

Hah..

Hah.

Miss Mae!!  
I came as fast  
as I could!!

Slank

Oh, thank God!  
Sorry for such  
a late call, you're  
the only doctor  
in my contacts  
that'll show up  
tonight.

Don't worry  
about it,  
where is he?

In the  
bathroom!

How long  
has he been  
there??

Like 30 minutes  
ago, same time  
I called you!

He's in  
pretty bad  
shape, but still  
managed to  
climbed into  
my fucking  
window!!

WHAT?!  
How is that  
possible??

I think  
he took some  
kind of neuro-  
paralyzer.  
He couldn't  
feel any pain  
at all.

Neuro-  
paralyzer..?  
Like the one  
Babi was  
developing??

Maybe!!  
I think it's  
starting to  
wear off because  
he fainted from  
the pain like  
5 minutes  
ago.

Shit..  
He looks bad..  
I'm surprised he's  
still alive after  
taking out the  
entire Yunco  
defense squad.

HE DID  
WHAT?!

Yeah, The police  
discovered dozens  
of bodies burnt  
to a crisp at some  
abandoned lab  
up North, not  
far from here.

Fuck..  
I had my  
work phone  
turned off when  
I'm home, I had  
no idea..

The entire  
Syndicate is in  
panic mode  
trying to clean  
that mess up  
right now.

And the  
worst part  
is..

Ha

Ugh

We have  
to do this  
without a  
leader.

So that's why  
I couldn't get  
a hold of ANYBODY  
tonight....???

Yeah,  
but don't worry.  
I can patch him  
up by myself.

We'll still  
bring him  
back to HQ  
later, though.

Are you  
sure..?

Phew

Positive.

Crush is not  
that easy to  
kill.

He'll be  
okay.

Hmm...

Will he  
be okay,  
though..?

I mean..  
Cherie looked  
like he was  
gonna kill  
him right then  
and there.

I had to  
give them some  
time alone before  
his squad said  
anything that  
they'll regret..

Argh,  
WHATEVER!

Poof

It's THEIR  
problem now,  
I did my job!!

Now...  
What to do  
about this  
bunch.

CHUG!

CHUG!

CHUG!

CHUG!

BRAINFREEZE!!  
AUGHHH!!

MERRY MARY WON!!  
LET'S FUCKING GOOO!!
