

NMM gold
Step-by-step

◆ Paints required:

NMM gold

- English uniform (Vallejo mc)
- Dryad bark
- Abaddon black
- Golden yellow (Vallejo mc)
- Ivory (Vallejo mc)
- Mahogany brown (Vallejo mc)
- White
- Averland sunset

Basecoat the armour with a 1:1 mix of english uniform & mahogany brown.

We now start glazing in the light reflections with pure english uniform – add 3-4 parts of water. I have added a video tutorial in the post description for how to locate light reflections & glaze.

We now glaze more towards the middle of the light reflections with a 2:1 mix of english uniform & golden yellow.

We now glaze the middle of the light reflections with pure golden yellow.

We now glaze the very middle of the light reflections with a 1:1 mix of golden yellow & ivory.

We now shade all the recesses & areas still covered in the basecoat with a 2:1 mix of dryad bark & abaddon black – add 3-4 parts of water.

We now edge highlight the gold area parts with averland sunset. Add 1-2 parts of water.

We now leave just a couple of dots in the very middle of the light reflections & on all the sharpest edges with pure white . Done!
