

Christmas
Present

It was the last Day of the year in FreeBoPolis, and the newsroom of the FreeBoPolis Reporter, the most important newspaper in town, was almost deserted.

Who's there?

I hope the Boss is still working...

There was just a young intern walking around the dark hallways with a big package in his hands. His name was Leigh Maxwell, and he had a present for his boss, Peter MacCan.

Leigh?
What are you doing still here? You should be with your friends, celebrating the new year! I told everybody to go home. I can deal with the last details of the newspaper.

I know Boss, But I'd rather celebrate here with you.

The newsroom was so busy during the holidays that I didn't have the chance to give you your xmas present.

Another present? Leigh, I told you...this is so wrong...I'm a married man! Father of two! I hope is not another skimpy, slutty outfit to vent your naughty sexual perversions on me. Is the office empty? Someone could see us...

Don't worry, PUPPY...we are completely alone. You know how I love to see you in a sexy outfit. Your boring wife can wait, and your sons are older than me. They can handle it without their daddy. I just ask you for a few hours with me...your master. And now kiss me, PUPPY...

L-Leigh...!...!

SMOOCH!

The older man was completely unarmed when those piercing dark eyes were looking inside him, revealing who he truly was...a slut!

In the Blink of an eye, the atmosphere in the office was completely changed...and so was Mr. MacCan's outfit.

Are you happy now? This is how you like to see me dressed? An old fat man with a Big ass in a slutty, latex Santa claus outfit? This makes your Powerful young Cock hard? Naughty Boy?

Old fat guys are my kind of "hot Babes". And now turn around and show me what really makes me hard, whore!

Oh, you mean this Pink PAPHOLE hidden Between my huge Buttocks?

FUCK YEAH!

Leigh Dove into that meaty ass like a starving wolf, grabbing those ButtCheeks and sticking his tongue in and out of that tasty hole.

SLURP!
MUNCH! CHOMP!
MUNCH! SUCK!
SUCK! CHOMP! LICK!

OH YEAH, TONGUE-FUCK MY DAPPUSSY!

MOAN...

SLURP!

I fucking love this huge ass!

What a whore! Your DAPCUNT is ready, I feel it squeezing my fingers...it wants more!

This is the Best Present I've got this xmas...much Better than my Wife's Pajamas!

MUNCH! SUCK!
MUNCH! SLURP!
SLURP! CHOMP!

YEAH GIVE ME MORE! GIVE ME COCK, MASTER!

MOAN...

Leigh didn't wait any longer, and his cock entered that greedy hole with no resistance.

It was a warm, moist familiar nest for his cock, he used to fuck that slut of his Boss very often.

But there was something about his Boss that Leigh couldn't really resist to: his Big Boobs!

MOAN!

SLURP!

I love to lick them...

BUT FUCK THEM IS THE BEST THING IN THE WORLD!

PLAP! PLAP! PLAP!

Peter Maccan:

Meet Peter Maccan, the seasoned 56-year-old Editor-in-Chief of the "FreeBopolis Reporter," the City's Preeminent newspaper. With a career dedicated to journalistic integrity, Peter has transformed the publication into a digital-age powerhouse while juggling the responsibilities of a devoted family man. However, beneath his composed exterior, a clandestine affair with intern Leigh Maxwell adds an unexpected layer of complexity to Peter's life. As soon as Peter hired Leigh, the two men started being attracted to each other like magnets. Peter was always the submissive part of the relationship. If during the days he is the boss, during the nights he is Leigh's slut.

Leigh Maxwell:

In his twenties, Leigh Maxwell is a determined journalism student at FreeBopolis College and a promising intern at the FreeBopolis Reporter. His tenacity and knack for investigation set him apart as he delves into the city's hidden secrets. Beyond the newsroom, Leigh's tormented romance with his boss, Peter Maccan, adds intrigue to his already dynamic life, revealing a young journalist navigating the complexities of ambition and desire. Leigh was always attracted by older men, and has a very peculiar kink, to seeing them dressed in lingerie or very slutty outfits. He vents this passion often on his boss and lover Peter Maccan, who can't really refuse to do it when Leigh asks (or forces?) him.
