

After a long night a boozing, flirting and being pissed off that her lover never showed (he never keeps her waiting.) Elwinne went back to her room and fell asleep.

Lynx, finishing up his last quest, started the long walk to the tavern knowing that she'd be pissed. The walk was useful as the night faded away, he thought of ways to apologize, for standing her up. He arrives, just as he get comfortable with great apology, at the cute little tavern. He tries the door only to find it locked. "She must be really pissed this time." Quickly digging for his lock picks he quietly goes to work opening the lock and enters the tavern as daybreak strikes.

The morning dew seemed to make the sunlight sparkle as it filled the room with an almost magical glow. As he crept into the room, his eyes were drawn to Elwinne's classically beautiful body, almost glistening in the morning's glory.. A crooked smile flashed across his face as he noticed the blankets barely covering her ass. Her boobs squished under her body, arms under the pillow as she slept like a angel. (More like a succubus because he knows what she is capable of...). He gently climbs into the bed and starts kissing her lower back. A sleepy muffle escapes her lips as her eyes slowly start to open and a slight moan escapes her lips.

Slowly, gingerly he slid the blanket off her. He kisses her round ass, licking and biting each cheek, listening to her. Her breathing get harder and faster with each gentle touch. He traces his tongue down between her crack, and traces the perimeter of her asshole. She moans loudly as he spreads her cheeks and lightly licks the opening of that forbidden place. She gently bites her lip as his tongue continues to tease.

He then notices the droplet of moisture gathering from her cunt. A smile inches it's way across his face as begins to kiss her. He moves his lips and tongue up her back licking up her shoulder blade and nipping the nape of her neck. He drags his tongue from her neck up to her ear, and whispers "I love you" with warm breath in her ear. She shivers with enjoyment and moans. She turns over and tries to kiss him he dodges and teasingly lets out a low deep snicker of enjoyment while his lips dance down her collarbone .

He loves that she want him. That she is filling up with lust, and overwhelming desire. But the teasing has just begun.

He kisses between her huge breasts. While a sensual moan escapes her, he slowly traces his fingers down her left breast circling very slowly toward her erect nipple. She squirms in sexual desire as his tongue traces from between her breast to under her right breast. Ignoring her gasps he continues to lick his way upwards, making his way up slowly, deliberately so that his finger and tongue both meet a nipple at the same time. Lynx's other hand is groping her other breast casually, but the effect is still the same. Her groans became deeper and more desperate as her nipples get harder with each circling of her breast, he softly grips her with his teeth, and then ferociously sucks it. His tongue makes his way down her tight athletic stomach feeling the muscles tightening under her soft alabaster skin.

Grasping at the air with sexual insanity she finally grabs the hair at the nape of his neck and starts licking and sucking his earlobe. He grows harder just thinking of what her beautiful mouth can do to his member.

She sits up and grabs the length of his cock and strokes biting her lip as she gains excitement from the hardness. He steals his hard cock from his beautiful succubus. She looks up at him with mild disappointment as he spreads her legs. She closes her eyes as he kisses down her knee making his way slowly to her glistening cunt he looks up at her and breaths hot breath over her sex she cries out with excitement and frustration.

He kisses her other thigh then smiles up at her. Her waist is quivering in anticipation. He smiles as he kisses her where she desperately wanted him to. Licking her soft shaven lips he then spreads them licking in every crevasse excluding her clit. He continues to tease her inner lips, licking, sucking he slowly swirls his tongue around her clit feeling it grow. He becomes forceful as he finally licks the place she's been begging him to. She moans and rocks faster and faster as he continues his tongue lashing.

His cock is throbbing seeing the wetness piling up and inviting him in and he hears her finally say the magic words. "Please put it in" in an almost yelling moan. A smile crosses his lips as she bites her lip, and begs some more. He kneels in between her legs hard as a rock she leans forward looking up at him with those eyes. She touches the tip and say please again and he kisses her deeply and lays her down. Their tongues exploring each other's mouths. She grabs the hair at the nape of his neck kisses his neck and nibbles his ear and say in a moaning breath "please fuck me." He grabs his cock and touches it to the wetness she gasps and he kisses her as he slowly enters her she moans into his mouth. She pleadingly grabs his ass pushing him deeper inside her. She yells for him to go faster and faster. An evil playful smile crosses his face because he's not ready for that yet. He's enjoying her tight wet pussy throbbing around him, watching her plead for more penetration..

He teasingly circles his hips so his member hits every part of her clenching pussy, as she tries to pump under him he pulls out and says "taste." She sits up eagerly grabs his member and licks and swirls her tongue around his length lapping up her juices. She cups his balls gently in her hand and she takes him into her mouth. He gasps and moans slightly as that evil tongue swirls. She bobs him in and out of her mouth in an almost rhythmic fashion. She stops suddenly and looks up as she grazes his cock on her nipple and kisses along the both of his rock hard abs. Moving around him, she bites his hip and runs her hands along his ass and takes him in her mouth deep. His hand clenches her long hair as he pulls her up to his lips kissing her deeply tasting her juices and sweet saliva,

He grabs her ass and pulls her onto his throbbing cock. They both gasp as he slides into her wet dripping cunt . She wraps her legs around his ass and her arms around his neck as they both fall to the bed. He looks down into her eyes and starts to pound away at that tightening pussy, as he gains momentum he she knocks him she swiftly spins him to his back as she takes

over.

Her breast swaying teasing in his face as she grinds and pumps his cock in and out of her pussy he grabs her tits and brings her nipples together and licks them at the same time, he feels her clenching as her wetness drips down his balls, he knows she's about to cum, he grabs her and pulls her close as her starts to pump under her until she clenches hard and he loses himself growling as he fills her,

She screams with delight as she feels his hot wetness fill and spill into her he lets her go as he gives his pumps his last drop into her. They kiss both out of breath exhausted and hold each other and try and figure what their exhausted bodies will do for the rest of the day, maybe work on naming the tavern.
