

Brian released the tight grip on his shaft along with a deep sigh. "I... I just can't finish, Haley. I was so close! I-I'm sorry... it's just been a long time since... since I..."

She could see the defeat in his eyes and couldn't bear it. If only she was **even more**. **Then** he'd be fighting to stop from cumming.

"Don't apologize, Brian. I'm simply not enough for you yet. Not womanly enough. Not sexy enough... not busty enough." His dick twitched at her last words and she caught sight of his reaction. "In fact, why don't we remedy this problem with **ONE** more spell!"

Internally, Haley began to sweat. She knew she was pressed for time - but it was now or never!

"You know, I spoil you!" She declared as her body was enveloped in a spiral of smoke and her breasts appeared to warp reality. "These are going to be heavy!!"

It would seem Haley's magic knew no bounds, Brian thought. He watched in awe as his new acquaintance elevated her beauty to yet another level. Soft, glistening mounds jiggled and bounced before his face - even more enticing than moments before... how could that be? -- and constantly shifting against their own weight. If they were gargantuan before... words could not describe the size of them now. They absolutely dwarfed the rest of her frame as her large perky nipples poked outwardly for him.

He felt blood rush back into his member at the sight of her. Between his heavy inhales and his lusty groans, Haley could see the primitive, raw attraction that Brian already possessed for her double over and awaken behind his eyes. "I'm everything you've dreamed of." She began, posing for him as his hand frantically stroked his length for release. As if his life depended on it. "And now I've grown even beyond that!"

With her arms in the air, swaying her torso at him, he felt the last vestiges of his manhood - his sanity - slip away. He couldn't help it anymore! She had found his weakness... the true essence of what he lusted after... and brought it to life. "A breast man..." She whispered, reaching out and pulling his head down into her giant valley of cleavage. "...Who wants nothing more than someone taller than him - WAY TALLER than him - to spoil him... to love him..." Her tongue flicked against his ear. "...and tease him to the brink of death."

Brian erupted into the condom, pulsing load after load into the seamless elastic containment. There was more there than he had thought capable of releasing in one go. Haley's sharp eye and swift hand were quick to react. She pinched at the base of his shaft and expertly removed the condom in one smooth motion, making sure not to let a drop go to waste. After tying a knot to keep her reward neatly packaged, she patted Brian on the head as she twirled the condom between her fingers. "Good boy. What a healthy first session."

"S-So this is... the legendary power of a witch..." He muttered under his breath, beginning to feel overcome with fatigue.

Brian was still reeling from the afterglow of his epic climax when a bright light enveloped the two of them!

"Oh no! Brian, look away!!" Haley frantically shouted as what seemed like an immense amount of energy was being released from her body all at once. From the source of all this energy - within the bright cracks of magic against her skin - the audible gasping of steam escaped from her body all at once. His eyes were glued to her. "B-Brian!?" That was all she could say. It was too little too late.

Her secret was revealed.

"H-Haley... I... I don't know what to say..." Brian stated matter-of-factly as she stood up, too embarrassed to look him in the face. She still stood more than half a foot taller than him while attempting to cover her small chest. "Is... Is this the real you? You know, it's n-nothing to be embarrassed about! Really!" He could see the pain in Haley's eyes. She truly did not want this secret getting out.

"W-Witches are supposed to take pride in what they do. I-I-t's only natural for us to use our powers to change how we look! Our magic is a part of ourselves, alright?! It's no different than being born with a b-bigger chest!! You couldn't possibly begin to understand!" He could see the tears begin to well up in her eyes. "Of course," He agreed, as calmly as possible. "And you're beautiful - gorgeous just the way you are."

She shot a knowing accusatory glare at him... all the while her cheeks grew rosy red. "Don't give me that..." He felt his member begin to stir as he realized how far up he had to stare to meet her pretty face. "No, I mean it." His words were simple but potent.

Just as his words seemed to reach her, the last of her magic decided to leave her body with a puff of steam, leaving her at her original, smaller stature.

"I- I gotta go!" Haley screamed, now overwhelmed with embarrassment. She grabbed her belongings and ran for the exit.
