

Office Party – Ending 01

Part C

Project N.I.C.O.L.E.

At the Harrison Pub, patrons have started to ask weird questions...

Hello, Sir. What can I bring you?

A glass of red wine, please. And... will you become my devoted slave for life?

What the fuck?

Ugh! ... I'll just bring you your whine...

Hello, Sir.
What can I
bring you?

A bottle
of beer,
please.

Alright.
Coming right
up.

Oh... and
Miss?

Yes?

Would you become my devoted slave for life?

In your dreams, boy. In your dreams...

Some other day at the pub...

Hey there.
What can I get
you?

The Harrison
Hurricane,
please.

Uh. The house
special. Here
you go, Miss.

Mhhh...
Looks
delicious!

Oh my god.
Oh my god.
I'm so
embarrassed!

I... I'm
sorry... I'm
gonna go!

Ha-ha-ha.
Got her
good!

Still. What's
up with that
phrase?

Hey! Ally!
Do you get
asked to be a
patron's slave
as well?

Yes! Quite
regularly
actually!

Any idea
what's up
with that?

I thought it was
some kind of
new internet
meme?

Like that
fox thing:
"What does
the fox say?"

Urgh! Stop
reminding
me about
that!

People
thought it was
super fun just
cause of my
red hair!

BAR

That month, outside the pub...

What's the catch?

Yo, guys!
How about I pay for some of your drinks?

No catch. Just a little favor. You need to ask the waitresses "Will you become my devoted slave for life" and the money is yours.

Sounds easy enough.

We are in.

Some days later back at the office...

Hey, Stacey. Question about Project NICOLE. How much longer will this go on? We've already spent a bunch of money paying for people's drinks.

The project should end tonight.

You think it's paying off?

Use your brain, Lucine! You know how much the monthly costs for an official employee are! If this works out the girl will be our slave! Working for free! Hell, even if she just lazes off like Julie this will pay off in no time!

I... You are right... I did not look at it from that perspective...

That night at the pub...

Urgh!
Alright. I'll see what he wants.

Hey, Nicole. Some dude in a hoody asked for you. Top-deck, last table.

Hello, Mister. You've asked for me?

Beer, please.

Rude!

Oh, and Miss. I have a request for you.

Exactly!
I request you become my devoted slave for life.

Let me guess:
"Become your devoted slave for life?"

That's enough!
I'm getting this stupid pick-up line every day!

You are going to tell me what's up with this shit! NOW!

Ha-ha.
Haven't you realized? This is all about you.

Bingo!

Oh god.
You used
my trigger!

But... that's
nothing usual!
It won't work!

Isn't it though?
Aren't you getting
asked that on a
regular basis now?

No way!
You...
That was
all you!

NO, Way!
I... I will
not...

We could have been
so happy as a couple.
But trust me, I will
take good care of
you as my slave.

That actually
sounds like a
good idea.

Being his girlfriend
did not work out.
Maybe accepting
him as my Master
will be what I want
from life.

Now,
Nicole,
are you
listening?

Yes, Master.
Your devoted
slave listens
and will obey.

Kiss me.

I've missed this so
much. It was a good
idea to become his
devoted slave for
life!

Later that night, after Nicole's shift has ended, back at Dylan's apartment.

I'm home!

Oh, Dylan!
Welcome home!

Oh! You've brought company!
How lovely!

Who are you?

I'm Nicole. A designated pleasure unit.

Oh, my! That's great! I'm always feeling lonely when Dylan visits the other girls!

I can use her when you are gone. Right, Dylan?

Uhh... Sure.

You are the best!

Does she cook? Can she clean? A bit of help around the house would be appreciated as well.

I'm a designated pleasure unit I don't cook or clean. I only...

Nicole!
From now on you are also our live-in maid. Also, from now on call her Mistress.

Yes, Mistress. I will clean and cook and pleasure you in any way you want me to.

So COOL!

How about we move this into the bedroom?

Two minutes later, Dylan's bedroom...

Wow. She's a real beauty!

I'm feeling totally relaxed and satisfied with them looking at me like a piece of fuck meat. This is my purpose after all. Best idea ever!

Indeed, she is...

Go on. Taste her sweet cunt.

With pleasure!

She's quite good at this.

Lick

Master seems satisfied with the show.

Lick

Never done it with a girl before. But I've always been curious! And I have to say, making her squirm with my tongue feels good.

Sayo?
Care to let
me join you?

Lick

Lick

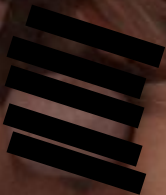

Oh, Yes girls. Just like that.

Finally, I've got Nicole back in bed. Back then she was a horny fox. But now, with the newfound lust and devotion I've instilled in her, she is even more eager to please me than before!

lick

Yup!
Best idea ever!
His dick feels
awesome inside
my wet pussy!

MOAN

Wow. That's some
crazy position. I
wonder if I could
fuck like this.

Oh, how I've
missed that
flexible body
and tight cunt
of hers!

But Sayo feels great as well. I'd say this threesome tops even that fivesome in the office!

Groan
I'm close!
Nicole!
You're gonna swallow it all!

Dylan's like a different person with her around. He fucks me so forcefully! It feels awesome!

GAK

That's something she did not like doing back then... But now she'll swallow my load anytime I want her to!

You could have been my queen, Nicole... Now you are not even a pawn... more of a prop... sexy prop though.

I could get used to these threesomes.

I'm fine as is, Master. It was a good idea to become your slave. I've never been this satisfied before.

In the end, everything turned out just perfectly!

What a good little slave. I'm looking forward to having you around.

Thank you, Mistress.

Sometimes all you need to get what you want in life is a little bit of confidence.

The End

The End

And so Dylan has shed his morality and succumbed to his „Take what you want“ suggestion. He has taken over the office and enslaved all of his coworkers. The love of his life, Nicole, is his obedient slave as well and with Vincent's number on his phone even further extending his harem might be within reach.

How will Dylan proceed from here? Will the office bloom or is Dylan going to drive the business into a wall? That's up to your imagination. The official Story of Office Party ends here. In my opinion:

Dylan and his slaves lived happily ever after...

Thank you for reading! I hope you enjoyed my comic „Office Party“. Note that there are two alternate endings planned for Office Party. These endings will be published on my Patreon, where you can also find lots of spin-off stories with Office Party characters. (all these stories feature Mind or Magic Control). My next comic - „The lost Temple“ - is already in planning and will start releasing after the last alternate ending of Office Party has finished.

Thank you, to all my Patrons!
