**FITNESS
FREAK**

„47, 48, 49...“ Debora took a deep breath before she pulled her upper body up for the last time.

„60!... phew“ She sunk back onto the training bench after her last sit-up. She looked around and noticed, she was alone in the studio out of a sudden. Still panting, the young girl sat up and reached out for her protein shake.

„hm, guess lunchbreak is over?“ She took a mouthful of her shake as she threw her towel over her shoulder. The light from outside was wrapping around her well-trained body as it bounced off from the polished floor of the fitness studio. She felt a bit exhausted but good „Well, well... back to my desk then... another 4 hours to go!“ she sighted as she took a few steps towards the locker room.

Suddenly, something felt weird. The fabric of her leggings tightened around her legs as she was walking! „What the? I trained hard, but cmon... I thought this was a mesh that was made for fitness-purpose!“

Debora almost stumbled, as the fabric started to grow even tighter. Something weird was going on here! Out of a sudden, she felt something like a movement in her slip... something that made her ...„Ugh!“ She moaned, as she felt a weird sensation between her legs. Confused, Deborah let her hands slip over the gap in her crotch, as something like a bulge was forming.

„What the??... Oh my gawd...!“ A musky smell hit her nose, as her leggings started to slowly rip. „Ugh, what is this??... Whats this... smell??“ The bulge grew bigger, as more and more of the musky, stench started to surround her „Is That?...” a long crack ripped her leggings apart right in front of her crotch, as weird, soft skin dropped out between her legs, forming a fleshy sack where her pussy had been only minutes ago.

„These fuckers... Ugh!“ Her clit had grown into a stiff shaft, that grew bigger and bigger, slowly stretching and ripping apart her waisband „they gave me... Ugh...” Debora watched in shock, as her erected clitoris grew thicker and a patch of thick brownish hair emerged right above the root of he rnew shaft „male steroids!...”

The musky male pheromones of her new body filled the room, as Deborah stumbled forwards.

Her sports-bra ripped as well as her shoes, as she felt her toes slowly fusing into hooves. „hnooo.... hnoot just male...!!“ Her new fat cock squirted a first load of cum against her upper body as it broke free from what was left of her leggings. Her plump new testicles hung dangling and drenched in semen from her crotch, oozing a disgusting, slimy load that was dripping onto the ground.

In horror, she watched her face slowly turning into a bovine snout, as she started to drool. Thoughts of breasts, big asses and lusty female soras suddenly flooded her mind. „Hnooo... Stop thinking about dripping cum... cows!“ Debora shivered „sweat dripping... hh.. ready to mate... hh“ her new cock hardened as thoughts of feral, dirty sora sex popped up.

She stumbled further forwards, as she sunk to her knees „Hnooo... Uhmpf... fuck... fuck! I am so horny!!“ Veins appeared around her stiff, throbbing penis, as it smacked onto one of the used training benches in front of her.

All this feral smell, wasn't making this situation any better... Deborah took a deep breath, as more and more thick hairs grew around her now massive cock. Her breasts had nearly dissappeared, and her whole body had transformed into a giant bulk of muscles and testosterone, aching for a female to ride.

Slowly, she rubbed her swollen cock over the fabric of the bench, slowly enjoying this new, lewd situation.“hh... hhh... a female has trained here...” Deborahs cock was now almost slipping in a pool of pre...”She sat here... oh gawd... I smell her... smell her cunt...! ... I can't ...It's so wrong... no, please!!...” a lustful twitch runned through all of Deborahs body, as white-transparent jerk squirted out of her glans and over the training bench. She was dominating this place... and it felt awesome!...

The horns on her head grew bigger and bigger, as her hole face was slowly covered in short, brown fur. Her once female body had turned a bulky, muscular bull-human, carelessly spreading musky pheromones in the room in its heat. „Hhh... hh... If I ever find out who put... hh Hh... Taurii jerk into my drink.... Hnnng.... I will fuck him so hard!!“... Carefully she touched her new manly organ, which was still squirting more of her semen „I will hh.. make him swallow my cock... ohh, yes...!“

She started to stroke carefully over the massive penis while the rest of her body was slowly changing into that of a giant, horny bull. „He will have to lick it all.... and then will be my bitch!“ Triumphantlly screaming the last word, Debora threw her head back, as she came a second time and drenched the fitness bench in even more sticky jerk.
