Basic Game Systems:

Cursed Chastity Belt: The belt! The core of the game! There are only two things to really know here.

First, it comes off! There are multiple methods in the game to get it removed...all of which will cost you. *And almost every single sex interaction in the game* has both belted and unbelted version. *They are not always with the same people*, but are triggered from the same option/choice. In example, you'll get two different women, who you do very different things with, if you choose the Female Client option at the prostitution job in Hope's Rest, once belted and once unbelted! With major NPCs, the content of the encounters still changes, usually having an entirely different animation set depending on your belt status. Which you can view, incidentally, from the Character Menu.

Second, all belt removals will last for a set time only. The default is 12 hours (two time blocks). Some release methods may buy you more or less time than that. Stacking a Futa transformation on top of the unbelted will make it 3 times blocks instead of 2, for example.

Dominance: The dominance system, put simply, controls how dominant or submissive Kiralia is. She begins the game at a neutral 50 points on a 100-point slider. Submissive actions reduce those points, dominant ones increase it. Generally, belted scenes are more likely to be Submissive and unbelted more likely to be dominant. However, that does not always hold true, as some characters in the game are 100% dominant or submissive and will produce the same dominance changes regardless of belt status. Some scenes are unlockable only if Kiralia is sufficiently Dominant or Submissive, those scenes will be marked with (Dom Unlock) or (Sub Unlock) in this guide.

Hub Areas: Hub areas are what I am currently calling the anchor areas for each part of the main quest. Currently, there are two. The intro area of Hope's Rest is the first and Build 3 introduced the seaside town of New Landing. With its own places to visit and NPCs to get to know.

Lust: This stat is, basically, representative of how horny/aroused Kiralia is at the moment. It affects some scenes, such as the Blacksmith Work options. However, higher lust can be dangerous! Well, in so much as anything in the game 'dangerous'...

Lust Effect: Related to the lust score...there are consequences to high Lust. If Kiralia's Lust score reaches 75 points or higher, then every time she moves around the current hub there is a chance of something happening. Depending on if she's wearing the magic chastity belt, and on simple luck, nothing may happen...or she may have sex with the first person she can find that will say yes! Of course, in later hub areas of the game, that are less understanding than Hope's Rest, there will be more dire punishments for losing control in public...

Time: The game has a very simple time feature. As the game is intended to be explored in full, rather than pressure you to move on with the quest all the time, there are no day or month trackers. Instead, the only time increments are four blocks of the day: Morning, Afternoon, Evening, and Night. Night is, effectively, only there as a period where your character must sleep, and will be forced to do so if you enter the time block from anywhere. There are two main things to know about the time system:

First, time DOES NOT pass when you move around town. Time only passes when you actually do an action. If you talk to an NPC, time passes. If you work, time passes. If you have kinky sex, time passes. Etcetera.

Second, some actions are time-gated. That is to say, they can only happen at certain times of day. In example, you can only work at the Inn in Hope's Rest at night. Likewise, you can only Adventure (alone or with Seesha), during the Morning and Afternoon. Time-gated actions and scenes in this guide will be marked as such!

Hub Area 1 – The Frontier Village of Hope's Rest

This, obviously, is where you start the game. There are currently 38 Sex Scenes in Hope's Rest, with a few more to come before we're done with the area. This section will show you how to find every single one of the scenes. Which, obviously, means that it's spoiler heavy! Scenes are broken down by location, then by NPC/Job/Whatever.

Blacksmith - Unique Sex Scenes - 10

Chastity Break – These scenes happen when you ask Urlang the Blacksmith for help getting out of the chastity belt. He requires a fee of 300 gold, plus Kiralia's first fuck out of the belt. If you accept his terms, there are two variants of the result.

Default – This is the default version that will always play, if you haven't found out Urlang's Secret. It costs 300 gold, reduces Lust by 50, Reduces Dominance by 1, and Releases you from the belt for the default 12 hours.

(Dom Unlock) Version – This version is only unlockable if you have discovered Urlang’s Secret...that he’s a Switch that like’s being dominated. You can discover that secret by Drinking with Seesha the Rogue at the Guildhall. When you drink with her, there is a 25% chance that she will tell you a story about the Blacksmith, one that will reveal his secret! If you unlock this, the new scene will appear as an *option* when you ask Urlang about help with the chastity belt. If you choose the new option, you’ll get a dominant scene with him...that also doesn’t cost anything! Increases Dominance by 1, Reduces Lust by 50 and Releases you from the belt for the default 12 hours.

Blacksmith Work – These scenes are triggered by asking Urlang for work. He will offer you a job selling his skimpy armor line. If you accept, there are three options of what sort of armor to sell. In each case, the result is determined by either chance OR current LUST score. In order to trigger any of the sex scenes, **your current LUST score must be 35 or greater.**

Low Tier Armor – There is only one sex result for this, unlike the mid and high tier armor. If Kiralia’s lust is high enough, she’ll offer to eat the client out for a sale. This gives you a scene that remains unchanged regardless of Belt Status and results in both an automatic sale and a tip for the extra effort. You’ll gain LUST as well, as Kiralia was unable to get off...

Note, if your Lust is not high enough, you can still make a sale for this tier! There is a 50% chance that she will buy the armor anyway...

Mid Tier Armor – There are two variants of the sex scene for this armor, belted and unbelted. If Lust is high enough, Kiralia will offer sex for an automatic sale.

Belted Version – If unbelted, there will be a lesbian threesome, where both women use strap-ons to fuck Kiralia. As this is a fairly neutral scene, there is no Dominance change. It will Reduce Lust by 75 and result in a payment of 150 gold.

Unbelted Version - If belted, there will be a lesbian threesome, where oral and fingering is performed. The scene results in a Reduction in Dominance and an Increase in Lust, as well as a payment of 150 gold

Note, if your Lust is not high enough, you can still make a sale for this tier! There is a 50% chance that she will buy the armor anyway...

High Tier Armor - There are two variants of the sex scene for this armor, belted and unbelted. If Lust is high enough, Kiralia will offer sex for an automatic sale.

Belted Version – This results in a F/F/M Threesome, with Kiralia submitting to the dominant female in the couple. Predictably, this results in a loss of dominance. She also won’t let her cum, so Lust will increase to MAX from her messing with Kiralia. However, you also get a large tip from Urlang for the show, earning 200 gold.

Unbelted Version – This results in a F/F/M Threesome, with Kiralia dominating the submissive male of the trio and the other woman going along with it. This results in an increase of Dominance, 150 gold from Urlang, and a 75 Point Reduction in Lust.

Note, if your Lust is not high enough, you CAN'T make a sale at this tier. They simply won't be interested without the extra incentive.

BlackSmith Armor Repair – In the event you Break your Armor during the Adventuring Job (By Losing - Go to the job with too high of Lust for a higher chance of losing), you'll need to come to Urlang to get it repaired.

Blowjob Discount – If you do not know Urlang's Secret, this will be the only option. You get a 50% discount from Urlang if Kiralia offers him a blowjob. This results in a loss of Dominance and Increase in Lust.

(Dom Unlock) Blowjob Discount– Urlang's Secret will unlock a second option, to dominate him, with a larger discount! You can discover that secret by Drinking with Seesha the Rogue at the Guildhall. When you drink with her, there is a 25% chance that she will tell you a story about the Blacksmith, which will reveal his secret! This scene variant will place Urlang in bondage while Kiralia blows him. You will gain both Dominance and Lust for this version.

Sex Discount – If Kiralia is *currently unbelted* when she asks for an armor repair, she can offer Sex in exchange for a free repair. This is the default version, where he's a bit forceful with Kiralia, and results in a Dominance Gain and Lust Reduction.

(Dom Unlock) Sex Discount - If Kiralia is *currently unbelted and knows Urlang's Secret (See Dom Unlock – Blowjob Discount)* when she asks for an armor repair, she can offer Sex in exchange for a free repair. This is the dom version and it plays the same scene as the Dominant Blacksmith Chastity Break. As such, it's not counted toward the Unique Scenes. It results in a Dominance Gain and Lust Reduction.

Magic Shop - Unique Sex Scenes - 12

Magic Orgasm Help – This scene triggers if you ask Jillian for help with cumming while trapped in the chastity belt. It repeats the scene from the Intro, with her triggering the plugs with her magic to get Kiralia off. While this means it's a duplicate scene, it IS counted here, as the intro scenes are not added to the overall total scene count. Cost 25 gold and Reduces Lust by 10

Magic Shop Peeping Belted/Unbelted – This scene only becomes available if you have already taken Jillian to see Seesha for help at least once. Which is the result of random chance during the Working for Jillian Sex Scenes. (See the Jillian Gagged (Seesha Helps) entry in the Working for Jillian section). If you've done this, then the Peeping option will be added to the Exterior of the Magic Shop. If you select it, you can creep up to Jillian's bedroom window and watch the Jillian and Seesha play together...

Working for Jillian: These scenes play if you ask Jillian for work and agree to her terms. There are completely different sets of scenes for Belted and Unbelted Kiralia, with a random result each time. Each scene should have roughly a 25% chance to occur, assuming the current Belt Status is the right one for it's chance. Note: Some options require a Dominance Check to succeed.

Jillian Gagged (Seesha Helps) – In this result, the magic targets Jillian...and it gags her! She can't use magic without speaking, so you have to go get help from Seesha the Rouge in order to get her out of bondage...this result can happen either belted or unbelted. Belt status changes some minor text, and influences whether you Gain or Reduce Lust. Belted, Kiralia Gains 25 lust. Unbelted she Reduces lust by 25. Either way, she is paid 250 gold for her help!

Unbelted - Jillian Needs to Cum (Oral) – In this result, the magic targets Jillian and she needs Kiralia to make her cum in order to get free. Presented with the choice, choosing Oral will result in Kiralia eating her out. Without the belt on, Kiralia can at least play with herself while she makes Jillian cum with her tongue. *This has a completely different animation from the belted result!* Results in 100 gold, +1 Dominance and +25 Lust.

Belted - Jillian Needs to Cum(Oral) - In this result, the magic targets Jillian and she needs Kiralia to make her cum in order to get free. Presented with the choice, choosing Oral will result in Kiralia eating her out. With the belt on, Kiralia can only sigh in frustration as she eats Jillain out. *This has a completely different animation from the unbelted result!* Results in 100 gold and +30 Lust.

Unbelted Jillian Needs to Cum (Sex) - In this result, the magic targets Jillian and she needs Kiralia to make her cum in order to get free. Presented with the choice, choosing 'Try for Sex' will prompt a Dominance Check. If your **Dominance Level is equal to or greater then 50**, you will pass the check and you get a Double Dildo scene with Kiralia and Jillian. Success results in 100 gold, +1 Dominance, and -50 Lust. Failure results in only reduced pay of 25 gold.

Belted Jillian Needs to Cum (Sex) - In this result, the magic targets Jillian and she needs Kiralia to make her cum in order to get free. Presented with the choice, choosing 'Try for Sex' will prompt a Dominance Check. If your **Dominance Level is equal to or greater then 50**, you will get a scene where you can fuck Jillian with a strapon. Success results in 100 gold, +1 Dominance, and +50 Lust. Failure results in only reduced pay of 25 gold.

Unbelted Kiralia Needs to Cum – In this result, the magic targets Kiralia and she needs Jillian to help her cum in order to get free. If you accept her help, she will fist Kiralia to climax, resulting in payment of 100 gold, -1 Dominance, and -25 Lust.

Belted Kiralia Needs to Cum - In this result, the magic targets Kiralia and she needs Jillian to help her cum in order to get free. With the belt in the way, Jillian will simply offer to trigger the plug inside Kiralia to make her cum. If accepted, this results in payment of 100 gold and -20 Lust.

Unbelted Kiralia Struggle – In this result, the magic targets Kiralia and the resulting bondage gear is a type that must be struggled out of. If you try to struggle, you get a scene that shows either success or failure depending on your Power level. Success results in payment of 100 gold and +20 lust. Failure results in Jillian magicking the gear off you and reduced pay. The scenes are close enough to identical that they are only counted as a single scene for overall scene count.

Belted Kiralia Struggle (Blacksmith) – In this result, the magic targets Kiralia...and a set of extremely strict bondage gear that repels magic is put on her. As Jillian can't help you get them off, she pays you double (200 gold) and suggests you visit either the Blacksmith or a Rogue. If you choose the Blacksmith, you get this option, where you can either take the boring route a pay to get the devices removed...or accept his terms and get them off for free. Accepting his alternative payment terms leads to a blowjob scene, followed by an anal sex scene. This adds +75 Lust and – 1 Dominance.

Belted Kiralia Struggle (Rogue) - In this result, the magic targets Kiralia...and a set of extremely strict bondage gear that repels magic is put on her. As Jillian can't help you get them off, she pays you double (200 gold) and suggests you visit either the Blacksmith or a Rogue. If you go to the Rogue, you go to Seesha for help. She agrees to help you...but only if you let her put a dildo gag in Kiralia's mouth and fuck her to climax with it. This adds +40 Lust and – 1 Dominance.

Jillian Magics things off (No Sex) – The alternative way out of most bondage gear (exception being the belted struggle result). Does not count as a sex scene as there isn't any sex! Does not, of course, remove the Magic Chastity Belt.

Guildhall - Adventure - Unique Sex Scenes - 2

This one requires a tiny bit of upfront explanation. You can go adventuring from the Guildhall during **Morning** or **Afternoon**. However, doing so with the Chastity Belt on has some risk to it. The hornier Kiralia is (the higher the current Lust Score) the greater the risk. Failure you can result in one of two rape-type scenes. The only real non-consent options in the game, ***which are 100% avoidable*** if you either simply don't adventure with the chastity belt on, or take Seesha with you from her menu choices, or choose to take the Safe option at the warning point before the scene! If you do that the rape-enable option, the higher Kiralia's LUST score, the higher the failure percentage will be! Past a certain point of Lust, she'll even fail on purpose...

Unbelted Adventure – Adventuring without the chastity belt doesn't carry any risk of the rest of the scenes. However, there is a 50% chance it will trigger the **Finding the Farm** scene. This scene unlocks the MorningWood Farm and its own Vendora Morningwood. As a result, the information on the scene is in The Farm section of this guide!

Uneventful Adventure(No Sex) – For low and Medium risk levels, this is an option that can happen. Essentially...that nothing bad happens! Obviously, it's not counted as a sex scene! It results in gold and a slight lust increase.

Belted Adventure (Monster) – The first failure possibility, randomly chosen on failure. This result only occurs in medium risk for higher! In this case, a tentacle monster defeats Kiralia and has it's way with her. Lust is set to **Max** and her armor is broken.

Belted Adventure (Bandit) – The other failure possibility, randomly possible on all three levels of risk. An unscrupulous adventurer saves you from a monster...only to take advantage of you himself. This results in an anal sex scene. He also steals your profits. Lust is increased by 35.

Guildhall - Rogue - Unique Sex Scenes -7

Drinking with Seesha – You can choose to have a few drinks with Seesha the Rogue. If you do, there are four equally likely random results!

Solo Bondage Adventure – Kiralia gets roaring drunk and passes out. She wakes up in the wilderness, bound and plugged, she must make her way back to Seesha's room to be freed! This results in +15, - 1 Dominance...and being freed of the chastity belt for 12 hours! As an apology from Seesha for going a bit too far...

Dual Bondage Adventure- Kiralia AND Seesha get completely hammered and wake up on the roof of the Guildhall, both in bondage gear and chastity belts (as well as a chastity bra for Seesha). They have to go around town to find the keys that their drunk selves hid the previous evening... Results in +15 Lust, -1 Dominance, and the satisfaction of seeing Seesha stuck in a chastity for a bit!

Drunken Yoke Sex- Kiralia and Seesha get mildly drunk and Kiralia agrees to go up to Seesha's room for some fun...fully knowing Seesha's preferences. This results in Kiralia being bound with a yoke and fucked silly. -75 Lust, -1 Dominance.

The BK Secret (No Sex) – Not counted as a sex scene, as there is no sex. This result reveals Urlang the Blacksmith's dirty little secret...and unlocks new options with him as a result.

Seesha Chastity Belt Unlock – This is the other main way (aside from the blacksmith) that Kiralia can get freed from her chastity belt (temporarily). She can ask Seesha to pick the locks, giving her 12 hours of freedom...but Seesha is uninterested in money. She'll demand to be serviced by Kiralia in exchange...as well as her choice of how to fuck her afterward. If you accept, it leads to oral and anal sex, -75 Lust, and -1 Dominance.

(Sub Unlock) Submit to Seesha Required – This scene can only be unlocked if Kiralia is submissive enough! (40 Dominance or Less). If the requirements are met, it is added to Seesha's menu options and

Kiralia can willingly submit to Seesha for some bondage fun...contains a completely unique scene from any other Seesha bondage options! Lust is MAXed at the end of it...

Seesha Adventures – Knowing that it is unsafe to adventure with the chastity belt on, as it will distract Kiralia at random times, you can choose to ask Seesha to adventure with you (Morning and Afternoon only). Of course, she'll have her own fun with you if you choose to go with her...

Belted Adventure – If you go with Seesha while wearing the Chastity Belt there is a random chance that either nothing will happen, or you'll find a special room! Said room will contain a sex machine that Seesha will convince Kiralia to try...in exchange for getting out of her chastity belt for free! Results in: (+150 Gold) (- 25 Lust) (-1 Dominance) (12 hours freedom from belt)

Unbelted Adventure - If you go with Seesha while free of the Chastity Belt, the two of you may run afoul of a trap that gasses you with an Aphrodisiac. This leans to oral, fingering, and a 69 mutual oral, resulting in (+200 Gold) (- 75 Lust) (-1 Dominance)

Nothing Happens (No Sex) Works – Nothing major happens, but Seesha is still handsy, giving a minor Lust increase. Not counted as a sex scene, for obvious reasons!

Guildhall - Room - Unique Sex Scenes - 1

Masturbate (Unbelted Required) - If Kiralia is not currently belted, she can masturbate in her room! This reduces Lust by 25. And yes, it is a full scene, not just some random text saying she masturbated (stupid other adult games, I'm looking at many of you. You all know who you are... -_-).

The Inn - Unique Sex Scenes – 11

Have a Drink – Taking the 'Have a Drink' option will result in one of 4 random events, with one of those events having two unique scenes depending on belted/unbelted status.

Drunken Masturbation – Kiralia will end up naked in her room back at the Guildhall, somehow unbelted (if she was belted in the first place) and masturbating drunkenly...while still drinking more! (-25 Lust)

Orgy at the Inn – Somehow, the drinking at the Inn devolves into an Orgy...or does it? Kiralia wakes up back in her room, unsure if she dreamed it or not... (+75 Lust)

Pillory – Kiralia needs to pay off a large bar tab and finds an interesting way to do so... (+250 Gold) (-2 Dominance) (Lust - 100)

Table Show(Belted) – Thoroughly Tipsy, Kiralia puts on a show for the crowd by crawling up on the table and trying to get off via masturbating. The belted version uses an anal-dildo animation. (+15 Lust)

Table Show(UnBelted) - Thoroughly Tipsy, Kiralia puts on a show for the crowd by crawling up on the table and trying to get off via masturbating. The unbelted version uses an animation with Kiralia using a potion bottle. (+15 Lust)

Work(Prostitution) - At the Inn, you can ask Sam for a chance to work as a prostitute in the rooms there. He'll help set you up with clients suitable to Kiralia's current Belted Status and your gender preference. There are also Dom and Sub special unlocks!

(Belted) Female Client – Sam provides a moderately dominant Female Client demanding oral attention. Results in: (+200 Gold) (+ 35 Lust) (-1 Dominance)

(Unbelted) Female Client – Sam provides a nice, relatively innocent girl you get to break in with a double-ended dildo! (+200 Gold) (- 50 Lust) (+1 Dominance)

(Belted) Male Client – Sam provides a dominant male client who demands anal from you... (+250 Gold) (+ 15 Lust) (-1 Dominance)

(Unbelted) Male Client – You pick out your own client and manage to dominant him! (+250 Gold) (-50 Lust) (+1 Dominance)

Sub Unlock – If Kiralia is submissive enough (40 Dominance or less), an extra option will appear! She can ask Sam for something special. This option results in a gangbang (3 men and her). It also results in: (+150 Gold) (-100 Lust) (-1 Dominance)

Dom Unlock – If Kiralia is Dominant enough (60 Dominance or higher) an extra option will appear! She can pay Sam his bit in advance and simply look for her own target...and find one in Annabelle and an Orc she's taken a fancy too. This option results in a threesome with both of them. It also results in: (+150 Gold) (-100 Lust) (+1 Dominance)

The Farm- 7 Unique Scenes

Locating the farm involves one of the scenes. I'm listing it here, as I think it makes more sense to do so, however it is actually triggered by **Finding Work as an Adventurer** while **Unbelted**. Otherwise, all scenes listed are at the MorningWood Farm once it is unlocked. Though two of them are gated by information you need to find elsewhere.

Finding the Farm – As mentioned above, this scene is actually triggered via **Adventuring** alone, **Unbelted**. There is a 50% chance of it triggering under those conditions. If it does trigger, Kiralia will find a magic Lactation Potion, that she is compelled to drink. This triggers a chain of events that **Unlocks the MorningWood Farm**. Returning to do additional Unbelted adventures can trigger variant of the scenes, which can be quite profitable. (-100 Lust)(+200 Gold)(-1 Dominance)

(Job)Milking – Once you Unlock the MorningWood Farm (See Finding the Farm above), you can repeat the Milking scenes as a small job. The content is similar to the Finding the Farm content,

put has enough minor variants (including belted/unbelted video/text) that I counted it as a Unique Scene. I waffled back and forth on that... Either way, it can be triggered by simply asking Vendora about it.

Pony Cart Pull (Power Training) – This scene is triggered by asking Vendora MorningWood about the ponygirl you can see behind her. She will explain that some of Kiralia's fellow female adventurers have taken a liking to pony play...and Vendora has taken advantage by setting up something for them to do. She can sign up for the training and be rigged up as a pony girl. By dragging a cart around the farm, Kiralia can train her POWER stat. Stat gains will cap at Power 5. Other effects will remain, however. (+1 Power)(+50 Lust)(-1 Dominance)

Warning! *Vendora MorningWood is a Futanari Character! If you don't like that sort of thing, skip her content! You will be warned in game, as well.*

(Belted) Sex with Vendora – If you Flirt with Vendora, you'll get the choice to have sex with her (after the Futa content warning). She's a gentle lover and will help Kiralia cum even if she's trapped in her chastity belt...via an anal sex scene, of course! (-30 Lust)

(UnBelted) Sex with Vendora– If you Flirt with Vendora, you'll get the choice to have sex with her (after the Futa content warning). She's a gentle lover and will make sure Kiralia has a good time...despite the difficulties caused by a massive cock... This triggers a vaginal sex scene with her. (-80 Lust)

Peeping on Jillian & Vendora – This scene has to be **unlocked** by learning about Jillian's interests. There are actually two ways to do so. One is by Talking to Jillian with High **Lust** and asking about her sexuality. The other is by listening to Sam's rumors at the bar. One of them provides the same hint in a different way. However you unlock it, there are two Major variants depending on Kiralia's Belted/Unbelted status. Both are triggered by a new option that will become available at the MorningWood Farm once you unlocked the needed bit of information...

(Belted) Peeping – In this option, Kiralia can't do anything but watch in frustration as Jillian and Vendora have sex. Results in her walking a unique scene through the window. (Lust MAX)

(Unbelted) Peeping – In this option, Kiralia, free of her belt, makes a bold decision. Instead of merely watching, she joins in, triggering a threesome with Jillian and Vendora... (-100 Lust)(+1 Dominance)

Lust Effect Scenes (Hope's Rest) – 5 Unique Scenes

These scenes are triggered by walking around a Hub Area (such as Hope's Rest), while Kiralia has over **75 Lust**. Results differ if she is belted/unbelted and both belted statuses have multiple scenes that can occur randomly.

(Belted)Nothing Happens – Not quite what it says on the tin. No sex scene...but the Chastity Belt only brings Kiralia to a stop for a few minutes. There is a lust increase but nothing else happens. Obviously, this does not count towards the Unique sex scenes counts.

(Belted)Female Partner – Kiralia's Cursed Chastity Belt acts up in public, forcing her to seek relief. It will only let her cum if she services someone else...so she looks for a partner! This scene is one of two random results, in which she spots a young woman first and approaches her to satisfy the conditions. Results in an oral sex scene with said young woman. (-50 Lust)(-1 Dominance)(+???) *Note: The ??? stat currently has no usage in the game. It's something that will be implemented much later*

(Belted)Male Partner – Kiralia's Cursed Chastity Belt acts up in public, forcing her to seek relief. It will only let her cum if she services someone else...so she looks for a partner! This scene is one of two random results, in which she spots a man who's hit on her before and approaches him to satisfy the conditions. Results in an oral sex scene with man. (-50 Lust)(+50 Gold)(-1 Dominance)(+???) *Note: The ??? stat currently has no usage in the game. It's something that will be implemented much later*

(Unbelted)Public Masturbation – Kiralia's Lust drives her to seeking release. She strips off right in the middle of the street and sees to her own needs... (-25 Lust)

(Unbelted)Female Partner – Kiralia's Lust drives her to seeking release with a partner, seducing a young woman into public sex with her! Results in dominant sex with said young woman. (-50 Lust)(+1 Dominance)

(Unbelted)Male Partner – Kiralia's Lust drives her to seeking release with a partner, seducing a man who has hit on her repeatedly in the past. Results in (public) dominant sex with said man. (-50 Lust)(+1 Dominance)

Total Unique Sex Scenes in Hope's Rest = 55

In Transit – Traveling on the Dawn's Rose

There are three separate 'routes' that can be taken through the Dawn's Rose content. Those routes are accessed/unlocked by the current level of Kiralia's **Dominance** upon talking to the Scarlett Sisters in the Inn (talk to Sam and ask about passage in order to even find the sisters in the first place). If Kiralia's **Dominance** score is 60 or above, it will unlock the Dominant Route. If her **Dominance** is 40 or below, it will unlock the Submissive Route. The **Default Route** is available at all times, regardless of **Dominance** level. Both the **Submissive** and **Dominant** routes have 3 MAJOR scenes, each being among the largest in the game. The **Default** route is somewhat different, being focused on a series of choices, but containing a roughly similar amount of content.

Dawn's Rose - The Dominant Route

Fining all content for this route is extremely straightforward, as you will be given all there options outright as menu options. As such, I will simply outline here what the three options are.

Teasing Day: If you choose the 'Tease Alyena all day' option on the menu of what to do with her...Kiralia will subject poor Aleyna to being teased all day without release ;-). This involves several things, including a foot massage, forced masturbation, and two different oral sex scenes.

Crew Service: If you choose the 'Have Aleyna service the crew' option on the menu of what to do with her, Kiralia will have her spend the day 'servicing' the crew. This is added to/spiced up a bit with a remote control toy in Kiralia's hands...

Chastity Day: If you choose the 'Look for something fun in the storage room' option in the menu for what to do with Aleyna, this day triggers. Going to the storage room of toys, Kiralia will find a high-security chastity belt and bra, plus a yoke, blindfold, and vibrating dildo. The day content involves putting all of them on (or in) Aleyna, then taking her around the ship. The day ends in a missionary sex-scene with Aleyna.

Dawn's Rose - The Submissive Route

Fining all content for this route is extremely straightforward, as you will be given all there options outright as menu options. As such, I will simply outline here what the three options are.

Service the Crew: Choosing the 'Service the Crew' option from Captain Shizara's menu of choices results in Kiralia spending the entire day serving the crew's sexual needs...and getting a reward at the end! Specifically, being tied to a bondage cross and fucked by Shizara. She even allows Kiralia to cum...once. How nice of her.

Serve Alongside Aleyna: Choosing the 'Serve with her Sister' option from Captain Shizara's menu of choices results in Kiralia spending the day entertaining the crew alongside Aleyna. This involves dancing for them on deck...and again, ends in a reward for a job well done. Specifically, in being allowed to have sex with Aleyna...under her sister's direction...

Spend the Day with Shizara: Choosing the 'Spend the day with Shizara' option from Captain Shizara's menu of choices results in Kiralia...spending the entire day with Shizara. This means being teased mercilessly all day, through various situations, until finally getting relief from painful levels of arousal at the end of the day...with a special guest in the form of Aleyna 'hanging around.' The reward for this day is sex with the Captain in her cabin...while Alyena is forced to watch helplessly.

Dawn's Rose - The Default Route

Okay, this route is structure very differently than the others, and the only one that you REALLY need the guide for. Oh, you could probably find everything without it, but it would be a bit trial and error. As the various sexual encounters can be mix-and-matched on various days, I decided that the best way to give a guide to them would be to outline ONE way that you can see all-

content (or almost all) in a single pass through this route. There are other viable combinations, this is just the one I used for testing.

Day 1:

Day 1 will start with a detailed shower scene, leading up to the choice of whether or not to give a blowjob in the shower. For this see-everything route, **agree to give the blowjob**.

After the short **Blowjob Scene** finishes, the crewman will give you directions to see Van the Shipwright, who can remove Kiralia's chastity belt! This first time, you'll automatically visit him, getting the full introduction and removal scene. This *first* time, it will also automatically move you on to the **Crew Gangbang** scene, then end the day.

Day 2:

Day 2 will start with a *much shortened* version of the shower scene, leading to a choice with the crewman again, where you can either repeat the blowjob scene or do a new **Anal Scene**, which is more in depth...and also new. So we'll do that this time. (Note: If you refused the blowjob on Day 1, you can only do that...or refuse it again).

After choosing the Anal Scene option and watching the results, you are presented with a new choice! You can either Go Visit Van or else Go Up On Deck. For this guide, we'll chose to Go Visit Van on Day 2. This will give you a shortened version of the chastity-break scene, followed by...

Another choice! Instead of automatically going to the gangbang scene, you now have the choice to either repeat that scene, or look for a new partner. Obviously, we're going to choose the new option. This triggers the **Passenger Scene**, which is the only lesbian scene for this route. Kiralia will find and seduce a fellow passenger. After that, the second day ends.

Day 3:

For day three, you'll see the same intro bits as Day 2. Only, this time, we're going to outright refused either Anal or Blowjob scenes. Technically, you can actually do one of them, than simply use the choice to either go/not go to Van to do what we want. Either works.

Refusing the Blowjob/Anal scenes and/or doing one of them but then choosing not to visit Van, will trigger the final sex scene for this route. Kiralia will go up on deck and try to wait peacefully...only for The Belt to interfere. Once she gets horny enough, she'll seize on the idea of appeasing it....and this is where it's *technically not possible* to see every single bit of this route in one go.

If Kiralia accepts that she needs to do something Lewd, she'll find a crewmember and trigger the **Boobjob Scene**. She'll be rewarded by The Belt with an orgasm.

However! There *is* an option to resist. If you choose for her to resist, she will instead go and spend her time reading an erotic novel in the study...but there's no sex scene. On the other hand...it does change a variable in the background that will only be important much later in the game.

Hub Area 2 – The city of New Landing

Build 3 sees the official introduction of the city of New Landing. So far, three of it's Main Areas have been introduced, though none of them have all of their content yet. Though, the Brothel does have the *majority* of its content. There are currently 16 total scenes, which can be found/unlocked/accessed in the following ways:

The Pleasure Palace Brothel – 16 Unique Scenes

Roslyn's Familiar Problem: These three scenes can only be triggered once Kiralia has discovered that Roslyn has a similar problem to her own...that she's stuck in a lesser, cruder, version of the same Magic Chastity Belt Kiralia is suffering from! In order to discover that secret, the **(Futa Scene) Special** must have been completed at least once! Likewise, Kiralia must have reached at least **10 points in Rogue Skills!** Once both of those requirements have been met, there will be a new option in Roslyn's Chat Menu. Labeled with (Rogue) to show that it is a unlock for the Rogue skill, selecting it can get you one of three scenes. All three scenes require Kiralia to be **unbelted**.

Submissive Version: If Kiralia's Dominance is less than 70, the result of her unlocking Roslyn's belt is the madam taking control of her, attaching a yoke and having her fun with Kiralia. Results in -1 Dominance

Dominant Version: If Kiralia's Dominance is equal to or greater than 70, she convinces Roslyn to let her take charge, locking her in a bondage frame to release the belt, then tying her up in a straitjacket to have her fun... Results in +1 Dominance

Futa Version: If Kiralia is a futa...Roslyn will be doubly happy about being released and proceed with the expected fun. Dominance neutral.

Work as a Prostitute – During the Afternoon or Evening, you can talk to Madam Roslyn and ask her for work. The resulting options change depending on Dominance Level, Belted/Unbelted Status, and Futanari Transformation. The amount of Gold earned actually varies by how good a Dom or Sub Kiralia is for the general clients. Unlockable scenes have set gold rewards. Lust likewise changes with Dominance level for some scenes and thus nether lust or gold results are listed for all scenes.

(Sub Unlock) Female Dom – If Kiralia's Dominance score is less than or equal to 30, Roslyn will ask her if she wants to take a special submissive-only challenge! Up to three days can pass before this happens, if she's unlucky! In this variant, the eventual winner is a Female Orc, who has Kiralia dance for her, then get down to business... (-100 Lust)

(-1 Dominance)(+1000 Gold)(-40 Lust)

Struggles in Pink (Bondage Shop) – 8 Unique Scenes

Note: The Bondage shop, in addition to some chats with the owner, has a Job. If Kiralia works a shift selling bondage gear (complete with demonstrations...), there is a pool of 8 possible scenes that will be selected from at random. Four are for if she is belted, the other four if she is unbelted. One of each the belted and unbelted scenes have unlock requirements before they can/will appear.

Male Client (Belted) – If Kiralia is belted, this is one of the possible options. Results in being bound in a hobble skirt and giving a blowjob to the client. (+Lust) (-Dominance)

Adrian (Unbelted) - This option results in no clients, but with Adrian (the owner) deciding HE is Kiralia's client for the day. This version results in a blowjob for Adrian + Sex with Adrian. (-Lust) (-Dominance)

Ryka (Special - Belted) – This option *Has an Unlock condition*. Specifically, you must have visited the Pony Express Courier Service at least once. She needs your help in testing out the set of Pony Gear the shop has made for her... (-Lust)(-Dominance)

Jenna (Special – Unbelted) - This option *Has an Unlock condition*. Specifically, you must have discovered Jenna's hobby (that she is one of Ryka's ponygirls in her spare time). This requires you to complete the Adventurers Guild Quest - **Pony Express Expansion**. After completing that quest, you can speak to Ryka to learn Jenna's secret. After you have learned it, this scene will join the rotation of Unbelted scenes that can trigger from working a shift. Jenna comes in as a special client...wanting to try on a set of gear she ordered! Kiralia gets to be on the other side of the demonstration for once... (-Lust)(+Dominance)

Pony Express Courier Service – 9 Unique Sex Scenes + minor variants

New in Build 4, the Pony Express Courier Service can be visited via the main New Landing streets menu. Visiting the office of the service will introduce you to a new Major Character, named Ryka, who's personality may or may not be the result of Novus's random shuffle of songs deciding it liked Disney Movie songs and Anime Titles while he was writing her. Regardless of that anecdote, Ryka provides 2 new jobs that Kiralia can do. Courier duty and Advertisement Duty. Between them they currently have 6 unique scenes, plus some minor variants.

Basic Courier (Plugs Interruption) – If you choose to have Kiralia run a 'basic' delivery, she will be in a chastity harness. Such runs randomly shift between 3 results. One result has nothing happen, the second result is this one where she is interrupted near her destination by the plugs inside her ramping up to full power, forcing her to cum right there in the middle of the street, where everyone can see her... There is an extremely minor set of variants changing if the client is male or female, but it doesn't effect much. (+200 gold) (+20 Lust) (-1 Dominance)

Basic Courier (Guard Interruption) – If you choose to have Kiralia run a 'basic' delivery, she will be in a chastity harness. Such runs randomly shift between 3 results. One result has nothing

happen, the third result is this one, where a guard stops her. Due to the agreement Ryka has made to keep the guards happy, Kiralia must stop and give him a boobjob...and finish the delivery dripping with his cum. There is an extremely minor set of variants changing if the client is male or female, but it doesn't effect much. (+200 gold) (+80 Lust) (-1 Dominance)

Extra Service Courier (Female) – If Kiralia is unbelted, she may choose to do 'extra service' jobs, where her clients get to have their way with her after delivery. Getting either a male or female client is random. In this one, it is a female client. (+300 gold) (-60 Lust) (-1 Dominance)

Extra Service Courier (Male) – If Kiralia is unbelted, she may choose to do 'extra service' jobs, where her clients get to have their way with her after delivery. Getting either a male or female client is random. In this one, it is a male client. (+300 gold) (-60 Lust) (-1 Dominance)

Advertise for the Pony Express (Male) – If Kiralia is unbelted, she may choose to wander the streets as a pony girl, being a 'free sample' that anyone can use. Well paid...but a little humiliating, given the Free Sample sign dangling behind from an anal plug. There are two major variants, randomly selected. This one features a Male Guard fucking Kiralia in public as the 'main event' of the scene. (+750 gold) (- 100 Lust) (-1 Dominance)

Advertise for the Pony Express (Female) – If Kiralia is unbelted, she may choose to wander the streets as a pony girl, being a 'free sample' that anyone can use. Well paid...but a little humiliating, given the Free Sample sign dangling behind from an anal plug. There are two major variants, randomly selected. This one features a well dressed woman fisting Kiralia as the 'main event' of the scene. (+750 gold) (- 100 Lust) (-1 Dominance)

Pack Pony Service: This is an unlockable set of additional scenes for the Pony Express. In order to unlock Kiralia has to have gained access to the Pony Parlor, then have a high enough dominance score (70+) to choose the **Ryka's Reward – Ponygirl Ryka** after winning one of the events there. Achieving this even once will unlock the following three scenes. (In other words, dominance does not need to remain high to retain access to them).

Pack Pony – Ryka: Ryka will ask you to help her experiment with a new service, with Escorted Ponygirls delivering packages. Ryka will be the pony girl while Kiralia escorts her safely to her destination...and watches as Ryka provides the 'extra service' that goes with the delivery. Repeating this scene later will give a minor variant.

Pack Pony – Jenna: If you have discovered Jenna's secret and dominated her at least once at the guild, she will be available for you to escort as a Pack Pony, after Ryka has done the initial intro for the new service. (Note: Previous domination of Jenna prior to Build 11 doesn't count, I needed to add a variable for this. It also won't mess anything up if you have, though. Just do it again).

Pack Pony – Kiralia: If you have unlocked and experience the **Ryka (Special - Belted)** scene at Struggles in Pink, Kiralia can also bail an overbooked Ryka out by being a Pack Pony for an extra special delivery.

(Unlockable Location) The Pony Parlor – 7 Unique Scenes

New in Build 9, this location can be unlocked by first finished the **Pony Express Expansion** quest for/at the **Adventurer's Guild**. After that, you need only visit the Pony Express building once, where Ryka will tell you about the Pony Parlor now being complete!

Pony Maze: When you visit the Pony Parlor, Kiralia can run a Maze in Ponygirl Gear, with a prize...and a reward...on the line. Having a Power score of 10 or greater results in a guaranteed win, otherwise it's a 50/50 chance. Running the race with less than 10 points of Power will result in a +1 to Power. There are both Belted and Unbelted versions but the difference is minor enough that I count them as one scene.

Pony Obstacle Course: When you visit the Pony Parlor, Kiralia can run a Maze in Ponygirl Gear, with a prize...and a reward...on the line. Having a Power score of 10 or greater results in a guaranteed win, otherwise it's a 50/50 chance. Running the race with less than 10 points of Power will result in a +1 to Power. There are both Belted and Unbelted versions but the difference is minor enough that I count them as one scene.

Ryka's Reward(Belted): If you win either the Maze or Obstacle Course events, Ryka will offer to reward Kiralia. This version results in anal sex...and an increase in lust despite Ryka managing to get her off... (+20 Lust)

Ryka's Reward(Unbelted): If you win either the Maze or Obstacle Course events, Ryka will offer to reward Kiralia. This version results in 69 oral sex...and a decrease in Lust. (-50 Lust)

(Sub Unlock)Ryka's Reward - Unbelted: If Kiralia's dominance is 30 or below, a special option appears when winning either of the ponygirl contests. It allows Kiralia to request her 'reward' in pony gear, which results in being paraded around and then public sex with Ryka...before being Paraded around again, put on display for all the patrons that just watched her have sex. Resulting in no change in lust as a result! (-2 Dominance)

(Dom Unlock)Ryka's Reward – Ponygirl Ryka: If Kiralia's dominance is 70 or higher, she can ask Ryka to be her Ponygirl for the day as Kiralia's reward. She leads Ryka around the Parlor for some time before retiring to Ryka's room for some fun! Note: This also unlocks the Pack Pony expansion scenes for the Pony Express location!

(Special)Fiona the Ponygirl: If you've chosen the Maid Route of the Thieves Guild Quests and have Fiona working for you...you can have her run an event instead of you! The actual events aren't show...but the result is! At least, so long as Kiralia isn't belted. There are two versions.

Futa Version – If Kiralia is a futa, she takes Fiona to the public baths and drills her against the wall...animation DOES differ from Lesbian version. (-50 Lust)

Lesbian Version – if Kiralia is unbelted but not Futa, she takes Fiona to the public baths and uses a strapon to take Fiona in various positions...animation DOES differ from Lesbian version. (+30 Lust)

New Landing Mage's Guild Chapter – 12 Unique Sex Scenes

In the New Landing Mage's Guild, you can talk to the Chapter Mistress. She has her own chats, some insight into the cursed belt, and offers the ability to join the Mage's Guild. Joining the Mage's Guild unlocks 4 sex scenes initially, then an entire quest series and farther interactions with the Chapter Mistress. See the [New Landing Mage's Guild Quests](#) section for the quest-chain walkthrough.

Futa Transformation – After joining the Mage's Guild and raising Magic Skill to 5, the 'Study the Belt' option will result in discovery of a futa spell that can then be performed from the Study menu. Once cast, the spell will last for three time periods, before the cursed chastity belt overpowers it. This does not count as one of the sex scenes! It's merely described her for clarity's sake.

Shrink Spell – After raising Magic Skill to at least 10, returning to the 'Study the Belt' option at the Mage's Guild will provide a new (repeatable) opportunity. Kiralia can research a spell that will allow her to Shrink, while simultaneously suppressing the magic of the belt so that it can't keep up! While the spell has a 300 gold reagent cost, it can allow Kiralia to escape the belt under her own power for the first time! That...might have consequences if she does it too often, though (consequences not implemented yet ;-)). It also unlocks three additional scenes for right after the spell. While the spell doesn't last long enough to go out around town, Kira can seek out the mages she knows in the Guild for a little fun in her mini form.

Mini-Kira and Elydra: Choosing to visit Elydra results in lesbian scene which includes using Kiralia's mini-nature to accomplish some anal-fisting. It also result in a + 1 Dominance gain for Kiralia.

Mini-Kira and Jaren: Choosing to visit Jaren results in a boobjob followed by sex...with Jaren manhandling her the whole time. This results in a -1 Dominance result for Kiralia.

Mini-Kira and Tylan: This result is only unlocked if you've already helped Tylan (see the **MG Quest 1** entry in the [New Landing Mage's Guild Quests](#) section). Once it's been unlocked, visiting Tylan results in a lesbian scene with Tylan pushing mini-Kiralia to her limits. This results in a -1 Dominance result for Kiralia.

Practical Magic Trainer (Belted) – Seeking out instruction in practical mage use will lead you to Elydra, a minor NPC. She will trade sex (or gold if you're boring) for a lesson in magic. If belted, this will trigger a oral sex scene. (+40 Lust)(+1 Magic Skill)

Practical Magic Trainer (Unbelted) – Seeking out instruction in practical mage use will lead you to Elydra, a minor NPC. She will trade sex (or gold if you're boring) for a lesson in magic. If unbelted, this will trigger a lesbian scene featuring a double dildo. (-40 Lust)(+1 Magic Skill)

Practical Magic Trainer (Futa) – Seeking out instruction in practical mage use will lead you to Elydra, a minor NPC. She will trade sex (or gold if you're boring) for a lesson in magic. If Kiralia is currently a futa, a scenes where Elydra takes her back to her quarters for sex will trigger. (-40 Lust)(+1 Magic Skill)

Mage Theory Instruction (Oral)– Seeking out Theoretical Instruction will lead you to Jaren, a minor NPC. Much like the Blacksmith is Hope's Rest, he will give discounts based on sex. Oral provides a discount of 50% on his fee and can be triggered regardless of belt status. . (+20 Lust)(+1 Magic Skill)

Mage Theory Instruction (Sex)– Seeking out Theoretical Instruction will lead you to Jaren, a minor NPC. Much like the Blacksmith is Hope's Rest, he will give discounts based on sex. Offering sex provides a discount of 50% on his fee and can only be triggered while unbelted. (-30 Lust)(+1 Magic Skill)

Tylan Lesbian Scene – Speaking to Tylan (the chapter mistress) after completing the first quest of the New Landing Mage's Guild Quests series, will provide two new options. Selecting 'Suggest just the two of you have fun' will result in a lesbian sex scene with Tylan, in which she is dominant with Kiralia. This only triggers if Kiralia is not currently a futa. (-80 Lust)(-1 Dominance)

Tylan Lesbian Scene – Speaking to Tylan (the chapter mistress) after completing the first quest of the New Landing Mage's Guild Quests series, will provide two new options. If Kiralia is currently a futa, selecting 'Suggest just the two of you have fun' will result in a scene where she dominates Tylan instead of the other way around. It also *unlocks an additional Chat option with Tylan, afterward.* (-80 Lust)(+1 Dominance)

Tylan & X'tila Futa Succubus Threesome - Speaking to Tylan (the chapter mistress) after completing the first quest of the New Landing Mage's Guild Quests series, will provide two new options. Selecting 'Ask Tylan for a Session with X'tilia' will provide 2-3 options (depending on if Kiralia is currently futa). This first option simply allows you to repeat the scene from the first Mage Guild Quest, featuring Tylan & Futa X'tila in a threesome with Kiralia. It also provides a new way to boost Magic Skill. (Lust -100) (+1 Magic Skill)

Tylan & X'tila Lesbian Threesome - Speaking to Tylan (the chapter mistress) after completing the first quest of the New Landing Mage's Guild Quests series, will provide two new options. Selecting 'Ask Tylan for a Session with X'tilia' will provide 2-3 options (depending on if Kiralia is

currently futa). This option triggers a lesbian threesome featuring Tylan, a non-futa version of X'tila, and Kiralia. It also provides a new way to boost Magic Skill. (Lust -100) (+1 Magic Skill)

Tylan & X'tila Futa Kiralia Threesome - Speaking to Tylan (the chapter mistress) after completing the first quest of the New Landing Mage's Guild Quests series, will provide two new options. Selecting 'Ask Tylan for a Session with X'tilia' will provide 2-3 options (depending on if Kiralia is currently futa). This option is only available if Kiralia is currently futa, and triggers, a threesome with a non-futa version of X'tila. It also provides a new way to boost Magic Skill. (Lust -100) (+1 Magic Skill)

X'tila Futa Scene – Speaking with Tylan has a new scene option as of Build 8! You can grant a harried Tylan a little relief from X'tila's constant horniness by volunteering as tribute for the day... (Lust – 50) (-1 Dominance)

New Landing Mage's Guild Quests – 9 Unique Sex Scenes

This quest chain represents one of the three 'routes' in New Landing. That is to say, one of the three ways to progress from New Landing to the next hub area, The College of Allund. The quest chain is currently incomplete, having only 3 of the 5 planned quests. In order to start the quests, you must first reach 10 points in Magic Skills, then speak with Tylan the Chapter Mistress in her office, asking if you can help her.

MG Quest 1 : 4 Scenes

Stamina Test – Visit Tylan after you have reached 10 points of magic and ask to help. She will test your sexual stamina...and Kiralia will fail the first time, since she hasn't trained specifically for it! When she wakes up, Tylan will tell her she's arrange special options for her at the Pleasure Palace. Return to do the test again once you have 3 sexual stamina.

Pleasure Palace Pillory Predicament – Visit Roslyn at the brothel, when *unbelted* and not a futa. She will allow Kiralia to partake in two different forms of Sexual Stamina Training. One is the option to be placed in a pilloy by the front doors, as a free sample to anyone that wants to give her a try. This is a submissive option... (Sexual Stamina +1) (Lust -100)(Dominance -1)

Pleasure Palace Pillory Predicament – Visit Roslyn at the brothel, when *unbelted* and not a futa. She will allow Kiralia to partake in two different forms of Sexual Stamina Training. One is the option to run an all-day orgy. As she places Kiralia in charge of events, mostly, this is a dominant option... (Sexual Stamina +1) (Lust -100)(Dominance +1)

Helping Tylan – Once you have 3 sexual stamina, repeat Tylan's test and succeed to her satisfaction. Once that happens, she will take you to her private suite of rooms and introduce you to her problem...a futanari Succubae who needs to be fully satisfied. As Tylan has failed to do so alone, she asks you to help. If you say yes, you see a threesome scene between Tylan, Kiralia, and X'tlia. This scene is then repeatable later (it is counted here in the unique scene count, not under the Mage Guild repeatables. (Lust -100)

Mg Quest 2 : 1 Scene...the single longest in the game -_-.

Cursed Belt Enchantment Mapping 1 – Once Tylan has been helped with her issues in Quest 1 of this chain, there will be a new option when speaking to her, so Kiralia can ask for help with the cursed belt. Tylan will take her to the Runic/Ritual Room and run a series of tests in order to ‘map’ the enchantment...which just so happens to trigger many of the things the belt can do. This is the longest single scene in the game(as of Build 4), involving a lot of stills and multiple videos. It also reveals a clue about the chastity belt...

MG Quest 3 : 1 Scene...the second longest in the game -_-.

Cursed Belt Enchantment Mapping 2 – Once you’ve done the first set of experiments on the belt, talking to Tylan again will reveal that the map of the enchantments needs to be refined. In order to do this, she will trigger the belt in a big way, to randomly apply effects to Kiralia. Who must then spend the rest of her day slowly freeing herself from the results by appeasing the belt’s requirements. This allows Tylan to map the enchantments as they work.

MG Quest 4: 3 Scenes

Cursed Belt – Tylan’s Mistake – Once you’ve completed MG Quest 3, talking to Tylan will reveal that she wants to perform more rigorous...and dangerous...tests to the cursed belt in exchange for her recommendation to the College of Allund. Kiralia agrees, of course, danger is an adventurer’s occupation! Also, the alternative might have been to be stuck there as Tylan’s apprentice, possibly without getting the belt off, for who know how many years...

Unfortunately, Tylan learns the hard way that the power backing the belt is annoyed with her attempts...

Tylan/Kira Mind Control Scene: This scene triggers regardless of anything else, with Tylan and Kira losing control of their bodies, which proceed to tease and pleasure each other.

Dumped in the Wilderness (X’tilia Helps): Once the first scene triggers, Tylan and Kiralia find themselves dumped in the wilds hours outside town, naked save bondage gear. Powerfully enchanted bondage gear that they’ll need help to get off! This is the default choice, where they must trek all the way to town, and naked through town, in order to get the needed magical assistance from the Succubae X’tilia...who will extract a predicable price for her help.

Dumped in the Wilderness (Water Nymph Helps): If Kiralia has already completed the second Thieves Guild Quest (**Dealing with de Luna**) AND went to **Iris** for help during that quest, this option is unlocked. (Actually, I just realized I may not have added the check for having actually asked Iris for help, oops). Since Kiralia happens to know a powerful Water Nymph living outside of town...she can lead Tylan there to get help instead of going to X’tilia! Said Nymph...also extracts a predicable price for her help ;-).

New Landing Thieves Guild General– 17 Unique Sex Scenes

Rolf – Blowjob Discount: Rolf can pick the lock on Kiralia's chastity belt! His price is quite high though, since he's the only one in New Landing skilled enough to pick that lock! However, if you agree to give him a blowjob...he'll give you 50% off! You can find this scene simply by asking about it in the Guildmaster's Office. (- 1 Dominance) (+25 Lust)(-500 gold)

Rolf – Sex for Unbelting: Rolf can pick the lock on Kiralia's chastity belt! His price is quite high though, since he's the only one in New Landing skilled enough to pick that lock! However, if you agree to have sex with him, he'll do it for free! You can find this scene simply by asking about it in the Guildmaster's Office. (- 1 Dominance) (+10 Lust)

Lysa's Reward: Elizabeth de Lucien, from **TG Quest 1**, is the best friend of Guildmaster Rolf's assistant (and adoptive daughter). She is suitably grateful after you help Elizabeth escape her situation...and wishes to reward you. This event requires you to finish the first Thieves Guild quest, then appear in the Guildmaster's office while free of Kiralia's Chastity Belt. There are two completely different scenes that can trigger, with both being possible to repeat from Lysa's chat menu after you've triggered at least one the first time.

Lesbian Version: This version triggers if unbelted but not futa and results in an all day lesbian sex extravaganza with Lysa.

Futa Version: This version triggers if Kiralia is a futa and results in an all day futa/female sex extravaganza with Lysa.

(Dom Unlock) Dominate Lysa: If you've unlocked Lysa's sex options by completing TG Quest 1 and accepting her 'reward,' Kiralia is unbelted, AND Kiralia has 70 Dominance or more, the option to take Lysa to her room and tie her up in the restraints she normally prefers to see on others...

(Sub Unlock) Submit to Lysa: If you've unlocked Lysa's sex options by completing TG Quest 1 and accepting her 'reward,' Kiralia is unbelted, AND Kiralia has 30 Dominance or less, the option to let Lysa indulge her fetish for seeing Kiralia tied up becomes an option...

Rodger the Finger (Threesome): Asking Rodger for free training while **Unbelted** results in him offering said training in exchange for you helping him have fun with Matilda, one of the serving girls in the Thieves Guild main area. She apparently has a thing for threesome! This results in a M/F/F Threesome with Rodger, Kiralia, and Matilda. Kiralia takes control of the entire threesome, resulting in a +1 to her Dominance score.

Rodger the Finger(Futa Threesome): Asking Rodger for free training while a **FUTA** results in him offering said training in exchange for you helping him have fun with Matilda, one of the serving girls in the Thieves Guild main area. This results in a M/M/F animation. Though obviously, it's

really Male/Futa/Female. Either way, it's an entirely different animation set to the other Rodger threesome...

Iris Potion Game – If you ask Iris (in the Thieves' Guild Main Room) for free training, she will respond by offering you a little game. She's collected a large number of unknown potions over her career. Take one and let her 'play' with the effects afterward, and she will give you some free training. There are currently 4 possible scenes, 2 each for unbelted and belted results. Currently there is no futa result.

Unbelted Breast Expansion: Results in considerable expansion of Kiralia's tits...which Iris than insists on fucking properly. With this unbelted version, Kiralia can masturbate in the process, resulting in an orgasm that reduces her lust.

Belted Breast Expansion: Results in considerable expansion of Kiralia's tits...which Iris than insists on fucking properly. With this belted version, Kiralia is helpless to properly cum, getting only a small climax from the breast play...that leaves her more horny than when she started! It is, of course, a different animation.

Futa Breast Expansion: Like the other two Breast Expansion results, this results in Kiralia's tits growing considerably. However, unlike those two...Iris has a bit of a more extreme reaction, leading to a marathon all-day sex session, followed by a full day of teaching. Results in one of the longer sex scenes in the game and +3 Rogue Skills!

Unbelted Bondage Trap: The potion has similar effects to the cursed items Jillian of the Hope's Rest magic shop wanted help with...namely, it's a trap! No, not THAT kinda of trap... Anyway, Kiralia will end up tightly bound and subject to a proper fucking my Iris in this version. Lust is reduced from a satisfying series of climaxes...

Belted Bondage Trap: The belted version sees Kiralia ending up tightly bound and forced to give a proper fucking to Iris, while not being able to get off herself. Raises lust. It is, of course, a different animation.

Futa Bondage Trap: This is the version of the Bondage Trap that triggers if Kiralia is a Futa when she plays the Potion Game. Slightly more involved than the belted and unbelted versions. With, of course, an entirely different animation set.

Goat Girl Transformation(Belted): Even Iris is surprised when this potion kicks in! It transforms Kiralia into something that may or may not resemble a copyrighted race from a famous game. (*cough* Draenei *cough*). This is the version triggered if Kiralia's chastity belt is on. It results in increased lust as a result...

Goat Girl Transformation(UnBelted): The unbelted version of the above scene. With, of course, an entirely different animation set. And Kiralia actually gets to cum...

Goat Girl Transformation(Futa): The futa version of this scene, which can obviously only be triggered if Kiralia starts the game as a Futa. Note! This version sees Kiralia much more assertive...to the point that she gets +1 Dominance out of the scene!

New Landing Thieves Guild: Escape Mini-Game – 12 Unique Sex Scenes

The Training/Escape Game – Once you Join the Thieves Guild (simply talk to Rolf in the Guildmaster’s Office to do so), you can ask Lysa to take part in a Training Game. She will put you into one of two sets of Bondage Gear (your choice, different difficulty levels), then set you loose in the Main Floor to try and escape your bindings. Note that, after due consideration, I realized there’s no way to tell you how to find every MINOR variant. Gear can be removed in different orders, and I accounted for that by having those changes *actually reflected in the sex scenes*. Meaning that, if you take off say, the Corset from the Pet Set, *it will be visibly gone in any scenes after that*. Which was, by the way, a freakin waking nightmare for about a week -_- . Seriously, if it was possible to get PTSD from coding, this bloody mini-game might have done it for me. That being said, what I will outline here isn’t all possible *minor* variants, but all possible Major Variants/Scenes. I will not cover incidental shots, however. In example, there are unique screenshots for some of the lockpicking options, but I will not cover them here as they aren’t really full ‘scenes.’ There are two additional, far longer scenes, if Kiralia forfeit’s the game...

The Pet Set (Easy) -There are 6 total scenes for the Pet Set, two of them being Major Variants.

Ring Gag(Rodger)(With Pet Suit) – Rodger will help you get out of the gag...in exchange for a blowjob with it still on! This variant occurs if you ask for his help while *still wearing the Pet Suit*.

Ring Gag(Rodger)(No Pet Suit) – Rodger will help Kiralia get out of the gag...in exchange for a blowjob with it still on! This variant occurs if you ask for his help after already escaping the Pet Suit. This results in a *completely different scene*, hence why it’s considered a Major Variant.

Pet Suit(Rodger) – Rodger will help Kiralia get out of the Pet Suit (that is, the arm and leg binders forcing Kiralia to crawl)...but only in exchange for letting him fuck her first! Note: This actually DOES use a different animation than Iris’s option.

Pet Suit(Iris) - Iris will help Kiralia get out of the Pet Suit (that is, the arm and leg binders forcing Kiralia to crawl)...but only in exchange for letting Iris fuck her first! Note: This actually DOES use a different animation than Rodger’s option.

Corset(Iris)(With Pet Suit) – Note! Kiralia must already be ungagged for Iris to agree to help her out of the Corset! If Kiralia *is* ungagged, Iris will offer her help in exchange for some oral attention. This version occurs if Kiralia is *still wearing the Pet Suit* when she asks for help.

Corset(Iris)(No Pet Suit) – Note! Kiralia must already be ungagged for Iris to agree to help her out of the Corset! If Kiralia *is* ungagged, Iris will offer her help in exchange for some oral attention. This version occurs if Kiralia is **NOT** wearing the Pet Suit when she asks for help. It results in a completely different scene and is thus considered a Major Variant.

The Iron Set (Medium) -There are 4 total scenes for the Iron Set

Pear Gag(Iris) – Iris will agree to help you out of the Pear Gag...if Kiralia lets her fuck her with her trusty strapon first!

Iron Mittens(Iris) – Iris will only agree to help you with the Iron Mittens if Kiralia has already gotten free of the Pear Gag first. This, fairly obviously, is because she wants Kiralia to eat her out in exchange for her help...

Iron Mittens(Rodger) – Rodger will help Kiralia with the Iron Mittens, but demand sex with her as payment first.

Iron Harness (Rodger) – Rodger will only help with the Iron Harness if Kiralia has already gotten rid of the Pear Gag. He demand a blowjob as the price for his assistance...

Iron Legs (Iris) – This is NOT a sex scene result. However, Iris will help you out of the Iron Leg Chains...but only if Kiralia has already escaped the Iron Mittens and lets Iris put them back on her in exchange.

Iron Legs (Rodger) – This is NOT a sex scene result. However, Rodger will help you out of the Iron Leg Chains...but only if Kiralia has already escaped the Pear Gag and lets Rodger put it back in, in exchange.

Forfeit Scene(Unbelted) – If Kiralia was **Unbelted** when she began the escape/training game (either set), forfeiting will result in her serving as a waitress...while in a rather humiliating outfit and chains! Just to add insult to...insult...an Inflatable Butt Plug will be place in her, that any customer may give a pump to! Scene also features giving the proprietor of the tavern level a blowjob...

Forfeit Scene(Belted) – If Kiralia was **Belted** when she began the escape/training game (either set), forfeiting will result in her serving as a waitress...while wearing nothing but her chastity belt and a VERY see-through fishnet outfit. Just to add some extra spice to her punishment, she'll have to deal with nipple piercings that vibrate at random...and being called up during her shift to see to Lysa's 'needs...'

New Landing Thieves Guild Quests – 15 Unique Sex Scenes

TG Quest 1: Helping Elizabeth: Elizabeth de Luna has found herself in a bit of a predicament, having been locked in chastity by her father after having a bit to much fun in Hope's Rest. She needs your help to retrieve a wardstone to gain her freedom...

This quest can begin as soon as you reach at least 10 points of Rogue Skills. Play the Escape Game some or Train with Rodger/Iris for a fee, until you reach that point. Once you have 10 points or more in Rogue Skills, all you have to do in order to trigger the Quest is go to the Guildmaster's Office at the Thieves Guild. Instead of your normal entrance, you'll be prompted

on whether you want to start the quest... SAVE HERE. There are 3 possible paths through this quest and it is not possible to see more than 1 in a given playthrough...so save if you want to see them all! Once you start the quest, you'll get some story, then be presented with three options. Each option leads to a different Route...with at least one being a bit of a hidden route(more or less)!

The Guard Route: If Kiralia is UNBELTED, you can choose to follow Elizabeth's plan. She will take you to the manor at night time, where Kiralia can use her body to bribe a guard with sex, with him sneaking them into the Lord's Chambers in return. This leads to the Lesbian Ending for this quest.

The Lady Route: If Kiralia is BELTED, you can choose to follow Rolf's plan. He reveals that Lady de Lunda, Elizabeth's step-mother, is both sympathetic...and *interested* in the idea of her step-daughter's predicament. She'd never approach her step-daughter, despite that interest...but if another woman in a similar predicament were to offer...well, you get the picture! This route doesn't lead to sex with Elizabeth being in the cards for the ending...but in exchange it **unlocks two repeatable scenes** with Lady Sofia de Luna at the brothel.

The Maid Route: This is the hidden route! Or at least, it's not as obvious as the others. This route is triggered by choosing to 'figure it out yourself.' You'll go to the manor at night and sneak in...only to be caught by a maid. If you're belted or even unbelted, you'll have no choice but to try to reach her before she screams. With a high enough POWER score you can succeed. Here's the hidden bit, though... if Kiralia is **currently a futa(by starting the quest as a futa)** you'll get a second option. The second option is to seduce the maid...which is rather more fun than just knocking her out! This leads to the Futa Ending for this quest.

TG Quest 1 Lesbian Ending: Reached via the Guard Route, this ending results in some lesbian fun between Kiralia and Elizabeth! And there may be consequences in the future...

TG Quest 1 Futa Ending: Reached via the Guard Route, this ending results in some Futa fun between Kiralia and Elizabeth! And there may be consequences in the future...

TG Quest 2: Dealing with de Luna: The Thieves Guild has had quite enough of Lord Lucien de Luna's interference in the profitable items and enterprises coming out of Hope's Rest. Not to mention recent events, which angered many in the guild who knew and liked Elizabeth de Luna. Guildmaster Rolf wants you to help him solve this issue...

This quest has no requirements other than finished TF Quest 1. When you return to Rolf after the first quest, he will reward you, as well as tell you to talk to him when you're ready for the next job. A new option is added to his menu after this and choosing it will start a fairly involved quest, one which has permanent consequences going forward. There are three routes through

the content, **and which one you take is dependent on the choices you made in the first quest.** If you choose the route with Lady Sofia in Quest 1, you'll follow that route in Quest 2, if you chose to go it alone and encountered the Maid, you'll get the Maid Route for Quest 2. Etc. *After starting the quest with Rolf, you can work on the first stage by choosing the new option that will appear on the Main Thieves Guild floor's menu!*

Stage 1: Again, start this from the Main Thieves Guild menu, after talking to Rolf.

The Guard Route: If you chose Elizabeth's suggestion in Quest 1, of bribing a guard with your body, you'll get this route in Quest 2. Needing information about Lord Lucien de Luna, you'll track down that same guard in a seedy strip club. He'll demand a repeat performance, sex with him on one of the stages where all his buddies can see...plus a generous donation of 2000 gold since he might end up unemployed due to your efforts. *Extra Note: This is the only new scene to Build 8 without a video component. I actually DID make the video...but the swirling lights from the club made me nauseous every time I worked on it, despite not being prone to that. As such I was worried it would ACUTALLY make someone sick, and decided to leave it out...Sorry!*

The Lady Sofia Route: If you chose to take Rolf's suggestion in Quest 1, this is the route that you will follow in Quest 2. Taking Rolf's hint, you return to Lady Sofia for her help once more...which she's quite happy to provide, as it turns out. Of course, she expects some fun as a thank you...

The Maid Route: If you chose to try going it alone in Quest 1 and encountered Fiona the Maid as a result...you get this route in Quest 2. You find out from Rolf that the poor maid has been fired! Thankfully, you can do something to help! You track her down and find her drinking away her meager coin at the Brothel's bar. She's more than willing to help you...in exchange for you helping her. Specifically, she needs money to leave town, as Lucien de Luna blacklisted her locally. **THERE IS AN IMPORTANT EXTRA OPTION HERE.** If you were smart and remembered the Futa Option from Quest 1...you can come as a Futa to this event, and YOU SHOULD DO SO, as it unlocks more content later! If you didn't come as a futa, she'll demand 2000 gold for her information. If you DID come as a futa, she'll settle for 1000 gold...and a night of fun! If you take the futa option, this **UNLOCKS ADDITIONAL SCENES WITH HER LATER.**

Stage 2: In stage one, you will discover that Lucien de Luna has some trouble performing in the bedroom. Returning to Rolf to give him this information will start this stage. Rolf wants you to find a cure for de Luna and points you at two places you might find help.

Tylan the Chapter Mistress: This option requires that A) You're a member of the Mage Guild and B) That you've helped Tylan with her summoning issue (meaning that you've met X'tila already). If you meet those requirements, you can go and talk to Tylan in her office and ask for her help via the new menu option that will appear. She will inform you that Succubae cum can be mixed into a potent cure for such issues...and you both know where you can collect some.... (Lust: MAX)(Dominance -3)

Iris has a Secret: Alternatively, you can talk to Wild Iris, who reveals that she has a bit of a family secret. Specifically, that one of great-great-great-something grandmothers is a Water Nymph! She will lead you to her ancestor's home, where it's really quite easy to convince her to give up some cum as a cure...in exchange for some fun with you, of course! (Lust: MAX)

Stage 3: This Stage happens directly after collecting the cure you need. You will return to speak with Rolf and he will let you choose if you want to either Ruin or Help Lord de Luna. YOUR CHOICE HAS CONSEQUENCES.

Ruin Him: If you've done the Guard or Maid routes through the Quest Content, this won't do anything. HOWEVER, if you've gone down the Lady Sofia route, ruining Lord de Luna will result in him being run out of town, and Lady Sofia taking up his estate in the name of her own family. This unlocks two new scenes with Lady Sofia. See the **Lady Sofia's Manor** section for those scenes.

Help Him: Regardless of which route you've taken, doing this will open up two new options in the Lust Effect content. With Lord de Luna on the Guild's side now, some restrictions are being loosened...so if you're caught doing something indecent in public, there will be new options to choose from afterward! Though, you'll still be able to use some of the old ones, as well. See Public Punishment subset of the **New Landing Lust Effect section** for the new scenes and their requirements.

Additional Unlocks: Regardless of your choice for de Luna, if you fucked Fionna the maid at the Brothel (An Option in the Maid Route), **she will come to visit you with an offer** the first time you return to your rooms at the Adventurer's Guildhall. See the **New Landing Adventurer's Guild** section (previously it was the Other section) for more details on her new scenes.

TG Quest 3: Final Preparations: Returning to the Guildmaster after Quest 2 is fully complete reveals that he believes you have done more than enough to earn the Guild's help in getting into the College of Allund. In fact, Rolf has made all the preparations needed...save for one final snag. In order to not be bothered by security after being smuggled inside, you require a magical token

that interacts with the College's Wards, labeling you as a guest. He has located such a token, in the possession of the town's Mayor...but you need to steal it still. Thankfully, Lysa has volunteered to help you with that...

There are FIVE alternates to a sex event that happens mid-quest, while Lysa and Kiralia are stuck waiting for some partygoers to leave. Alternates are given preference over the generic event options.

Generic Belted – This scene occurs if Kiralia was Belted going into the mission.

Generic Unbelted – This scene occurs if Kiralia was Unbelted going into the mission.

Futa Alternate – This scene occurs if Kiralia was a Futa going into the mission.

Submissive Alternate – This scene occurs if Kiralia has 30 Dominance or less going into the mission.

Dominant Alternate – This scene occurs if Kiralia has 70 Dominance or more going into the mission.

New Landing Lust Effect: 14 Unique Sex Scene

New Landing's Lust Effect system is much more involved than that in the starting area of Hope's Rest. Like in Hope's Rest, if you go outside with 75 or greater lust, a check is made (50% Failure Ratio) to see if Kiralia can resist the temptation to do something, ANYTHING, to reach completion. What that involves changes if she is Belted, Unbelted, or current Futa. And, for good measure, she might get caught! Public Lewdity is a crime still in New Landing, and if caught she might be able to bribe the guard with her body...or might simply be dragged in front of the New Landing Guard Captain for justice...

Belted

Grab a Partner (Male) – In her frantic efforts to find relief, Kiralia spots a man looking at her with lust. She drags him into a nearby warehouse and begs for him to fuck her ass...

Grab a Partner (Female) - In her frantic efforts to find relief, Kiralia spots a woman looking at her with lust. She drags her into a nearby warehouse and begs to be allowed to service her, with the belt rewarding her lewdity...

Unbelted

Bribe a Guard (Male) – While attempting to masturbate in public, Kiralia is caught by a male guard...but the guard seems interested in her body. She bribes him with sex to get out of having to face the music...

Bribe a Guard (Female) – While attempting to masturbate in public, Kiralia is caught by a female guard...but the guard seems interested in her body. She bribes the woman with sex to get out of having to face the music...

Masturbate – Kiralia frantically finds a side-street and hopes of the best! In this scene, she is lucky and is able to masturbate to completion without being caught...

Futa

Bribe a Guard (Kira is Futa) – While attempting to masturbate in public, Kiralia is caught by a female guard...but the guard seems interested in her cock. She bribes the woman with sex to get out of having to face the music...

Grab a Partner (Kira is Futa) - In her frantic efforts to find relief, Kiralia spots a woman looking at her bulge with lust. She drags her into a nearby warehouse and strikes a deal. The woman wants to try anal but her lover isn't into it. Kiralia is, of course, more than willing...

Futa Masturbate – Kiralia frantically finds a side-street and hopes of the best! In this scene, she is lucky and is able to jerk off to completion without being caught...

Guard Captain

Note: There is currently no Futa support for Captain Annalise, and since I forgot to add the check, it will likely default to the Unbelted version of events.

Don't You Dare Cum! – Captain Annalise seems interested in the fact that Kiralia is wearing a chastity belt! Assuming she's been trained to control herself, Annalise will challenge you to service her without cumming. If Kiralia succeeds, she will release her and consider the public display simply a slip. Fail, and she'll throw her in jail. Scene considers of a blowjob and anal sex. There a 2/3rd chance of succeeding, 1/3 of failure. Though success hints at something interesting... Raises Lust to Max, which risks repeating it all over again as soon as you leave...

Tour the City – Captain Annalise thinks it's time to remind the populace of New Landing about the consequences of public lewdity...or so she claims. If Kiralia agrees to be bound up in chastity gear and paraded through town...while being tormented by inserted plugs that won't let her cum. Raises Lust to Max, which risks repeating it all over again as soon as you leave...

Jail

Note: There will never be Futa support for the prison, as they will dispel all magic on you. However, I forgot to add a check, so the scene will likely default to Unbelted assets and won't mention the dispelling.

Fuck the Guard – Upon waking to your sentence, the guard assigned to Kiralia will offer to help get her an easy assignment...if she agrees to fuck him. If she does, she is assigned to a simply (if someone humiliating) job in the Smithy where prisoners make things using the ore from the mines...

Fuck the Mine Supervisor – If the Guard is refused, Kiralia is sent to the mines, where she'd have a very uncomfortable couple of days...unless she decides to offer herself to the Mine Supervisor. In which case, she gains the chance to be the Jailhouse Fuck Toy for a day instead...

Public Punishments

Note: These options only unlock if you've completed the second quest in the Thieves Guild, and chosen to Help Lord Lucien de Luna, rather than trying to ruin him.

Public Pillory Punishment— If Kiralia is dragged before the Guard Captain **without** your belt on, she will offer this option. To be placed in a Public Pillory for the day, as a Free Use slut for the public to get some sexual relief from...(Lust: Zero) (Dominance -1)

Dock's Lust Manager— If Kiralia is dragged before the Guard Captain **with** her chastity belt on, she will be offered the chance at this fancy sounding job...which really just means that she'll be offered up to the foreigners at the docks, to keep them from harassing the locals. She'll be forced to spend the entire day 'Managing' the lust of the dockworkers and sailors without being able to get off from it herself. It *is* punishment, after all... (Lust: MAX) (Dominance -1)

Lady Sofia's Manor – 4 Unique Sex Scenes

Note: Lady Sofia's Manor can only be unlocked by following her route through the second Thieves Guild quest! If you do that route, an option will appear on the Main Street Menu for New Landing, to visit her Manor.

(Quest Unlock) Bathe with the Lady: If you visit Lady Sofia while **unbelted** you will discover that she's become as fascinated with the idea of being locked up, as she is with Kiralia being locked up. She'll greet you personally at the door, while locked in some bondage gear, including a chastity belt. From there Kiralia takes command, eventually ending in a steamy session in the bath... (+50 Lust)(+1 Dominance)

(Quest Unlock) Balcony Sex with the Lady: If you visit Lady Sofia while **belted**, Kiralia discovers that the Lady has become more adventurous in her explorations. She gets a first-hand taste when the Lady demands a command performance on the balcony... (+30 Lust)(-1 Dominance)

(Quest Unlock)Lady Sofa – Tied Up Lady – In addition to the Quest Unlock required to visit lady Sofia in the above two scenes, this scene has an additional unlock requirement. After completing the Lady Route of the Thieves Guild Quest, visit **Struggles in Pink** and purchase the **Bondage Set**. After doing so, when you visit Lady Sofia, you will be given the option to take the

set with you for some fun. This version is where Kiralia offers to tie Lady Sofia up... (-Lust)(+Dominance)

(Quest Unlock)Lady Sofa – Be Tied Up – In addition to the Quest Unlock required to visit Lady Sofia in the above two scenes, this scene has an additional unlock requirement. After completing the Lady Route of the Thieves Guild Quest, visit **Struggles in Pink** and purchase the **Bondage Set**. After doing so, when you visit Lady Sofia, you will be given the option to take the set with you for some fun. This version is where Kiralia chooses to be tied up by Lady Sofia... (-Lust)(-Dominance)

New Landing Adventurer's Guild – 12 Unique Sex Scenes

Masturbation: As in Hope's Rest, if Kiralia is unbelted, she can see a unique masturbation scene in her room at the New Landing Guildhall...

Masturbation (With Toy): This option has an *Unlock Condition*. If Kiralia buys the Dildo from the **Struggles in Pink** bondage gear shop, then this option will appear when she visits her room and in **Unbelted**.

Adventurer Group Unlocks

These scenes are unlocked after completing the **Hope's Rest Veteran** quest via the Guild Administrator.

Rabian(Unbelted): If Kiralia visits the main room **while free of the chastity belt**, she can take Rabian back to her room for some fun...

Rabian(Belted): If Kiralia is Belted when she approaches Rabian, she issues him a challenge, which he takes up, to make her cum despite the chastity belt...

Myria: Currently, there is only an unbelted scene, so Kiralia must visit the main room while **free of the chastity belt** in order to get this option.

(Futa) Myria: If Kiralia is a Futa when she approaches Myria for fun, it will trigger a VERY different scene...which is the longest of any of the adventurer groups scenes! By quite a bit, actually...

(Futa)Sylvia: This is a Futa x Futa scene, so Kiralia must visit the main room while she is a **futa** in order to get his option.

Sylvia: If Kiralia visits the main room while Unbelted and NOT a futa, she can have some fun with Sylvia (who IS still a futa).

(Dom Unlock)Bear: This scene is a Dom Unlock, requiring Kiralia to have a minimum of **70 Dominance** in order to appear when she visits the main room of the guild. Additionally she must be **unbelted**.

(Dom Unlock)Bear + Myria Threesome: This scene is a Dom Unlock, requiring Kiralia to have a minimum of **70 Dominance** in order to appear when she visits the main room of the guild. Additionally she must be **unbelted**. As the same suggests, it triggers a threesome between Bear, Myria, and Kiralia...with Kiralia in charge, of course! It IS a dom unlock ^_^.

(Dom Unlock)Jenna: This scene is unlockable only after completing the **Pony Express Expansion** quest. In addition, Kiralia must speak to **Ryka** about **Jenna** (via Ryka's Chats), as well as have at least **70 Dominance**. This scene is for an unbelted Kiralia

(Dom Unlock)Jenna - Futa: This scene is unlockable only after completing the **Pony Express Expansion** quest. In addition, Kiralia must speak to **Ryka** about **Jenna** (via Ryka's Chats), as well as have at least **70 Dominance**. This alternate scene is for a Futa Kiralia

Fiona Unlocks

(Quest Unlock) Fiona Unlock – Futa: This scene only unlocks if you take the Maid Route through Quest 1 & 2 of the Thieves Guild Quests. If you come to Fiona as a futa, after she's entered into your service, this scene will be an option. (-40 Lust) (+1 Dominance)

(Quest Unlock) Fiona Unlock – Lesbian: This scene only unlocks if you take the Maid Route through Quest 1 & 2 of the Thieves Guild Quests. If you come to Fiona unbelted, you can choose to introduce her to the pleasures of the fairer sex... (-40 Lust) (+1 Dominance)

(Quest Unlock) Fiona Unlock – Lesbian Bondage: This scene has multiple Unlock Conditions. First, you have to take the Maid Route through Quest 1 & 2 of the Thieves Guild Quest to unlock Fiona. After that, visit **Struggles in Pink** and you will now be able to purchase the **Bondage Set**, since you have someone to use it on! Doing so will unlock two scenes for an Unbelted Kiralia. This is the lesbian version. (-Lust)(+Dominance)

(Quest Unlock) Fiona Unlock – Futa Bondage: This scene has multiple Unlock Conditions. First, you have to take the Maid Route through Quest 1 & 2 of the Thieves Guild Quest to unlock Fiona. After that, visit **Struggles in Pink** and you will now be able to purchase the **Bondage Set**, since you have someone to use it on! Doing so will unlock two scenes for an Unbelted Kiralia. This is the futa version, which will only appear if Kiralia is also a futa when wanting to have fun with Fiona. (-Lust)(+Dominance)

Adventurer's Guild Quests – 14 Unique Sex Scenes

Adventurer's Guild quests are accessed via talking to the Guild Administrator (Jenna), in the New Landing Guildhall. Unlike the Mage and Thief guild quests, these can be taken in any order.

Pony Express Expansion: Mistress Ryka, the owner of the Pony Express Courier Service, has been attempting to expand her business...only for the workers to run into Bandit troubles. You are assigned to eliminate the bandits...and there are multiple ways to do so.

Brazen Attack: This scene doesn't result in sex and is therefore not counted toward the total scene count. If Kiralia has at least 10 Power she can simply kill every bandit outright in a frontal assault. Failure merely sees her return to the other options.

Bribe the Night Guard: In this option, Kiralia disguises herself as a bandit and seduces the night guard into lowering his guard. Kiralia must be **unbelted** and the scene results in cowgirl sex with the guard.

Get Captured – Belted Version: Kiralia can choose to be captured by the bandits, pretending to be a simple civilian who was in the wrong place at the wrong time. This results in a bandit orgy before she slits all of their throats in their sleep. Results in 2 anal/oral spit roast scenes.

Get Captured – Unbelted Version: Kiralia can choose to be captured by the bandits, pretending to be a simple civilian who was in the wrong place at the wrong time. In this version, she acts to outright seduce all of the bandits, resulting in an orgy where she systematically poisons most of them. Results in 1 spit roast and 1 foursome scene.

Post-Rescue Reward- Belted Version: After rescuing a number of women from the bandits, one of them pulls Kiralia aside and offers to 'reward' her. This version occurs if Kiralia is belted...

Post-Rescue Reward- Unbelted Version: After rescuing a number of women from the bandits, one of them pulls Kiralia aside and offers to 'reward' her. This version occurs if Kiralia is unbelted...and involves magic dildos!

Hope's Rest Veteran: An adventuring group has found something interesting near New Landing. Specifically, a previously undiscovered outpost of the same civilization that built the Hope's Rest ruins. Their first encounter with the outpost went in humiliating fashion for their rogue, and the need a Hope's Rest veteran to help prevent that from happening again...

Magic Door – Belted: The first serious block the group runs into is a magic door Kiralia recognizes as having been common in the ruins. It requires either considerable

Magic Skill (10 Points) or masturbating in front of it, to unlock it. There are alternate versions for Belted/Unbelted.

Magic Door – Unbelted: The first serious block the group runs into is a magic door Kiralia recognizes as having been common in the ruins. It requires either considerable **Magic Skill (10 Points)** or masturbating in front of it, to unlock it. There are alternate versions for Belted/Unbelted.

Treasure Chest – Belted: The second problem is a treasure chest Kiralia recognizes as having a tentacle-golem as a security feature. Either considerable **Rogue Skills(10 Points) are** needed, or Kiralia must play the victim of the golem until someone else can disable it. There are alternate versions for Belted/Unbelted.

Treasure Chest – Unbelted: The second problem is a treasure chest Kiralia recognizes as having a tentacle-golem as a security feature. Either considerable **Rogue Skills(10 Points) are** needed, or Kiralia must play the victim of the golem until someone else can disable it. There are alternate versions for Belted/Unbelted.

Werewolf Village Investigation: A village of Werewolves near New Landing has started acting oddly. Several instances of near-rape of female travelers and aggressive behavior to male travelers has been reported, which is far outside the norm for the usually peaceful Pack. Guard Captain Annalise has asked for an adventurer to investigate, the village being beyond the remit of the Town Guard.

Talking to Mara, the Pack Alpha, reveals that there is an artifact in an old ruin nearby causing the entire village to be mindlessly horny. There are several solutions.

Werewolf Orgy (Belted) – Help Mara satisfy the urges of her Werewolf Pack. Once they are calm, she will go with you into town and arrange for Madam Roslyn to send girls out regularly, to help control her Pack's urges. This version has no requirements, and is the belted version of the encounter.

Werewolf Orgy (Unbelted) – The same as Werewolf Orgy (Belted) in essence, but with different scenes to account for an unbelted Kiralia. This version has no requirements other than Kiralia's chastity belt being off.

Artifact Guardian (Belted) – If Kiralia has a minimum of **10 Points of Magic Skill**, this option will present itself in addition to the orgy option. Kiralia can use her skill in Magic to visit the artifact and deactivate it. However, she will discover on doing so that the Artifact has a Guardian who demands that the 'ritual' be completed! In the belted version, the Guardian is female.

Artifact Guardian (Unbelted) – While starting the same as Artifact Guardian (Belted). With Kiralia unbelted, she gets a much more intimidating Male Guardian, with a

completely different set of scenes. Both versions also include a hint about the Cursed Chastity Belt's origins ;-).

Artifact Punishment (Universal) – If Kiralia has a minimum of **15 Points** in **Rogue Skills**, this option will present itself in addition to the default orgy option. Using a few tricks with Cold Iron, Kiralia can disable the artifact...but angers the power behind that artifact in the process! Caught in a trap, machines mercilessly tease her before rebelling her and letting her free... Note! This leads to an option to have Mara the Alpha help her with her Maxed Lust. As the scene uses the same images/video as Mara's repeatables, just with different text and fewer of them, I do not list it here as a unique scene.

Werewolf Village (Unlockable Location) – 5 Unique Scenes

Note: This location is unlocked after completing the **Werewolf Investigation** quest, for the New Landing Adventurer's Guild.

Werewolf Villager (Belted) – Once Kiralia has unlocked the Werewolf Village, she can choose to proposition a male villager for a little werewolf fun. This is the belted version of the scene.

Werewolf Villager (Unbelted) – Once Kiralia has unlocked the Werewolf Village, she can choose to proposition a male villager for a little werewolf fun. This is the unbelted version of the scene.

Mara the Alpha (Belted)— Once the Village is unlocked, Kiralia can approach Mara for a little fun. Being the alpha, it's no surprise Mara is dominant, right? Results in -1 Dominance. There is a belted and unbelted version, obviously.

Mara the Alpha (Unbelted)— Once the Village is unlocked, Kiralia can approach Mara for a little fun. Being the alpha, it's no surprise Mara is dominant, right? Results in -1 Dominance. There is a belted and unbelted version, obviously.

Mara the Alpha (Futa)- The Alpha is apparently a bit of a switch...and can't safely let her sub side out with anyone in the Pack, for fear of them taking it as a sign of weakness. She rather shyly asks if Kiralia will dominate her. Results in +1 dominance.

Guard HQ(Unlockable) – 4 Unique Scenes

Once you have met Captain Annalise at least once, either through the **Lust Effect** system or the **Werewolf Investigation** quest at the New Landing Adventurer's Guild, you will unlock the ability to visit Annalise at the Guard HQ.

Flirt with the Captain (Belted): Choosing to flirt with the Captain while belted results in her taking you back to her quarters for a blowjob and anal sex...bound of course! That's just the kind of Futa she is! (-1 Dominance) (-40 Lust)

Flirt with the Captain (Belted): Choosing to flirt with the Captain while belted results in her taking you back to her quarters for a bit of fingering leading to sex...bound of course! That's just the kind of Futa she is! (-1 Dominance) (-50 Lust)

(Sub Unlock - Belted) Wheel of Fun: If Kiralia has **30 Dominance** or less and is **Belted**, this Sub option will unlock. Annalise takes Kiralia back to her quarters, blindfolds her, and straps her onto a modified carriage wheel for some fun. And there's even something in store for Kiralia after it's all done... There's some minor hints about the belt present in the scene too! (-2 Dominance)

(Sub Unlock - Unbelted) Gloryhole: If Kiralia has **30 Dominance** or less and is **Unbelted**, this Sub option will unlock. Annalise is disappointed that Kiralia has become a slut, not even wearing her chastity belt! The horror! Well, she knows just what to do with sluts...and her men deserve a reward for all their hard work lately! (-Lust)(-Dominance)

Total Unique Sex Scenes in New Landing (So Far) = 158

***New* Hub Area 3 - The College of Allund**

The third quest hub of the game is reached by completing at least one of the Three Routes of New Landing. That is, by completing the quest chains for the Thieves Guild, Mage's Guild, or Adventurer's Guild. Once you've completed one such quest chain (or all three!) you can speak with the respective NPC (Rolf, Tylan, or Jenna) to move on to the College of Allund. There are minor differences in each route to the college, but mostly it's just flavor rather than something that will effect access to scenes (at least for now). Once at the college, you can locate a number of specialists that can help you in various ways. You will need to earn favor/reward points with each of them, in order to unlock the ways they can help you.

Allund Bedroom Scenes

Like Hope's Rest and New Landing, if **Unbelted**, Kiralia can masturbate in her room.

Masturbate(Regular) – Simply fingering herself in the bed. No requirements beyond being Unbelted.

Masturbate(Dildo) – Requires the toy purchased from Struggles in Pink. Results in a dildo masturbation scene on the bed.

Avinea – The Curses and Blessings Specialist (9 Unique Sex Scenes)

Avinea is your best source for information on the Magical Chastity Belt itself. She has a number of revelations for you...but you'll need to earn points with her so she can tell you without incurring the anger of the Belt's Patron.

Help Her Process Items From Hope's Rest – This is the way to earn reward points with Avinea. Many cursed items have been forwarded on from the ruins, and she wants you to help her with them. Though, unlike Jillian back in Hope's Rest, Avinea seems overly eager to be the target instead of using you as her guinea pig... Helping here will result in a random scene suitable to Kiralia's current status.

Belted Scenes

New Avinea in Bondage – Avinea ends up in a Golden Yoke bondage set and needs to cum to be released. Given Kiralia's current situation, she resorts to providing oral assistance. Avinea cums several times...but Kiralia isn't so lucky. (Lust MAX) (+Dominance)

New Avinea Transformed – Avinea ends up transformed in a Pale Elf...and cursed so most of her body has little sensation. Upon discovering that her butt has several times higher sensation than usual, she realizes she needs to be spanked to be returned to normal. Kiralia obliges...(Lust) (+Dominance)

New Dual Transformation – Can happen either Belted or Unbelted. The curse transforms BOTH Avinea and Kiralia. Some lesbian fun is required to return to normal...(-Lust)(+Dominance)

New Avinea Transformed – Avinea is transformed into a milky cow girl! A bit of milking and some servicing of Kiralia orally is required for her to return to normal...(-Lust)(+Dominance)

New Dual Transformation – Can happen either Belted or Unbelted. The curse transforms BOTH Avinea and Kiralia. Some lesbian fun is required to return to normal...(-Lust)(+Dominance)

Futa Scenes

New Avinea in Bondage – Avinea ends up in a rather revealing straitjacket! Screw her brains out to release her and grant her release! (-Lust)(+Dominance)

Universal Scenes

(Sub Unlock) Transformation – If Kiralia's Dominance is 10 or below, this scene can trigger, regardless of Belt Status. Kiralia's extreme submission warps the magic of the curse and effects both her and Avinea. Kiralia is transformed and placed in bondage, and Avinea is transformed into a Futanari Orc. Obvious is obvious and they must have sexy times to revert. (+Lust)(-Dominance)

(Dom Unlock) Transformation— If Kiralia's Dominance is 90 or higher, this scene can trigger, regardless of Belt Status. Avinea is transformed into an Orc and Kiralia gains some sexy succubus

gear and horns. In a fit of inspiration, she uses the fact that Avinea will not be recognized to take the submissive woman on an adventure to the guard barracks... (-Lust)(+Dominance)

Other Avinea Scenes

(Dom Unlock) Take Her Back to Her Rooms – Completely outside of helping her, if Kiralia has Dominance of 90 or higher, she can simply outright dominate the submissive Avinea. Note, doing so **Requires** that Kiralia Purchased the **Bondage Set** from **Struggles in Pink**. Triggering this scene is done from Avinea's main menu and results in putting her in the Struggles in Pink bondage set, before taking her back to her rooms to have some fun with her! Kiralia must be **Unbelted** and Not a **Futa**. (-Lust)(+Dominance)

Melieana the Battle Mage (9 Unique Sex Scenes)

Melieana is a Futanari Battle Mage and the head of the College's Combat Magic Department. You can gain favor with her via various means...and she's the only way (so far) to **get the Belt removed** in the College of Allund. She can be paid to destroy it, destroy it in exchange for **Favor**, or give you a discount for anal sex before destroying it. She's also the only way to get a **Futa Spell** applied (currently), which she will do in exchange for **Favor**.

Earn Favor

Fight one of Melieana's Constructs: Melieana has some modified golems that she wants you to test...if Kiralia loses, they will her brains out. Note that, if Kiralia has High Lust (75 or higher) she will simply surrender and let them fuck her. She gains more favor by winning then loosing. Beyond a certain level of Magic Skill, Kiralia will always win. This is 15 points for the Easy Golem and 20 Points for the Fire Golem. High Lust will still result in the sex scene even if Magic Skill is over that point.

(Easy)Stone Golem – If she losses, Kiralia will be fucked doggy style by the Stone Gargoyle, while Melieana watches and masturbates. (-Lust)

(Hard) Flame Golem – The Flame Golem's touch causes arousal! Not only will Kiralia be fucked senseless if she loses, but it will result in a net arousal GAIN (+Lust).

Allow Melieana to Challenge the Belt's Magic/Patron: Melieana is offended by something she can't permanently destroy and wants to issue a friendly challenge to your belt's patron. If you let her...she WILL fail...and there will be predictably sexual consequences! One of three Random Consequences will trigger.

Consequence: A Caged Futa – After a puff of smoke...poor Melieana is yoked and her cock stuffed in a cock-cage! She must be anally fucked with the giant blue cock that Kiralia gains in order to be freed. And Kiralia won't get out unpunished either...(+Lust)

Consequence: Gloryhole – Both Kiralia and Melieana and teleported to somewhere unknown and forced to service several men while stuck and bound in Gloryhole boxes. (-100 Lust)

Consequence: Serve a Servant – Feeling merciful, the belt’s patron simply makes Kiralia and Melieana service one of her followers. Pity that the follower isn’t feeling as merciful... (+Lust)

(Sub Unlock) Earn Favor Through Submission: If Kiralia is a submissive (30 Dominance or Less), she can simply submit to Melieana to earn some favor. This results in her being bound and paraded through the halls to Melieana’s room and then fucked in multiple types of bondage. (-Lust)(-Dominance)

Other Scenes

Belt Break Discount: Melieana can destroy the Magic Chastity Belt...but her prices are high. Kiralia can choose to submit to anal sex before hand for a significant discount...(+Lust)

(Dom Unlock) Belt Discount: Melieana is a switch! If Kiralia has 80 Dominance or above, she can turn the tables on Melieana’s Anal Discount. She dominates Melieana through an anal sex scene...then orders her to break the belt for no charge. (-Lust)

Service a Sponsor!: If you’ve explored Melieana’s chat option to ask her about her sponsors, Kiralia can spend 15 Points of Favor to have Melieana set her up with a Sponsor. This will produce a Futa Sex Scene (with Kiralia as the Futa) and a reward Kiralia with 4,000 gold! (-Lust)

The Allund Library (10 Unique Scenes)

Primarily, this is the location of Delinna the Librarian. This pint-sized goblin woman can provide Kiralia with a job to earn money, as well as help train her in Magic.

Work a Library Shift: This can result in several different scenes depending on Kiralia’s **Lust** and **Belt Status**.

High Lust

(Belted) A Bored Belt: If Kiralia has high lust (75 or higher), her Chastity Belt will get bored with her working in a library and make its own entertainment. There are three variants. One here Kiralia is simply teased to Max Lust, another where she is allowed to cum, and a third where Delinna catches her and kicks her out!

(Unbelted) Staff Masturbation: While working her shift with high lust (75 or higher), Kiralia will spot a Magic Staff left behind by a student. Overcome by her desires, she will try to use it to masturbate. However, if she’s unlucky Delinna might catch her and kick her out!

Belted Scenes

Boastful Student: While working, Kiralia will come across a boastful male student harassing a fellow mage with tales of his sexual exploits. Kiralia will rescue the harassed student by challenging the boastful student to prove his skill! Results in a blowjob and Anal Sex Scene (-Lust)

Shy Student: While working, Kiralia will encounter a shy female student reading a very naughty book on the third floor. It proves easy to convince the student to try some of what she was reading about...(-Lust)

Unbelted Scenes

Bondage Student: While working, Kiralia will encounter a futanari student reading a book on bondage. It doesn't prove hard to convince her she needs to practice on a real person... Results in Rope Bondage Sex. (-Lust)

Library Threesome: While working Kiralia will run into a brazen couple fucking on the second floor. Instead of chasing them out...she let's the continue only if they let her join...(-Lust)

Magic Training: If Kiralia has 15 points of magic or more, she will quickly discover that trying to Study in the Library on her own will result in failure. She needs an actual instructor to take things farther. If, after failing at least once to learn anything, she approached Delinna, there will be an option to trade Favor for Training. Of course, if she screws up a spell, the Magic of her Chastity Belt will ensure interesting results.

Unbelted Version: Delinna ends up trapped in a Latex Suit and under the effects of an Extreme Arousal spell. Unable to budge the zippers of the suit herself, she begs Kiralia for help. Results in oral sex/masturbation.

Belted Version: Delinna ends up with a giant cock and a desperate desire to use it. Belted as she is, Kiralia resorts to giving the goblin a blowjob to ease the issue...

Dom/Sub Unlocks: If, via Magic Training, Kiralia has sex with Delinna at least three times, a new option will become available when she talks to Delinna, assuming she meets the other requirements.

High Dominance (80 or Greater): If Kiralia has high dominance, is Unbelted, and has at least 16 points of Magic Skill, she will gain a Dom Unlock scene with Delinna. In this scene she conjures ropes to bind Delinna, then leads the shy goblin into a Threesome with Melieana the Battle Mage...(-Lust)

Low Dominance (20 or Lower): If Kiralia has low dominance, is Unbelted, and has previously purchased the Bondage Set from Struggles in Pink (New Landing), she will gain a Sub Unlock scene. In order to help the goblins confidence...Kiralia arranges to take her on a date. One which ends with Delinna dominating her in Delinna's rooms, using the Pink Bondage Set that Kiralia provides for the lesson... (-Lust)
