

**High warden  
gold armour  
Step-by-step**

# ◆ Paints required:

## Gold armour

- Doombull brown
- Mournfang brown
- Averland sunset
- Ice yellow (Vallejo mc)
- White
- Abaddon black

**Basecoat the armour with a 1:1:1 mix of averland sunset, doombull brown & mournfang brown.**

**We now start glazing in the frame of the light reflections by adding 1 part more of averland sunset to the previous mix – add 3-4 parts of water. I have added a video tutorial for how to glaze & a PDF guide for how to locate light reflections in the post description.**

**We now add 1 part more of averland sunset to the previous mix & glaze more towards the middle of the light reflections.**

**We now take pure averland sunset & glaze the middle of the light reflections.**

**We now make a 1:1 mix of averland sunset & ice yellow & glaze the middle of the light reflections again.**

**We now shade all the deepest recesses with a 1:1 mix of mournfang brown & abaddon black. Add 3-4 parts of water.**

**We now take pure ice yellow & glaze the very middle of the light reflections.**

**Optional: make a 1:1 mix of ice yellow & white & leave a couple of dots once again in the very middle of the light reflections. Done!**
