

Wolf Deku Vol 2

Izuku inherits a quirk from his father, the wolf quirk that allows him to turn into a werewolf, it's power truly shines under the full moon, but outside of that there is a time limit to how long he can use his power.

Characters

Izuku Midoriya M

Size 11 inches human form 13 inches wolf form

Quirk: Werewolf: Is capable of turning into a werewolf, a full anthro beast. It only lasted a few minutes at first, but through training Izuku has lengthened his time and learned partial transformation. During the full moon he can remain in his full werewolf form unlimited. Current limit 30 minutes. He has high speed regeneration, advance strength and speed. (One For All) He inherited All Might's quirk after taking in his DNA

Bakugo M

Size 7 inches

Quirk Explosion: He produces nitroglycerin like sweat from his palms and is able to create small explosions

Kirishima M

Size 9

Quirk: Hardening: He can harden his skin, working as a great defense and potential offense.

Kaminari Denki M

Size?

Quirk: Electrification

Tenya Iida M

Size ?

Quirk: Engine

All Might aka Toshinori M

Size 13 inches

Quirk One For All remnants.

Chap 6 Full Moon Mating

The days till the full moon were a fusion of heaven and hell for Bakugo. In just a few short days, Izuku unraveled all his secrets. Sniffed out his desires and fetishes and was openly toying with them like a puppy with a new chew toy.

On the mornings he woke up to his morning wood, being lapped at by Izuku. Once he was awake and trembling, Izuku swallowed his penis and sucked him. “Fuck!” Bakugo. arched off the bed as his penis was swallowed and slurped on. One hand fondled his nuts, the other caressing his tight pucker.

He came hard, and Izuku drank him down, cleaning his penis with his tongue.

With the morning shower, it was Bakugo's turn to suck cock. Izuku's huge penis was a bit intimidating, but smelled so damn good. He put his best effort into sucking his big huge dick. Taking it as a point of pride, he gave it his all, lips and tongue moving along hard flesh.

The warm water rained down upon them as Bakugo. stayed on his knees doing his best to give Izuku an amazing blow job. He had it rough the first few days but he was becoming quite the skilled cock sucker. Even cumming when he drank Izuku's seed.

After the shower it was time for scent marking, Izuku rubbing his dick and balls all over Bakugo's face chest pits crotch and ass. Though not noticeable to a normal nose, Bakugo. could smell it.

Once he was properly marked, it was time to lube him up. He spread Bakugo's cheeks, exposing his tight pucker. Izuku lapped at his hole, swirling his tongue about, before penetrating him.

The blonde arched and moaned every time, then his dildo was prepared and Izuku stuffed him with it. All day, every day he had the toy inside him. When he walked, it rubbed inside him, brushing his sweet spot. Thus making their reaming classes, and doing Izuku's chores a pleasurable hell.

At lunch time, the two ate under a table. Though Izuku took this chance to explore more of Bakugo's desires. His foot sneaking under the table to play with Bakugo's aching cock.

“You damn pervert!” he moaned, but as the foot moved back and forth over his cock, and his toes squeezed his cock head he was singing a different tune.

Izuku rather liked the sight, Bakugo. wearing only his shirt, nipples hard and peeking through it. His pants and boxers were off to the side, his favorite dildo still up his ass, his cock hard and dripping, oozing pre all over Izuku's foot.

He really leaked when his toes squeezed his cock head. For the first week it was just one foot, by the second he had both feet in Bakugo's lap toying with his cock and balls and Bakugo. cumming all over them.

After he came, he had to service Izuku's foot, licking his semen and sweat off. 'Shit this actually tastes pretty good!' he thought and has enjoyed worshiping his feet.

The two spent the rest of their day training, working up a nice sweat till dinner. Bakugo. ate dinner in Izuku's lap, the dildo finally removed so the boy could slide his cock between his cheeks.

As he ate Izuku sniffed and licked Bakugo., giving him a tongue bath. His neck, shoulders, arms, pits and even his hands. Bakugo. didn't know why but when Izuku licked his palms it made him super excited.

Then came the bed ritual and whether Izuku slept at Bakugo's house or vice versa it was always the same. The same spooning position, that left Bakugo. more horny than tired. You try sleeping with a horny Deku humping at your backside all night.

No matter what Izuku refused to claim him. He ached inside, he found himself thinking less of topping the male and

craving more of being dominated. As the day to the full moon grew closer, he wondered what Izuku was gonna do to him.

Something Bakugo. did notice was that Izuku would disappear for periods of time. He didn't really question it, but he was a little curious.

-x- Night of the Full Moon-x-

That morning Izuku was gone, in his place was a strange necklace with a tooth on it. Bakugo. put it on. He was still pissed; no morning blow job, no shower sex, no toy in his ass, and Izuku was not reachable all day. It was weird, the day was totally normal and yet this day was possibly worse. He was hard, and his hole was itching to be touched and filled. 'Damn it where is that nerd?'

He went over to Izuku's house to find Inko. "Oh Katsuki-kun, it's good to see you."

"Uh yes," he gave a quick bow. "Hey Auntie Inko, is D-ahem Izuku here?" he asks.

"I'm sorry he's not, I think he went out for training, he can be a bit restless before a full moon." she noticed the necklace.

"Oh my, I see you and my son are getting serious." he blushed.

"What?!" he blinked.

She pointed at the necklace, then revealed her own. “Izuku's father gave this to me, before we first mated. It's a werewolf tradition. He really cares about you.” she touches the fang lovingly. “It's a sign, a werewolf's fang does not rot, they give it to one as a sign saying their feelings will never wither or die.” she cups her cheek drifting into her memories. “Oh I must be going, Katsuki-kun, do not worry Izuku will contact you when it's time.” she put a hand on his shoulder. “I'm happy for both of you.”

Bakugo. touched the fang. 'That idiot, that jerk, that...Deku...' he lounged about till his cell rang. 'Deku?!'

Izuku: Meet me at the park

Bakugo. looked outside, the sun was setting. 'This is it! He texted back and heading to the meeting spot. It was night when he arrived at the park. Izuku was waiting for him, shirtless and barefoot.

“Hey there Kacchan,” he was grabbed by the male.

“Don't hey there Kacchan me, what the hell have you been up to I mean I've been waiting for you for...” Izuku silenced him with a kiss. His eyes widened, before going half lidded.

'Damn he's a good kisser.' he kissed back.

They parted and Katsuki was left breathless. “Kacchan, these past two weeks, have you enjoyed them?”

“You dumb ass, of course I did.” Izuku smiled.

“I did to, I was able to learn a lot about you, and I bet you learned a lot about yourself.” the last bit he said as a chuckle.

“Oi!” Bakugo. snapped but Izuku continued.

“But I've made a decision, tonight I want you to be my mate!” Bakugo's heart skipped a beat. “So please listen to these last two commands.”

The air suddenly felt tense, and he nodded. “First, strip off your clothes, everything but the necklace.” Bakugo. obeyed, but felt oddly aroused, they were out in the open. He stood proudly in all his naked glory.

Izuku let out a shaky breath. “Good...now run...”

“Ehh?” the clouds parted and the full moon's light filled the park.

“Run!” he almost growls.

A chill runs down Bakugo's spine. “Deku what?”

“I SAID RUN!” Izuku transformed, his werewolf form coming out, green fur covering his body. Red eyes widened and he took off running.

'This feeling...!' Bakugo. ran, the night's cool air brushing across his naked form. The breeze between his knees, was

arousing. Each step he took he knew wasn't enough. 'He's coming for me!' He'd swear he could feel the spirit of the hunter nipping at his heels.

Izuku took a deep breath. He could smell Kacchan's scent, the smell of strength, explosions, sprinkled with arousal and a dash of fear. 'Kacchan really is sexy.' he thought, sealing the image of Bakugo's naked body in the moonlight in his memory.

He let out a shaky breath. 'Get ready Kacchan!' He gave the male a 3 minute head start. 'Now!' in just a few seconds he was on Bakugo's trail. A few more seconds he was hot on Bakugo's heels.

When Izuku began Katsuki felt a shiver race down his spine. His cock was hard and throbbing, he couldn't stop his heart from racing, nor shake the grin from his face. 'Come and get me Deku!' he was no fool, he didn't run in a straight line, he went left and right making sure to not make it easy.

Be careful what you wish for Bakugo. Izuku was right on his heels. "Crap!" he dodged as Izuku pounced at him.

Izuku was on all fours. "Kacchan!" he growled, licking his lips. His eyes were predatory, those intense eyes made Bakugo's penis pulse.

“You caught up to me fast, but I won't be caught so easily.”
his hands lit up.

Izuku smirked, and rushed at Bakugo. He fired an explosion, and when the smoke cleared Izuku's scorched pants was all that was there. “Ehh?” Izuku was suddenly behind him, Bakugo. turned, but quickly found himself pinned beneath Izuku.

His hands were bound above his head, his furry form pressed against his naked form. He growled, and Bakugo shivered.
“Submit!”

Bakugo smirked. “Only to you.” he offers his neck. Izuku smirked, leaning down he bit into the boy's neck. “Ahh!” heat powerful surging warmth washing through every inch from him from the bite.

The blonde drooled, and when the heat hit his dick he came! He seed splattered over his pecs and abs. His back arched as his body rode his orgasm. His already sensitive body being tickled by his fur.

“D...eku...” he shuddered. Izuku removed his teeth and lapped at the wound healing it, leaving a scar like mark.

“Now you are mine,” he says and licks up the boy's neck to his cheek. Bakugo couldn't help but grin.

“Baka I’ve always been yours.” He wraps his arms around Izuku's neck, running his fingers through soft fur. ‘So soft,’ he nuzzles Izuku's muzzle. ‘So warm.’

Izuku growls softly as Bakugo laid kisses along his muzzle. He pulled back and marveled at the beauty beneath him. “Kacchan!”

He descended upon the male, licking every inch he could reach. Bakugo moaned, each lick made his body shiver.

Izuku licked off the cum, the taste was delicious. His tongue traced his muscles and bathed him. His gorgeous pecs, his cute pink perky nipples, his sexy rock hard abs.

He ha

d fun with his nipples, Katsuki made the sexiest noises when his nipples got licked. His long tongue brushed over them, first the left then the right. Bakugo moaned and writhed in pleasure. Hi body tasted amazing, mixing with his scent had Izuku enjoying his experience.

With a quick nudge from his nose to the blonde's arm, Bakugo raised his arms up exposing his sweaty pits. “Pervert!” he says blushing.

Izuku ignores this, knowing he’s enjoying this as much as he was. He felt Bakugo's penis pulse against him.

He lapped at the exposed skin, tasting the sweat and inhaling the manly musk that was purely Kacchan. If Izuku was blind he would still know Bakugo by his scent. All his running had worked him up a sweat, his aroma was equally nice and powerful, spiced with the smell of his lust.

Each lick made Bakugo shiver. He panted, letting out little whispers for more. Left pit was licked clean, and a lick across the chest to the right. He felt the werewolf sniff him, taking in his scent like he needed air. As he moved his fur tickled Bakugo's bare skin.

Izuku moved up his right arm to his hand. He lapped at the palm and the blonde bucked and moaned. "Deku!" he moaned. "Damn it get on with it!" he bucked his hips.

The werewolf ground down, using his big cock to rub both Kacchan's cock and balls. His toes curled at the friction and the heat of the male's girth. He started to leak and that guided the werewolf's focus down his body. Not wasting a moment he never separated licking, kissing, and sucking his way down his body.

He pauses before his cock, letting his hot breath wash over his crotch. Before he could protest and beg for more Izuku gave him exactly what he wanted. He swallowed the blonde down to the root in one go. His muzzle fitting his penis well,

and his tongue had free range over his throbbing penis. “Ahh fuck yes Deku!” he moans.

Bakugo's legs trembled, shifting to give Izuku room to work. When the werewolf began to suck he thought he was gonna lose his mind. Each suck seemed to lift his hips off the ground, the tongue caressing him with each suck.

Izuku's padded furry hands found his strong legs and caressed them. He started bobbing his head, slurping and sucking his soon to be mate's manhood like a delicious treat.

Bakugo couldn't hold back, he arched his back and came deep into the werewolf's mouth. Izuku didn't spare a drop, sucking him through his release. His sucks milked Bakugo of a few more spurts.

The blonde lay back panting, his body shaking as he rode the orgasm. “You look so sexy Kacchan.” He growls.

Bakugo looked at him and realized this was just the appetizer. He saw the main course in its thick 13 inch long glory. His manhole pulsed, and his insides grew hot. “Deku...fuck me...” he panted.

“Of course,” he lifted Bakugo's hips exposing his ass. Izuku began to lick him, his balls his taint, his crack across his hole, even his ass cheeks. That long tongue could reach here there everywhere. In seconds Bakugo was hard again, the blonde

panting and groaning in pleasure. His manhole kept twitching wanting more than just a passing lick.

Izuku read him like a book, his tongue attacked his hole focusing his powerful licks to it. It flicked it swirled and it pushed.

Bakugo's entrance gave in and he moaned as the long tongue pushed inside. "Izuku!" he moaned, toes curling.

Izuku pushed in deeper coating his insides with saliva. Bakugo felt like was losing his mind only to be forced to cum again!

Padded hand pumped his shaft, as the long tongue wiggled in his channel, how could he not climax. His seed erupting all over himself.

"Please Izuku I need you inside me!" he moaned.

The werewolf pulled his tongue out. "I'm not done prepping you." Bakugo glared.

"Damn it fuck me now or I'll ride you myself!" Izuku chuckled.

"I know what you want Kacchan, I know what you need!" The blonde shivered. "I'm gonna fuck you, over and over till you can't even remember your own name." his penis pulsed

at that. “Be ready because once I’m inside you I won’t stop till dawn.”

‘Oh fuck!’ he thought. His back arched, and Izuku used that movement to shift Bakugo onto his hands and knees. This was it the big moment.

The werewolf quirk users cock was drenched in pre. The two were bathed in moon light, they paused to drink in this moment as what they had been waiting for was finally gonna happen.

He cupped the red eyed boy's plump rear and spread his cheeks. The tip of his cock kissed his hole, with a little push he breached the boy's tight ass.

“Ahhhh!” Bakugo was glad he practiced with toys now. They couldn’t compare, his ass stretched wide a long his girth.

Izuku went slow, agonizingly slow for Bakugo and his hips shook. The blonde had hearts in his eyes, while he drooled with each new inch. “So...big...”

“So tight!” Izuku growled and covered his body with his own. He lapped at his shoulder and back, helping ease any pain.

Pain Bakugo could handle, what drove him mad was the slow friction that made his insides melt. Just when he thought he was full Izuku gave him another inch.

His stomach swelled at the size, and soon his ass met Izuku's knot. Hot, his dick was sooo hot and sooo big, and he felt solo full!

He let out a gurgled noise as he came again, his cock straining against his swollen belly. He unloaded his seed, as his hole tightened around the thick shaft. Izuku remained still inside him, letting the boy spasm hotly around his shaft.

“How's it feel Kacchan?” he asked before nibbling on his ear.

“Fucking Amazing!” he gasped. One hand found his cock, the padded paw fondled his cock so easily, while the other caressed his chest, thumb brushing a nipple. “Move Damn It!” he groaned.

“Such a naughty mouth, but you are right.” he pulled out quickly, and Bakugo's eyes widened at the void inside him. He looked over his shoulder.

“D..eku...” he was shaking, his manhole pulsing around the fat head of his partner's cock. “Yes!” he cried out as Izuku thrust back in, his knot slapping his hole.

Izuku's thrusts were powerful, shaking the blonde to his very core. He felt every inch, in and out, in and out, and the slap slap of Izuku's knot smacking his entrance was mind-numbingly hot!

Bakugo panted and moaned, back arching, butt clenching in raw pleasure. He was hit with orgasm after orgasm, his seed pelting the ground. He felt Izuku's pre flood his insides, making him wet inside, but he wanted the cum.

Izuku panted above him, paws fondling his hard body, caressing and massaging when needed. Sometimes he would stroke Bakugo to completion, other times he focused both hands on his nipples just letting his cock bounce and bob with each thrust.

By his seventh orgasm he finally got what he wanted. Izuku let out a howl and came, a thick torrent of cum hit his insides. His sweet spot was hit hard and the seed filled his belly. It didn't end there, even after a powerful and mind blowing orgasm Izuku was still hard. "I promised you Kacchan, I'm gonna fuck you till I'm satisfied."

He was flipped and found himself on his back, legs up in the air with a sexy green werewolf starring down at him. Being spun around Izuku's dick was new, but not entirely unpleasant. His face burned in a blush. Izuku licked his foot, caressing his leg in a tender motion. "The night is still young."

Bakugo learned first hand why mating on the full moon was so special. The energy, the stamina, the power, Bakugo found himself in many positions at one time or another. Hours of

non stop fucking commenced, missionary side saddle, doggy, there was even a time when he found himself riding him.

No matter the position Bakugo found great enjoyment in many things. Izuku's fur brush against his naked body, it tickled but in his aroused state felt very good. When they faced each other, Izuku's look of utter love and devotion, the world around Bakugo may as well have not existed to the werewolf, all he saw was him.

No time was this more clear was when he rode him, he bounced up and down his shaft, with Izuku watching his every move.

With his strength he could support anything, but the main event was coming up fast.

'Izuku's knot!' the hard flesh kept hitting his hole over and over but never sank in. It was the finale, and it was coming soon. Bakugo found himself back in a familiar position, he had his arms and legs wrapped around Izuku, the male's cock working in and out of his cum filled hole.

This position was a little odd, but combined everything. Like hugging a favorite stuffed animal and great sex all rolled into one. He moaned into the male's neck/shoulder, his body was covered and filled with semen, and he loved it. His toes

curled as his sweet spot was hit again, and his rod twitched as he had a dry orgasm.

His balls were spent, they had been at it for hours, all he could do was cling to Deku for dear life. Then it happened, Izuku gave one hard thrust and buried his knot into his hole. “Kacchan!” he howled as he came.

Bakugo hung between realm between consciousness and unconsciousness. Izuku moved him to a comfortable position, but his cock was locked deep inside. “Kacchan you okay?”

“Better than ever baka,” he says softly. “Just can't move, fuck I feel like jelly.”

Izuku chuckled and rubbed his back. “Sorry my knot won't shrink till sunrise.”

“Not complaining dumb ass.” he mumbles. “I guess I really am a bottom huh?”

“Ehh I wouldn't be so sure, I'll have need of your cock in the future. When we get more mates my full moon needs will get more powerful and I'll need all my needs satisfied, my hole is the right of the first mate.” red eyes blinked at him in surprise.

“You mean you'd...” he couldn't believe it. Izuku nodded.

“When on nights of the full moon, I can go a little wild. So long as you respect my beast side I don't mind a little anal play.” Bakugo's mind fried at the possibilities.

“Damn I really am an idiot.” he says.

“Ehh?”

“All this time I've been fighting my feelings, when the perfect mate was right there with me.” Izuku blushed. “I'm so happy!” he clung to Izuku tighter.

“Me to, Kacchan!” the two embraced, and spent the rest of the night cuddling. As dawn's light broke, steam leaked out of Izuku's body. Bakugo rubbed his tired eyes.

“Morning already...ehh?” For a moment Izuku had a new form. He looked partly human, but he had green fur on his arms and legs, and his nails were black, his tail and ears were out and his eyes were still beastly. He rubbed his eyes and blinked but Izuku was back in full human form. 'Was I imagining things?'

Izuku pulled out, and gave Bakugo a tongue bath to clean up. “We'll be students at Yuuei soon, it'll be classes and hero training.”

“Don't think I'll be slowing down, just because you are my alpha doesn't mean I won't stop shooting for the top.” Izuku chuckled.

“I know, that's what makes you so special. You always smile when facing a towering wall.” they got their clothes and Izuku carried Bakugo home. The blonde wouldn't be moving for a day or so. He bore a mark, and his fang necklace from that day forward.

'Our first mating was amazing, well worth the wait.' Bakugo thought.

To be continued

Chap 7 Tests and Duels

Bakugo woke to warmth. His mate was spooning him from behind. He laced his fingers with his mate. They spent the last few days in the buff, Bakugo only wearing the fang necklace. It was mostly cuddling, but Bakugo was fine with it.

The blonde was treated to breakfast lunch and dinner in bed. Full moon matings were something else. Since they had time, Izuku talked to Bakugo about Kirishima.

“Ehh, so you already got some bitch chasing your tail already.” he had his head resting on Izuku's chest.

“That's one way to put it, do you mind?” Bakugo smirked.

“Well I wanna meet him first, and he needs to know his place in the pack. Might need to give him a test.” he says and his hand releases sparks. Izuku sweat drops. “Just don't kill anyone Kacchan.” Izuku warns.

“Tch, we don't need any weak bitches in the pack.” he grumbles.

“I swear I need to make pamphlets, I don't want things to get too crazy.” he rubs Bakugo's back.

“Tch, such a nerd.” he says but nuzzles against him.

Izuku smiles. “But I'm your nerd.”

“Damn straight.”

-X-

He was ready by the time school started. “Do you want me to walk with you to school?” Izuku was heading back to his home, now dressed, and standing at the front door of the Katsuki home.

“I don't need you to hold my hand, I'm fine, you damn nerd!” he snaps.

“Oi don't talk to your mate like that.” his mother slapped him upside the head. “Don't hit me you old hag!” he snapped back. Izuku chuckled.

He pulled Bakugo forward and hugged him. “Then I will see you in class.” he kissed his cheek. Bakugo blushed, but kissed the male back.

“I'll see you there, don't be late!” he says, and Izuku smiles.

“Wouldn't think of it.” Izuku goes off and heads home to get ready for school.

“Aww you two are so cute.” Bakugo twitches, his face turning red.

“Shut it you old hag!” Smack!

-x- Izuku's Pov

I was getting ready for school. “Did you pack everything?” Mom was behind me, she was so happy for me.

“Yes I got everything.” I put my notebook in my bag.

“Izuku, I...I'm so proud of you...and I know your father is to.” I felt my cheeks burning in a blush.

“Thank you!” a warm hug before I head off to school. “I'm off!”

“Izuku!” she calls and I stop at the gate. “I'm happy about you and Bakugo.” she smiled and gave me a thumbs up. So embarrassing, but it was great having her support.

Yuuei was an amazing place. Every teacher was a pro hero, so I was in a state of full on fanboy mode. 'So many big named heroes have come from this place.' it made my heart flutter.

My scores helped me get assigned to class 1-A. “Whoa the doors are so huge!” I brought a hand to my chest. 'I hope me and Kacchan have the same class.' I opened the door.

“Bakugou-kun please get your feet off the desk, it's disrespectful.” Oh no...

The boy getting into it with Kacchan, I remembered him from the exam. He was...intense...to say the least. He was

apparently from an elite prep school. Oh yeah this would be bad.

“Soumei huh? That makes you some sort of elite hot shot, good I look forward to crushing you!” Yep...I sigh.

“Crush me, are you really trying to be a hero?” Kacchan huffed. That's when they noticed me.

Tenya Iida came right at me. “Izuku Midoriya, forgive me I thought you were but a reckless fool...” Gee thanks. “But you saw something in that exam I did not. You truly are impressive.” he took my hand. “Forgive me, I have misjudged you.” He kissed the back of my hand.

“Hey!” Bakugo got up, explosions going off in his hand. “Hands off my Deku!”

Iida pointed between us. The look on his face was one of shock. “So you guys really are together?” Kirishima came forward.

“Ah Kirishima-kun, it's so cool you are in the same class.” Izuku smiled.

“So this is the guy huh?” Bakugo gave him a hard look. “Spiky hair are you strong?”

“Your hair is as spiky as mine.” he has a point. “You must be the first mate.” that's surprising.

“Kirishima-kun did you do research on werewolves after the exam?” I blush, it would make things easier.

“Well actually...” he blushed and scratched his chin. “I did research on werewolves, after I saw the video of the sludge villain incident.” Whoa since back then. “I wanted to talk to you before the exam, but it was great that you saved me. I admit I had a crush on you, but I truly fell for you.”

He looked to Kacchan. “You two must have been in love for a long time, the way Izuku fought so bravely to save you.”

“Actually we've only been mates for a few days.” Kacchan blushed.

“What?! You mean you did all that to save your friend?” Kirishima's eyes seemed to light up. “Oh man you are so manly and cool!” I blush.

“You have a cool quirk yourself.” He demonstrated it. His body hardening like rock.

“It's not really flashy though.”

“I think it's awesome.” he blushes.

“Well looks to me you have a hard on for my nerd. You did the research right, as first mate I have say over anyone who wants to mate with him.” he's smirking, smoke rising from his hands.

“So I just gotta impress you huh?” He punches his palm, looking confident. I gotta admit I was sweating. Kacchan said he was fine with me taking others, following my werewolf instincts, but he probably wasn't gonna make it easy.

Poor Iida got swept into the fiery stare down. “Hey!” we jumped and turned, but saw no one. “Would you lot quit standing around.” We looked down and saw a man in a sleeping bag.

This guy was our teacher? He looked familiar but it was super weird. He introduced himself as Aizawa Shouta, and our homeroom teacher.

We thought we were gonna go to orientation, but instead he has us change into our gym clothes and go outside. “I'm gonna tell you lot right now, I don't think the judges this year were very practical.” Huh? “I'm here to weed out those who have no talent.” What?! “We are gonna be having an exam, the one who places last in the exam will be expelled on the spot.”

“WHAT?!” the whole class was stunned.

“You can't be serious!” a girl with brown hair spoke up.

“Oh I'm serious,” his eyes glow and his scarf moves and I can see goggles. “There will be 8 tests, you should know your fitness tests in middle school. You'll be allowed to use your

quirks. Your scores will be collected and the one in last place will be expelled. Though if I see anyone half-assing it, you will also be expelled.”

This is crazy! I look around, I'm not the only one concerned. I see Kirishima look a little nervous. I put my hand on his shoulder. “You can do this!”

“Thanks!”

Aizawa-sensei has Kacchan give us an example with the ball throw. “Die!” he roars and Boom! The ball is sent flying into the distance. Aizawa records the distance.

“Die?” Kirishima sweats, he looks to me and I laugh. It's classic Kacchan.

End Izuku's Pov

“This may seem harsh, but in this school you will be competing with each other non-stop, climbing higher and higher to reach the pinnacle of your abilities. If something like this scares you, you won't make it!” Aizawa says.

The first test was a 50 Meter Dash dash. Iida aced that one, thanks to his quirk Engine, but Izuku wasn't about to fall short. Izuku removed his shoes. “Legs of the Wolf!” he did a partial transformation. His feet morphed into paws, but sadly

his pants couldn't take the transformation, and they ripped up to his knees.

He dashed forward, and secured the second highest score there.

The Grip Test

Mezo Shoji won that one. “Wow your quirk is amazing!” Izuku went up to him.

“Oh uh thank you,” one of the tentacles said.

Kirishima noticed. “He really likes quirks huh.”

Bakugo humphed. “Damn nerd!”

Izuku morphed his arm and hand into his werewolf form. He got a good score there.

Standing Long Jump

Bakugo used his explosions to clear the leap. Izuku used his wolf legs.

Sustained Sideways Jumps

Izuku had to go full wolf for this one. The boy tossed off his shirt so it wouldn't rip apart, he got some stares from the others, boys and girls alike. Izuku was ripped, and his muscles only grew as he got big and furry. He was able to balance himself to go side to side at great speed.

The Pitch

The brown haired girl named Uraraka got the highest score on that one, but with her zero gravity quirk who could beat infinity.

Sit Ups

Kirishima was his partner, he was holding his feet as Izuku did sit up after sit up. He blushed as he watched Izuku's muscles flex. Izuku transformed to accelerate his movements.

Toe Touch

This was no problem in his wolf form, he was quite flexible in this form.

100 Meter Dash

By this time he had used up his full form, but he could still use his partial morph. Using his wolf legs he managed to place third in the 100 meter dash.

-x-

Aizawa's Pov

This kid...he was supposed to be competing with everyone. Still on every test he was cheering everyone on. He took time to analyze their quirks, and took down their stats. The kid was

quick on his feet as well in the head. His wolf ears and tail were showing as he marveled at each person's quirk.

I have to admit, the crop this year is better than I expected. I was half expecting the wolf boy to use one for all and wreck himself to max out his scores, relying on his regeneration to get by, but no, he fought using his own abilities.

Still...there were other students that got passed over due to that exam. I'll be keeping an eye on this lot.

-x- End Pov-x-

The first day was rough but short, most of the day was more for introduction, but the real madness came after school. Izuku sat in the grass by the training field.

“You think you can handle this spiky hair?” Bakugo's hands spark with explosion.

“We gonna have a spar?” he cracked his knuckles.

“You can say that, if you can prove you aren't trash, you can court Deku.”

“Kirishima do your best, Kacchan don't kill him.” the red head sweat dropped.

The battle was on, Bakugo started off by launching into the air with an explosion.

Kirishima hardened his body and threw a punch. He dodged using explosions and blasted Kirishima in the back. The red head smirked and attacked Bakugo. Throwing punches left and right trying to keep Bakugo on edge.

It worked till Bakugo brought his hands together and created a smoke screen. The red head coughed, and Bakugo blasted him. His hardening cracked. 'Damn!' he grit his teeth. 'I gotta go for broke!' he dashed forward and Bakugo hit him with a few more explosions.

Kirishima took the blasts and tackled Bakugo and pinned him. "I win!" he says.

"Not yet!" He releases a large explosion and knocks Kirishima back. Two arms aimed at him, he let loose a barrage of explosions, and the red head dropped.

"Sorry, but you are too weak." he says over Kirishima's body. The boy's clothes were burned off, and he seemed down for the count. "You aren't allowed in the pack."

He turned and was about to walk to Izuku, when he felt a hand grip his ankle. "Sorry, but I couldn't call myself a man if I gave up here!"

"Oi let go!" he snapped.

“Sorry but real men, chase after what they want. I want to be Izuku's mate.” he smirked. “I was so moved seeing him fight that sludge villain, and when he saved my life, I knew I found a guy I'd like to be with, someone manly and cool, and smart to!” he couldn't get up, but he refused to let go. “I want to become his mate, and even if you see me as weak, I'll keep fighting and getting stronger!”

“He isn't your mate!” he was about to blast Kirishima when Izuku stepped in. “Deku?” the boy caught him by his wrist.

“That's enough Kacchan,” Bakugo tched and backed off.

Kirishima gave a weak laugh. “I must look pretty pathetic, I lost and spilled my guts.”

“Not at all,” he scooped the red head up. “We can court each other.” he smiles.

“Ehh?” the red head blinked in shock. “But I lost!”

“We can date can't we Kacchan?” the greenette turned towards his mate.

“Feh, I guess it's fine. He didn't totally suck.” he crossed his arms.

“That's Kacchan's way of saying you did well.” the blonde blushed. “I already considered you more than worthy.” he licked the red head's cheek.

“But but but,” he looked to the blonde.

“You didn't back down, and you were honest with your feelings. So I guess you won't be bad to have around.” he stomped over. “Just don't get any funny ideas, I'm the first mate got it!”

“Got it!” he smiled a big toothy grin.

“Relax, Kacchan might be a bit prickly on the outside but he's actually sweet.”

“Oi!” he snapped. Izuku took Kirishima to Recovery Girl.

Bakugo waited for him at the school gates. “He's going to be fine. You really did a number on him.”

“He was harder to kill than I expected.” Izuku chuckles. “So how long till you two mate?”

“We gonna court first, we won't mate till the next full moon.”

“So you are still all mine till then.” he pulled Izuku into a heated kiss. Izuku dominates it, and leaves the blonde a panting mess.

“I'll always be yours Kacchan, just as you are mine! Kirishima will be mine to.” he says after the kiss. “Now let's go home and take care of this.” he cups the blonde's crotch, feeling his bulge. That was a good plan.

To be continued

Chap 8 Team A versus Team B

Bakugo was laying in Izuku's bed. Both were naked, the covers kicked off to Bakugo didn't care when he had Izuku laying next to him and that was all that mattered at the moment.

The blonde was positively glowing, it amazed him that even after taking Izuku's monster of a cock he wasn't completely wrecked. It felt so amazing having his cock inside him. His hole twitched as cum leaked out of him.

Izuku was currently licking their mating mark, sending shivers through Bakugo's whole body. "So you like Kirishima don't you?" the werewolf asked.

"I admit he isn't trash." he says. He'd been wondering when Izuku was gonna ask.

"High praise coming from you." he kissed his cheek. "He impressed you didn't he?"

"He said some things damn spiky hair. I'll admit he would make a good mate for you."

"You are a good mate to Kacchan." he rubbed the male's back. "You were worth the wait."

“I'll show you how good of a mate I am, once you add more to the harem I get to top right?” Izuku chuckled.

“Yes, that is correct.” Bakugo smirked. He was looking forward to that.

“I can't wait to rock your world!” he pulls Izuku close and kisses him. The greenette kisses back happily.

Yes Bakugo was certainly worth the wait. He's come a long way, and so has he. If he could go back in time and tell his 5 year old self that he would mate Kacchan someday he'd never believe him. He was still prickly, but that was part of him and Izuku wouldn't change it.

'Kacchan has leadership skills, I'll need his help keeping order among the pack.' it was an unspoken rule between them. Bakugo would submit fully in the bedroom since he enjoyed it, but on the hero track he wouldn't back down.

Izuku had a little talk with Kirishima in the nurse's office.

-x-Flashback-x-

After a smooch from Recovery Girl, Kirishima was fine but needed to rest. “Man that Bakugo guy is so strong!”

“Yes, but you are strong to Kirishima-kun.” he gave the boy a kiss on the cheek. “Not only that, I believe you will get stronger.”

He shed manly tears. “Oh man you both are so cool and manly.” he smiles.

“Get some rest, I'll see you tomorrow. We can start courting then.” Kirishima smiled.

-x-End Flashback-x-

'Having Kirishima around will help with training. He's tough and has a great spirit.' he smiled. He began muttering about the potential of Kirishima's quirk, and Bakugo twitched.

“Go to sleep damn nerd!” he snapped.

Bakugo rolled over, and Izuku stuffed his ass with his cock. “Good night Kacchan.” the blonde yawned and settled back into his warmth. He had such nice dreams when Izuku kept him stuffed.

“Mmmm, night Deku...” he drifted off to sleep.

-x-Izuku's POV-x-

We arrived at school. “Yo Izuku-kun Bakugo-kun!” Kirishima waved and ran over to us.

“Oi weird hair, don't act so friendly!” Kacchan snapped. The red head simply laughed.

After Homeroom, we had the more basic courses. Hero History, Math and Money Management, Gym and Quirk

Training, then Lunch with the cooking hero. I was in fanboy heaven. Every few minutes I was jotting down notes, either from the teachers or my fellow students.

Kaminari Denki helped me move papers. “Say Midoriya, what's your favorite food, I'd be happy to treat you.”

“Umm, I like pork cutlet bowls.” He smiles at me and gets close.

“How about this Saturday, you and me...” Kacchan suddenly grabs him by the shoulder, smoke emitting from the contact.

“You wanna die?” Denki-kun backed off. I did give him a small apology though. In a pack one could simply dive in and go after the leader.

We sat together at lunch. “So Midoriya, is it okay if we go on a date?” I froze, and after a moment I couldn't help but chuckle. “Huh?”

“Dumb ass, of course it's fine. Deku said he's courting you.”

“Oh but earlier...” Kacchan slammed his hand on the table.

“Dumb ass, I'm not gonna let anyone steal Deku, he's accepted you in the pack so do as you please.”

“Midoriya-kun!” Iida came running over with his lunch.

“May I sit with you?” I nodded smiling, but Kacchan glared,

when he tried to sit right next to me. So he chose to sit next to Kirishima-kun across from me.

“I see, you are protective of Midoriya...wait Deku?”

“It's Kacchan's nickname for me, my quirk wasn't that powerful as a kid, it was sorta teasing.” he huffed and folded his arms.

“So it was an insult. How rude!” Iida snapped.

“Shut it!” Kacchan snapped.

“I like Deku, it's cool like You can do it!” I blushed.

“Thank you Kirishima-kun.” It was his turn to blush.

“Midoriya, I misjudged you, I must apologize, at the entrance exam I thought you were just fooling around but you saw more in the exam than I did. I have much to learn.” he gave a light bow.

'I really didn't I just wanted to help.' I sweat dropped.

“I still don't think it's proper, even if you are lovers it's not right for you to attack people just for getting close to Midoriya.” Iida says. 'Oh no!'

“Ehh?” Kacchan was about to get riled up. “You don't know shit, Deku can have all the friends he wants. Little shits who want him that way need to go through the proper rights.”

“So you have no problem with me being Izuku's friend, but if I wanted to be something more to him.”

“You?!” Kacchan chuckled. “My Deku would wreck you!”

The two glared at each other. “Well I'm done,” I clapped my hands together. “Kacchan!” I captured his lips. “Kirichan.” I captured his lips. All three of them blushed. Iida more so from viewing. “I'll see you around Iida-kun.”

-x-End Izuku's Pov-x-

“I am...coming through the door epically!” All Might through open the door and came into the room, his hero suit was a classic silver age style. It hugged his muscled form perfectly. Everyone was so pumped to see him.

“All Might is so cool!” Kirishima says.

“First things first,” he pressed a button. Rows of boxes came out. “Here we have your hero costumes you requested.” the class roared with excitement.

Hero course training, this is what we were wanting. Our first test was combat training, we would be paired up, and teams would versus each other.

First stop was the changing room. “Oi spiky hair help me out for a second.”

“Ehh?” he was dragged over to Izuku. The two stood guard as he pulled off his shirt.

“Umm guys what are you doing?”

“Just get dressed, you damn nerd.” Kirishima got it, the moment Izuku started stripping, eyes fell on him. Kaminari was blushing and had a little bit of a nosebleed. He could see why, Izuku's body was gorgeous, his muscles rippled as he pulled off his undershirt.

“Kacchan seriously, I'm fine.” his wolf tail popped out and slapped both their butts. “You guys get dressed!”

“But...” Kirishima put a hand on his shoulder. “Come on, no one is gonna mess with him here.”

“Fine!” he snapped and walked off.

The hero costumes were full of variety. Iida looked like some kind of futuristic knight. Bakugo looked awesome, his designs all had purpose. The skin tight black top, the baggy pants, the belt containing his specially made items, and his gauntlets also specially made, even his mask was designed to give him an intimidating look. Kirishima was showing off some skin, he had shoulder pads like gears his lower half was clad in black and red, with thick boots.

Then out stepped Midoriya...

“What the fuck Deku?!” Kirishima and Denki got a nosebleed at the sight. Izuku was wearing a spiked collar with a silver chain with a wolf head at the end, he wore a green speedo, it had a hole in the back for his tail which was out and wagging happily, he wore cuffs and anklets. He wore a wrestling like mask, that looked like he had bunny ears.

All Might stifled a chuckle. 'Young man you...' he was oddly touched. As his mask had an All Might like feel to it. It looks so simple but it was kinda erotic.

“Alright you guys will be paired up into teams.” All Might says. “Then we shall draw lots to decide who will be heroes and villains. The villains will be in charge of protecting a weapon, it's fake of course. The heroes will infiltrate the building and try to retrieve the weapon.” he was reading from a note book. “Should the villains capture our heroes or are able to protect the weapon till time runs out they win, but if our heroes capture the villains or secure the weapon.” he held up special tape for binding the teams.

Izuku was teamed up with Uraraka, Bakugo was teamed up with Iida. Izuku was on the hero team, Bakugo was the villain team.

“You and Bakugo-kun are mates right?” Uraraka asked. Izuku blushed, but nodded. “Does that mean he'll go easy on us, he's kinda scary?”

“No, Kacchan won't hold back. He has his reasons, but he'll come straight for me, but I have a plan.”

The villain team entered the building getting 5 minutes to prepare for the heroes. Bakugo glared at Iida. “You stay here and guard the weapon I'll go after Deku and Round Face!”

“How can you say that Midoriya is your mate how can you be so blood thirsty?”

“Because I have my own goals I need to reach, Deku wouldn't stand in my way, he'll push me and I'll push him. To hold back would be an insult!”

-x-

Thanks to Uraraka's quirk: Zero Gravity she made herself and Izuku weightless. So Izuku scaled the building, using his wolf arms and legs with her on his back. He couldn't go to high, but he cleared the first few traps the villains were able to put up.

They entered mid way as to not over exert her quirk. 'I can smell him.' he turned to her. “He's here!” Boom!

Bakugo blasted his way, Uraraka would have been down for the count but Izuku stepped in and took the front of the blast. His skin burned but it began to heal. “Izuku are you okay?” she asked.

“I'm fine, get going!”

“Right!” she ran off.

“I knew those traps were a waste of time, but now things are gonna get good!” explosions went off in his palm.

The students watched as the teams made their moves. Only All Might could hear what they were saying.

Bakugo and Izuku began to clash. Their movements were incredible, matching each other point for point. Izuku's beast like agility was met with Bakugo's explosive turns and propulsion.

The thing was Izuku was only using his partial transformation and mixed martial arts. 'These two, all their lives they've been pushing each other. They've known each other for a long time. Their skills are impressive.' All Might thought.

'So cool!' Kirishima thought.

Both had worked up a nice sweat from their brawl. Bakugo's gauntlets glowed. “It's time,” Izuku raised a brow at him.

“Let's try these babies out!” he aimed the gauntlet at Izuku.

“Stop young Bakugo you'll kill him!” All Might shouted.

“He'll be fine!” he pulled the pin and BOOOOOOOOOOOOM!

The sheer power of the explosion ripped through the nearby wall and blew a giant hole in the building. The smoke blocked the cameras and Kirishima was freaking out. Iida and Uraraka were trying to find out what happened. “Are they okay?”

Izuku had to fully transform in order to dodge it.

“Young Bakugo, you are not to use that move again, a villain destroying his base of operations like that is an equally bad move.” Bakugo clicked his tongue. Izuku burst from the rubble in full wolf form.

“Now we are talking!” Bakugo launched himself into the air and Izuku took this chance. He inhaled a large amount of air and blasted him. As soon as Bakugo landed Izuku was on him. 'He's faster then before!' He quickly used the capture tape and began to tie Kacchan up.

The blonde found himself hogtied. “Gah damn it!” he was tied up in the best of ways.

“That was crazy Kacchan, but we'll talk later.” he put the tape over his mouth and dashed off to join Uraraka.

“You!” Iida was playing the role of the villain, which Uraraka found hilarious. Iida was fast his quirk Engine could boost his speed, but he was up against a werewolf. While Izuku distracted Iida she got the weapon.

“Hero Team Wins!” All Might called. Izuku went to go untie Bakugo. All Might could hear everything he was saying.

“I can smell your arousal Kacchan, shall I add bondage games to our bedroom fun.”

“Dumb ass!” Bakugo growled. “Maybe...” his hard cock was pulsing in his pants. Izuku gave him a peck on the cheek. All Might blushed.

Izuku's and Bakugo's little rumble sure lit a fire among the students.

Bakugo and Uraraka were scolded, Bakugo for using his explosion to damage his base and leaving his partner alone. Uraraka got scolded for losing her cover and nearly getting captured by Iida.

The students had their turns, Izuku was in full fanboy mode tail wagging as he observed everyone's quirks. Bakugo saw how powerful the other students were. 'I can't beat them...' His pride was shaken down.

Momo was smart, Todoroki's power was overwhelming capable of freezing the whole building. Izuku patted his back. He knew how much Bakugo hated to lose. His instincts told him to comfort him but if he did it now it'd only hurt his pride more.

“I'll get stronger, damn it!” they said in passing. “We both will.” He needed time to cool down.

The boys headed back to the locker room and Izuku pulled Kirishima off to the bathroom. “Deku that was amazing you and Bakugo were...” he was silenced by a fierce kiss.

A firm hand cupped his crotch feeling his hardness. “You got hard watching me and Bakugo fight didn't you?” the red head blushed. “Y-Yes...” he moaned.

“Allow me to help you out.” Izuku dropped to his knees and lowered the male's pants. “A fundoshi?”

“I like them.” he says. His penis was making quite the tent in the garment. “They suit you.” he removed his undergarment the red head's hard 9 inch cock springing up into the air.

He had a thick nest of pubes crowning his crotch and a little pre soaking the tip. The manly aroma was mouth watering. Izuku began to lick his shaft and the red head moaned. “Oh Izuku ahh!”

Izuku fondled his balls, dragging his tongue along his length, tasting him in the best of ways. He tasted better than he thought, different than both All Might and Bakugo. He wondered if all cocks tasted different or they just different to him.

Kirishima struggled to hold back his moans, this was so hot. Izuku's hot breath caressing his length as he worked him up and down. His balls were juggled and manhandled, sending pleasing sensations through him.

Izuku swallowed him, down to the root, in one go! “OH MY GAWD!” Kirishima saw stars, his butt cheeks clenched and he came blowing his load down Izuku's throat. He pulled back lapping at the head. He pumped the red head's cock, sucking on the tip coaxing more spurts of cum.

All Might had forgotten to collect the audio receivers, he just got a full on audio. His face was beat red and his cock was hard in his tight pants. He made a quick exit to hide the fact.

Izuku and Kirishima returned the locker room to get changed back into school uniforms. It almost seemed like the day was about to end nicely when. “Ahhhhh!” Izuku yelped as Mineta had the nerve to grope his ass.

“Don't you fucking dare try to hold me back spiky hair!” Bakugo was in the mood to kick some ass and let off some steam.

“I'm right behind you!” Kirishima cracked his knuckles.

Mineta got beat up. His screams of pain echoing through the locker room.

To be continued

Chap 9 Cheer Ups and Potential Mates

“Don’t you guys think you were a little hard on Mineta?” Izuku asked. Bakugo humphed. “He’s still alive isn’t he?” he snapped, and both Izuku and Kirishima sweat dropped. Bakugo was still pissed about the exam. “Kacchan...” he scratched his chin in worry.

“I’m fine damn it,” Izuku could smell the boy was close to tears. Momo had really laid into him and Uraraka, but Bakugo had a lot of pride to be shaken. Then everyone was giving it there all. Todoroki Shouto certainly got the top score in today’s events, not only did he incapacitate the villains but their base as well. “You can’t lie to me Kacchan, I can smell the truth.” he wrapped his arms around the blonde.

“Deku...” he clung to the greenette, he twitched when he felt another presence. “Oi Spiky hair!” Kirishima hugged him from behind.

“Man I’m so jealous, you and Midoriya are so manly and cool.” Bakugo was about to snap, when Izuku licked his cheek. “Cheer up, you aren’t alone Kacchan, you have me, and your harem brother to lean on, it doesn’t make you weak.” Bakugo submitted and let them hug it out.

The girls watched the scene from a far. “The bond of men, so wonderful.” Ochako and Mina watched the scene with stars in their eyes. “I was worried about Kirishima getting involved with Midoriya and Bakugo, since they were already mated and all but they so precious.”

“The bonds between boys so sweet.” Ochako sighed happily.

“I AM HERE...Young Bakugo...I found you!” All Might showed up to try and cheer Bakugo up, but the blonde didn’t need his weak pep talk. “I’ll tell you this once, self confidence is indeed a vital thing, and your not mistaken you have talent befitting a pro, from here on out you can climb higher.”

He froze when Bakugo glared at him. “This is just my first step got it, I’ll beat everyone, even you All Might.” The man sweat dropped.

‘Young Bakugo, you are full of self confidence, but it seems you have found a strong mate to help your inflated heart. As a teacher I have to step things up.’ He’d already been scolded by Recovery Girl not to put too much pressure on any of the students especially Midoriya. Just because he had regenerative abilities didn’t mean One For All couldn’t seriously damage him.

Bakugo went home for the day. Izuku and Kirishima returned to class. The class was chatting about the last exam with All Might. “Man you and Bakugo are so manly, your fight was so hot!” Izuku chuckled. “You guys are really close, is it really okay for me to but in?”

“Do not worry, Kacchan understands, he did as much research as I did, maybe more so.” he laughed rubbing the back of his head. “You helped cheer him up, thank you.” he blushed and grinned.

“I just hope we can have what you and Bakugo have, is that selfish?”

“We may not have exactly what me and Kacchan have, but we will have love, and that love will bind us together as a pack.” the two shared a kiss before the door suddenly opened.

They turned towards the classroom, and their classmates were on them in a second. “You fought like a champ!” Ashido says. “Yeah your match had us all fired up.” Sato says. “You dodged really well,” Asui says.

The sudden attention made Izuku’s wolf ears and tail pop out. The furry appendages twitched as everyone introduced themselves. “So cute!” the girls suddenly pushed Kirishima out of the way and they all tried to grab at his ears.

“So soft!” “They so furry!” “So cute!” “Oi hey!” Izuku gasped, a blush burning on his cheeks. He wasn’t used to such attention from girls.

“So noisy,” Tokoyami says. “Keep it down will you.” The girls booed him, calling him no fun. Kirishima helps get the girls off Izuku.

“You really got the boing boing!” Mineta says and tries to grab Midoriya’s ass. Kirishima comes in giving him an elbow to the face. “Stop that!”

“It’s not fair, oh I’m so jealous you suck you pointy teathed jerk!” Mineta continued to rant at the red head.

Denki slipped in. “Oi Izuku-kun what’s your favorite food, would you like to go out sometime?”

“Oh um, pork cutlet bowls, and I’m sorry I’m courting Kirishima right now.” Wolves only court one mate at a time, once Kirishima was marked on the full moon, Izuku could court again. The blonde sulked. “Here!” he handed the blonde a pamphlet.

“Ehh, So You Wanna Date A Wolf?” he sweat dropped, but still was curious.

“You have a really interesting quirk Denki-kun, I hope we can talk in the future.” The blonde blushed.

‘Going to UA is so much fun, everyone is so interesting.’ He laughed as Iida scolded Tokoyami for sitting on top of his desk. Izuku took lots of notes on everyone’s quirks, even Momo was impressed at his analysis. Some even asked Izuku how to improve for the next exam. Izuku agreed to help of course. When he tried to talk to Todoroki however...

“Umm, Todoroki-kun your match was very impressive, you are quite strong!” the boy stood up, the look he gave Midoriya was cold. Izuku’s nose itched as as the smell of sadness and anger washed over him. It was so powerful Izuku took a step back. “Excuse me,” he left without another word.

Ashido pulled Kirishima to the side. “Are you sure about this? This whole wolf mating thing?”

“Yeah, I’m for it. I’ll admit it’s not normal but look at the world we live in.” Ashido crossed her arms. “This is what I want, I want to mate Izuku, I want to be in a pack with them.”

She smiled and patted his shoulder. “Okay, I’ll support you no matter what!” she gave him a thumbs up. Kirishima felt relieved, and returned the gesture.

-x-

Once school was over All Might found Izuku to talk. “Young man, I hope you weren’t going to tell Bakugo anything.”

“No I promised I wouldn’t but I’ve been thinking, would Kacchan be a better vessel for your power All Might?” he looked down.

All Might put a hand on his shoulder. “Young Midoriya, I see in you the spirit of a hero.” he crossed his arms. “Young Bakugo will become a strong hero one day, and with my quirk he’d certainly be a power house, but you are the one I chose as my successor. You worked very hard and you are making my quirk your own.”

“Thank you,” he blushes and rubs the back of his head.

“Believe in yourself Young Midoriya, both you and young Bakugo will become fine heroes.” he gave him a thumbs up, and his smile glistened. Izuku smiled back.

‘You must believe in yourself kid, I had my reasons to pick you. You may not see it but you really are special. Like me you struggled with a time limit and you worked hard to compensate for it. You push your body to the limit to protect people.’ he thought.

They spent some time training before Midoriya went home. After some dinner and small talk with his mother he retired to his room.

He was sleeping, when his window opened and a body slipped inside. The figure approached the bed, and Izuku’s ear

flicked. In seconds the figure found himself on his back with a full werewolf Izuku on top of him. “Kacchan?!”

The blonde was blushing, upon entering Izuku’s room he had chosen to get naked, he was wearing nothing but the fang necklace. The look in his eyes spoke volumes. “I got you Kacchan.” he captured the blonde’s lips and his long tongue invaded his mouth.

No talk, Bakugo just wanted to feel. Furry hands spread his legs and the massive cock kissed his hole. The blonde was ready for him. He thrust in and the two moaned.

In and out in and out, with Bakugo clinging to the furry male. Bakugo had to admit he loved the fur, getting fucked by that beast was like great sex mixed with hugging a teddy bear. His fur tickled Bakugo’s bare skin as he moved, his mighty rod plundering him.

With each orgasm he was moved into a new position. The bed creaked from their love making. Heated moans accompanying the noise, he was making use of every minute he had. Even when Izuku’s wolf form faded they kept at it. Firm hands wondered the blonde’s strong body.

His nipples were pinched, cock stroked, balls fondled, abs caressed, neck licked and nipped. All his erogenous zones

were loved, even some he didn't realize he had. The room smelled of sex, sweat and cum.

Once the two were spent they embraced each other, Izuku buried deep into Kacchan's cum filled body. "Thanks Deku," he whispers, and snuggles against him. "Love you damn nerd."

"Love you to." He wanted to keep One For All, and use it's power to protect people. His quirk still had it's limits. He pet the blonde. 'Our pack is gonna be strong, in different ways, and Kacchan won't rest till he's number 1!'

To be continued

Chap 10 Declaration of War

In a shady bar, hidden away deep in the shadows and back alleys of the city, a man made of, what appeared to be, black smoke was cleaning a glass. His only customer was a pale young man, with hands covering his body, even hiding his face. “Symbol of Peace...bah!” he glared at the newspaper he was reading. “He’s just a fraud. People look to him like he’s a hero, but he’s just a tool for violence.” he grinned. “Tell me Kurogiri, how would the world feel if the great symbol of peace, was finally killed by the villains.”

-x-

News about All Might being a teacher at UA had caused quite a stir. News reporters swarmed the school wall seeking an interview, going as far as to bother the students. “Excuse me can you tell me what All Might is like as a teacher?” A reporter woman went up to Uraraka.

“Oh um, well he’s big and muscley hehe!” she ran off.

The reporter found Iida next. “Can you tell us about All Might, how is he as a teacher?” Iida pushed up his glasses.

“He’s truly impressive...” he began talking very technical, making the reporters sweat drop.

Izuku was walking with Bakugo and Kirishima. “The full moon is just a few weeks away, man I’m so excited.”

Kirishima says with a blush.

“Tch, Deku’s gonna wreck you.” Bakugo says, and Kirishima laughs. Izuku blushed between them. “Maybe, but I’d wager it’s a fun ride Baku-bro!” it was Bakugo’s turn to blush.

“What’d you call me!?” he snapped.

“Easy easy, we are in the same pack right, we’re brothers, harem brothers.” Bakugo tch’d and looked away. “You’re not his mate yet spiky hair.”

“Now now, don’t be like that.” Izuku couldn’t help but smile. Kirishima would make a great addition to the pack, he was sure of it now. The boy had a great energy to him, and he seemed to be handling Bakugo well. “It really does feel like he’s part of us already.” he says, and hugs them both.

The news reporters rush over. “Excuse me, can you boys tell us about All Might?”

“Buzz off!” Bakugo says and tries to get away from them.

“Hey weren’t you the kid in the sludge villain incident?”

Bakugo twitched. Izuku stopped him from going off on them.

“We are gonna be late for class, excuse us.”

“Hey you were the wolf kid at the scene, one moment a few words please.” they tried to swarm them. ‘This isn’t good.’ Izuku thinks.

“Kirishima!” he shouts. “Right!” he rushes over to them. Izuku’s arms and legs transform. “Arms of the Wolf, Legs of the Wolf!” he grabs the two and whoosh, he jumps out of the mob of reporters and makes it through the gate. “Man reporters are intense.”

Thankfully Aizawa shut them out. All Might wasn’t at the school to do interviews. One of the reporters tried to cross the gate, only to have the security system trigger. A huge massive gate came down, it was thick heavy metal. “What the heck is this!?” the female reporter gasped.

“It’s the UA barrier, it’s designed to keep anyone without a pass out.” the camera guy explains. Not to far away a hooded figure watched the scene with a smirk.

-X-

“Man so much press out there, you think we are gonna be famous?” Denki asked. A girl named Jiro smacked him.

“Idiot, they are here for All Might.”

“Yes, and I can see why, his presence certainly is radiant.” Tokoyami says.

“Tch, their a bunch of vultures if you ask me.” Bakugo snaps.

“Maybe, but one day we’ll be famous heroes to, so reporters and stuff you gotta get used to it I guess.” Sero adds.

Aizawa comes in and the class quiets down a bit. “Great job on the combat training yesterday, I’ve watched the video feeds and gone over each of your team’s results.” he looks at Bakugo. “Bakugo, you’re talented, so don’t sulk like a child over a loss, okay?”

“Yes sir,” Izuku gave him a there there pat.

“And Midoriya, just because Bakugo is your mate doesn’t mean you should spoil, if he had been fighting anyone else other than you would have suffered serious injuries for his tactics.” he gives Izuku a stern look. “With the style of your quirk and your position in the pack, you are the alpha you need to act like it. You need to work harder, also you tend to act recklessly falling back on your recovery abilities, you are not immortal remember this.”

Izuku hung his head low. “Yes sir.” Aizawa sighed. “But your quirk is very useful, keep working on it.” Izuku brightened up at that. “Yes!”

Shoto and Mezo won their match over Ojiro and Toru. “You two did your best, the strategy was a decent one, however

sometimes even the best strategies fail against overwhelming force, remember this in the future and plan accordingly.”

“Right!” Ojiro a blonde boy with a tail quirk, along with Toru an invisible girl say. Izuku had seen the fight, Mezo had used his quirk to locate them, and Todoroki...well he froze the entire building. It gave Izuku chills thinking about it, his quirk was so powerful, and if ice wasn't enough, he was also able to melt it with his left side. ‘Duo quirks, its rare but not impossible. He was able to capture the villains team without harming his partner.’

Team G vs Team C was Denki and Jiro vs Momo and Mineta. It was the Villain Team's win. Mineta had laid traps through the halls, and Momo fortified their location with her creation quirk. Denki and Jiro avoided Mineta's Sticky Balls, but couldn't get past the barricade in time.

Team H vs Team J Tokoyami and Tsuyu versus Sero and Kirishima. Kirishima had put up a good fight, while Sero tried to capture the heroes. Tsuyu was just too fast to be caught, and Dark Shadow was overwhelming. Still Kirishima tried so hard. In the end they recovered the weapon and the hero team won.

Team E vs Team F Mina and Yuga versus Koda and Sato. Despite some issues between Mina and Yuga they were able to secure the weapon. “Sato, you used your quirk to soon

which left you vulnerable. You'll need to improve both your quirk and the timing of it.”

“Yes sir.” He says.

“Now to get down to business, this will determine your future here at UA.” the class began to sweat. ‘Is it another quirk test?’

“You all need to pick a class representative.” The class breathed a sigh of relief. ‘Oh good it’s just normal school stuff.’

“Pick me guys, I wanna be class rep!” Kirishima called.

“I’ll take it!” Denki says. “No way!” Jiro says and raises her arm. “I’d be perfect for-” Yuga began but Mina cut him off.

“Me me, I’ll do it!” she says waving her arms. In normal schools being class rep was just extra work. It looks good to hero agencies and shows you can lead a team like a pro.

The class was in uproar over who got to be the rep. “Silence, everyone please!” Iida was standing up, raising his hand the highest. “The class rep, needs to have the trust of everyone in class, so we should have an election.”

‘I think Iida wants it most.’ Izuku thinks.

“Is this really the best idea?” Denki asked.

“We’ve barely known each other a few days.” Tsuyu says.

“Plus a vote seems suspect with the guy who has a pack.” Jiro adds and the class looks to Izuku. “Ehh?”

“That’s true, though Kirishima-kun isn’t marked by Izuku-kun, if he votes for himself and has Bakugo and Kirishima vote for him then he’d have a clear lead.” Momo says.

“Then vote for me I’m the clear choice!” Bakugo howls.

“A vote would be for the best, wouldn’t you agree sir?” Iida looked to Aizawa for assistance, but the man was already in his sleeping bag. “I don’t care how you do it, just figure it out before the day is over.”

The class was given the day to campaign. Classes flew by and soon it was lunch time. The boys got their lunches and sat down, but the cafeteria was very crowded. Though it was normal since students from support, management and hero courses share it.

Izuku was sitting at a lunch table with Bakugo, Kirishima, Denki, and Iida. At a nearby table sat Ochako and Tsuyu.

Mineta was running around promising to change the girls dress code to shorter mini skirts. “Well no one is voting for him, but himself.” Kirishima says.

“If I’m not gonna win it should be Deku.” Bakugo says, he was slumped as no one was in his corner. “I should put my vote for you at least.”

“The class wouldn’t accept me, if I won because of your guys’ votes thinking I used sex to get your sway. So I don’t want you two to vote for me.”

“What?!” the two gasp.

“Momo is right, so I want you two to vote for someone you think will do the job right, even if you think it’s me someone else.” he says. The boys agree, though Bakugo didn’t like it. “I’m impressed with you Izuku,” Iida says. “You have a noble heart, I personally think you’ll be great at it.”

“Oi glasses, you better not be fucking flirting with Deku got it!” Bakugo snaps. Iida adjusted his glasses. “You have a foul mouth. Honestly if I’ve learned anything from the Iida Family Hero agency it’s that you can get people to follow you by presenting the best of yourself.”

“Iida Family Hero Agency?” Izuku blinked, the tall boy gasped realizing his blunder. “Well you see...” he talked about his brother Ingenium. “The Iida family has been heroes for generations. I was worried people would treat me differently if they knew about my family.”

“That’s awesome!” Izuku shouts.

Iida blushes. “The current head is my elder brother.” he states proudly.

“I’ve heard of him, the Turbo Hero, he is the super popular and has 65 sidekicks.” Izuku really brightened up when he talked about heroes.

“He’s a great man, I want to be just like him one day.” he says. “He honors the hero code with all his heart.”

‘Iida has a really nice smile, he’s a little too serious at times.’ Izuku thinks.

“I know that feeling, you may not have heard of him but I wanna be like the Crimson Riot.” he says blushing. “He’s old school but I wanna be like him.”

“I hope to be like All Might one day.” Izuku smiled. “You guys will be great heroes. I know it! In fact I think we all will!”

“You should be aiming higher,” Bakugo says. “I’m aiming to surpass even All Might!” Bakugo has a point. Coming to UA each and everyone of them were seeking to become pros.

“Either way, I don’t think I’m ready for the leadership role, not just yet.” he confesses.

Before the boys could continue alarms started to go off.

“What’s that?!” Izuku gasps, he is forced to cover his ears.

Announcer: Warning Level Three Security Breach! All Students Please Evacuate The Facility In An Orderly Fashion!

“No way!” A student shouts.

“What’s a level 3 security breach?” Iida asks.

“It means someone has managed to breach the school’s barriers.” A third year student tells him. “This has never happened before.”

The students began to swarm and panic. Students got pushed and slammed together. “Hey!” Bakugo shouts, but even his booming voice couldn’t make it as the students went nuts. There was shouting and pushing, it was madness. The boys ended up getting separated from each other. Iida even getting pushed up against a nearby window.

‘What’s happening, where are the teachers?’ he looks out the window and sees the mob of reporters from before. ‘It’s the media. What do I do, has no one else noticed. Think Iida think...’

-x-Outside-x-

Aizawa and Present Mic were trying to deal with the press.

“Just give us All Might!”

“He already finished his classes for the day, and has headed home.” Present Mic explained.

“Just give us a statement.” another reporter demands.

“No way, we give you an inch and you’ll take a mile.”

Aizawa counters. Present Mic leans in close to him. “They are trespassing, should we handle them like villains?”

“Don’t even think about it.” Aizawa says. “They’ll drag your name through the mud, the police have been called we’ll have to wait for them.”

-X-

He wasn’t the only one who noticed but in the chaos no one was listening to reason. People were getting pushed and shoved, it was a total mob scene. Izuku looked around and he spotted Ochako nearby. “Uraraka-san, make me float!” he reaches out to her. “Got it!” she manages to touch him.

Izuku growls and he transforms into a werewolf. He launches above the crowd and bounces from wall to wall till he clings above the door. “AHHHHOOOOOOOOOOO!” Izuku howls, the noise cutting through noise.

“Listen to me! Everyone needs to calm down now! It is just the media outside, it’s not an attack, the teachers are handling it!” Izuku shouts. “Everything is fine! We’re UA students, we need to remain calm and prove we are the best of the best.”

The students calm down, and just in time for the police arrive.

“That’s a wrap, get these vultures out of our station! You don’t have to go home but you can’t stay here.” Present Mic cheers.

The day was almost up and it was time to vote. In his haste Izuku had transformed with his school uniform on, which ripped he had an extra at home but he spent the rest of the day shirtless. Izuku won with a solid 5 Votes. “What?!” Momo gasps. “Raise your hands if you voted for Izuku Midoriya.”

Ochako, Tsuyu, Kaminari, Iida, and Tokoyami raised their hands. “Wait who did Izuku vote for?” Izuku pointed to Iida, Kirishima also voted for Iida. Bakugo voted for himself. Tokoyami claimed he had his reasons for voting for Izuku.

Iida tied with Momo, since it was a tie as Class Rep Izuku got to pick who would be his deputy. “I choose Iida.”

“What me really?”

“Yes, Iida I believe you’d be a big help, to me and the class. Earlier, if I hadn’t stepped in I think you would have to, your smart and you really care about your fellow students. It’d be an honor to have you as my deputy.” Iida was very touched.

Aizawa had a feeling this would be the best, both of them would make fine leaders, and these positions would help teach them. Izuku was having the same thought.

‘I have to be the leader, my pack is gonna grow and I’ll have to grow and protect them.’

-x-Outside-x-

The Principle along with Midnight, Recovery Girl, and Thirteen went out to see the damage. “No one in the media had the means to get past our security system. Someone else was behind this.” He stood before the gate, which was crumbled into a pile. “Some villain managed to infiltrate our school, but was this purely a show of power or a declaration of war?”

To be continued
