

I'm Brian Liu, I was an honored general, but was sent to this god-know-where medieval fantasy world and I have to earn my living as a mercenary.

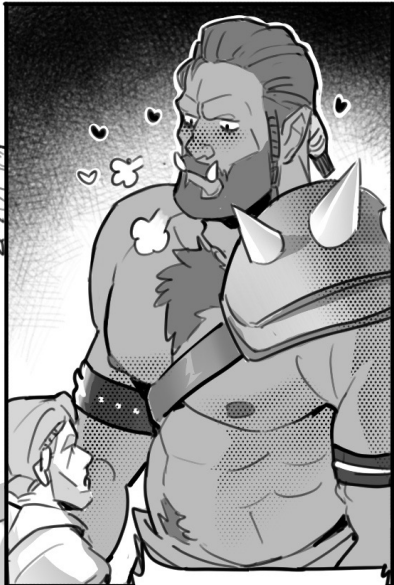

This time I got a well-paid commission from an odd duke. What can I say, simple, as usual.

Capture Ralog, a lowly demi-human, as a slave.

I don't understand but I should still have chances !!!

I'VE NEVER FAILED! NEITHER WILL THIS ONE!

FOR WHOM IS THE POTION, RALOG? IT'S VERY STRONG...

CARRY DADDY'S HOT SEED!

Am I being that

slave...?  
  
But fuck it... ah...
