

Saddles?
What a silly
name? *giggle* No.
What's your real
name?

Aww,
sugah. Ya so
snuggley and cute. I
wanna just gobble
ya up.

Yeah, you ladies went
hic pretty far with these
costumes. They're so
realistic.

giggle
Thank you.

...That IS my
name. I guess call
me "Dale"?

Like the
chipmunk? *hic*
Good one.

Thanks.
I like your
gator Southern
Belle costume.
hic

This punch *hic*
didn't taste like it had alcohol,
but it's making me feel loopy.
hic Weird.

It's a
special nectar
we nymphs of
the woods use
to get pre-

Jiggles!
Shush!

I was shocked when I heard that
there'd be a Halloween party out in this forest. *hic* Locals
say that there are monsters out here that eat people.
chuckle Which with how you look, I wouldn't
blame monsters doing that.

You don't say, huh?

Eee, I
can't wait
any longer!
They've drank
enough so
let's eat!

Ooh,
that's the good
stuff, sugah. Very
fillin'...

GULP

Mmph!

KNEE

But not
gonna mess up
my dress. Such a
considerate meal,
ya are.

rub

MMPH!
MMM MPH!

Oh,
stop that
fussin'. You're
helpin' me out
to not have to
feed for a
week.

Hey, you really
gonna eat me?
I-I thought...

Please, don't.
You were sweet so
don't take this
personally, but I
gotta eat.

Wait!
Cr-crud. I
feel so
weak.

N-Nick!
Slow down
just a bit! I can't
keep up!

You crazy?! I don't
wanna get eaten! That drink
already made us sluggish!
Can't afford to be any
slower! So hustle!

B-but I can't!

Oof!
NICK!
WAIT!

TRIP

Please
don't scream.
It only makes
me feel bad...
though I guess
that's pointless
to say. *sigh*
What-
ever.

Pi-please?
R-r-reconsider?

You poor
thing. Stammering
so much. I guess I should
be nice enough to slowly
handle you until you accept
your new role. Don't worry.
You'll enjoy yourself
soon.

Wh-what?

SOMEONE!
HELP!

AH! No!
NO! STOP
THIS! OW!
OW! You're

'cackle'

Ah-

GULP

I enjoy
my human
treats a little too
much, I suppose. Are
you full, Dale...or want
me to find a human
to replace
him?

I
suppose I don't
need him. Was gonna
be nice to my current prey
and give her company. Oh,
well. I'll help her calm
down as I process
her.

squirm

squirm

I'm calming down
my prey too. Hee hee-
He's got a long night ahead
to become nutrients for
my fellow forest guards,
so he should enjoy his
little stay.

-lick-

HEE HEE-

In fact, I can feel how he loves melting into me. Finding it oh-so delightful to become the food he's meant to be. 'cackle'

~oii~

It's so *hic* warm.

URP!

sigh You're a lil too creepy with how much you're enjoying this. It's just food, after all.

Aww- but they're more than that to me. And you should learn to be more freezy and enjoy being a pred. You're too serious. Hmph-

A BIT LATER...

Finally. Some peace and quiet.

Don't worry, human, if things start to feel nice. That's just the nectar working its magic.

push

Uhh- Oh-

wriggle

huff
huff I'm relaxed, b-but I know I shouldn't be. Let me out and I'll...oh, it feels so nice in here. How are you doing this?

So chatty. If you can hear me, just know that I can't hear ya.

And forgive me but your moving about feels like a lovely massage. So if you hear any odd sounds, I am... appreciating you.

Mmf fmf mff? Ooh-

GLORP

Neeeh~

Excuse me. Soft meat pressing on my insides just makes me so blushy and fidgety. Forgive my shifting.

-groom-

Glad the others aren't seeing me.

-gurrrrgle-

ELSEWHERE

Wish the flower where we got that nectar didn't just bloom during autumn time.

poks

-gurrrrgle-

Me too. Havin' calmly enjoyin' prey all the time would be sweet.

Meh, I don't care really, Nibbles. I mainly care that they help me be a more magical deer nymph. *giggle*

Of course ya'd say that, Wobbles. Ya act more like a slime than a nymph.

-gurrrrgle-

Why do you wanna use your prey mainly for magical energy? If you slowly took care of them, you'd be kept full for a week or two.

This is why, Mumbles. I get to make sure they go to the right places right away. Bleh-

...Spooky.

'Tis the season

...Maybe I should focus on getting more magic too. I could use a bigger chest.

URP!

Come on, Gurgles. Why not enjoy Halloween for once? It's the time of year we feast together.

-groocan-

Hmph. I prefer to not have humans enjoy their digestion. They're filth after all.

Aww- you're so mean. They're fine... Well, except for the burger-eating ones. *giggle*

-gurrrrgle-

huff None are fine. All are food. Now lemme get some sleep, Jiggles.
