Rain sfx.

SPEAKER

Hm... It's starting to come down pretty fast... Good thing we made it back before it started. I know we checked the weather before we left, but you know how these things are. Not always accurate.

Footsteps, speaker plops down onto bed.

SPEAKER

yawns Well, I've had a long day, so I think I'm gonna call it a night. What about you? You going to stay up for a little while longer? ... Okay well, just come to bed when you're done with everything, okay? You've been working really hard lately and I'm really happy and proud of you for it, but there's no shame in taking a break every once in a while... *giggles* Okay well, good night. I love you.

Bedsheet movement.

Laptop keyboard sfx, thunder clap.

Y/N gets scared and stops, but continues to type.

Thunder clap. Y/N shuts off their computer and walks up to the bed and plops down next to Speaker.

SPEAKER

(tired)

Hm? What's wrong, I thought you were going to work some more... Uh huh, so what are you -- *giggles* Aw, come here...

Y/N curls up to Speaker.

SPEAKER

If you're scared of thunder, you can just say so... Right right of course, you're not scared of thunder whatsoever. You were suddenly hit with a wave of exhaustion and decided that it would be a good idea to cuddle up with your girlfriend. The thunderstorm had nothing to do with it, mhm... *giggles* I'm not making fun of you, I'm just

recounting the events as it happened... *giggles then kiss* You're adorable. Here, cuddle up to me like this... that's it... and let me wrap my arms around you... *giggles then kiss*

Y/N nuzzles into Speaker more.

SPEAKER

soft hum Hi *giggles* Feeling a little better? Hm? ... No? Well, how can I help, hm? How can I make my cute partner feel better? Would kisses help? Hm?

Speaker kisses Y/N.

SPEAKER

Or maybe I should run my hand through your hair, like this? You've been working so hard recently and I'm so proud of you... Mhm, I am... Come on, baby. You always sell yourself short and underestimate yourself. You're capable of anything you set your mind to, even things you don't like doing. I've seen it time and time again. You have to stop undermining yourself... *giggles* I know, I know. It's a lot easier said than done, but even if you don't believe in yourself, I believe in you. And I'll always believe in you and support you, through anything you want me to *kiss* ... Hey, that's what partners are for. I know you probably didn't have the best experience in the past in terms of support, but I'm here now. And I believe in you, okay? ... Okay *kiss* Hm? You want more kisses? *giggles* Of course, anything for you.

Speaker kisses Y/N.

SPEAKER

I remember when you used to be so opposed to being physically open with me... Mhm, really. I mean, of course we'd always show our affection physically back then, but it just seemed like you weren't used to it. I'm really glad we go through that, because otherwise, we wouldn't be able to do things like this --

Speaker continues kissing Y/N.

SPEAKER

(teasing)

giggles What a sweet thing you are *kiss* You're so beautiful, you know that? ... You are, you absolutely are. I adore you completely and entirely. You got me wrapped around your finger the first day we met and I wouldn't have it any other way. I love the expression you make

whenever you're so engrossed in something you're passionate about.

I'm enamored with the way you care about the people around you, especially the people in your life that you love unconditionally. I admire the way you persevere, the way you try to be a better person each and every day. So yes, you most definitely have me wrapped around your finger... *giggles* Well, I'm glad the feeling is mutual
kiss I wouldn't have it any other way.

Speaker stares at Y/N.

SPEAKER

How did I get so lucky? You are everything I dreamt of... *giggles* Well, you should know by now that I'm a hopeless romantic. If I remember correctly, that's what drew you to me in the first place... *giggles* Well I'm glad you're not complaining about my disposition because you're stuck with me... Yep, in perpetuity..

Speaker continues running their hand through Y/N's hair.

Rain softens.

SPEAKER

Looks like the rain is slowing down... Mhm... Are you gonna get back to work soon or are you going to call it a night? ... Well, the responsible thing for you to do is to get back to work, but that would mean not being in this warm bed, cuddling with me, so you know my answer... Hey, I'll take any opportunity I can to spend more time with you... *giggles* Oh come on, you know you love me... *kiss* Well, if you want to resign yourself to more work for the evening, I highly recommend you do it now before I convince you to stay in bed with me... Mhm... *giggles* Okay, I'll be here waiting *kiss* I love you...

Y/N gets out of bed and gets back to work.
