

# The magic of Christmas

This story happened in the deep of the most magical night of the year...Christmas night! Santa was bringing his Presents to one of the good Boys of FreeBoPolis: Alex Popowski...also known as "Alex the NERD".

This young man is too grownUP for this kind of toys...I'm sure that those horrible O'Brian twins will mock him forever about this Present. I know what he really needs!

Santa! It's you? FOR REAL?

Yes Alex...it's really me!

Alex the nerd was already in his twenties, he was one of the smartest guys of the City, But he was also always a real nerd. He was studying science and engineering, But he was still reading a lot of Comics and Superheroes were the Best thing in the world for him. Mostly one of them...CAPTAIN SILVER!

And that's my Present!

GRAB!

This is Christmas dust, Alex...

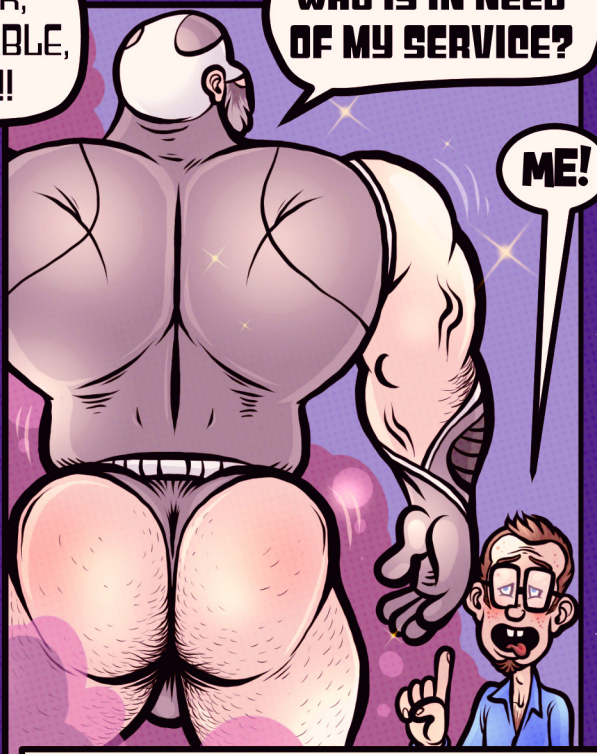

The toy transformed in the real Captain Silver in a twirl of purple smoke. Suddenly Alex was looking at his favourite hero in front of him. The huge, massive and fantastic body of the handsome hero was floating mid-air.

I AM CAPTAIN SILVER, THE MIGHTY, UNBEATABLE, HERO OF JUSTICE!!!

WHO IS IN NEED OF MY SERVICE?

ME!

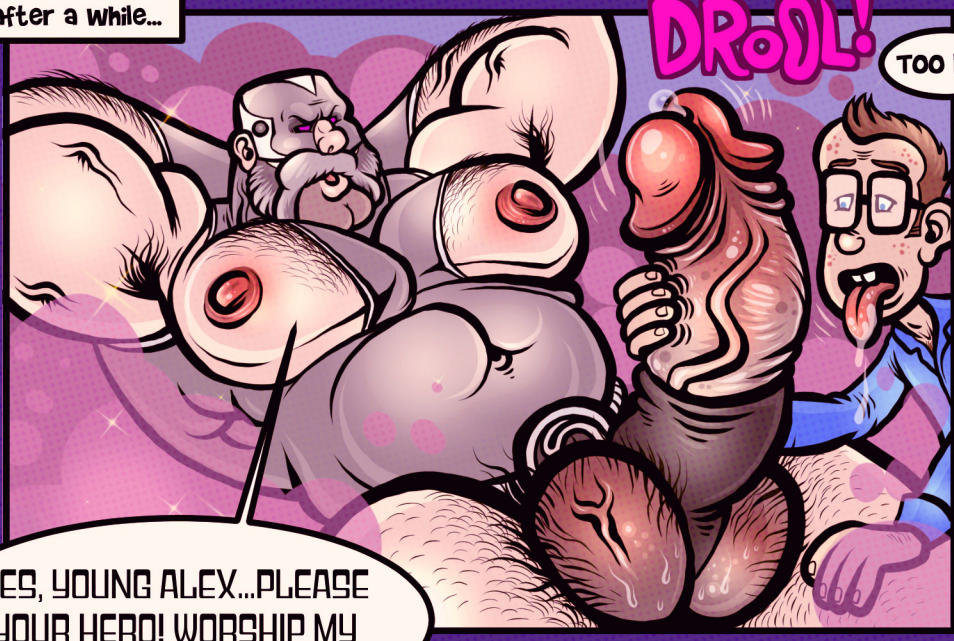

Alex was watching at his hero with a numb face and his dick starts to grow in front of at that hot, Beefy, mature body in that thin lycra costume.

OMG!

Have fun Boys! Santa must work!

after a while...

After a while, they couldn't hold their orgasms anymore, repainting the walls of Alex's room with thick, whiteish, gooey sperm...

Alex was Pounding that omnipotent Dabass relentlessly, Chomping on his tits and squeezing the Colossal Pecs

LATER....

So also that year, in FreeBoPolis, the Christmas was white and magical, and everyBody was happy!
