55.2	Now on the surface of the Planet of the Timmys, a distant view of a grand castle with an open courtyard that is full of Timmy clones. The castle is surrounded by a lush forest with some open areas with towns in them.	
55.3	A closer view of the courtyard in the castle with the Timmy clones gathered around a big throne that is currently occupied by Timantha.	
55.4	An even closer look of Timantha in her throne, being happily serviced by the Timmy clones around her. One is rubbing her bare feet. Another is serving her grapes on a silver platter. Another is playing a lute next to her. And two of them are fanning her with long fans at her sides. Timantha is in her normal clothes except for being barefoot, but she is also wearing a golden crown on her head.	
55.5	An up close view of Queen Timmantha grinning at the viewer while speaking.	<p>TIMANTHA It's good to be the queen.</p>
