ROTTED NEEDLE

Wondrous Item, rare (requires attunement)

Forged from the imposing scale of a Green Dragon, this claw-shaped ring boasts a lethal allure. The tip of the claw is meticulously sharpened, and upon donning the ring, the claws gracefully arch over the fingertip, bestowing upon the wearer the essence of the Green Dragon's potent virulence.

As an action, you can make a melee spell attack against a creature within your reach. If successful, the target suffers 3d10 poison damage.
