

PART 2:
OF COMIC
PROPORTIONS

A man with dark hair and a shocked expression, his mouth wide open and eyes wide, stands with his arms outstretched. He is wearing a white t-shirt with dark grey sleeves and dark pants. The background is a blurred modern interior with warm lighting and a dark doorway to the left.

You're insane
if you think either
of us would agree
to eat one
of those!

Not after
what we just
witnessed you put
Dave through!

Dave freaked out because he didn't know what was happening to him.

But you know what to expect.

So come on and try it. Don't tell me you aren't at all curious about what it's like to be the other sex.

*Toby, neither
of us are going to
transform ourselves
into eye-candy just
because you struck
out with Dave.*

Oh no, you misunderstand me...

...I didn't bring two berries so I could have two hot girls hang out with me tonight.

This second one is for one of you to have a hot girl to hang out with you too!

You just have to decide between the two of you which of you will take the hit by growing a pair of tits.

How very generous of you...

...but did you consider the possibility that neither of us might want to humiliate a friend like that?

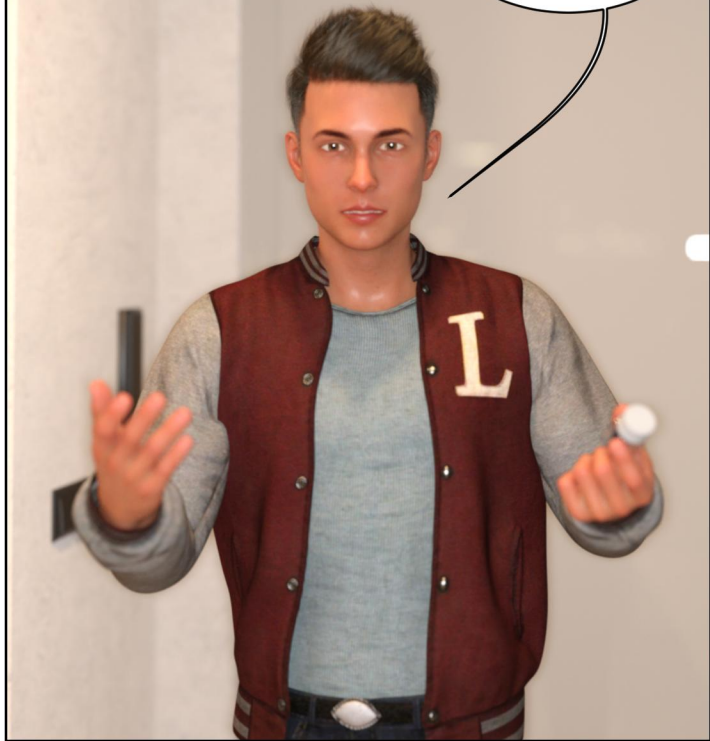

That's not something I'd ever want to inflict on anyone!

Evan, you're looking at this all wrong!

Rob can barely talk to a pretty girl without stuttering!

You complain how each of your girlfriends are like oil to your water!

Wouldn't a good friend help their buddy practice talking with women?

These magic berries transform men into their ideal woman.

Wouldn't it be good to know what your ideal woman is actually like?

Wouldn't it be helpful to know how she might think from a first-person perspective?

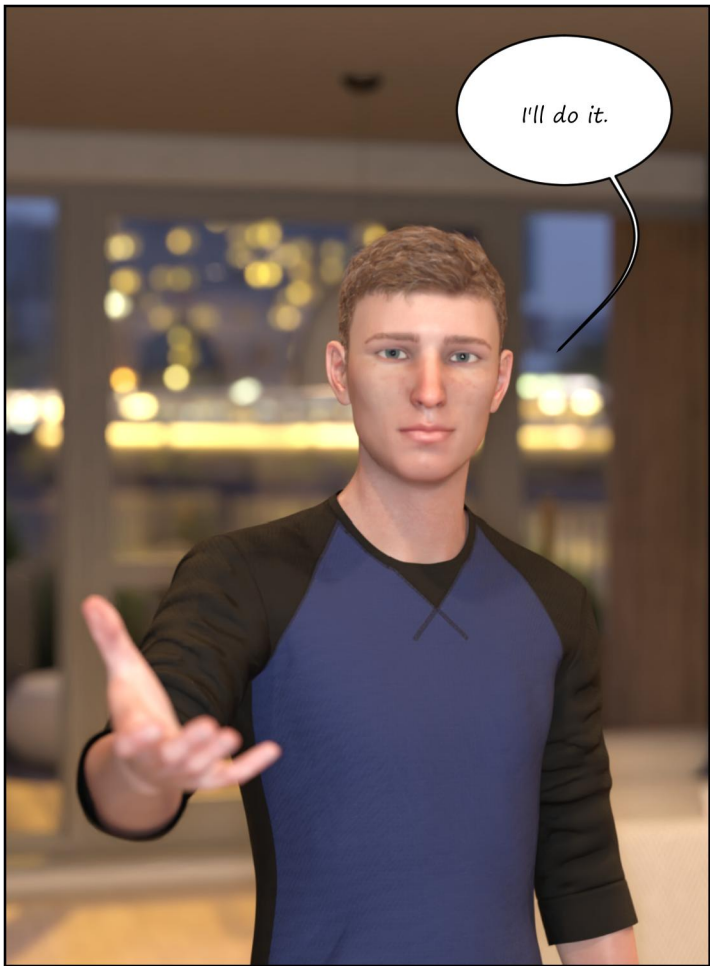

And what if
my ideal woman
is oil to my
water?

You know what
my girlfriends are
like, how I always
fall for girls who
need saving...

Turning into
a manic pixie girl,
an alcoholic, or an
airhead, doesn't sound
like an enjoyable
evening to me!

I'll do it.

What?

Rob,
what are
you doing?

Nobody
needs to eat
a berry,

we can
both say
no.

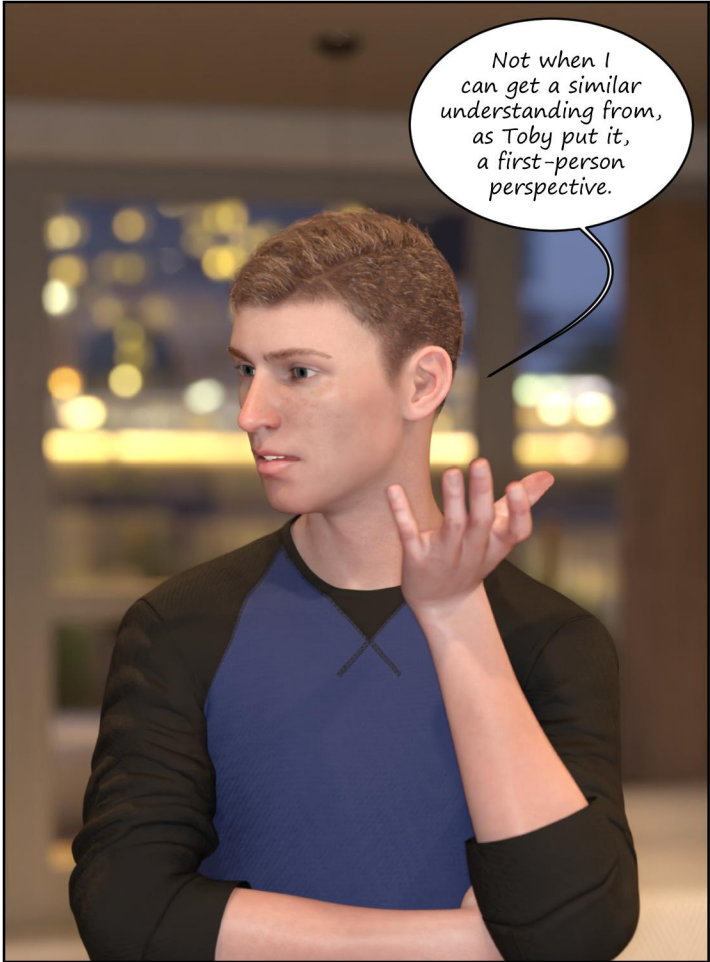

Don't worry
Evan, I'm not
trying to humiliate
myself for your
benefit.

I'm doing this
for me.

Toby's right,
I don't know
how to talk to
girls.

I'm terrible
at it.

But I don't
need to ask you
to be the girl to
solve that.

Not when I
can get a similar
understanding from,
as Toby put it,
a first-person
perspective.

Rob, you
saw what that
berry did to
Dave...

Yeah, he turned into a strong willed woman who can kick ass.

Who also happens to have a distractingly large chest.

The thing is, I've never had a girlfriend because I'm far more picky than I should be.

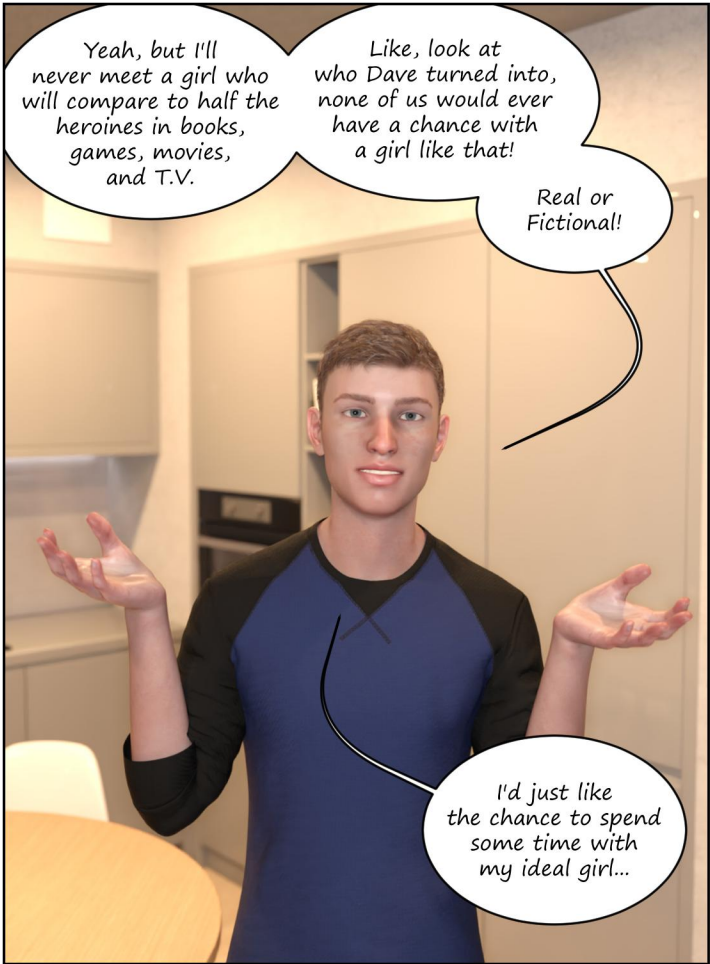

I want my partner to be smart, elegant, kind, thoughtful, geeky and beautiful.

But everytime I finally meet a girl who comes close, I hesitate because I'm scared I'll screw it up,

or that she might not be the one.

Rob, if you
turn into a girl like
that, you will never
meet a real girl who
will ever compare
to her.

Yeah, but I'll never meet a girl who will compare to half the heroines in books, games, movies, and T.V.

Like, look at who Dave turned into, none of us would ever have a chance with a girl like that!

Real or Fictional!

I'd just like the chance to spend some time with my ideal girl...

Even if that
means I have
to be her!

Are you
sure about
this?

I'd be lying
if I said I
was.

So how long will this transformation last?

Until you fall asleep.

And it'll change me physically and mentally?

It'll change your temperament and preferences, but you will still be you.

Like it won't change your memories or sense of self or anything like that.

Preferences? Like it'll make me attracted to men?

Well yeah,
unless your ideal
woman is asexual or
a lesbian for some
reason.

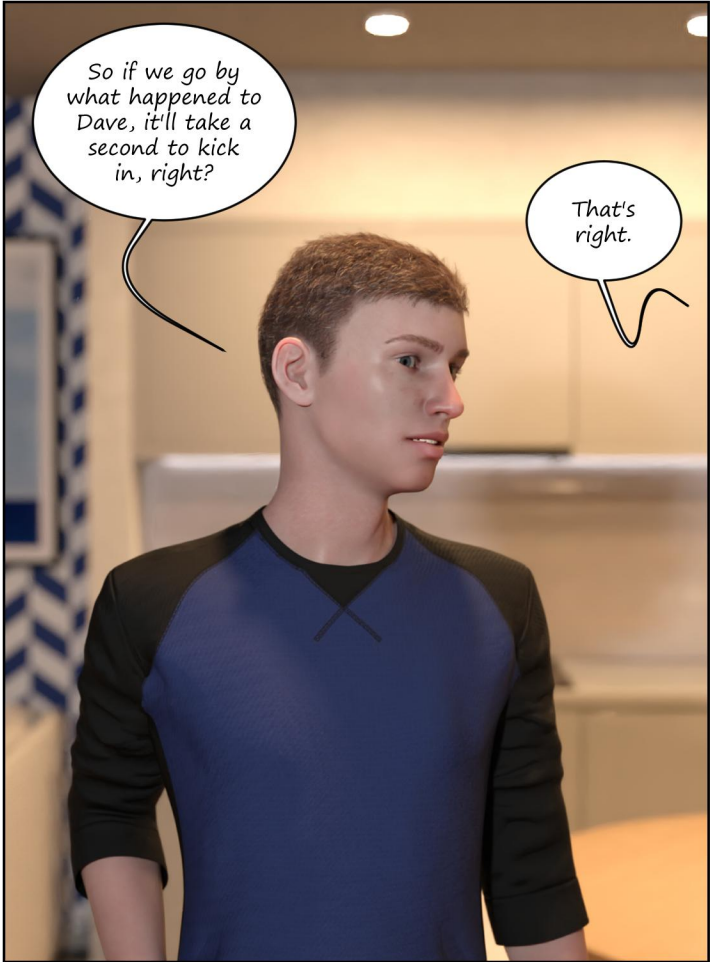

That'll be
awkward, but
I guess it makes
sense.

Anything
else I should
know?

Not really,
the whole
transformation
is fairly straight-
forward.

Well, here goes nothing!

So if we go by what happened to Dave, it'll take a second to kick in, right?

That's right.

Holy
shit! It's
happening!

It's so weird, I don't feel anything more than a slight pressure, but my body is melting away right in front of me!

Hmm...
interesting...

What
is it?

I didn't think
I'd actually grow
Elf ears!

Elf Ears?

Yeah, look at
how pointy they
are now!

Wow, they
are getting
pointy!

Toby, is this
supposed to be
happening?

Don't look at
me, my sister only
told me that the berries
change you into your
ideal woman for the
day.

I guess nobody
considered what
would happen if an
Elf-obsessed nerd
ate one!

Elf-obsessed
Nerd?

Rob, you
always play
Elves!

Whenever
we play online
games, you
are an Elf!

Your current
character in our
D&D game is
an Elf!

Hold
on...

Evan, look
at his new
clothes...

What about
them?

If you saw
them in a
movie...

...what genre
of movie might
that be?

Like what,
a fantasy
movie?

Rob, when you
created Adeline for
our latest tabletop game,
you didn't happen to base
her on your idea of your
perfect woman, by any
chance, did you?.

Of course!
Didn't you do
the same for
Dave's desert
campaign?

I'd hardly call
a girl like Yana my
ideal woman.

I have a bigger question.

What's that?

Is it just me or do Rob's proportions look a bit, I don't know, off?

Well, I've turned into an Elf right? Elves are skinny.

But that
skinny?
And look
at your legs!

They really
are spectacular,
don't you
agree?

Sure, but
they extend way
beyond even Greek
proportions!

You're in
comic book
character
territory!

You're like a
four-foot tall girl
with a seven foot
tall woman's
legs!

And look
at the size of
your eyes!

You didn't
just turn into
and Elf...

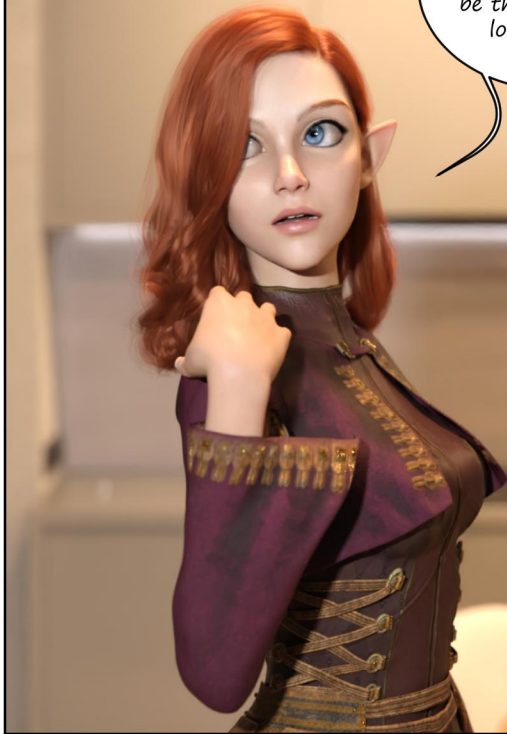

You turned into
a real-life cartoon
character!

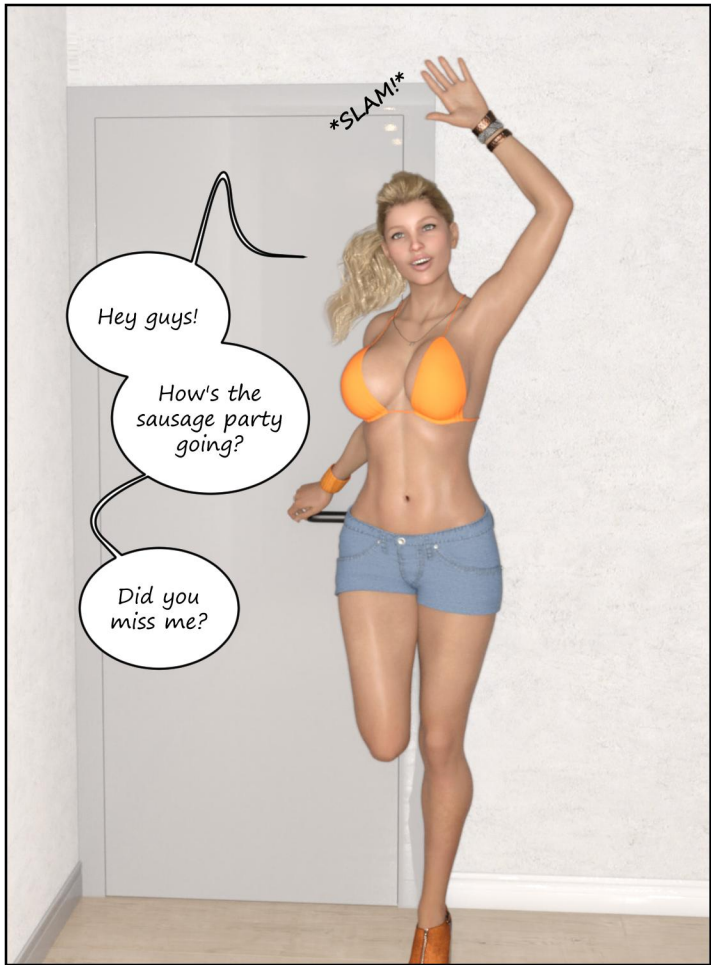

Well, Toby did say that these turn you into your ideal woman.

And what many artists draw as the ideal human form isn't often very realistic.

So in hindsight I suppose I shouldn't be that surprised I look like this.

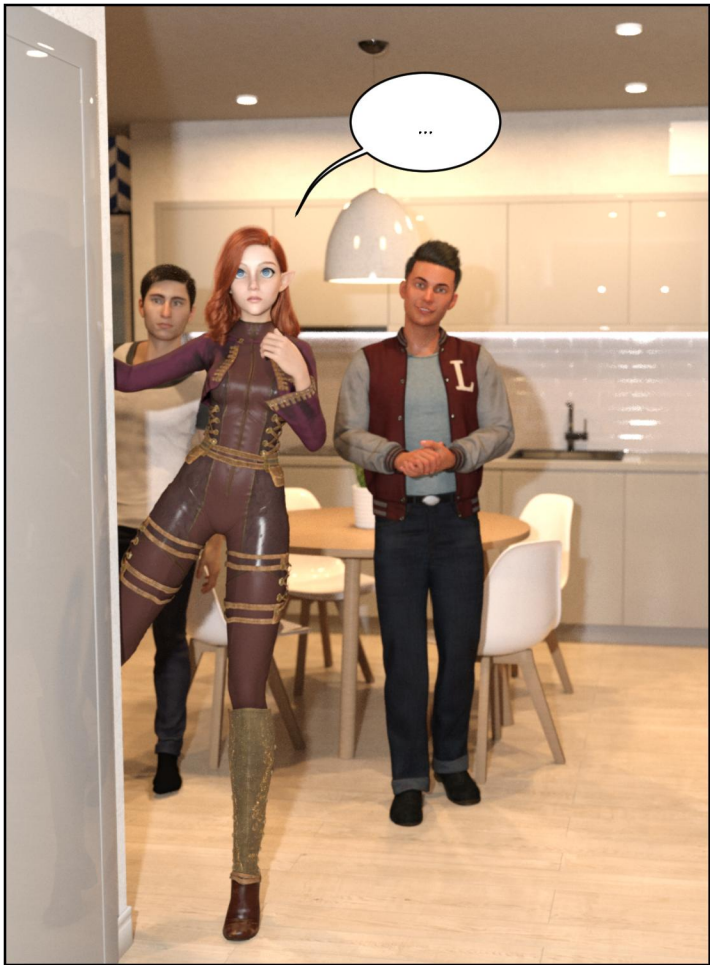

SLAM!

Hey guys!

How's the
sausage party
going?

Did you
miss me?

And how on earth did Toby trick you into eating one of those berries?

He didn't, we
talked it over, and
after seeing you
change into Clara
Bright...

...I figured
this might be an
interesting learning
opportunity.

Because whatever these berries are, they are obviously some sort of magic...

...or a technology so advanced they are indistinguishable from magic.

So it seemed
like a waste to
ignore the
opportunity.

Well you certainly turned out cute.

Which brings me to my next question...

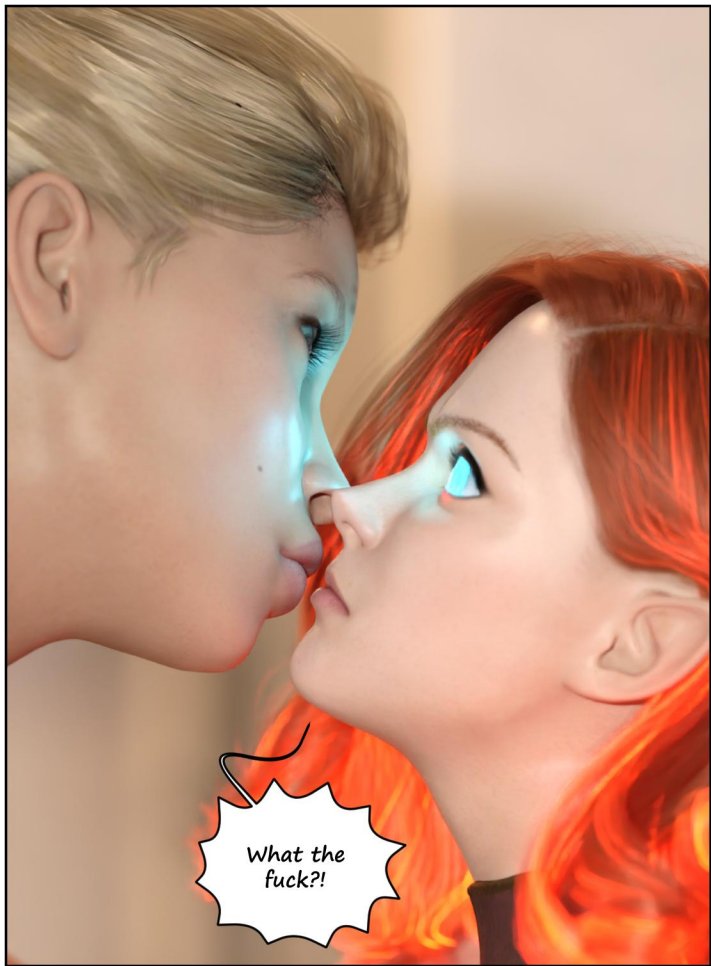

W...what's
that?

Are you
still attracted
to girls?

I was just helping you experiment.

Like, I think that just proved that you aren't into girls anymore...

And I'm not sure if I am either...

It's kind
of hard to be
attracted to a girl
when she forces a
kiss like *that!*

So you're
saying you'd still
want to see these
babies!

Want to
touch them?

EWW!
Gross!

Have some
dignity!

Yeah,
that's what
I thought.

Face it,
there's only
one thing you
want right now,
and it isn't
pussy.

Come to think
of it, I could really
go for some dick
right now too.

hmm...

Woah
Dave!

Boundaries!

Why hello
there...

I guess that
explains why all
the girls like you
so much!

Dave!

Dave!

Wait!

I appreciate
the offer, but
I can't.

You aren't
yourself right now
and what you think you
want doesn't seem like
something your normal
self would want.

Oh no, I'm thinking very straight right now.

Rob had a good point, this is a very unique learning opportunity.

And if I could make myself feel that good with just my fingers...

I have to
know what it
feels like to have
the real thing
inside of me!

Ew! Gross
Dave! T.M.I.!

Well, I
just can't
do it

Ah.

I think
I catch your
meaning...

Come on
Toby!

You'll have
to do!

Hold
on!

You're not
planning on fucking
each other right here
in our apartment
are you?

Uh
yeah?

Where else
are we supposed
to do it?

I don't
know, maybe
at your place?

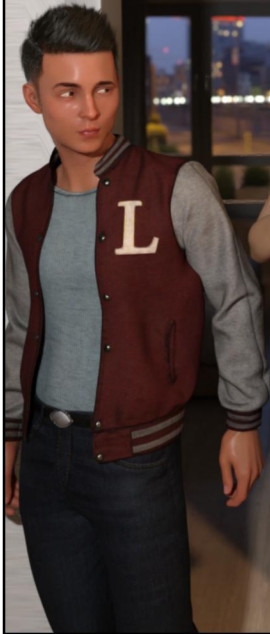

It's, like,
only two blocks
away!

Sure we could, but look at me!

I can't walk across campus in just a bikini!

I'll get eaten alive!

...but could you at least lend me a shirt?

Yeah, sure,
just a sec.

*Evan, don't
screw this up,
this is your chance to
bang a girl hotter than
any of your crazy
girlfriends!*

*Dave, I'm not
going to take
advantage of Rob
when he isn't
himself.*

But he is himself!

Rob is terrible at creating characters who aren't Rob!

On the outside she might sound and look like Adeline, but on the inside, he is still Rob!

I bet you that the only difference mentally between that girl and Rob, is she is who he would want to be if he was born a girl!

I mean, did you see the look on her face when I pulled you away from her?

That was the look of a shattered girl watching her crush leaving the party with another woman!

When he is a guy, you are his best friend, but now that he is his female self, he clings to you like something much more than that.

Female Rob treats you as much more than just a friend, she is totally into you right now. You just have to give her what she wants!

What but what female Rob wants probably isn't what male Rob wants!

It would be like taking advantage of a girl who's completely intoxicated!

Except Rob isn't wasted.

I'll say it again, Rob sees this as a learning experience.

So if he decides that sex is clearly something he wants to include in this experience, don't take away his only chance to try it!

I don't think
it's going to
come to
that...

When I first
saw myself in the
mirror, I didn't think
I'd be pulling Toby by
the dick back to my
apartment to get
myself fucked
senseless!

Yet look
where I
am now...

Hey! Is
this good?

Yeah, that's perfect.

Do you mind helping me with my bikini top?

Oh yeah, sure!

*Rob, Evan
turned down
an offer to have
sex with a gorgeous
woman for
you...*

*And you know
as well as I that he's
going to spend all night
as gentlemanly as
he can for you.*

*So if you
decide that you
want to take things
further tonight...*

*You have
to make the
first move!*

*Dave, I don't
need to have sex with
Evan to learn what
it feels like to be
a woman...*

I know.

*But just
remember what
I said in case you
change your
mind.*

Did you notice how Rob's hair lit up when you kissed him?

For a moment I thought he was going to light you on fire!

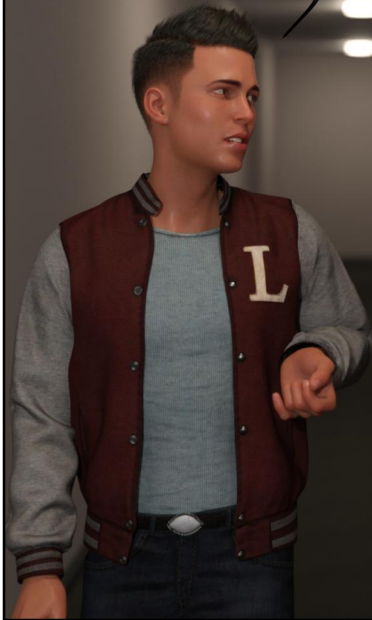

Well his character from our tabletop game is a Wizard...

...maybe he became Adeline more than we thought.

So what, if
someone's ideal
woman is a
superhero,

the berry
would gift them
with the power
of flight?

I doubt it,
I think her eyes
and hair just simply
glow when she
gets angry.

Do you think they are going to do it?

I think they both want to do it, but the question is will they do it?

It feels like an equal chance that either Evan or Rob will pussy out of it.

I just don't know which one of them it will be this time.

So, your
place?

Since it's
not that far
away?

I guess,

it's kind
of a mess
though.

I was thinking we could go to your place.

Get this hot body all slick and wet skinny dipping in your parent's pool.

They're still in Florida for another week...

...right?

They are...

...but Mary is still in town.

If I bring a hot girl home tonight, she'll instantly put two and two together.

Does it matter if she knows?

She did give you the berries, so she sort of already knows.

That two of my friends transformed into girls for the night?

Yeah, no big deal.

But seeing me bring home one of those friends?

Watching me bring them down to my room for some privacy?

That's just asking
her to refer to you as
my friend with benefits
for the immediate
future.
