

Meanwhile,
at Hitro's...

And we're
there, what do
you think?

It's really
great.

Finally!
I finally
managed to get
rid of that
damned Zero
Two.

Good evening girls.
I see you already know
each other.

That, great, in that case we
can skip introducing ourselves
and go straight to work.

What?

Shocked

Today we are
recording the Final
Song for the series.

What?

Shocked

And since Hina-chan wants
to become an Idol we decided
to give her a chance.

So we needed
two girls who sing nicely.

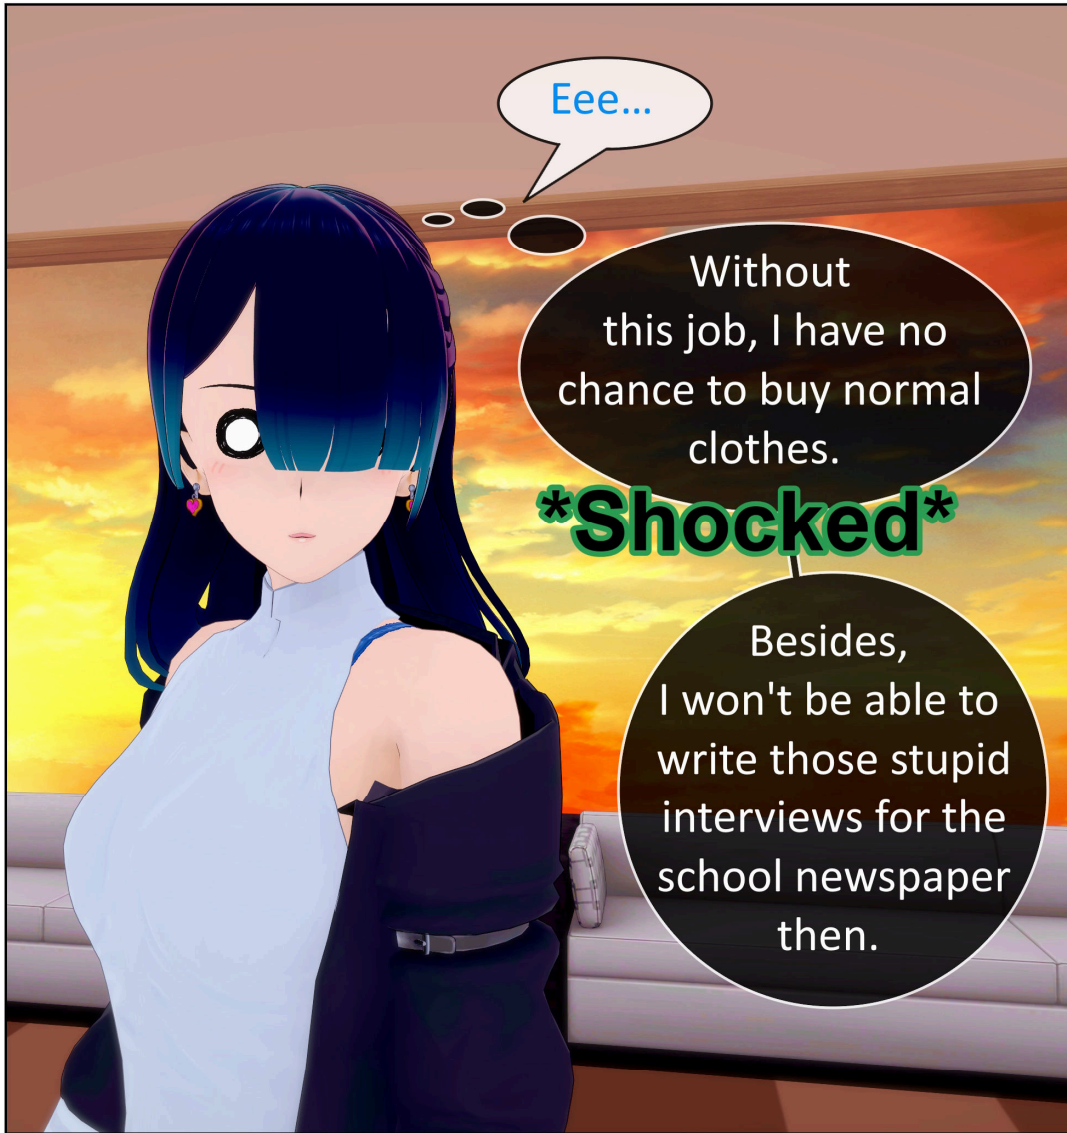

What, she's supposed to sing the final song for my series?

There is no way I will sing with her.

Either you sing together, or you are both fired.

The choice is yours.

Eee...

Without this job, I have no chance to buy normal clothes.

Shocked

Besides, I won't be able to write those stupid interviews for the school newspaper then.

Eee...

If I get fired now I won't get my bonus for this month.

Shocked

And this month I'm supposed to get \$20 more.

And \$20 is \$20.

Moments later...

I'm a little angry that I won't be singing the final song along with Mutsumi-chan.

But what's about to happen might be more interesting. hehe

Wait, does that boy have breasts?

confused

Er... All in all, it's normal for some guys to have breasts but for some reason it still seems strange to me.

Why? It's like something tells me it's supposed to be that way.

I guess it's best I ignore it.

Hmm... I wonder if either of them has a boyfriend?

Alright, girls let's get started.

Try your best to cooperate with each other.

Maybe they both don't have a boyfriend.

The text will be displayed on the desktop right away. And no worries, we'll do two trials first.

Just which one should I ask first...?

I will take revenge for the fact that she tried to string me along then.

Determined

I have to give my best.

Saki-chan is watching me.

Determined

Meanwhile...

Finally home.

On the way there, I wondered about one thing.

About what?

Do ordinary people stand a chance against us.

Yes, you know, we by nature can do many things better than them.

That is, in theory, someone could win a singing competition with someone gifted with an angelic voice.

You mean with our skills.

Of course. But don't forget that some people have innate talent.

In theory, yes, but we probably won't find out.

Back to the girls...

Wow, how long they must have practiced this.

They are perfectly synchronized.

And this is only their second attempt.

Surprised

Surprised

It took them only one attempt to learn all the movements.

I must admit that these girls really have talent.

Wow, Mutsumi-chan is doing quite well as an idol. hehe

And what is up with her? Does she like idols that much?

Wait, or maybe she is a guy? I have to ask Naomi if she's helping any more boys become girls.

Unbelievable. If I didn't know I would never have guessed that Hina-chan is actually a boy.

Excited

She doesn't stand out from that girl even one step.

I can't wait until it's not just a disguise.

Some time later...

Great job girls.
However, you are
able to work
together.

Let's
hope you can
only continue
like this.

That would be all
for today. I honestly
didn't expect you to
succeed so quickly.

You Hina-chan stay
for a while longer.

I have a CD of
dance moves for
you to learn.

Dance
moves?

Yes, after
all, an idol can't
stand on stage
like a peg.

Moments later...

Unbelievable
, now it even looks
like I will have to learn
to dance.

But I was only
supposed to learn what
it's like to be an Idol
not become one.

I guess you're
right. But still.

The best way
to know what it's like to
be an Idol when you're
one yourself.

Cheer up,
I have an idea, why don't you
come over to my place, what
do you think?

embarrassed

Sorry.

I'll just call mom so she won't worry.

Sorry.

Sure.

But one thing, use the feminine personal form all the time, sometimes you forget yourself.

It worked!

In Saki-chan's room...

You didn't say you had the latest model of Neptune.

Where did you get it, I thought they bought them all out.

Sorry.

I thought they had bought them out.

Excited

Personal form.

Well...

Two weeks earlier...

confused

What is this request?

Sorry, but as far as I know they have all been bought out.

Naomi, I have a request for you.

I immediately warn you I do not take no for an answer.

I need a certain game console. And I know you helped Zero Two get it.

You would find one copy for me, after all we are friends, right?

If you get it for me I'll make sure that pocky will be available in the school vending machines again.

Yes, so how?

Great.

Really?

I think I should find one copy by Wednesday.

Naomi has a weakness for sweets especially strawberry pocky.

Back to present...

I found one last example.

Already can't wait to finally play. I mean we will play together.

Me too, but maybe let's make it a little more interesting.

How about a little bet?

A bet?

Yes, after each round, the loser has to take off one piece of clothing.

I don't know if this is the best idea.

No worries, I won't make you take off your disguise, besides, my parents are not at home right now.

Shocked

What,
when you ...

Sorry, I got a
little carried away,
I haven't had
a chance to play
something for a
long time.

It seems that
I have lost.

That's okay.
hehe

Maybe we should play
another game now?

You have some more games?

Just one.

Eeee... I don't know if that's the best idea.

Of course I do.

Say do you like me?

Of course I like you, why should I not like you?

confused

I knew.

In Japanese, the word "suki" can also be understood as loves or likes

Of course. that we will finish next time.

Hmm...?

Apparently, Saki-chan also wants to finish that round in the game.

Hina-chan apparently also wants to go one step further.

Next time, I have to make more sure that no one gets us in the way

And no foolish playing, I just wasted an opportunity because of that.

In the evening...

I see that
you are going better
and better.

But I'm
not laughing
I'm impressed.

It's not
funny at all.

This
is all going too far,
I was only supposed to
pretend to be a girl until
the end of the school
year.

And now I'm one
step away from becoming
an idol.

That's probably a good thing, after all, you work hard for it.

Nevertheless, you are working so hard.

The end of the year is next month, then you won't have to pretend anything anymore.

Then you will also be able to give up being an idol.

But I don't want to become an idol at all.

I don't want anyone to discover that I'm a boy.

Right, after all, it is the last month.

I do my best
to control myself
but in the end I'm
a guy.

I can't help it that
it turns me on.

I have to relieve
myself otherwise
I won't sleep.

Only how, I still
have this cage of purity
on me?

... I guess I have no choice
but to use this vibrator again
what I got from Zero Two.

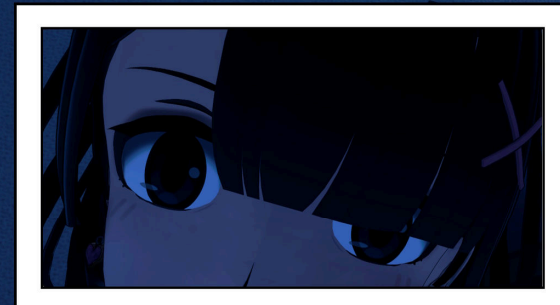

I already used it once so it
won't change much. Only this time
I won't turn on the vibration so Mom
won't hear anything.

Moments later...

scared

It's much bigger than I thought.

Let's get this over with.

It went in.

Hmmm~.

Even without the vibration, it's still a strange feeling.

Meanwhile...

creaking

I think I heard something.

Oh no, I think mom is still awake.

Mom! What are you doing here at this hour?

I just brought you clean clothes.

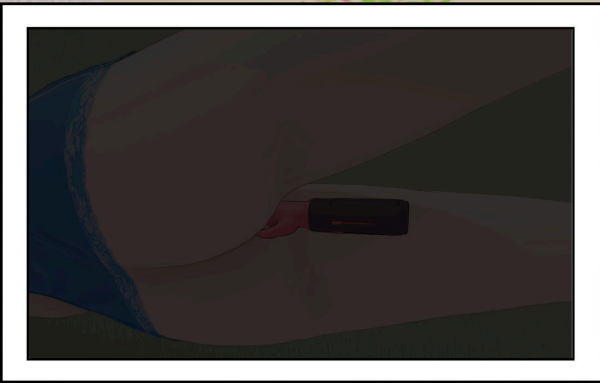

confused

Besides, what do you mean, at this time? It's only eight o'clock.

What, only eight o'clock?

But after all, the watch in the kitchen showed that it was already ten o'clock.

stressed

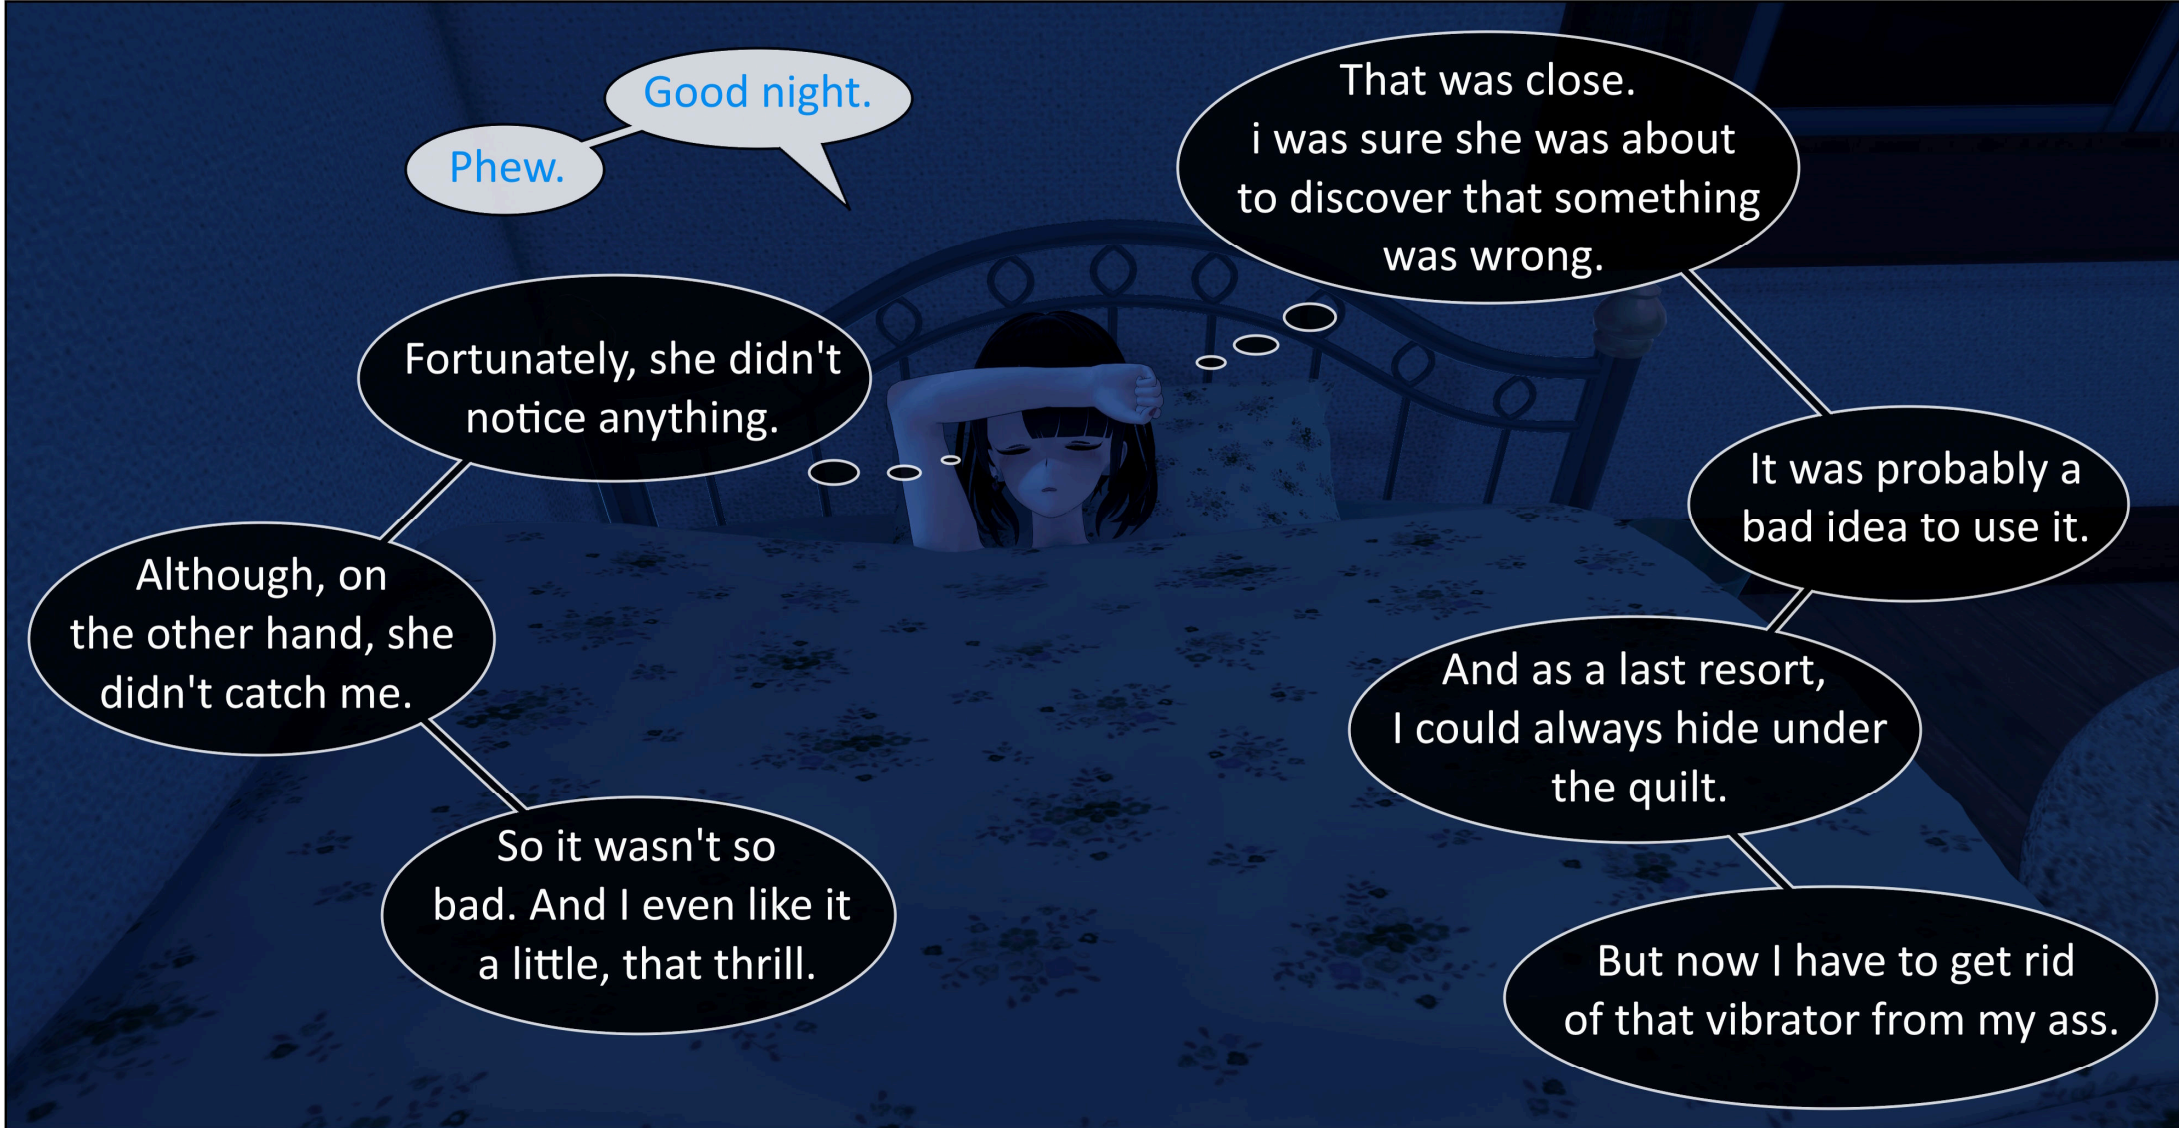

Yes, I was supposed to change the battery in it.

Good that you reminded me.

Well... And to you... good night, if you want to go to bed early.

Phew.

Good night.

Fortunately, she didn't notice anything.

Although, on the other hand, she didn't catch me.

So it wasn't so bad. And I even like it a little, that thrill.

That was close. i was sure she was about to discover that something was wrong.

It was probably a bad idea to use it.

And as a last resort, I could always hide under the quilt.

But now I have to get rid of that vibrator from my ass.

Meanwhile...

Does she really think I didn't hear that squeak?

I guess I can already think to take off that purity cage for her, after all, she won't need it anyway.

I see that Hina-chan likes the gift from Zero two.

Well... let her think so.

Besides, I have to do it anyway before we go one step further . And it's about time.

In the morning...

What? Are you serious?

happy

Just like that.
And what about my laptop?

No, I don't need him that much.

Of course, after all I said that if you're a good girl I'll take off that purity cage.

One reward at a time. Unless you'd rather I give you your laptop instead?
No problem.

That's what I thought, but don't worry if you make an effort you'll soon get it back too.

I wanted to give it to you already last night.

But you went to bed so I thought I would wait until morning.

And remember I never want to see you do that again. Good girls don't do such things.

What, I didn't have to use that vibrator at all yesterday?

Shocked

Well... it wasn't so bad.

Yeah, sure.

To be continued...
