

STORY IDEA 1

While not having a specific character in mind, how about a reverse story. This time around, you play a slave that became one a year ago but you still did not lose hope about escaping your mistress. The story allows you to try to escape or give in, worship the mistress, surrender ? Can be any character but I feel it would be fun to be an established captive rather than once again an heroine that gets tricked.

STORY IDEA 2

Nyx's revenge! After being captured in a rescue attempt at an auction, Emily's mom is long gone. Now, Emily has fallen into the clutches of Nyx who is keeping her as a sleep slave. One opportunity presents itself that allows Emily to escape, but Nyx is ready at every corner to chloroform and subdue her new pet. Nyx could even use the failure of Emily's rescue as a way of quelling any resistance Emily still has. The story would end with Emily being recaptured despite her escape, similar to Riko.

STORY IDEA 3

Black Widow. While Nick Fury is MIA, few at SHIELD trust her and things only get worse when a Black Widow impersonator begins committing acts robberies and sabotage. Off the SHIELD reservation, Natasha has to clear her name, make deals with old enemies, go into the darkest corners of the underworld, and deal with a highly skilled copycat that knows all her tricks and has her own reasons for defeating Natasha and becoming the new Black Widow.

I'd see lots of opportunities for scenes here. Natasha being successfully arrested by SHIELD and vanishing into the hands of shady government types. Her making dangerous parlays with HYDRA and other villains, which could always go terribly wrong. Have her snooping around the world's dark underbelly, using disguises to snoop around mobsters and slavers, where the wrong word or tasting the wrong drink will have her wind up another pretty face belonging to the scum of the earth. Of course, facing another red room trained super spy that can beat her at her own game and has unique plans for Natasha's retirement.

STORY IDEA 4

How about you play as a top hunter name Davis who has an app called Napdash , it illegal app that kidnap female for money. He got a new job from a rich man who want her to capture the top most request a sexy hybrid archangel name Magica the most difficult girl to catch . Many hunteress try but fail . The story will be located in the abandoned big factory in Sin City where Magica will be lure in by the hunter . In the abandoned factory. There will be different optiond scene, will have a optional of hunter failure or

In the story will have hypnosis, hypnotic spiral colors through Magica eyes, depower, sedative gas, huntress undress Magica, bondage, ass groping, breasts groping, ass slapping, take pictures of her body mostly her breasts and ass to his client, humiliation, taunting, golden shackle on Magica neck to control her angel side. Limp carry, ass showing upward while carrying rape. M/F The ending should be Magica being enslaved, bondage, and sold off to the rich man.

STORY IDEA 5

Star Wars based idea

Sabine Wren is the character. Three locations

Location 1. Lothal T.I.E fighter base.

Sabine is on a solo infiltration mission to vandalize the T.I.Es parked at the Lothal T.I.E base with her trademark paint detonators. She has to avoid the Stormtrooper patrols and any security measures on the fighters themselves. If she is captured by the Stormtroopers she must escape from her binders before she can make her getaway. If she isn't caught she over hears that an Imperial spy has infiltrated Yavin Headquarters and that is part 2.

Setting 2 Yavin Headquarters

For this environment Sabine is wearing an outfit more suitable to the jungle. Shorts and a tank top.

This part would have jungle themed perils for Sabine, things like quicksand pits, Vines that ensnare her if she's not paying attention and so on. She is searching for the Imperial double agent amongst the jungle and Ruins of the temples of Yavin, unaware that the spy has been tipped off by his handlers about her snooping around. He approaches Sabine and offers to help in her search, leading her to one of the most remote temples on the moon, far outside of communication with the base.. once there he tricks Sabine into bondage and makes sure she's thoroughly bound and gagged before revealing his true intentions, to ensure the cute teen disappears forever. He then takes her on-board a waiting shuttle and leaves Yavin behind.

Third and final location,

The agent's hidden base, unknown location...

Sabine wakes up in a room, finding herself locked in binders and her mouth sealed shut with tape as her captor walks into the room, he checks her restraints and tells her that he's going to entomb her in Carbonite. He then leaves her to struggle figuring her restraints to

be escape proof. She doesn't take that sitting down and struggles to get free, If he catches her she gets turned into a Carbonite statue, if she manages to escape she fights back and ends up sending the Imperial into the Carbonite instead. After defeating the Imperial she finds several other female rebels who have been encased in Carbonite and rescues them before they all escape the facility.

STORY IDEA 6

You are Juri Han you are stalking your prey Juri Han. She has been looking for you in the Jungle and you ambush her. What follows is a fight were you taunt and provoke her until she makes enough mistakes for you to capture her. You wrap her in a net and carry her over your shoulder. She tries to struggle but after a few smacks on the ass she is pacified.

Back at your lair you get to work taming her. You tell her she's going to be your little kitten take her hat and put her in cat ears. What follows are several options to tame her over the course of her stay. You spank her, wrestle with her, tease her, kiss and grope her as a couple examples. Each time she comes to enjoy it over time. Each time she also tries to escape and you discipline her afterword's with electric shocks, more spankings, and physically holding her down until she calls you mistress. In the final escape attempt she is no longer seriously trying to get away, she just wants you to discipline her again.

After this she agrees to come to bed with you. You have the option to agree immediately or make her beg. If you agree immediately it was all as trap, she wraps her legs around you to knock you out and escapes. However when you awaken you notice she did not bring you in, she left her hat and she did not leave the cat ears. You grin knowing you'll have her again. This serves as a "Less good" ending for getting this far, but not succeeding all the way as opposed to the bad endings were she escapes or defeats you outright. If you make her beg the last bit of willfulness leaves her and she begs utterly tamed.

In the last scene while you look admiringly at video's of your next target chun li your pet cleans your heels with her tongue. It is established that she has tried to escape a few more times but never seriously only in hopes of further punishment. You admire your handprint across her ass. As she finishes you pull her onto your lap and tell her to look at the video while you lick the nape of her neck causing her too sigh. You ask her if she's ready for a new companion. When she moans yes you scratch behind her cat ears. She purrs having fully learned to be a good kitten. You lean your mouth close to her ear "Good Girl"

STORY IDEA 7

Power Girl. Her clone Divine has framed her for a crime she didn't commit and now her fellow superheroines are trying to bring her in. Wonder Woman lassos her into submission, Batgirl has kryptonite, etc. The only way to clear her name is to expose Divine as the true culprit.

STORY IDEA 8

Okay, so my idea for a mini CYOA involves one of my own OCs, Minako Fujino.

The story involves her being tricked into accepting a BJJ match with a french woman called Valerie, only to be jabbed with a paralyzing drug that leaves her, well, paralyzed, and unable to resist being kidnapped and taken to this woman's home outside of the city.

Upon awakening, Minako finds herself being used as a punching bag by Valerie, forced into unfair fights with her, like trying to take her on with her wrists cuffed behind her back, with the player being given choices that could lead to Minako giving up or making a mistake that could cost her life even.

After this segment, she's taken to a cell, finding another prisoner in the one next to hers, she discovers she is not the first woman this has happened to, and in fact Minako is meant as a replacement for this other prisoner, who has been broken by her time here and likely to be killed by Valerie, who derives no more amusement from her.

This is where the main part of the CYOA will kick off, with Minako having to figure out a way to escape the cell she finds herself in, the strange mansion she's been taken to, and also try and drag the prisoner along with her for some backup, cause she wouldn't be a very good hero if she just left her there like a jerk.

Oh, and also have to evade guards who'd grope the shit out of her and the sociopathic Valerie to boot, no pressure eh?

STORY IDEA 9

I would vote for Zatanna, she's an underutilized character who could be a ton of fun. I would propose perhaps she's doing a show when a rival magician challenges her on stage. She can't necessarily use her "real" magic in front of the audience, but the rival seems to have powers of his own...

STORY IDEA 10

In a general sense, I love the good ol' fashioned campy types of peril like the 60s Batman type traps. I know you already used Batgirl, but maybe Kara and Babs team up to go into an abandoned amusement park looking for a villain?

STORY IDEA 11

Dawn Meadows - The Wrath of the A-B Initiative

This is a what if CYOA that takes place in an alternate timeline, where Emily Lockwood decides to not stop the A-B Initiative, and remains married to Tommy. Her friends are now part of this sinister organization with each of them married to Tommy's friends, while her mother is a maid to Olivia. Olivia's organization has spread far, and wide, resulting in the organization dominating the world. Amanda Jones, Becky Carter (A character created by Scott Girsham over at deviantart), and Dawn Meadows lead a secret resistance force against this organization, but Becky Carter has been captured by the Olivia's organization. You will play as Dawn Meadows to rescue Becky before the A-B Initiative could use their sinister method on her, or end up like Emily along with all of her friends, and mother.

Setting One - Emily and Tommy's house

Dawn Meadows is in Dream Falls, and arrives at Emily's house, but it appears that Emily is having a party. We see all of Emily's friends dress in housewife outfits, and are enjoying their new lives in Dream Falls. Dawn finds Emily, and tries to make sense of what has happened to her. Emily takes her into her office to talk in private. Dawn tries to persuade Emily to help her find Becky, but she is reluctant to do so. After some time of talking, Emily tells her to talk to Olivia herself by going over to her house. With this information, Dawn goes to Olivia's house. Some of the endings could be Tommy using the brainwashing device on Dawn, or knock her out in some scenes since we saw that he was eager to bring her into the organization before. Even Emily's friends could play a role in her capture/ brainwashing by leading her away from the party, or brainwashing her into being a housewife like them.

Setting Two - Olivia's House

Dawn goes to Olivia's house, but as she knocks on the door, she is greeted by Lynda Lockwood, who is dressed as a maid. Dawn wonders if she can speak to Olivia, and Lynda tells her that she is not here, allowing Dawn to look for clues as to where Becky is. She persuades Lynda to let her in, and Dawn can explore the house for some clues. After exploring the house, Dawn finds the information that she was looking for, and is about to leave, but Lynda stops her. The two find each other with Lynda trying to use the hypnotic device on her. Dawn defeats Lynda by using the hypnotic device on Lynda in order to stop her from getting in her way. With Lynda out of the way, Dawn goes to the mysterious base. Some of the ending scenes could be with Lynda using the hypnotic device on Dawn in order to give up her quest or make Dawn into a maid. She could also knock her out. There could also be scenes where Lynda ties up Dawn, so she could wait for Olivia to come home.

Setting Three - A-B Initiative Base

Upon discovering the base, Dawn sneaks inside the base. She manages to get into the air

vents, and see so many women becoming part of Olivia's organization. After crawling through the vents, Dawn finally finds Becky Carter, and she quickly frees, and the two of you try to escape, but Becky does not seem right. The Dawn, and Becky nearly escape the base until they are surrender by Olivia's forces, which is revealed by Olivia that Becky Carter has been Brainwashed to join the organization. Dawn is then captured, and knocked out. Dawn awakens to find that she is restrain in a chair with a villainous helmet looming over her. She is not alone in the room though. Dawn finds Becky in the room with her, and she dress as a housewife. Dawn also finds Emily, along with Olivia in the room with her. Olivia then gives Dawn a choice to either preserve her mind like Emily by surrendering Amanda Jones to Olivia or fall victim to Olivia's brainwashing methods like Becky. Emily pleads to Dawn that this is for the best. One ending could have Dawn either accept Olivia's offer, and be like Emily or refuse, and be like Becky. One of the endings could have Dawn being brainwash, and a maid to Tommy. The other ending could be her living a life similar to Emily, submitting to the organization, and is married. We could even see Amanda Jones make an appearance.

STORY IDEA 12

STORY IDEA 13

Daphne and Velma investigating an old spooky house on the hill. They assume its just like all the others - just a creepy guy in a mask - but what if it's not...?

You could either go full on ghosts/demons OR it is really people - but not the trivial crooked real estate developers. They're collecting pretty young girls and Daphne and Velma just happen to fit the part perfectly...

STORY IDEA 14

Paula Peril gets a tipped of girls gone missing at an old house on the outskirts of the city. She goes to investigate. She sneaks in and finds that the man behind the whole thing is her nemesis Frank Munson. Munson knocks her out and ties up Paula. Once she is awake He tells her of his plan to sell her to Carleone to get his revenge. He humiliates Paula by enjoying her figure and knocks her out again. Different scenarios could be added and how she is trapped and maybe some could lead to early ending.

Settings 2 Carleone's Mansion
