"What made the Hunter to use Amelia to gather everyone?"

"I already have the answer.. But.. Am I making this more complicate?"

Well, I tried to warn you that she was the Hunter..

Yet, you let her
go with the knife
before I came.

That's why now,
we are going to
collect our bait.

W-Wait.. You said it like.. you knew..

Ssshhh..

It's time we end
this game.

A comic panel showing a person lying on their back on a green, tiled floor. The person's legs are raised and bent at the knees. A speech bubble above the person's head contains the text: "Hey, you hear that? Look like she found out." To the right, the feet and lower legs of another person are visible, standing on the same floor. The person lying down has yellow nail polish on their toenails. The scene is set in a room with green walls and floor tiles.

Hey, you hear that?
Look like she found out.

Tch.. A bit boring.
But what can we
do anyway?

If she found out,
then she's the
winner.

Yeah, we have
come this far.

Then, let us enjoy
some more and see
what happen next.

Hey, do you think
this Detective stuff
was too complicated?

It's just a game.
We can think and
say whatever we
wanted, right?

That is, it will be a disaster if Botan can point out who we really are.

But we can't denie
that.. these skins..
gives us real feeling..

Y-Yes.. A wonderful feeling of sex..

Shortly after..
Night of day 3..

A close-up illustration of a young woman with vibrant blue hair and large, dark blue eyes. She has a surprised or shocked expression, with her mouth slightly open and three short, black lines radiating from the top left of her head. She is wearing a light blue, button-down shirt. The background is a blurred library or bookstore, with wooden shelves and books visible. A speech bubble is positioned to the left of her face.

H-Huh..!?

Kyyaaaaa!!!

We caught you
on site, Suisei!

A character with short, spiky light blue hair is shown from the chest up. She is wearing a black choker with a gold ring, a dark blue zip-up hoodie with purple stripes, and a black tie. She is holding a large, black, folding knife with a textured handle. The background is a library with wooden bookshelves filled with books. A speech bubble is positioned near her hand.

H-How..!? I just found the knife.. and use it for self-defense!

We already suspected you in that restroom with Amelia!

Even the Miko's story was all your imagination, right!?

W-Wait.. How did Miko's story..

Because from the beginning, Miko never participate.

Why didn't Miko blend in and take care of us all if she was a GM?

F-Fine! I did it under Miko's order!

As I suspected.. Then Miko was the real Hunter.

Ehem! This is
Sakura Miko. And
Botan found me.
Care to tell me?

Nothing, I was
thinking far too
complicated.

A close-up illustration of a character with short, light purple hair and large, vibrant purple eyes. She is wearing a dark blue hoodie with purple and black stripes on the chest and a black choker with a gold ring. She is holding a black walkie-talkie with a yellow and black antenna. The background shows a wooden bookshelf filled with books.

You never response
through the radio,
and the most silent
one will be suspected.

Uhm. Uhm. I agreed.
It was Among Us type.

But this game is just the cover, inside is more important..

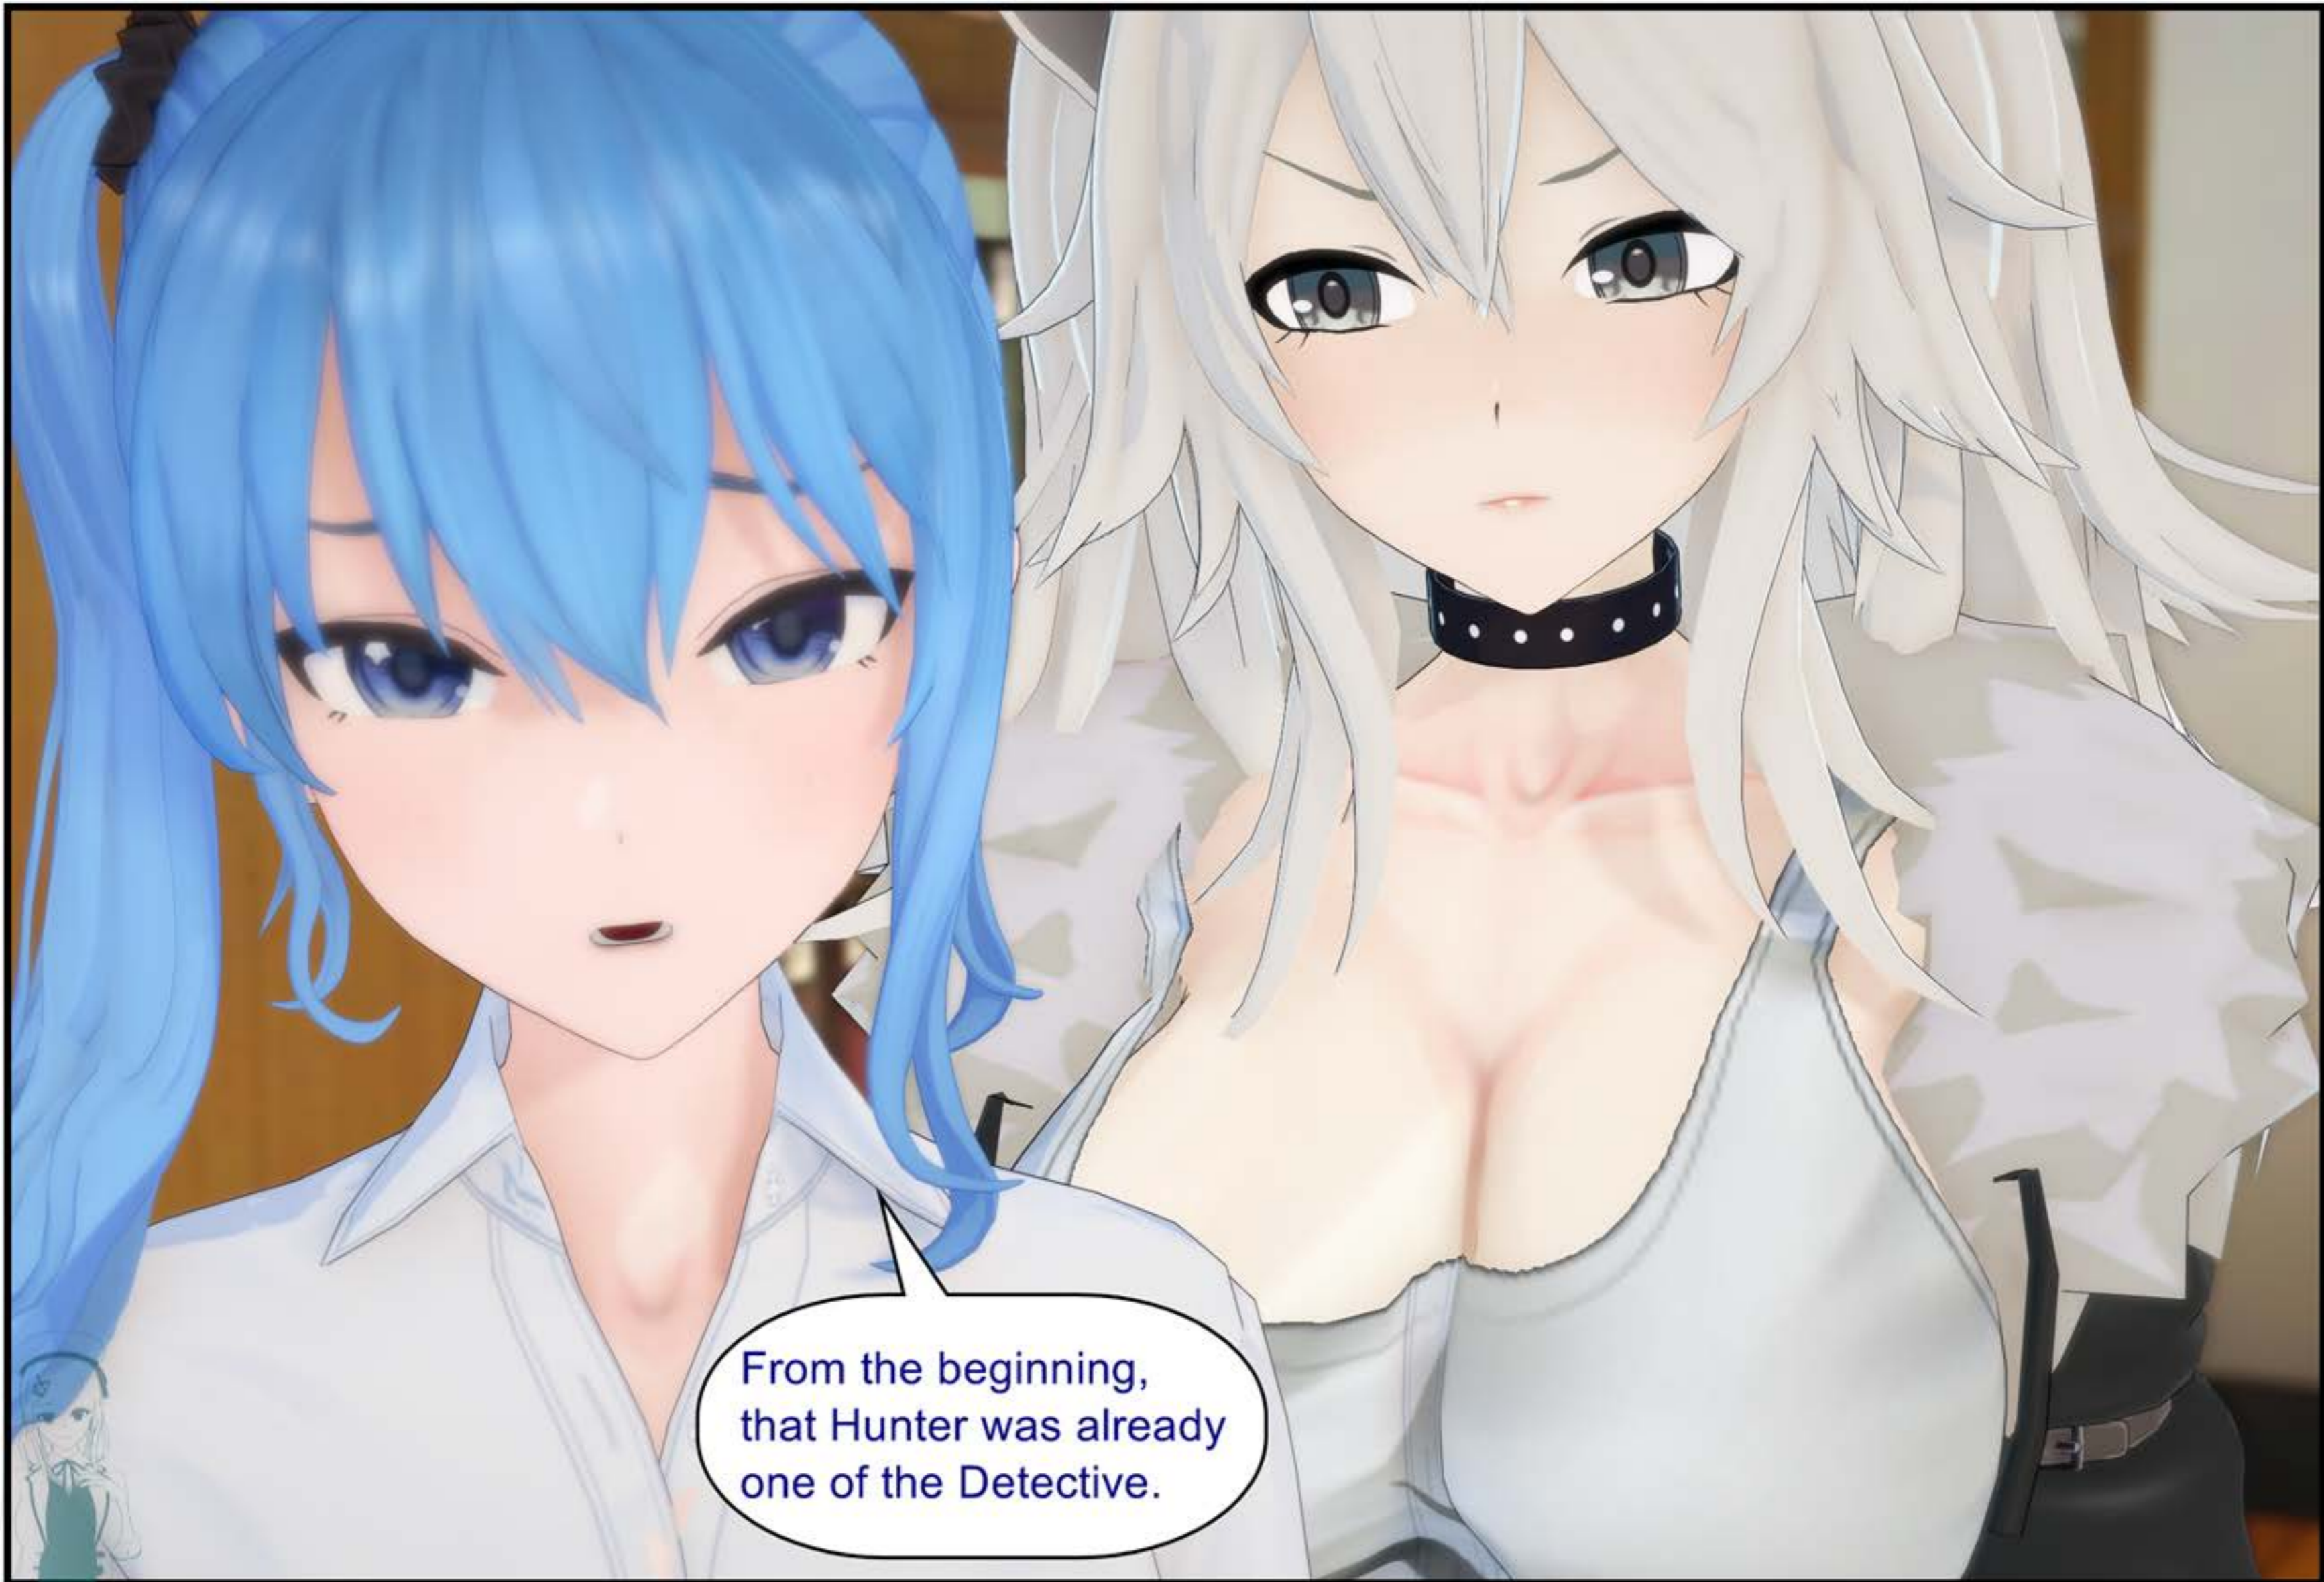

I-Inside..? What is she talking about!?

You won, but the game didn't stop?

That was.. there's still another Hunter!

From the beginning,
that Hunter was already
one of the Detective.

She was also the
one who invited
me in this!

It was..

How noisy..

I will tell Botan,
the winner, myself.

Who are you?
Definitely not
Okayu I knew.

Well, never think
why you participate
in this game?

The fact that you never agree to participate.

..from the very beginning..

That's impossible!
We all agree to
play the game..

W-Wait.. I
did say..

The game rule is
a bit off.. Why
"make out"?

Well, I wouldn't play
if I were you..

Oh? Look like you remembered.

This game's rule
was so stupid..
That no one
would play.

So we have to use the hard way..

To have you all participated in this game.

We made this game because we wanted to try out these skins.

But don't worry,
Botan found out
Sakura. So we
won't touch you.

Enough of this
shitty game!
Where are the
others member!?

W-What is this..
Cough! *Cough*!

Brainwashed gas.
What we used to
make you play.

No toxic, no harm to health. Only blurry your mind, Botan.

We are all prepared for this day, the day that we can become our Hololive idols.

We were among you for a long time. To study your habit.

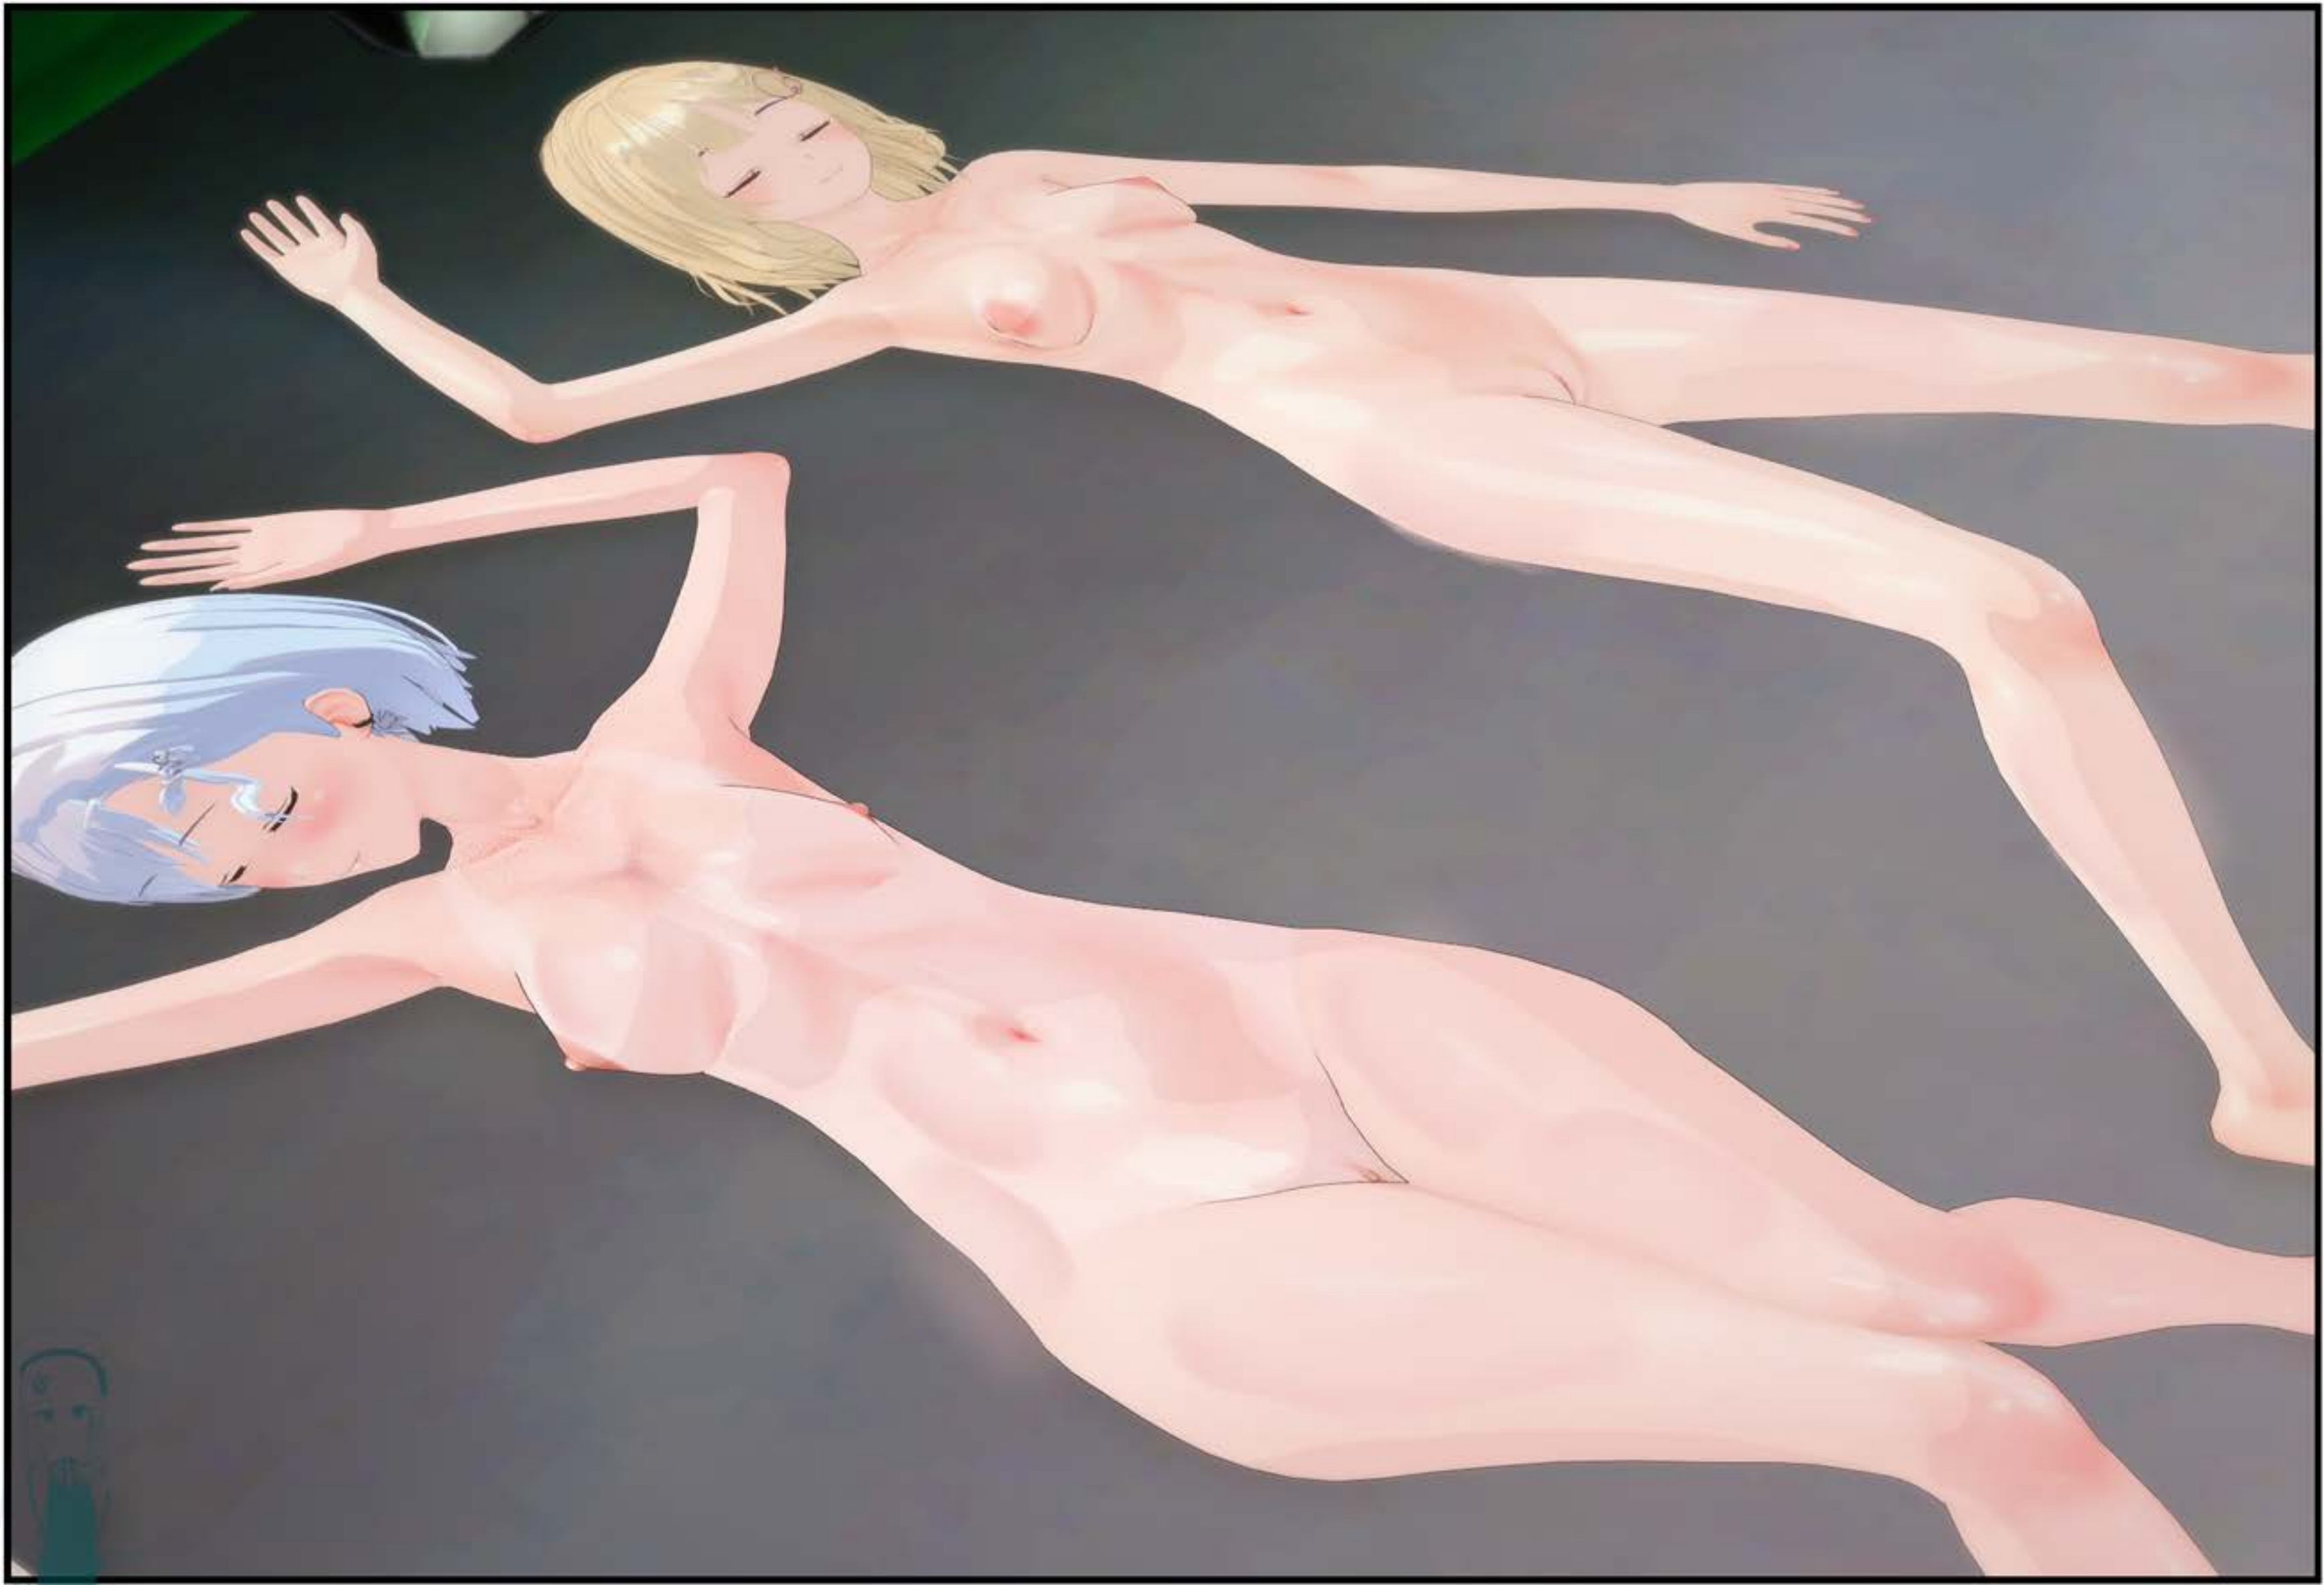

Now, we are all satisfied..

Uhm.. Slurp..
Uhm.. Un..

Well, I hid the
other skins..

The game is over,
and this is our last
time of enjoyment.

Well, we should..
Uhm.. Slurp.. let
them go.

Wasn't a great
game after all, hm?

Did I oversleep?

Botan? You woke up yet? It's time for collab stream!

"Huh..? Ah, right.. I have collab with Korone today."

A character with long, straight white hair is shown from the chest up, wearing a black bikini top with white polka dots. She is looking down at a green walkie-talkie with a black antenna, which is resting on a white desk. The background is a blurred room with a pink and white patterned floor and a green cabinet. A speech bubble is positioned above the walkie-talkie.

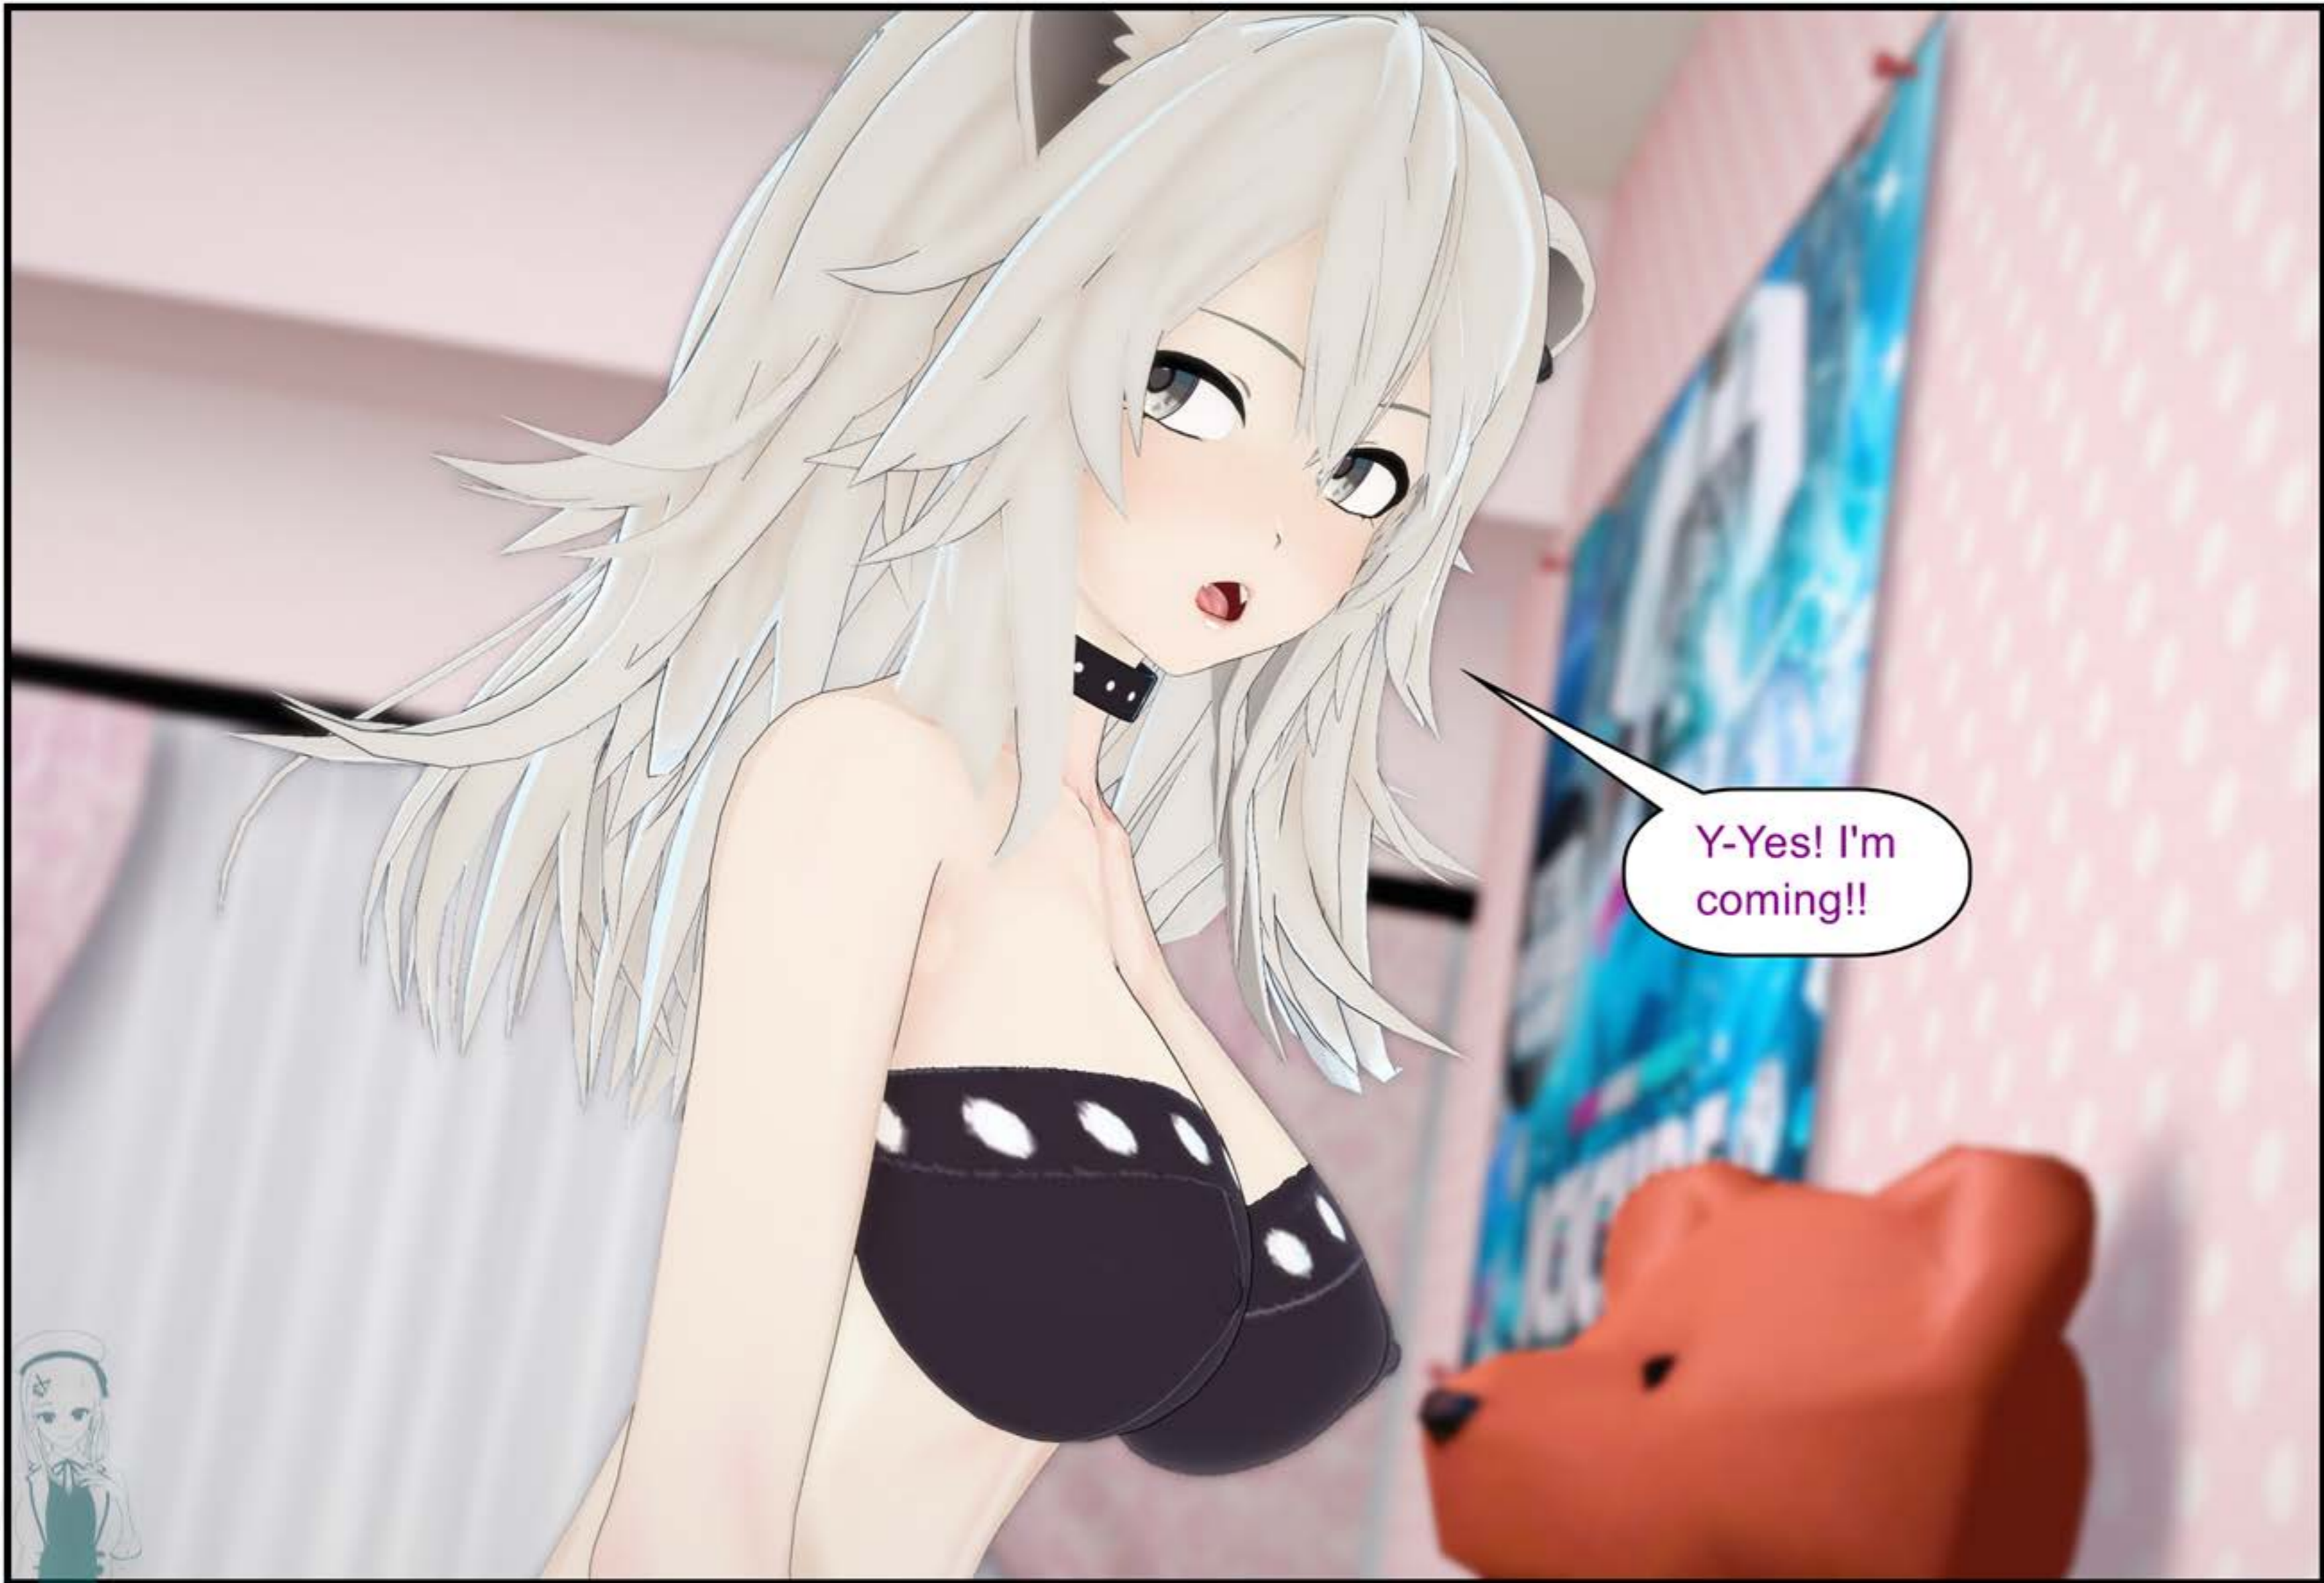

"This.. looks familiar.."

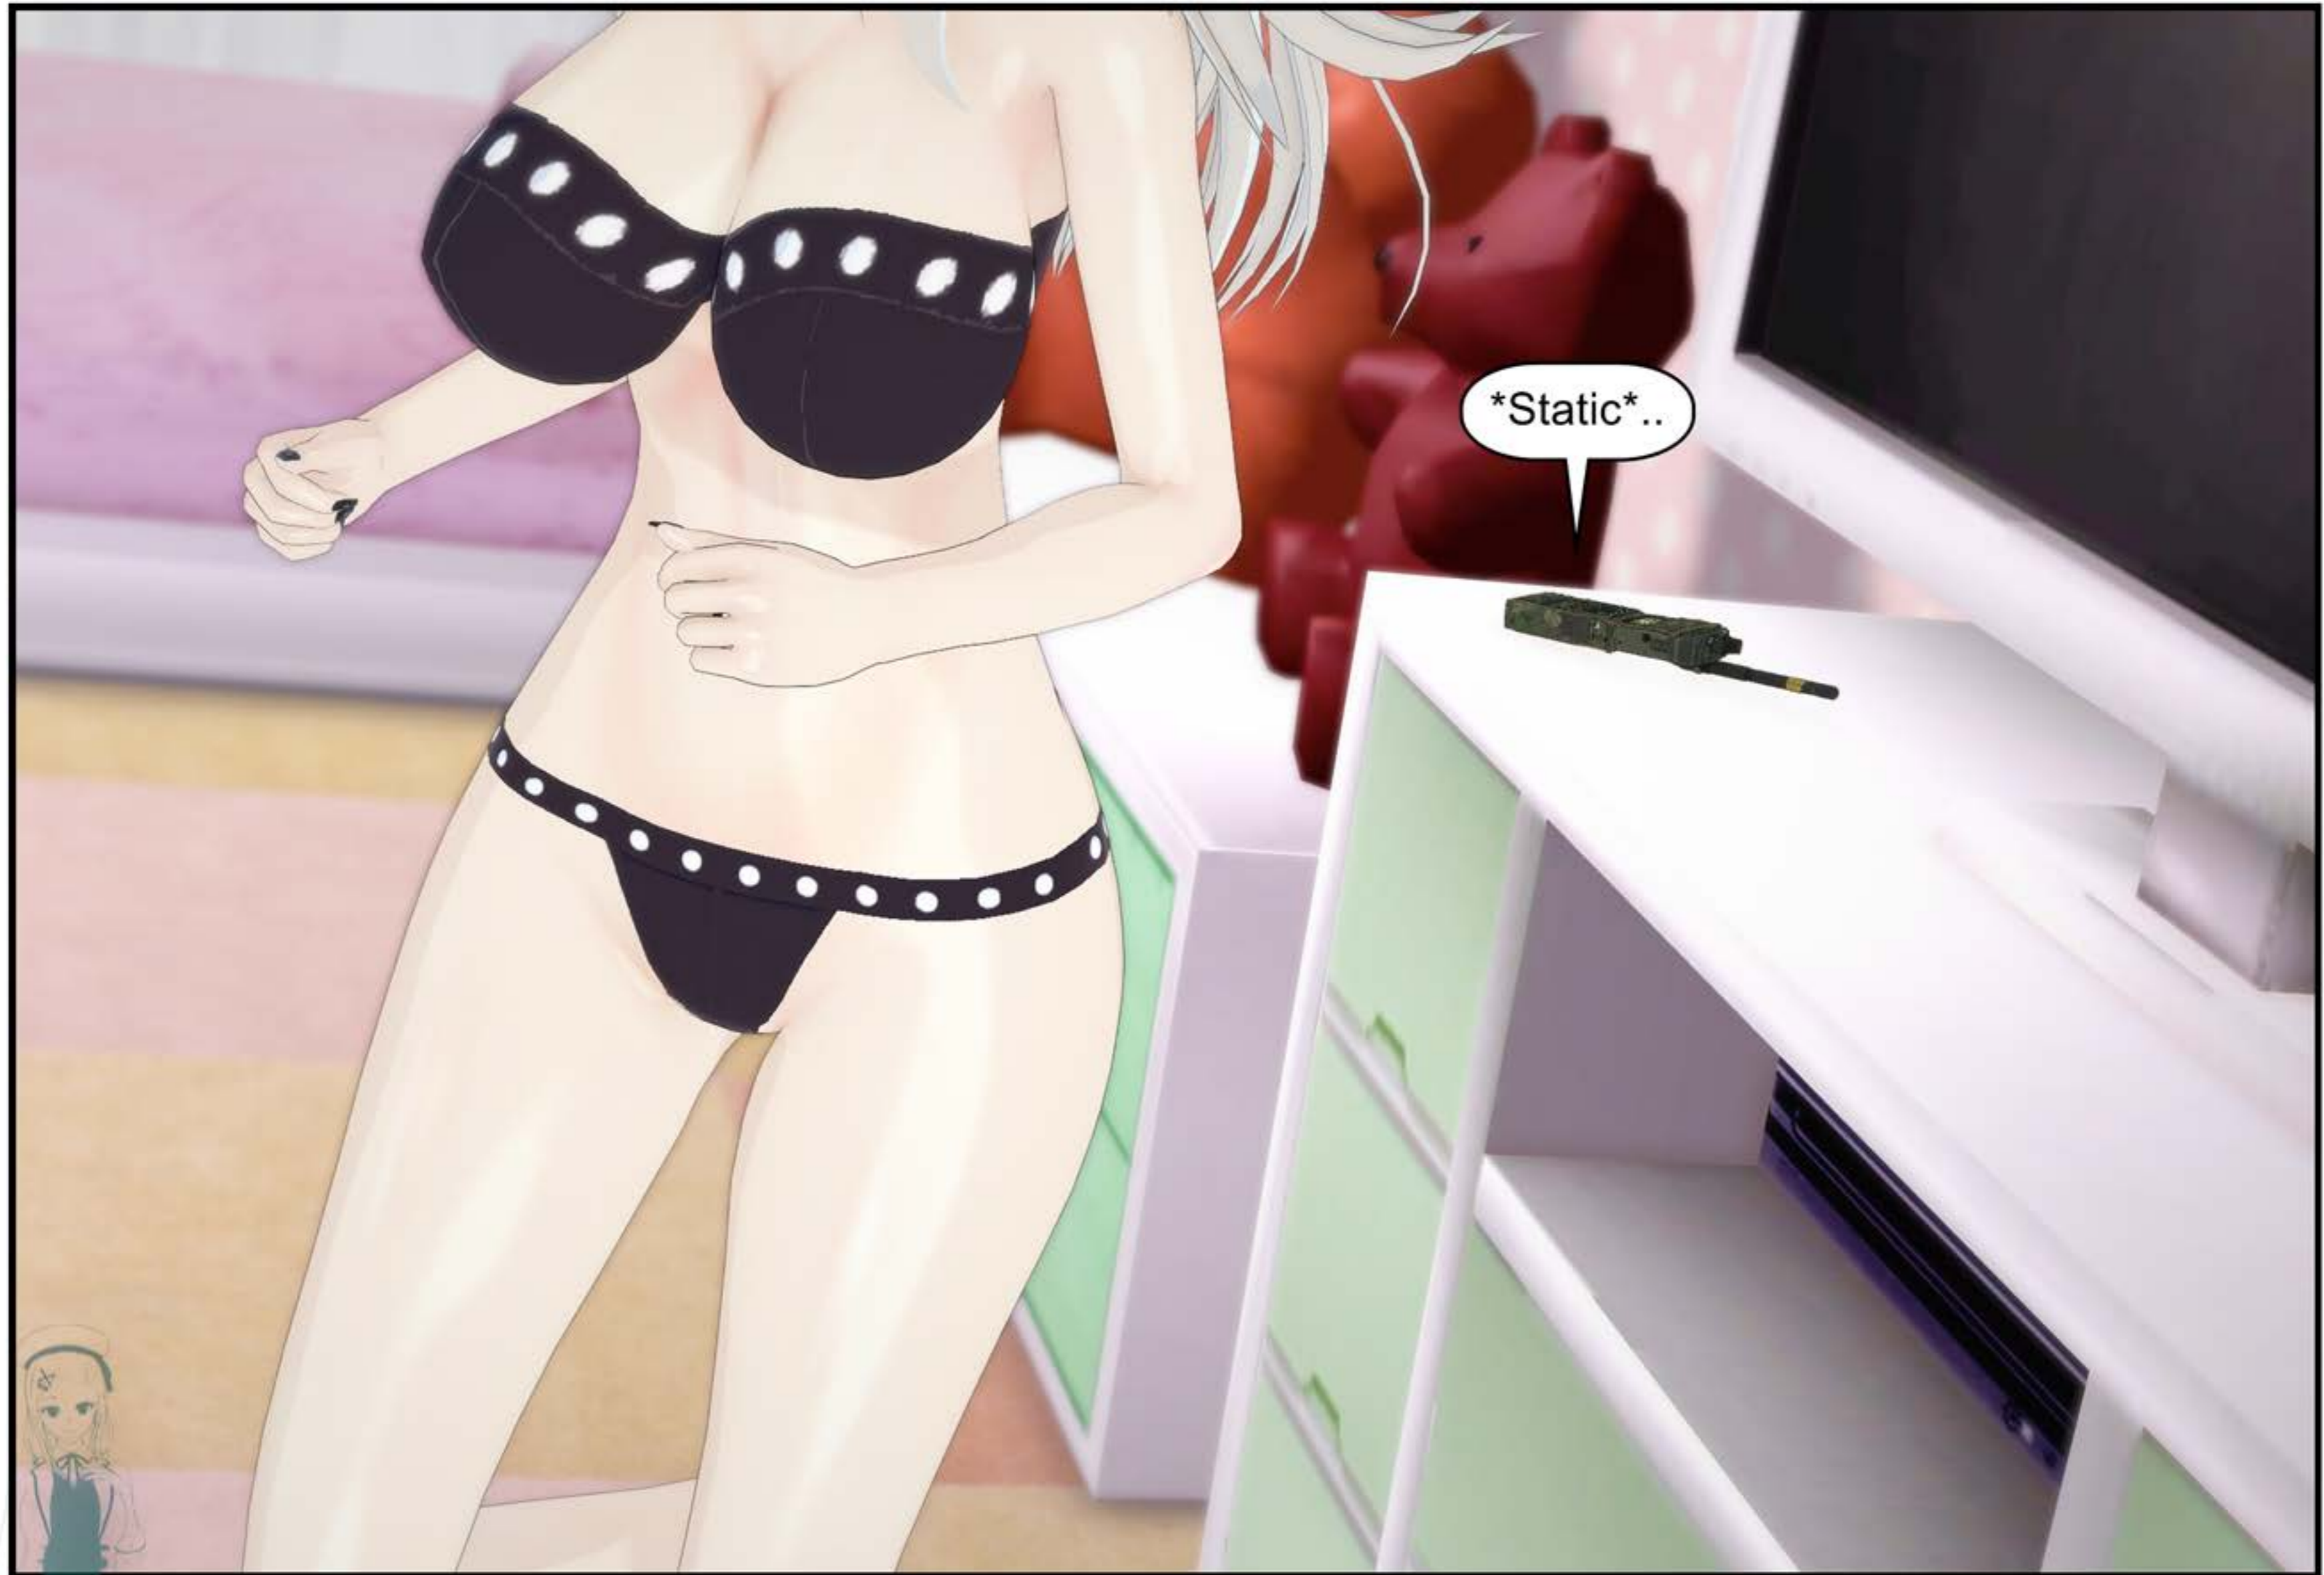

Botan!! Everyone is waiting!

Y-Yes! I'm coming!!

Static..

Static.. Ready for.. *Static..*

END?
