Link and Octoroks are from Nintendo's Legend of Zelda
Emily is an original character of mine

Emily Yang finds herself in the universe of Link's Awakening. She plays a similar role as Marin, with a similar adventurous spirit here at the shores of Koholint Island.

A screenshot from the video game Link's Awakening: Rebirth. On the left, a character named Emily Yang stands with her arms crossed, wearing a pink tube top and blue jeans. On the right, a large, red, spherical Octorok is partially visible, with its head and one eye protruding. The background consists of grey, rocky terrain under a clear blue sky with some green foliage on a hillside.

Oh hey, look, it's an Octorok!

A woman with dark hair in a ponytail, wearing a pink tank top and blue jeans, stands with her arms crossed on a rocky beach. She is looking at a large, red, cartoonish creature with a round body and a large, open mouth. The creature has large white eyes and yellow-tipped legs. A speech bubble above the creature contains the text "Aww... it's hungry...".

Aww... it's hungry...

Link and I were going to find that dungeon that was supposed to be in this area.

But I've been waiting for him a while...

And I am getting bored...
(and horny)

Why are there so many Octoroks here? There weren't that many last time I was here...

A screenshot from a video game showing the character Link in a rocky, outdoor environment. Link is wearing his signature green tunic and hat, and is holding a sword and a shield. He is standing on a rocky ledge, looking towards a large, glowing red crystal formation. In the background, there is a large red sphere on a rocky outcrop. A thought bubble is present in the upper right corner of the image.

At least
they're easy to
beat. Emily should
hopefully be ok.

The Octoroks only provide one green rupee on death; hardly worth the time defeating all of them.

Link decided he'd better forgo killing all of them and resume his search for Emily.

Wait, is that
Emily... in an
Octorok?

A woman with dark hair, wearing a pink tank top and blue denim shorts, is lying on her back on a large, red, textured object. She is smiling and looking towards the camera. A speech bubble is positioned above her head, containing text. The background is a light-colored, textured surface.

Hahh... I
never thought... I
would actually try this
one day.

A woman with dark hair, wearing a pink tank top, is lying on her back on a sandy beach. Her head is inside the open mouth of a large, red, cartoonish character that resembles a giant shrimp or lobster. The character has large white eyes with black pupils and a yellow-tipped tail. The background shows a rocky cliffside.

Ngh! It's sucking
me in...

Feels as good
as I thought it would...
but...
I should probably pull
myself out before it's
too late.

Emily... what in
the Triforce are you
doing?

Oh! Haha...
yeah... I can explain
this...

A scene from a video game featuring Link in his green tunic and a woman in a pink top lying on the ground next to a red Octorok. Link is gesturing with his hands as if talking. The Octorok has a large white eye and a small mouth. The background shows a rocky, outdoor environment.

You really
are trying to feed
yourself to an
Octorok?

What if you get
digested?

Giggle No...
I was just... testing
it out.

Can you
get yourself out
of there? We need
to go find that
dungeon now.

B-b-but, I
kinda want to see
how it feels when my
hips are fully
inside.

Wait, here it goes.

A woman with dark hair, wearing a pink bikini, is lying on her back on a sandy beach. She is smiling and looking towards the camera. To her right is a large, red inflatable ring with white circular accents. A speech bubble is positioned above her head, containing text.

Ooh... wow,
that feels even
better than the last
swallow.

A scene from a video game. On the left, the character Link is shown from the waist down, wearing his signature green tunic, brown belt, and blue leggings. He is standing on a rocky surface. In the center, a woman with dark hair is lying on her side, looking up at Link with a slight smile. To her right is a large, colorful, textured object that resembles a giant, multi-colored egg or a piece of candy, with sections of red, orange, yellow, and white. The background shows a bright blue sky and some green foliage.

When I found out
you had this strange
compulsion, I didn't think
you'd actually try it.

Hehe...
I didn't think
so either, but it
was always ok
because I won't let it
get too far, and I
have you to
save me.

Sigh Well, I'm going to go over there to look for a treasure chest in that small cave.

Maybe I'll get out once it reaches my breasts...

You better be out
of that Octorok and
ready to find that
dungeon when I
get back!

Oh, definitely! I'll
be out by then.

A woman with dark hair in a ponytail, wearing a pink one-piece swimsuit, is lying on her back on a sandy beach. Her head is inside the open mouth of a large, red, cartoonish creature. The creature has large white eyes with black pupils and a yellow patch on its lower leg. The scene is set against a backdrop of a rocky cliffside.

Of course I'll
be out by then.
There's no way I'd let
this thing actually
swallow me.

A woman with long dark hair, wearing a pink bikini, is lying on her back on a sandy beach. She is smiling and looking towards a large, red, glossy sculpture of a crab. The crab sculpture is positioned to her right, with its large eyes and legs visible. She has her hands resting on the crab's body. The background shows a sandy beach and a rocky cliffside.

Ngh! Ok, that one
felt really good.

No... I would
forever be
remembered as a
dumb vorny girl...
that's not the type
of girl I am!

A woman with dark hair in a ponytail, wearing a pink one-piece swimsuit, is climbing a large, bright red inflatable ring. She is smiling and looking towards the camera. The ring has white and yellow accents. The background is a light-colored, textured surface, possibly sand or concrete. Two speech bubbles are positioned above her head.

I'm not that
desperate for a
release.

See, I'm
pulling myself out
right now!

A woman with dark hair in a ponytail, wearing a pink bikini, is lying on her back on a large, shiny red inflatable ring. She has a playful expression and is looking towards the camera. The background is a light-colored, textured surface, possibly sand or concrete. Two speech bubbles are present: one above her head and one to her left.

Whoops, haha, my
hands slipped.

Ngh! Well. This is
not looking good...
Moan

Emily didn't think she was going to let it get this far...

Ngh! Hahhh...
Mmm... Ok, I might be in trouble here.

A close-up shot of Link from The Legend of Zelda: Breath of the Wild. He is wearing his signature green tunic and hat, with his blonde hair visible. He has a serious expression and is looking down at a large, reflective skull that is partially visible in the foreground. The background shows a rocky cave interior with some greenery and a blue object (possibly a chest or container) in the distance.

Emily, Emily,
you've got to be the
weirdest gal I've
ever met.

As Link focuses on getting to the treasure in the cavern, he is unaware of the fact his friend is finally entering the Octorok's gullet.

Are you kidding me? Just a green rupee again?

SLURP!

Link remains oblivious to the loud moans of pleasure from Emily. Perhaps the openness of the shore didn't carry the sound well.

ohhh... oHHH!!!

A 3D rendered character of Link from The Legend of Zelda: Breath of the Wild is shown in a rocky, cave-like environment. He is wearing his signature green tunic, white shirt, and brown gauntlets. He has a disappointed expression. A speech bubble is positioned above him, containing text. The background features a waterfall on the left and a large rock formation on the right.

Sigh Well,
that was a
disappointment.
Alright Emily, it's
time to -

A screenshot from a video game showing Link in his green tunic and blue shield, viewed from behind. He is looking at a large, red, spherical creature with a small face and limbs, lying on a sandy ledge. The creature has a white eye and a small mouth. A speech bubble above the creature contains the text "Hang on, you're not - uh oh." The background shows a rocky cliffside and a blue sky with some clouds.

Hang on, you're
not - uh oh.

Oh, you've
gotta be kidding
me.

Seems Emily's
dangerous curiosity
finally got the better
of her.

A woman with dark hair is lying on a red, wrinkled, and shiny surface, possibly a bedsheet or a tarp. She is looking upwards with a pained or distressed expression. Her skin appears wet and glistening. Two thought bubbles are present in the upper right corner of the image.

Oh shoot, it
was intoxicating
before I was
swallowed -

Now, it's
unrelenting... Gawd
I can't think
straight!

A close-up photograph of a woman with dark hair and a slight smile, sitting in a bathtub. The water is dark and bubbly. A thought bubble is positioned above her head, containing text. The lighting is warm and focused on her face and upper body.

Well, it
sure digested my
clothes off pretty
fast. Not looking
good.

A close-up, 3D-rendered image of Link from The Legend of Zelda: Breath of the Wild. He has a determined, slightly angry expression, with furrowed brows and a small frown. He is wearing his signature green tunic and a brown sash. His blonde hair is styled in a bowl cut. He has pointed ears and is holding a blue sword hilt in his right hand, which is raised towards his shoulder. The background is a blurred outdoor scene with green foliage and a blue sky. Two speech bubbles are overlaid on the left side of the image. The top speech bubble contains the text "See? This is what happens when you tempt fate like that...". The bottom speech bubble contains the text "Now I have to cut you out of there before -".

See? This is
what happens
when you tempt
fate like that...

Now I have to
cut you out of
there before -

A close-up, low-angle shot of Link from The Legend of Zelda: Breath of the Wild. He has a surprised expression, with wide blue eyes and an open mouth. He is wearing his signature green tunic and a green cap with a pointed top. His blonde hair is visible. A speech bubble in the upper left corner contains the text "OOF!". In the background, a hand is visible holding a blue sword hilt, suggesting Link has just been struck or is reacting to an event. The background is dark and blurry, showing some foliage.

OOF!

A screenshot from a video game showing Link in a rocky, outdoor environment. He is wearing his signature green tunic and hat, and is holding a sword and a shield. A large red enemy is visible behind him. The scene is set against a blue sky with white clouds and a body of water in the background.

Something
hit me from
behind...

Seems like Link has
to deal with
something else first.

It's alright. He'll first
take care of that
other thing. Then
he'll get back to
saving Emily.

Huh, when
did this Octorok
get here?

Surely he'll have
enough time to get
Emily out before
she's digested...

Wait, is he
not going to save
me?

FOOMP!

A screenshot from the game The Legend of Zelda: Breath of the Wild. Link is on a sandy beach, carrying a large grey rock on his back and holding his Master Sword. He is looking towards a large red Octorok on the right. The background shows a rocky cliff and the ocean under a blue sky with some clouds.

I could
have sworn
there weren't
any else in
this area.

Is it high tide*
right now?

Yes... plenty of time to save Emily...

*High tide usually brings in more Octoroks to this region.

A screenshot from a video game showing Link in a cave. He is wearing his green tunic and hat, holding a sword and a shield. A large, bright red explosion is occurring in the background, with a rock falling from the ceiling. Link is looking towards the explosion.

How'd
you like that?
Annoying pest!

Link's expert
deflection of
the rock returns
it to sender,
obliterating the
Octorok.

The longer Link delays, the longer the Octorok has to digest Emily...

That feels better. Now... what was I doing?

Maybe I am going to be digested in here...

A dark, reddish-brown, fleshy interior, likely the stomach of an Octorok. A woman with dark hair and a surprised expression is visible, her body partially obscured by the surrounding tissue. Her arms are raised, and her chest is exposed. The lighting is dim, highlighting the wet, glistening texture of the flesh.

Oh right, I
need to get Emily
out of that
Octorok.

I guess
this is it then,
I'm just food
now!

Ohh
gawd... I think I
can't contain it
anymore!

Emily's time in
the Octorok's
belly takes a
turn for the
worse as her
self preservation
instincts
completely go
out the
window...

OOOHHH!!!

SPLOOSH!

Seems she
doesn't mind
now whether or
not Link saves
her...

A character resembling Link from The Legend of Zelda: Skyward Sword stands in a rocky, outdoor environment. He is wearing his signature green tunic and hat, white shirt, and brown boots. He holds a blue sword in his right hand and a shield with a blue and yellow design in his left. A bright green cube is floating in the air to his left, with a blue and white shield-like object nearby. Two speech bubbles are present: one on the left and one on the right.

There's no way it could be high tide.

After all, if it was, there'd be way more -

DING!

A screenshot from the game The Legend of Zelda: Skyward Sword. Link, wearing his green tunic and hat, stands on a sandy beach with his back to the camera. He is surrounded by several red, spherical Octorok enemies. One Octorok is on the left, another is in the center, and several others are on the right, some on a rocky ledge. A speech bubble above Link says "- Octoroks!".

- Octoroks!

Well, that's not good. Which one was the one that swallowed Emily?

Like Link theorized, it was high tide and Octoroks that couldn't climb some of the cliffs at the lower levels could now reach the shore...

How - which one - which one are you in, Emily?!

A screenshot from a video game showing the character Link in a cave. He is wearing his signature green tunic and hat, and is holding a sword and a shield. He has a determined expression. In the background, there is a waterfall and a hole in the rock. Two large, red, textured spheres are in the foreground, partially obscuring the view. A speech bubble is positioned above Link's head.

There's no
time. I just
gotta kill all of
them!

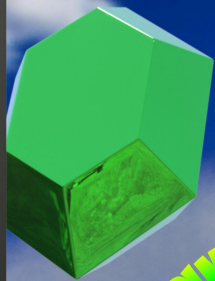

Link goes into a frenzy and kills a bunch of the Octoroks as quickly as he can...

TSSING!

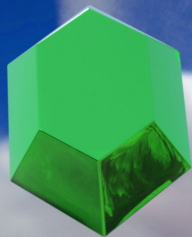

SLASH!

SLICE!

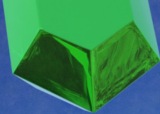

DING!

DING!

DING!

POOF!

POOF!

POOF!

If Link didn't panic, he probably could have seen Emily's body through the translucent membrane of the Octorok's abdomen.

But as he is now, he has no idea that the Octorok that ate Emily had already squirmed away from the area.

A woman is shown from the chest up, smiling and relaxing in a hot tub. The water is filled with bubbles, and the entire scene is bathed in a warm, reddish-orange light. The woman has her eyes closed and a content expression. The hot tub's interior is visible, showing the tiled edges and the water level.

Emily's mind slips further into oblivion as her horniness completely takes over and distorts her thoughts.

This is it. I'm about to be submerged. My skin is getting tingly...

Bubbles surge from
between Emily's thighs
as she erupts with
another creamy orgasm.

She knows she's about to
get digested soon, but she
cannot help but feel
pleasure as she paints the
Octorok's stomach again
with her own cum...

As Emily is having the time of her life, Link is getting rather exhausted trying to rescue her...

Alright, I killed a bunch just now. Did I get them all?

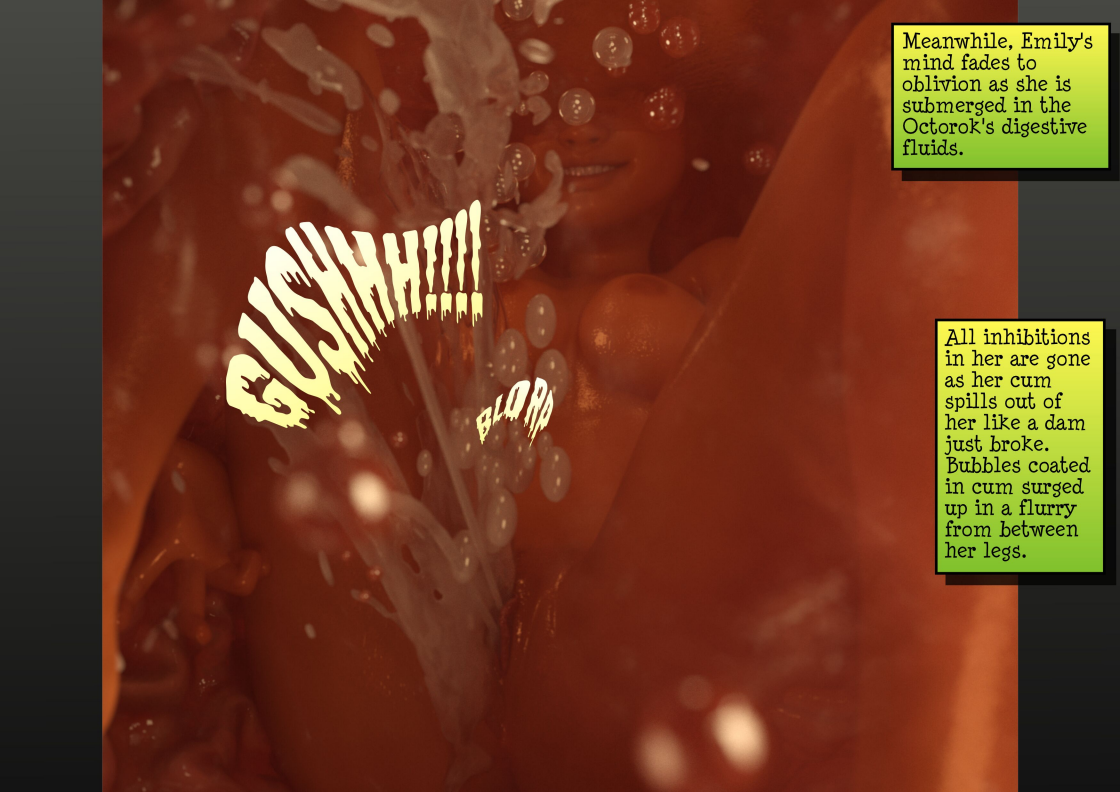

Are you serious? I barely made a dent!

I can do
this! I better,
because if I
don't... Emily's
toast!

Link manages to eke out another killing spree of Octoroks as he slashes about wildly.

A woman is submerged in a large volume of white foam and bubbles. She has a large white cum splat on her chest. The scene is set against a dark background, and the overall tone is sensual and explicit.

Meanwhile, Emily's mind fades to oblivion as she is submerged in the Octorok's digestive fluids.

All inhibitions in her are gone as her cum spills out of her like a dam just broke. Bubbles coated in cum surged up in a flurry from between her legs.

Emily had become an endless cistern of lust as her cum spilled out faster and faster.

The Octorok's caustic stomach goop churns and gurgles Emily about as her body begins to be absorbed by the Octorok's intestines...

LINK
POOF!

As Link ferociously wiped out all the Octoroks in sight, he failed to see one climb back onto the shore a little ways off behind him.

It belched out a pink article of clothing, partially digested, looking like it belonged to a certain girl...

POOF!

PING!

PING!

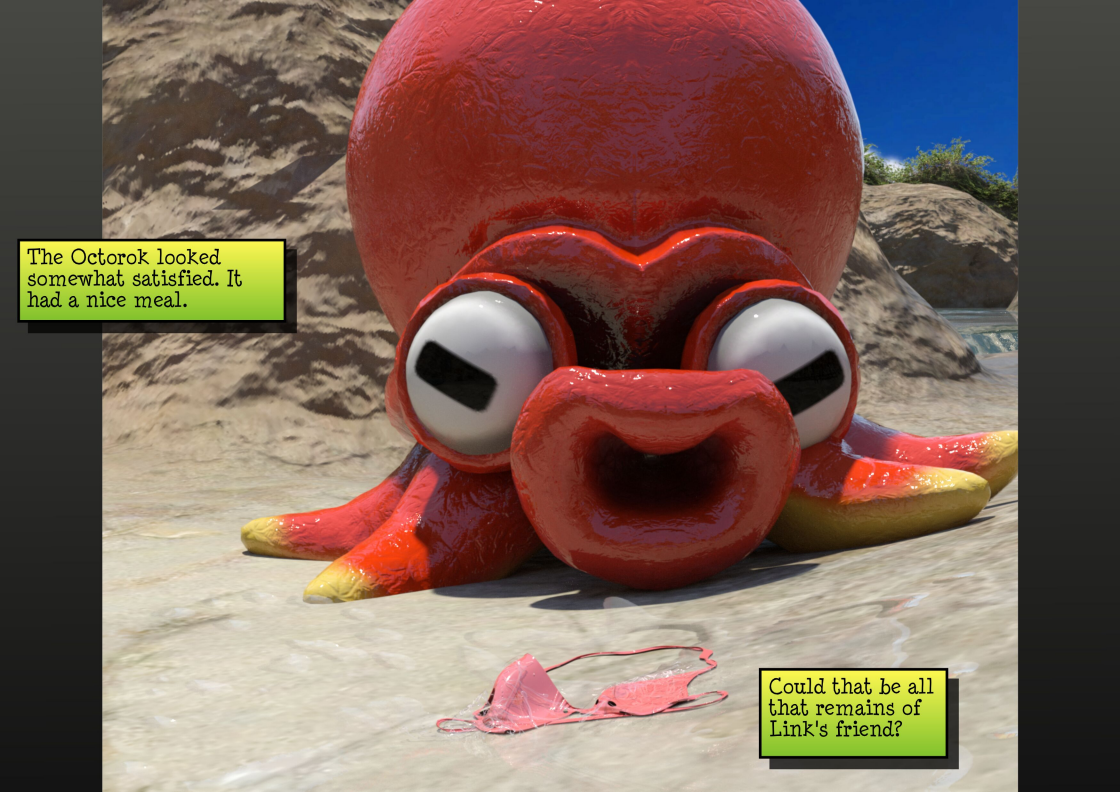

BELCH!

pant
pant What, I
missed one?

Wait a minute...
Oh no, is that
Emily's?!

Link catches a glimpse
of the belched out bra of
his friend!

The Octorok looked somewhat satisfied. It had a nice meal.

Could that be all that remains of Link's friend?

You're dead,
stupid mollusk!

?

A character with orange hair and a green headband is shown in profile, attacking a large, translucent red blob with a sword. The blob is on a sandy beach with a large rock in the background. A speech bubble is above the character, and the word 'SLASH!' is written in large yellow letters across the blob.

Spit Emily out
now!

SLASH!

Ack! What?!

DING!

DING!

BLOOP!

Instead of a rupee this time, Link got... two articles of clothing?

And a splatter of questionable liquid of creamy consistency...

A 3D rendered character, Link, is shown from the chest up. He has blonde hair and pointed ears, wearing a green tunic and a brown sash. He is holding a sword in his right hand and a wooden shield in his left. A large, white, splatter-like substance is smeared across his face, particularly around his eyes and nose. The background consists of a blue sky with white clouds and a large, brown, rocky mound.

Ack! What is
this stuff?!

The juices got all
over Link's face.
For some reason
it smelled a little
bit like his
friend...

Wait, let me
check my menu.
What were those two
things that popped
out?

Man, you're kidding me...

I always thought you'd become a quest item someday, Emily. But not like this...

Clothes of Emily Yang:
The clothes of the Chinese girl who hails from the dimension of the Predator Forest. She was transported to this world after stumbling upon ...

200

To Equipment

Seems like it was too late to save Emily from becoming a vorny digested girl.
