I thought we passed like a dozen unoccupied rooms on our way down? Well... she's the boss.

We're going to be real cozy in here, but that's okay, right? It's not like you enlisted for a pleasure cruise, ha ha ha!

Here it is, home sweet home.

Go ahead and take the bunk on the right there, and you can have the bottom shelf in the closet all for yourself.

Th-thank you, ma'am.
