Amber Doyle was on the run. She was tall, muscular Amazon with the taste for Human meat. She may have been not only the most dangerous woman in the world but one of the most dangerous women in the world

She was smart, strong and vicious. She killed and raped multiple people over the time and taste them. The nation was horrified by her behavior, and she was be put to death. Unfortunately, a while back she escaped causing the prison bus to crash. What was left in the bus was a mess of blood, bone and cum. There bodies torn apart. It had only male prisoners because they had to ship her out fast and it wasn't room for other females. The men had thought they hit the Jackpot seeing this sexy woman. Only did they know it would lead to the deaths

She let a few alive. She needed them for the distraction. Chasing more then one convict was enough. Amber then ran down the road. She covered miles in record time getting away from the bus. She took to the woods to buy sometimes

The wood was her hunting ground back in the day. It was a lot of places to hide the bodies in the woods. There was a lot of abandon cabins and campgrounds. She had ventures into the cities before dragging them into abandon hotels or homes that was foreclosed on. But woods were always a place where people could get lost the easiest.

She was cooking some fish she caught relaxing by the river. She saw a helicopter move and hid behind the trees

"Better get moving." She thought.

She moved through the woods for an hour when she ran into a campsite.

"Nice!" she Said

She walked around the place checking the rooms. There was plenty of food and water around the area.

"This would be a good place to crash" She thought.

She knew she could hide out here for months probably. It wasn't the summer. There were tons of cans foods here for her to eat. There were beds for her to rest and plenty of water. It even had water to bath in with the showers.

Then she ran into something she liked. It was a weight room. It wasn't the size weights she normally used but it would do. She laid down on the bench press and did some sets. It was a 600-pound bench. She liked to get naked when she worked out. She slowly remove her clothes feeling the heat of the day on her skin.

Running all the time had built up a sweat making her muscles glisten. She laid down on the bench press and did some sets. It was a 600-pound bench. "Ohhh this more like it" she said to herself. Feeling the burn of the weightlifting set had brought her back to life. "Damm feel like a new woman"

She looked at herself. She had hair cut is Faux-Hawk haircut giving her a punk rock look. she had black eye liner She looked like a beautiful punk rock nightmare. She had a nose piercing and she stood about 7 feet and 2 inches taller. On her back was a tattoo of a giant anaconda smothering a male victim. She thinks about how she always loved looking at it. She got it done by an expert tattoo artist he she later smothered to death. She loved the way his

She admires herself in the mirror flexing both arms. They each were 32-inch biceps ripping with muscles. She figures she had taken off this prison jump suit. Maybe there was some clothes around here. That was when she heard a car.

She peaked out the door and saw two investigators. One of was white guy name Jack holding a camera taking picture of evidence. The other was a Hispanic man named Tyler.

"Definitely some people were here" Jack said "See from the crushed sticks"

"Yeah but could be kids. Lot of them do drugs here. Damm shame. Wasting their life away coming here to smoke drugs and drink"

"How do you know they do that"

"Because I did" Tyle laughed

This caused Jack to laugh. Amber watched like a tiger waiting to strike the two lambs.

"Of course, that was the old days. I am honest citizen now" Tyler Said

"Sure, you are. Let's split up a bit cover more ground. Really doubt she stayed this close"

"Yea she probably hotwired a car and got out of here. Just one chick. Pretty sure we can handle her if things go south. I mean she strong but not bullet proof"

"Yea I think so too.

People act like where Hunting Jason Voorhees here or something"

"Jason would be terrified of me" She thought

Tyler went into the woods checking each Cabin. For a big woman Amber was very stealthy. She needed to be when she hunted humans. She made a noise on purpose cracking a tree branch. She turned and ducked behind the cabin. He walked to the noise. This gave her time to run behind him and get behind him and slipped into one of the cabins. The one with the Gym to be precise.

"Probably a squirrel" Tyler Said
Tyler took on the walker Talkie.

"How it going Jack"

"Aint got shit"

"Hey Jack, this going to take a bit. How about you grab us some beers and some snacks. I remember where they keep the food"

"Oh, you want to go camping and tell horror stories"

"Ha fuck you asshole. Just get some beers and be right back ok"

"Fine Fine" he said
He walked back down and started to check the doors. He opens one door

He opens the door and saw the naked giantess standing before him. She towered over him with a big smile on his face

"Well, hello. See someone brought me food"

A steam of piss went down his pants. She grabbed his collar and close the door. He found himself in a Gym. He went for his walkie talkie. She stomped on his chest making him moaned in pain. He thought he felt a rib crack. She grabbed the walking talkie and gun.

"Taking that" she Said

She crushed the walkie talkie in her hand and then took apart the gun.

"You know you're going to die little man"

She picked him up and grabbed him by the neck

She held him with one hand choking him. His feet dangling

"You know who I am" she Said

"Yes...yes"

"You know if you scream, I will snap your neck like a twig" she Said

"Yes"

She squeezed harder. She was choking him as she flexed her arms. She smiled as the man legs dangle helplessly before her. A rush of excitement hits her as she see his fear.

"Now I am going to put you down. You're going to take your clothes off and I'm going to fuck your brains. Sure, may break some bones. But not NEARLY as much damage if you try to fuck run. Understood
"Yes"
"say YES goddess"
"Yes Goddess"
"See that what we call in the prison system me making you my bitch"

She put him down. He fails on his knees. She stares at him like a wolf stares at a lamb. when he punched her in the stomach
"Fuck you BITCH"
He looked up in horror. She laughed
"Come on do it again" she said "Your going to be in for a rough time little man"
Her muscles started to pulsate. He could see the veins going up her muscular arms. Her abs dripped with sweat. She looked like she was all muscles. She motions for him to do it. He punched her again and again. She didn't budge

"That it gets it out your system"
"Fuck what the hell"
"Solid steal baby. People always go for the stomach with tall girl like me. It hard to reach my face when this fucking tall. So, I did HOURS of crunched ever day. Put on weight and turn that weight into solid muscles. These abs are stolid baby"
He punched her in the crotch. She grunted
"KINKY" she said
He backed up
"Wait now hold on"
"Think it my turn" she said

She stalked him like she was a lioness. He staggered on the ground. He couldn't breathe. She stalked him and kicked him in the stomach
"You little bitches always got to take the hard way"
She then stomped on this back
"FUCKKK" Tyler Said
She kicked him onto his back hearing a crack. Stood in front of him. She had huge breast and nipples were hard as steel. She saw Tyler's erection
"See someone got a fear boner"
She stomped on him again and again.

She picked him up and put the man in a headlock. Her huge biceps squeezed around his head. His face was turning blue

"See that wasn't very smart" she said

He was tapping out. She let loose and tighten it again. She ignores his tapping. He tried to scream but nothing came out

"Very bad move little man"

He begged her

"See I was going to fuck you and kill you quick. But now I am going to take my time with you little man" she Said She admires herself in the mirror and then flexed her arm as she held him "I mean LOOK at this" she said He soon felt like he was passing out. He saw dots in his vision. He was seeing double. His arms went limp, and everything went dark
