Country-Jazz Lead Guitar Lesson - Patreon Lick of the Week for 5/2/16

Hello friends,

Welcome back to another Patreon Lick of the Week. In this lesson I'll be showing you how to use your C position of the E major scale to perform a tasteful guitar lick that you might hear in country tunes that have a jazzy twist. This phrase, it's source scale and the technical embellishments are very useful in a wide variety of styles, so be sure to practice it over different rhythms and in several different keys. Let's get started!

Source Scale:

E Major scale (C position)

```
E |-----4-5-7-9-11-12---|
B |-----4-5-7-----|
G |-----4-6-----|
D |---4-6-7-----|
A |-7-----|
E |-----|
```

(Learn about how the CAGED concept can allow you to play scales in five different positions)
