

Well.. I probably just imagined it.

And Crush is.. holding my hand again.

Is this his fucking go-to move for calming me down??

I want to say I'm not that easy to read..

But whenever he holds my hand like this, it's impossible to think about anything else.

How can someone's presence put me at such ease..

I now pronounce you two married!

You may now kiss!

Maybe it's the fact that we're at a romantic venue..

What a beautiful service~

I don't like crying at weddings but wow..

So happy for them..

Maybe it's because we're hearing all these love vows..

Or maybe it's just the idea of marriage itself..

But I can't stop but wonder..

..if that could be us up there someday.

HOLY SHIT, WHAT THE HELL ARE YOU TALKING ABOUT, CHERIE??

MARRIAGE? WITH CRUSH?? HE'S NOT EVEN YOUR BOYFRIEND YET!!

AUGH-

You okay??

Y-Yeah! Just hungry..

Yep! I'm definitely just hungry!!

WOAH...

A-are we dreaming??

I hope I never wake up..

FREE FOOD IS THE BEST!!

.. WHAT did I JUST say about not embarrassing us????

Um.. Excuse me!
