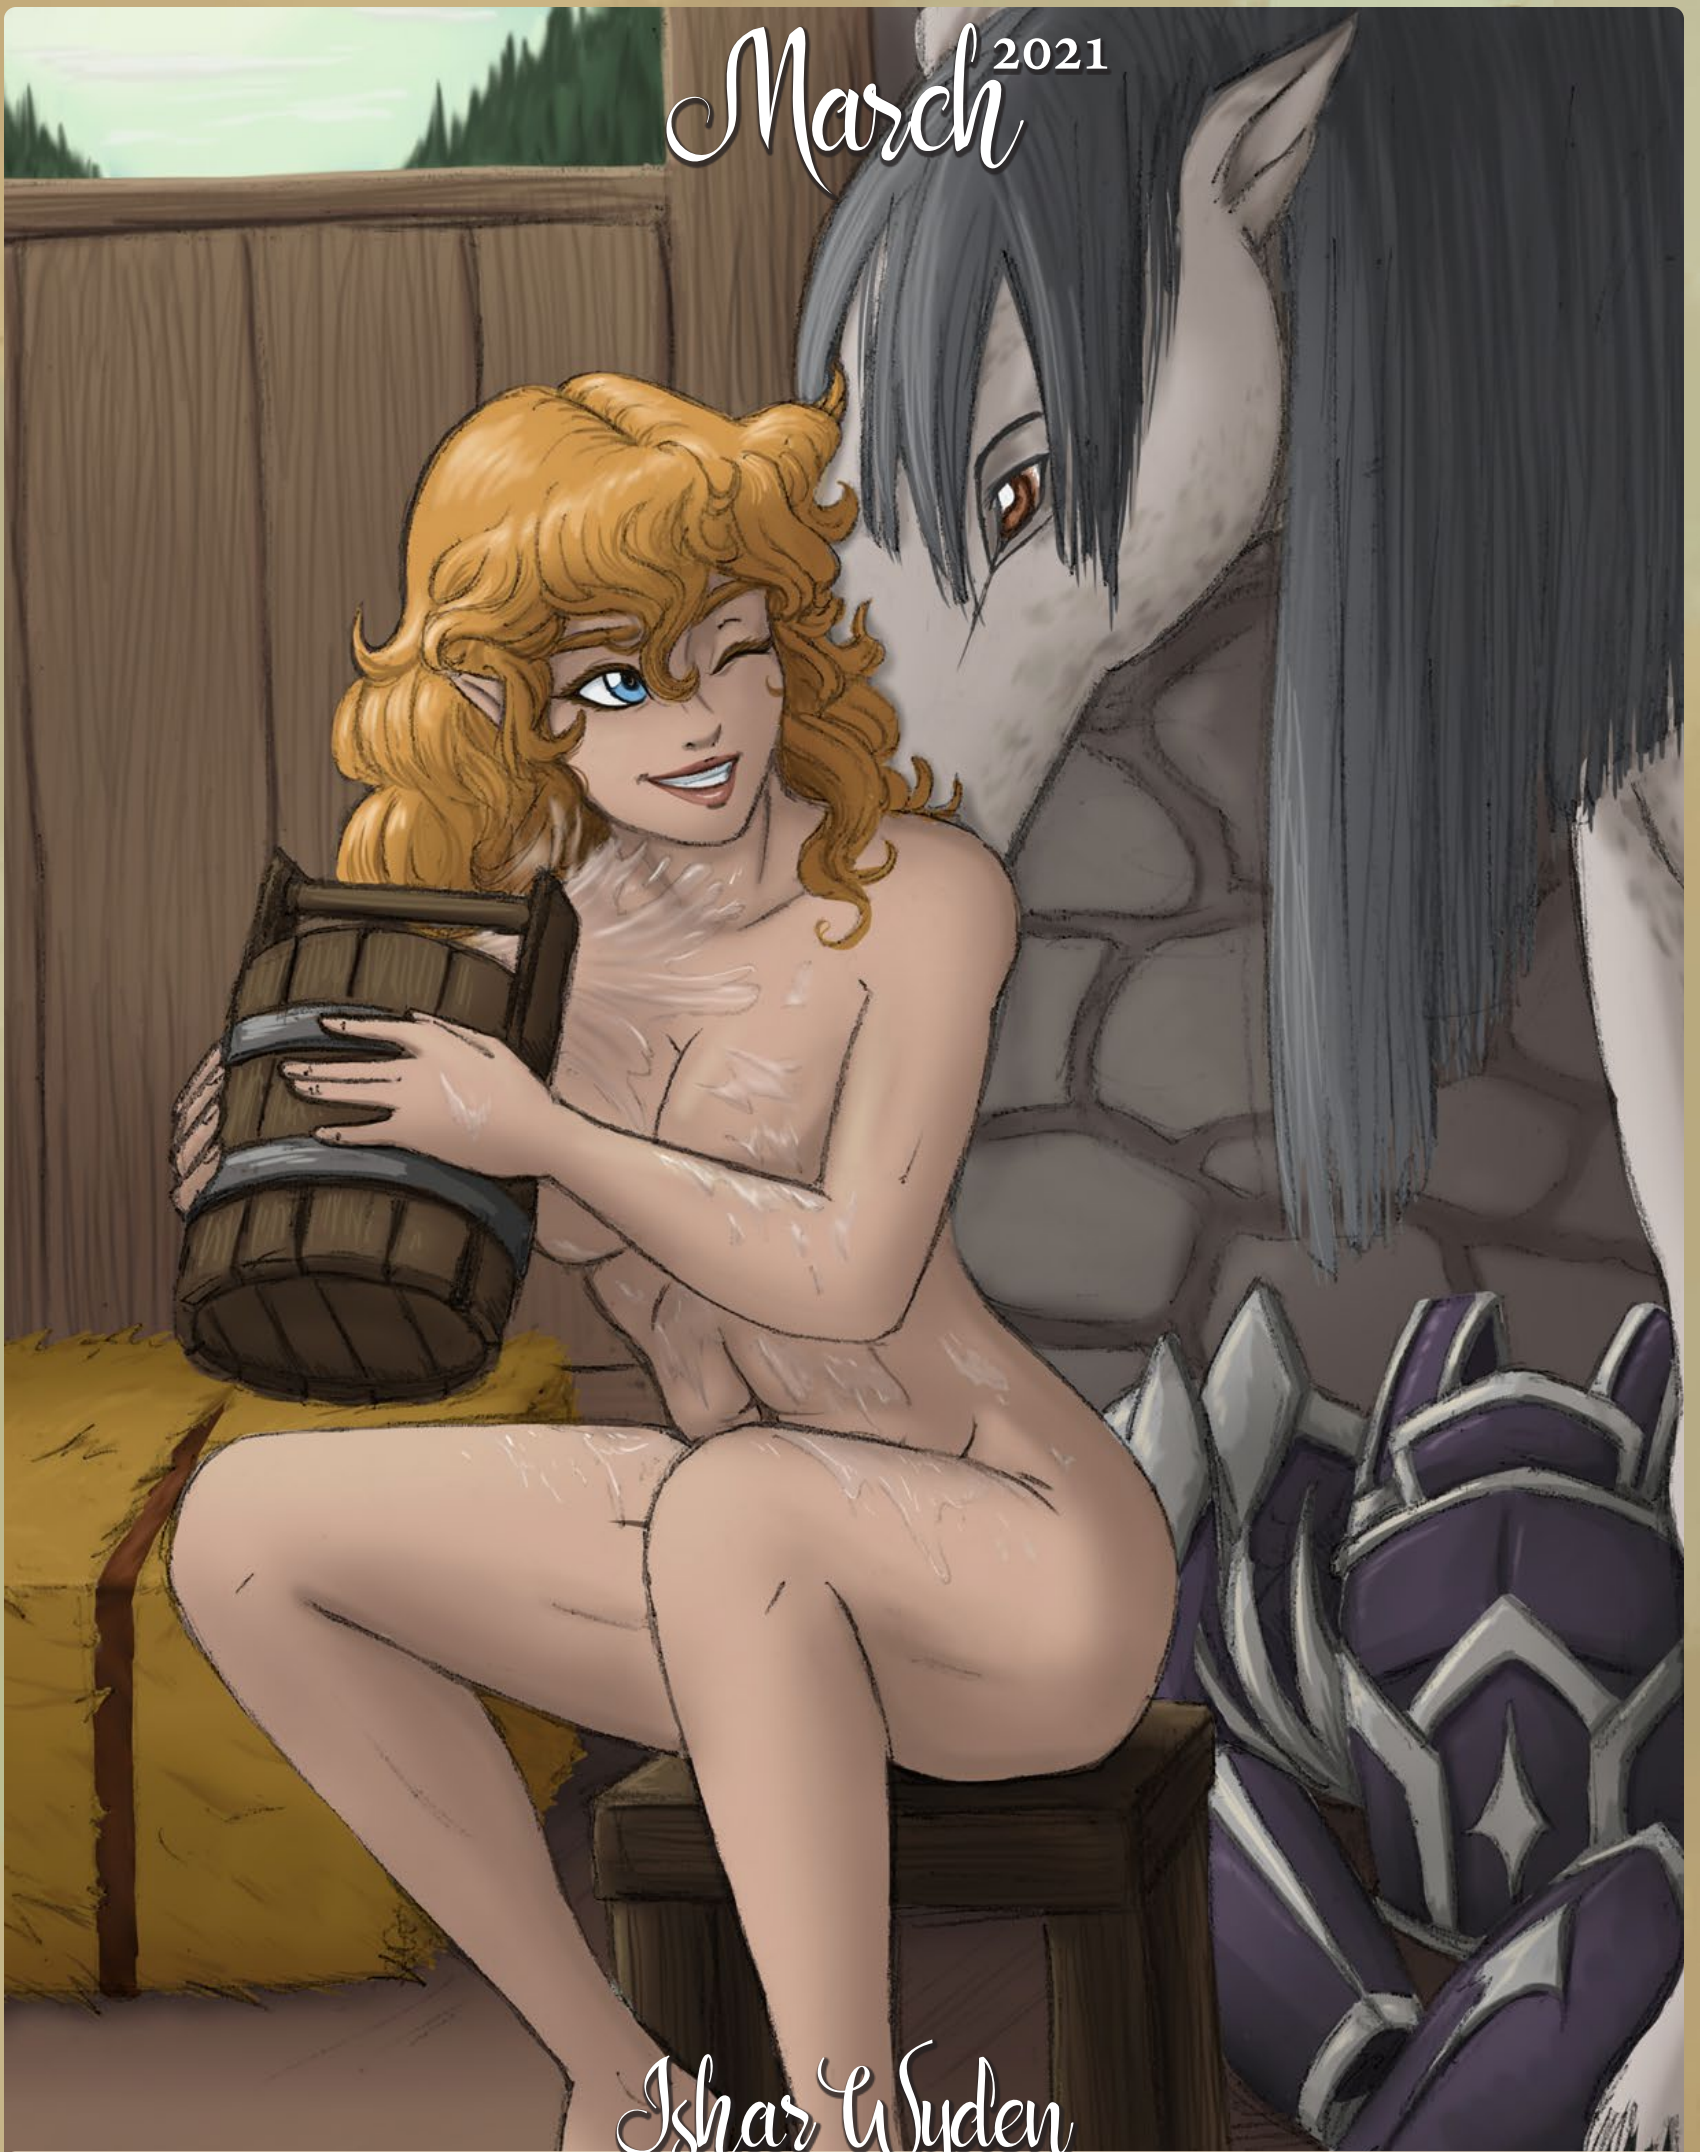

Living off the land and employing hit-and-run tactics, she has defeated many of Gorg's red crusaders. However, a reclusive shaman warned her that waging war against the god of war himself is madness, as Gorg's rage will eventually

consume anyone who fights him.

Despite the risk of losing her mind in Gorg's bloodlust, Durma is determined to cleanse her ancestral lands from Gorg's red crusaders. During a particularly harsh winter, Durma saved a lost bear cub from certain starvation, naming him Nebo. Since then, Nebo has been her trusty companion in her fight against the Empire of Krestovo.

Ishar Wyden

*Half-Elf Godbanger Paladin
(plus Rogas, her mighty steed!)*

Ishar Wyden is a brave paladin that has sworn vengeance against the warring gods of Naam. She belongs to the Order of Theomachy, affectionately known as the Godbangers. Sworn to fight for the greater good by any means necessary, the Godbangers are the most iconic champions in the war against the gods. Their symbols include obscene depictions of the warring gods and the theomachic X. The color purple is often dominant in their imposing suits

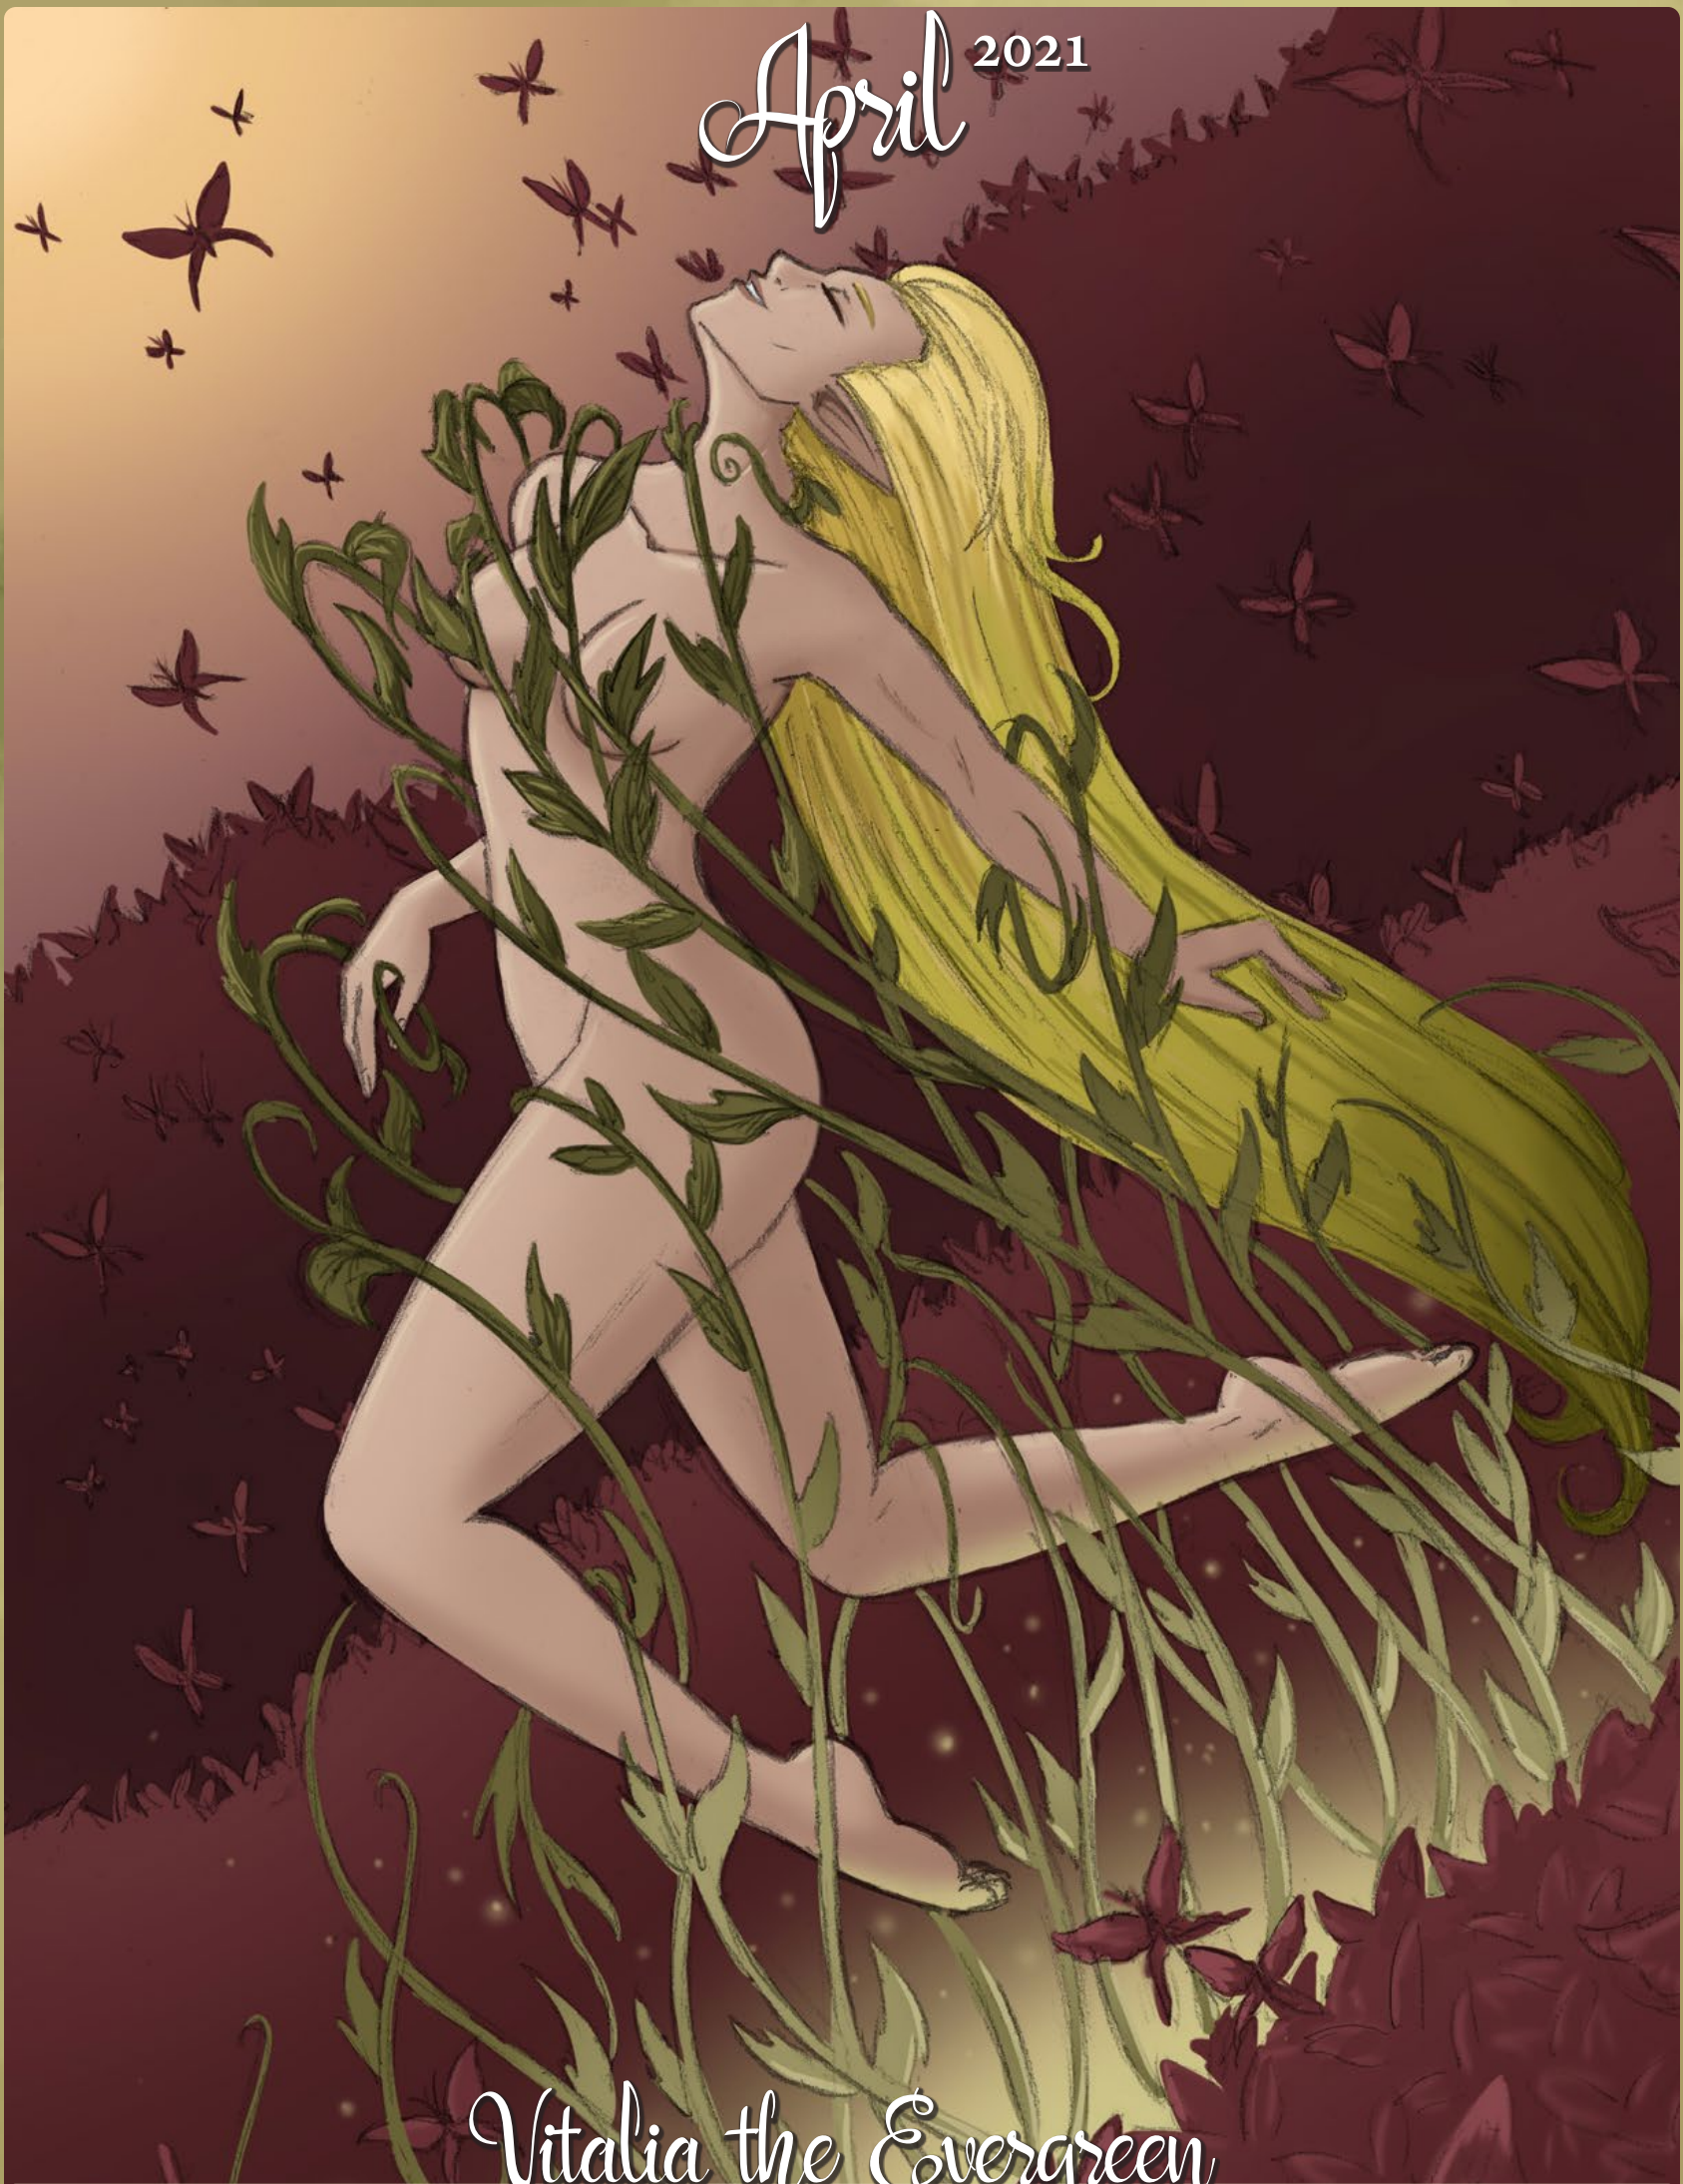

of armor and the banners they hoist in divine defiance.

As one of the dozens of children of the fallen saintslayer and legendary godbanger, Kaidan Wyden, Ishar grew up in a theomachic temple orphanage where she trained as a paladin from a young age while serving on the city guard. Now, she follows in her father's footsteps, doing all she can to oppose the agents of the warring gods across the Free Realms that still defy them.

Vitalia the Evergreen

Wood Elf Druid

Vitalia had to flee the ancient forest of Sylendil as demonic armies burned it to the ground. She grew up tending sculpted gardens in the imperial capital while longing for the wild forest she had lost.

Centuries passed, emperors rose and fell, and court ladies withered like springtime flowers under the summer sun while she remained unchanged. In secret, Vitalia prayed to Mother Nature as she used to do in the forest,

and not to the new gods of the Empire.

Then one day the Emperor's gardens turned into a wild forest overnight and Vitalia vanished. Everyone thought Vitalia had gone forever, yet when a noble knight was sent to investigate the mysterious appearance of a new forest to the north, he found her. She was confident, if not defiant, as she danced in the forest of her childhood, reborn through the power of the reawakened Mother Nature.

Xerribex

Half-Demon Planar Sentinel Ranger

Born in Maleficum, the dimension of demonic magic, Xerribex is powerful ranger who walks the fine line between dimensions, protecting her fiery home and all that is precious to her. Xerribex was destined to be a ruthless champion, punishing the agents of the warring gods as well as innocent mortals indiscriminately.

However, after meeting Sir Delric Thorson, a theomachist paladin who had been enslaved in Maleficum, she began to wonder about morality.

She claimed Sir Thorson as her personal slave, seeking to prove him naïve. But during their travels together, the good paladin was able to show her the value of mortal life, making her realize that the true threat to Maleficum, and the entire creation, is the war between the gods.

Now, Xerribex uses her unique heritage to freely travel between demonic dimensions and fight the warring gods who threaten to undo creation itself in their mad bid for supremacy.

Lyrana Blackwing

Dark Elf Bard

Lyrana Blackwing is a kind, flamboyant, and truly optimistic dark elf bard. Among her hedonistic and often cowardly people, Lyrana was one of the few dark elves brave enough to risk the wrath of the vengeful gods by venturing to the Overworld in a quest to spread hope with her art and beauty.

Lyrana loves compliments, being the center of attention, spreading love and joy, and also sexy paladins. While she dislikes violence, she knows that sometimes persuasion is not enough to turn the tide of battle against

the warring gods of Naam.

Together with saintslayer and paladin hunk Edron Loys, and legendary halfling chef and transmuter Roula Stroumboulidou, Lyrana helped save the city of Neutro (now Salvatia) from godly annihilation and slay the aberrant demigod Neutro who lurked in the caverns below. Now a demigodslayer, Lyrana is hailed as one of the greatest living heroes of Theomachy.

Nirayne "Rain" Waveborn

Half-Sea Elf Storm Sorceress

Nirayne is a half-sea elf storm sorceress, her magic coming directly from the sea and the sky. The proud seafaring dwarves of clan Waveborn raised Nirayne as their own after finding her as a baby adrift in her crib at sea.

Nirayne grew up in Wavetown, one of the floating cities of the sea dwarves, exploring remote and exotic islands as Wavetown traveled the oceans.

When she was old enough, she boarded the legendary enchanted ship,

Darkstorm, joining the rowdy crew of the infamous dark elf pirate Captain Kenthor "Ruby Eyes" Webcrest. With Nirayne's magic, Captain Kenthor unlocked the Darkstorm's true potential as one of the fastest ships in the seas of Naam.

Nirayne's magic also animates the tattoos on her body. The starfish on her ankle always points north, and the wave patterns on her arm and her thigh change to reflect the surrounding weather.

Riya

Half-Elf Monk and Dragonling Warden

Riya is a calm and confident monk, and member of a monastic order that is devoted to rescuing dragon eggs and raising dragonlings. The Civil Dragonwars left many young dragons without wardens and monks such as Riya stepped in, helping raise dragonlings while keeping them safe from the corrupting influence of the warring gods.

Through the years, Riya has made many friends, including some dragons who later distinguished themselves in key battles across the Dragonrealms. She speaks

perfect draconic and sometimes identifies more with fellow dragonborn monks and even dragons than elves and other half-elves who were raised in the elven city-states.

As a dragonling warden, Riya takes her responsibilities very seriously, but that doesn't mean she can't have some fun now and then. She particularly enjoys sparring with monks who can match her dexterity, as well as stripping plate-clad warriors of their armor

Sura of the Half Moon

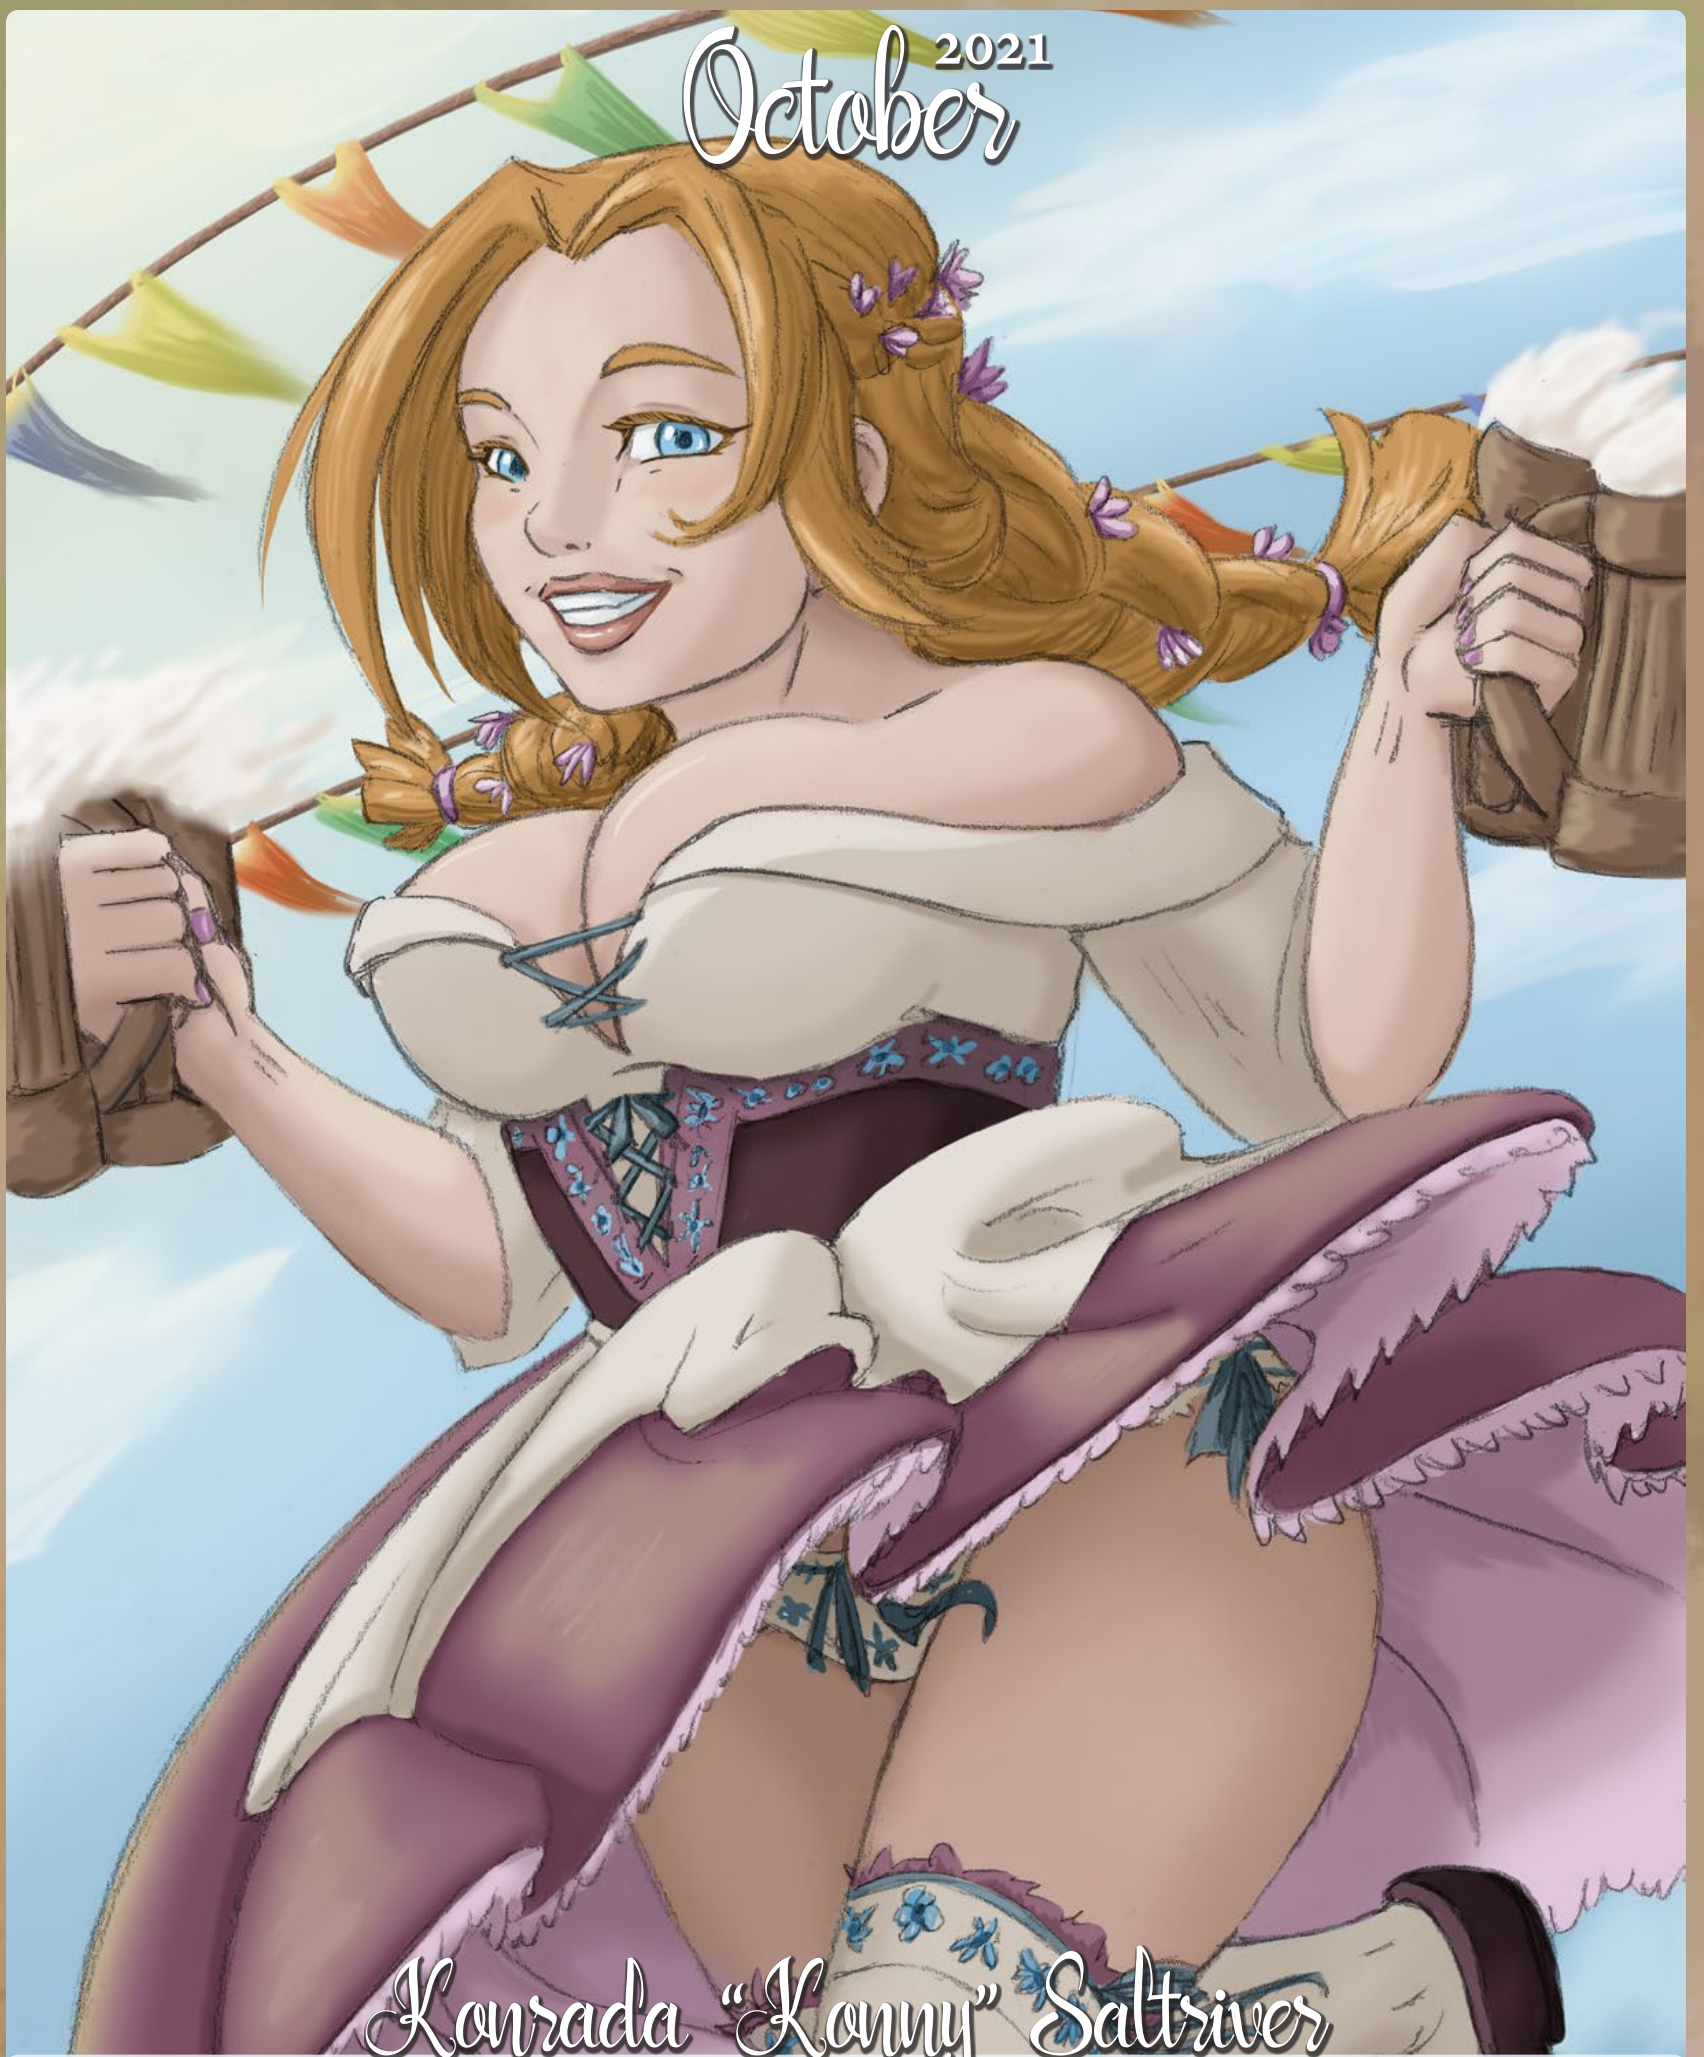

Elf Wizard

Sura is a young wizard from Timinhur, an elven island city-state known for its strong ties to the moon. For three decades now, she has been studying magic at the High Observatory during the cold and long winters of Timinhur. However, when the days grow longer and summer is around the corner, Sura puts down her quill and gets ready to enjoy some careless fun down at Moonlit Reef, where the legendary moonwalker bards indulge in all of life's finer pleasures all year round.

Even if it is for a few weeks each year, Sura leaves the High Observatory and her strict schedule behind to moonwalk with the careless bards, enjoying simple pleasures while relaxing her body and preparing her spirit for another year of rigorous magical studies. Every year, she returns with a scandalous tan, a wide smile on her face, and many stories to share.

Konrada "Konny" Saltriver

Sea Dwarf Beer Maid (secretly a fighter)

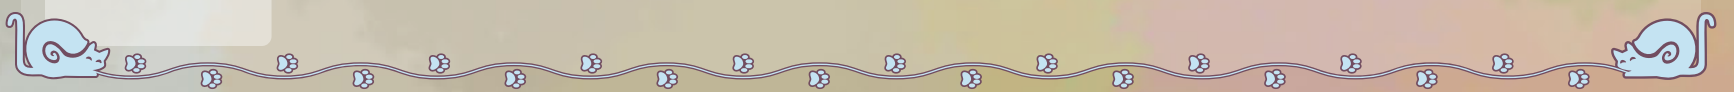

Konny is a young woman of Clan Saltriver, the pioneering dwarves who first left the safety of the mountains to find their freedom in the embrace of the endless Salt River (also known as the ocean).

Once a year, sea dwarven ships from all over Naam return to Bluerock Island, the ancestral island of Clan Saltriver to celebrate the Moonbrew Festival. During the festival, sea dwarves drink boatloads of beer and consume rare delicacies such as walrus sausages, sauermeerkraut, and fish-shaped pretzels.

Konny is one of the most popular beer maids during the celebrations. She's strong enough to carry dozens of beer mugs at once, and agile enough to jump over tables full of rowdy sea dwarves.

In secret, Konny has been working out in remote sandy coves and practicing with any weapon the drunken patrons leave behind, aiming to become a fighter and leave Hammerhead Harbor for a great adventure!

Sarita

*Sarita of the Monastery of the Quiet Grave, Half-Demon Cleric
(plus Abadía Rosario, the Benevolent Abbess Lich)*

Sarita is a young and determined half-demon cleric sworn to safeguard the eternal peace of the grave. As an orphan of demonic heritage she was at great risk from the warring gods as well as from ignorant villagers. The sisters of the Monastery of the Quiet Grave took her in without a second thought and raised her with love under the watchful eye of Abadía Rosario, the mysterious and benevolent abbess lich whose worldly mission is to end the plague

of the undead.

With Abadía Rosario's blessings, Sarita has been preparing to set out and fight the undead agents of the warring gods in the Island Nation of Lurastine and beyond. As she gets ready to depart, she talks with the kind abbess about the perils, but also about the wonders she might encounter in her mission.

Kiama

Half-Angel Celestial Warlock of the Elusive Cat Deity Elurus

Kiama is a confident and cheerful half-angel who has spent most of her life on the fluffy clouds of Felidise, the idyllic dimension of Elurus, the elusive cat deity. Raised among playful felim (flying cats) and other mortal rescues, she knows little of the harsh world of mortals. Yet as she gets older, her heart yearns for adventure and she feels the draw of wanderlust.

Born from a forbidden union, Kiama was abandoned as an infant. As he roams

the dimensions, Elurus sometimes takes pity on “stray” mortals and rescues them from shelters, such as orphanages, leaving a magical charm in their place. So, when the elusive cat deity saw Kiama as a tiny mortal baby, he decided to adopt her, leaving a Lucky Cat Figurine in her place.

Now, Kiama is ready to roam the dimensions herself, fuelled by wit, passion, and a desire for adventure.
