## Chapter 18

By Ron512 and Kami1

18+

After a brief explanation...

And then she put it on me.

When I proved I am a good girl.

The worst part is that every time I get excited it hurts.

And when she said she would take it off for you.

Hmm... So that's why you were acting so strangely today.

This is really a serious problem.

But no worries,  
the pain should soon go  
away as soon as your penis  
gets used to it.

Do you  
think that if it were  
different then guys  
would wear it?

Neither do I,  
but it seems to me that  
it must be so.

So that's what worries  
you so much, I have a solution  
for that.

Really, how do  
you know this.

No, probably not.  
I don't know.

May you be right. But the  
worst thing is that it's hard  
to hide it especially when  
I'm wearing leggings.

Moments later...

Yes, in this outfit, I'm sure no one will see anything.

Then it would be difficult for you to practise.

Of course not, then all the exercise so far would be in vain.

Is this your solution?

*\*embarrassed\**

But why exactly a Cheerleader outfit, there wasn't something less revealing.

And can't we just let these exercises go until Mum gets it off me?

I don't know, except for us only Zero Five and Zero Four are members of this club.

Yes, I asked them to join so that we would have the required number of members.

Because they are members of the club only on paper. So that Saki doesn't pester them to join one.

And anyway, whose costumes are these, won't anyone be mad at us for taking them?

Really? I didn't know.

Then why don't they come to our meetings.

Wait, then why did they bring all those costumes here?

But aren't you curious why they're here?

Er... okay.

Who knows?  
Besides, who cares.

The important thing is that we have our place where we can do what we want,

No. They don't care what we do so we should do the same.

In the evening after returning from work.

Ah~Finally back at home.

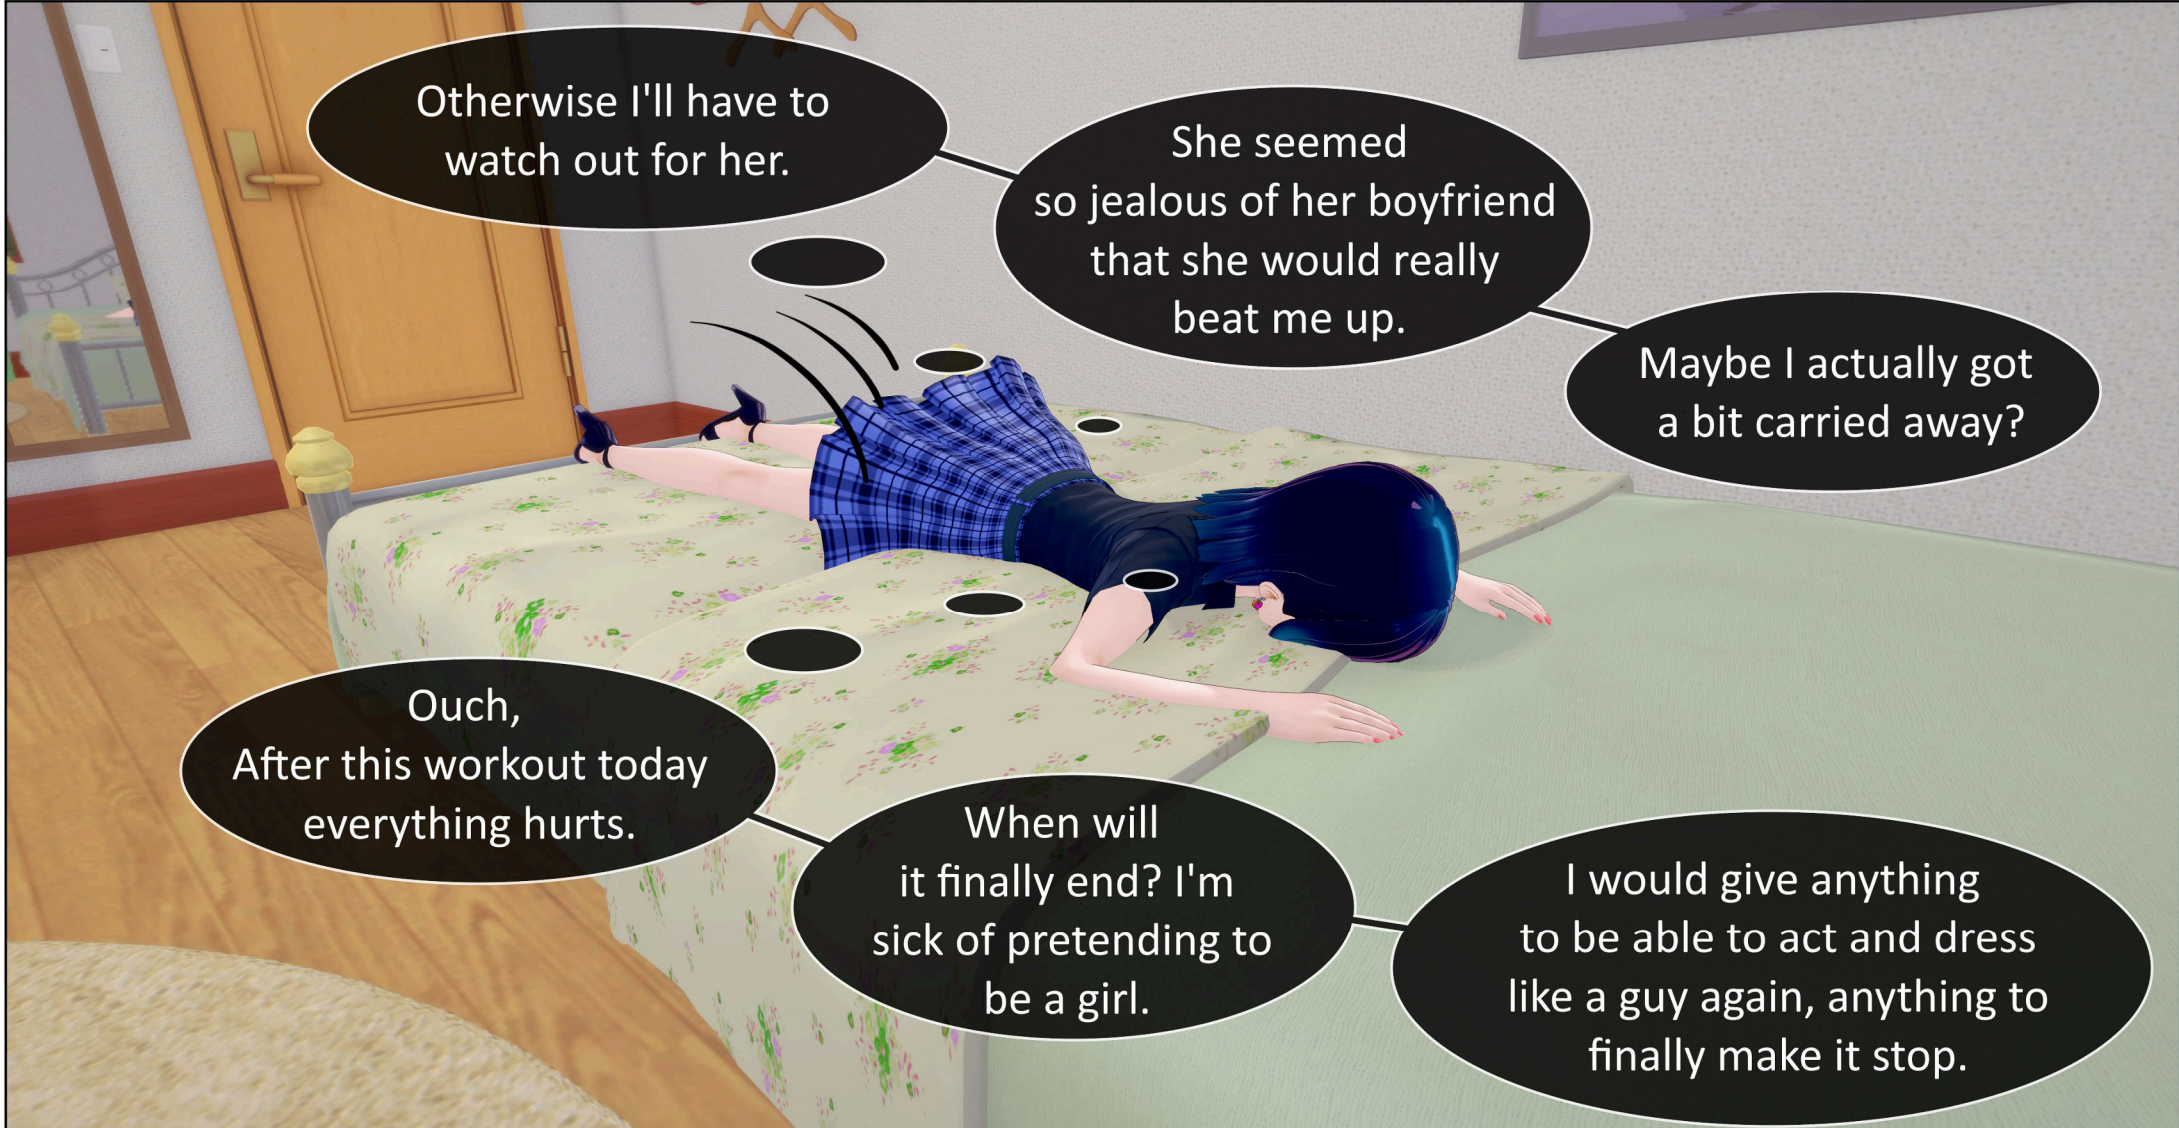

I thought the day would never end.

I thought Zero Two was trying to break me. Things aren't much better at work lately either, some girl wanted to kick my ass.

I hope I don't meet her again anytime soon.

Otherwise I'll have to watch out for her.

She seemed so jealous of her boyfriend that she would really beat me up.

Maybe I actually got a bit carried away?

Ouch, After this workout today everything hurts.

When will it finally end? I'm sick of pretending to be a girl.

I would give anything to be able to act and dress like a guy again, anything to finally make it stop.

Hina-chan,  
could you come over  
for a moment?

I have  
something  
important to  
tell you.

Yes, I'm on  
the way!

I wonder what  
happened

I'm afraid to even  
think about it.

In the living room...

You're joking  
right?

Is it just  
a joke?

**\*Shocked\***

And why  
should I?

Is it really that  
unlikely that your  
parents want to take  
you to Europe?

I thought you'd  
be happy.

Of course I'm happy. I feel like this is the happiest day of my life.

\*happy\*

Yay! Finally no more walking around in women's clothes.

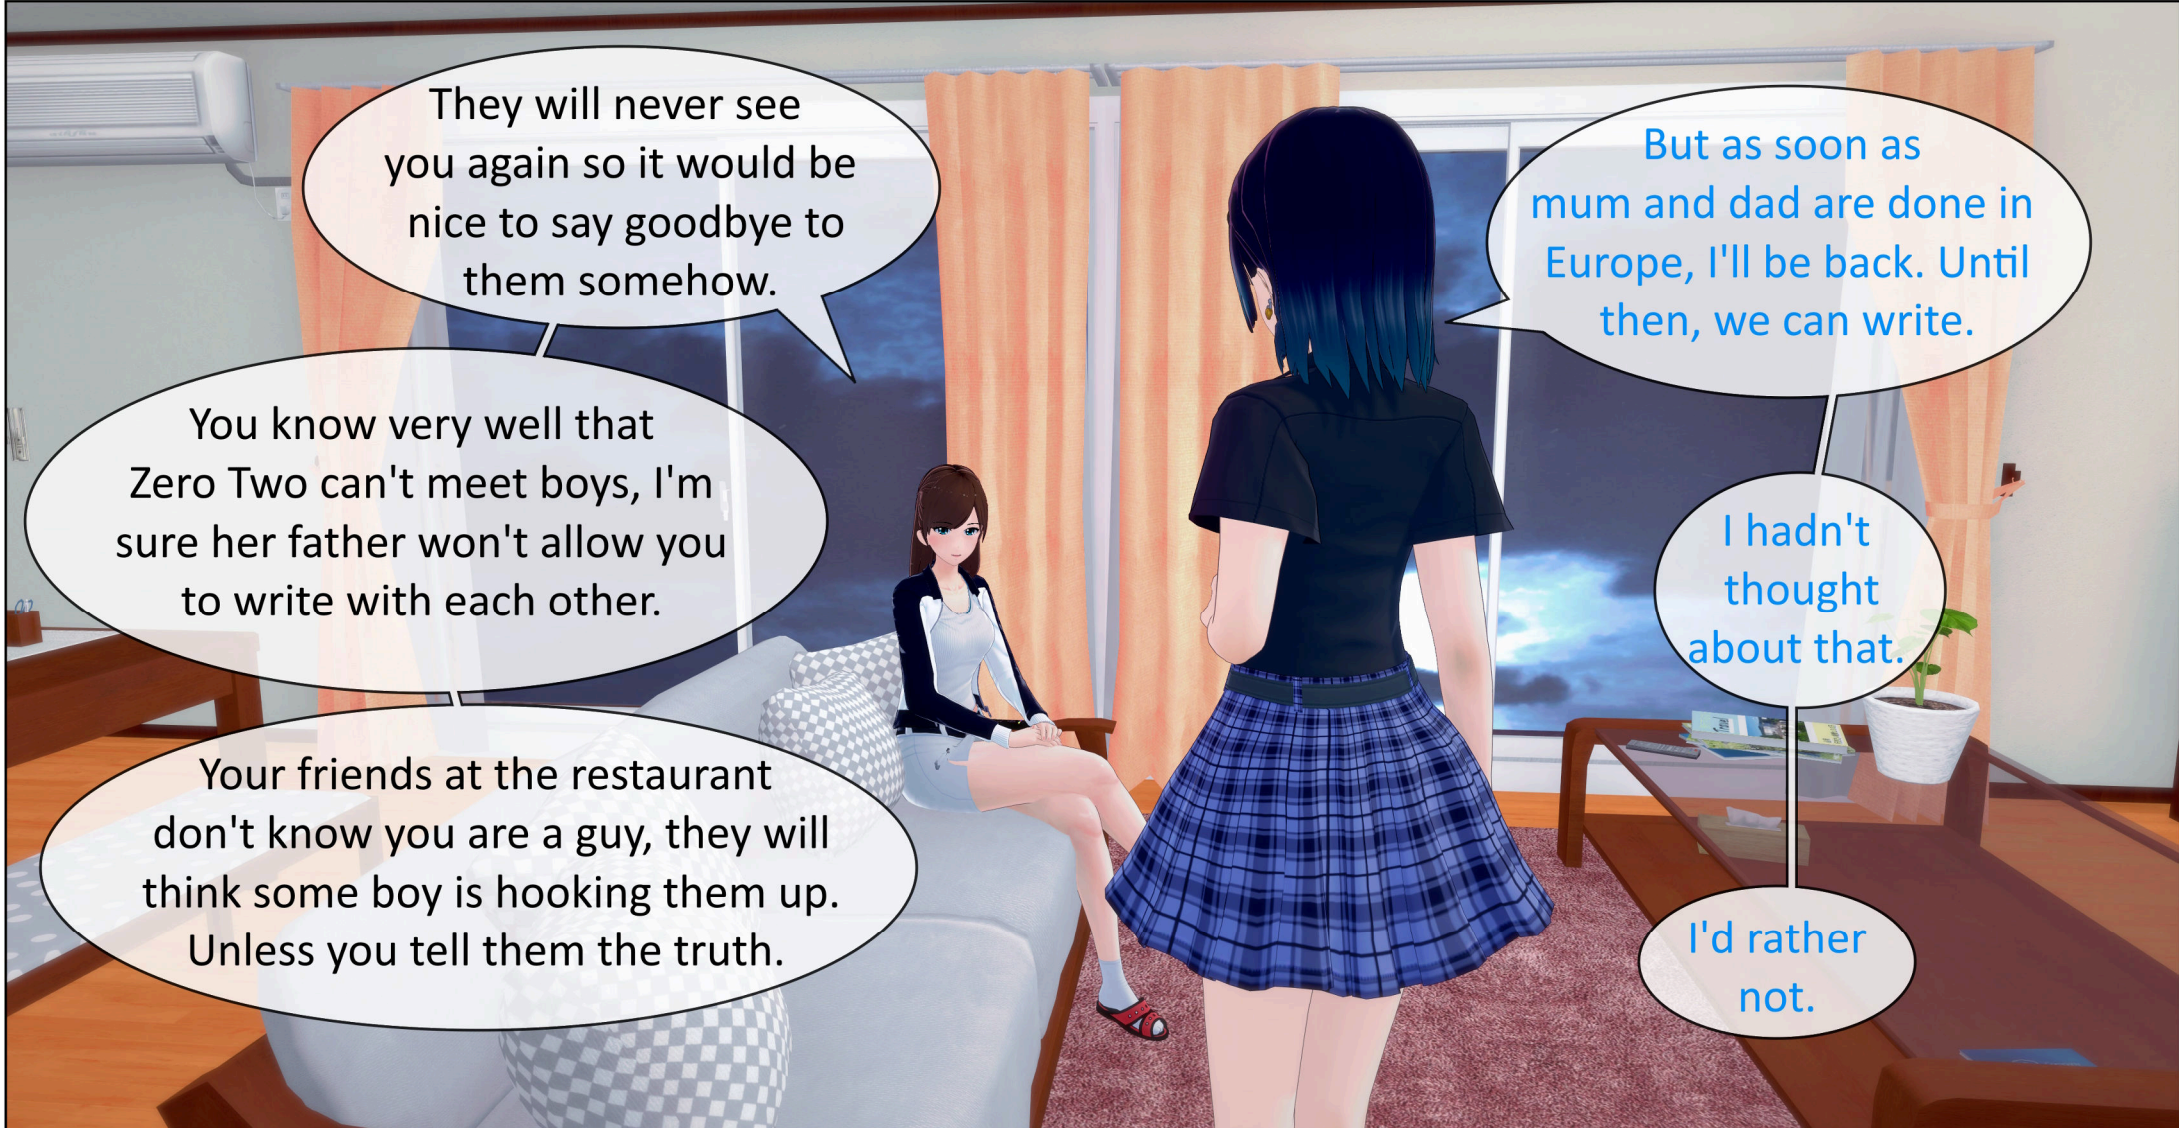

What?

I'll finally be able to stop pretending I'm a girl

Then you won't have to hide from anyone anymore.

Then when are you saying goodbye to the girls? Are you making a farewell party?

They will never see you again so it would be nice to say goodbye to them somehow.

You know very well that Zero Two can't meet boys, I'm sure her father won't allow you to write with each other.

Your friends at the restaurant don't know you are a guy, they will think some boy is hooking them up. Unless you tell them the truth.

But as soon as mum and dad are done in Europe, I'll be back. Until then, we can write.

I hadn't thought about that.

I'd rather not.

So if I leave  
now I lose practically all the  
friends I've made here.

At least this  
much.

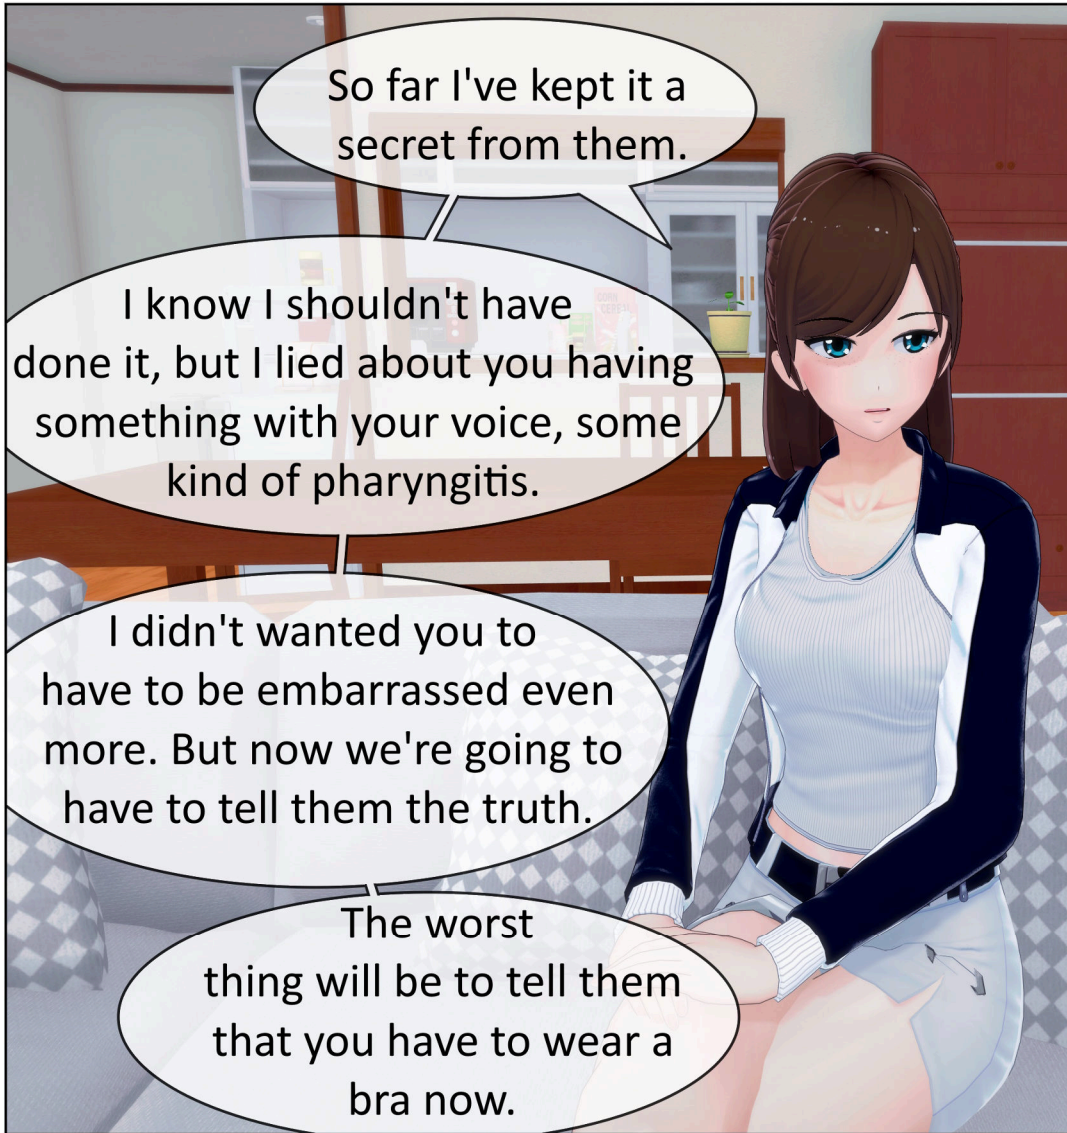

It's unbelievable, I've only  
just gained a great girlfriend  
and already I'm going to have to  
lose her. But I guess I have no  
choice but to accept it.

Of course there  
is still Saki-chan left but it  
would be a long distance  
relationship anyway.

Not only that. You also won't  
be able to hang out with your friends  
from your old school but with them you'll  
at least be able to write.

Of course,  
there is another issue. We will  
have to tell your parents about  
your illness.

During the bath...

What should I do?

Should I really go to Europe and give up everything I have?

Or should I just stay here and wait for Mum and Dad to come back?

Aunt Sora told me to think about it and not to call Mum back until then. But I know very well that I can't do that.

I can't let them see me now.

Me and my swollen chest. Why has he suddenly become so sensitive?

The worst thing is that because of this stupid cage-cleanness I can't relieve myself.

At least it's slowly stopping hurting as I get turned on. But it still doesn't let me do it.

The next day at school...

After all,  
then Aunt Sora will  
have to take this purity  
cage off me.

I'm sure things  
will work out somehow  
at school too.

Or maybe  
I should say yes and go to  
my mum and dad's in  
Europe after all.

It will be worse to  
tell them about my endocrine  
disorder though, but I'm sure  
they will understand.

In Europe, they supposedly  
don't have uniforms in schools. I will just  
wear loose clothes and no one will notice  
my bra. And I'll get out of PE and there'll  
be no problem.

Ohayo Darling!

I'll call her whatever I want.

I at least have something to show not like you.

Probably a driving licence because it's definitely not boobs. hehe

I have told you so many times not to call her that.

And stop sticking your boobs out like that finally.

**\*Angry\***

I have something to show too.

I'll get my revenge someday.

Hi girls.

I can't tell them I'm leaving.

I haven't seen her for a few years either since we were kids and she's completely forgotten about me.

The question is what about the girls?

I'm afraid it will be the same thing that happened with Naomi.

Although she never had a good memory, maybe it's a good thing I wouldn't want her to recognise me.

A few hours later...

What, you want me to spend the night at your place?

I don't know if that's a good idea, we have school tomorrow.

You mean we'll watch a movie and play some games?

Yes, my parents won't be home for the next two days so I have the house free, we can do whatever we want.

You promised to do what I'm asking you to do, did you forget? Besides, don't you want to spend some time with me? It'll be fun, I promise.

...?

Is he serious?

*\*confused\**

Maybe it's just a play on words?

After all, a lot of people call it a game or fun.

Er... Yeah, sure.

We'll play some games.

I've even got the right stuff for it already, we'll be able to play all night.

In fact, since mum took my laptop away, I haven't had a chance to play any games.

All in all why wouldn't I need some relaxation.

Just need to ask my mum's permission first.

Really?

*\*happy\**

Great, I knew you'd agree.

Don't worry, I've already taken care of it and she's agreed.

Yes, she even said she could drive you.

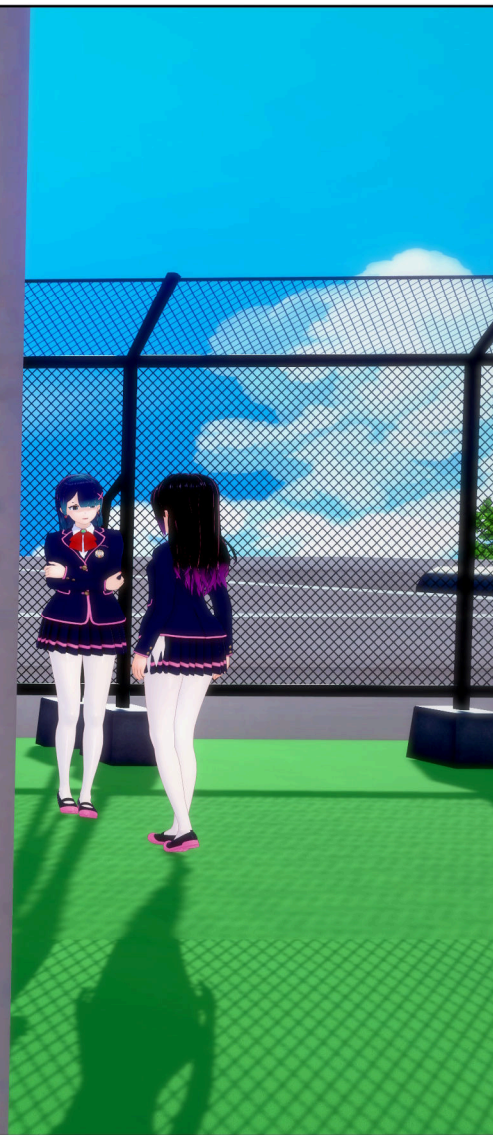

So you'd want  
to spend the night  
with my Hiro.

Hmm. I don't  
think so.

Not as long as I have  
any say in the matter.

And I think I already  
have a plan for what to do about  
it but I'll have to ask someone for  
a favour first.

Evening at the restaurant...

There was a whole bunch of customers again today.

I know but I get terribly embarrassed when there are so many people around.

I've noticed it too but I can't do anything about it, it's like a reflex.

Probably, yes. I just hope it goes away with time.

Yes but for us it's even better the more customers the more tips we get.

There's nothing to be ashamed of and by the way, I've noticed that you've started to shake your ass more.

I'm sure it's from all those walking lessons in heels.

Sorry but I can't.  
I promised Saki-chan  
that I'd spend the  
evening with her.

I promised  
Saki-chan.

But what do  
you need me for?

Okay.

Don't worry  
it will only take  
a moment.

Literally five  
minutes.

You'll  
see. hehe

At Yuri-chan's house...

I don't understand, couldn't we just give it here to someone?

Yuri -chan asked us to leave it in her room.

No!

By the way, did you know that this room belongs to Naomi?

Do you want to see what it looks like?

*\*embarrassed\**

We can't just walk into someone's room especially a girl's room.

Why?

In the room...

Ah Hina-chan.

I always thought  
that boys like to spy  
on girls' rooms.

All in all, you  
wouldn't find anything in  
there that isn't in your  
room. hehe

What  
package?

Maybe others  
do but not me.

Just leave that  
package and let's  
get out of here.

...

But what is it?  
What's in this package?

Er... I don't  
know.

Is that what  
this is?

And what you  
do with it? Is that some  
kind of ointment?

Are you really  
curious?

Do you remember when  
I promised you something to help  
you relieve yourself?

Exactly.

The ointment will  
definitely come in handy for you  
but don't worry, this time I'm  
prepared.

A moment later...

Gross,  
I never thought  
Vaseline was so  
disgusting.

I did as you  
instructed I lubricated it  
with Vaseline and now  
what should I do  
with it.

Because I'm a  
bit disgusted.

**Disgusted**

Now you  
have to stick it up  
your arse.

**\*Shocked\***

What?

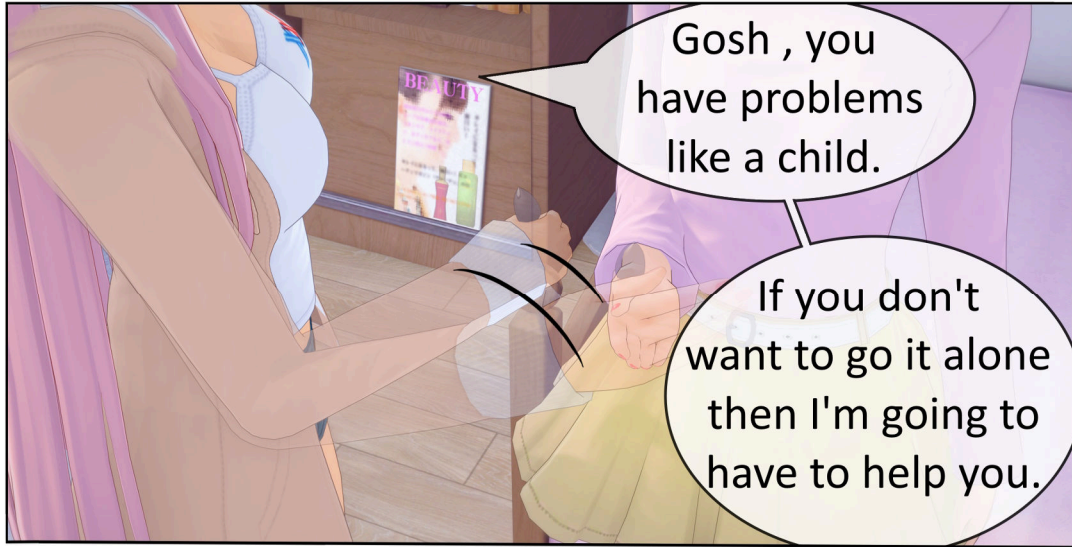

Stick it up  
your ass.

You've got to  
be kidding me. There's  
no way I'm going to put  
it in my ass.

I'm not gay to put  
something in my ass.

And how do you feel?

I did it for your own good.

It's not a thing, it's an anal plug.

**\*Angry\***

A bit strange but why did you do it?

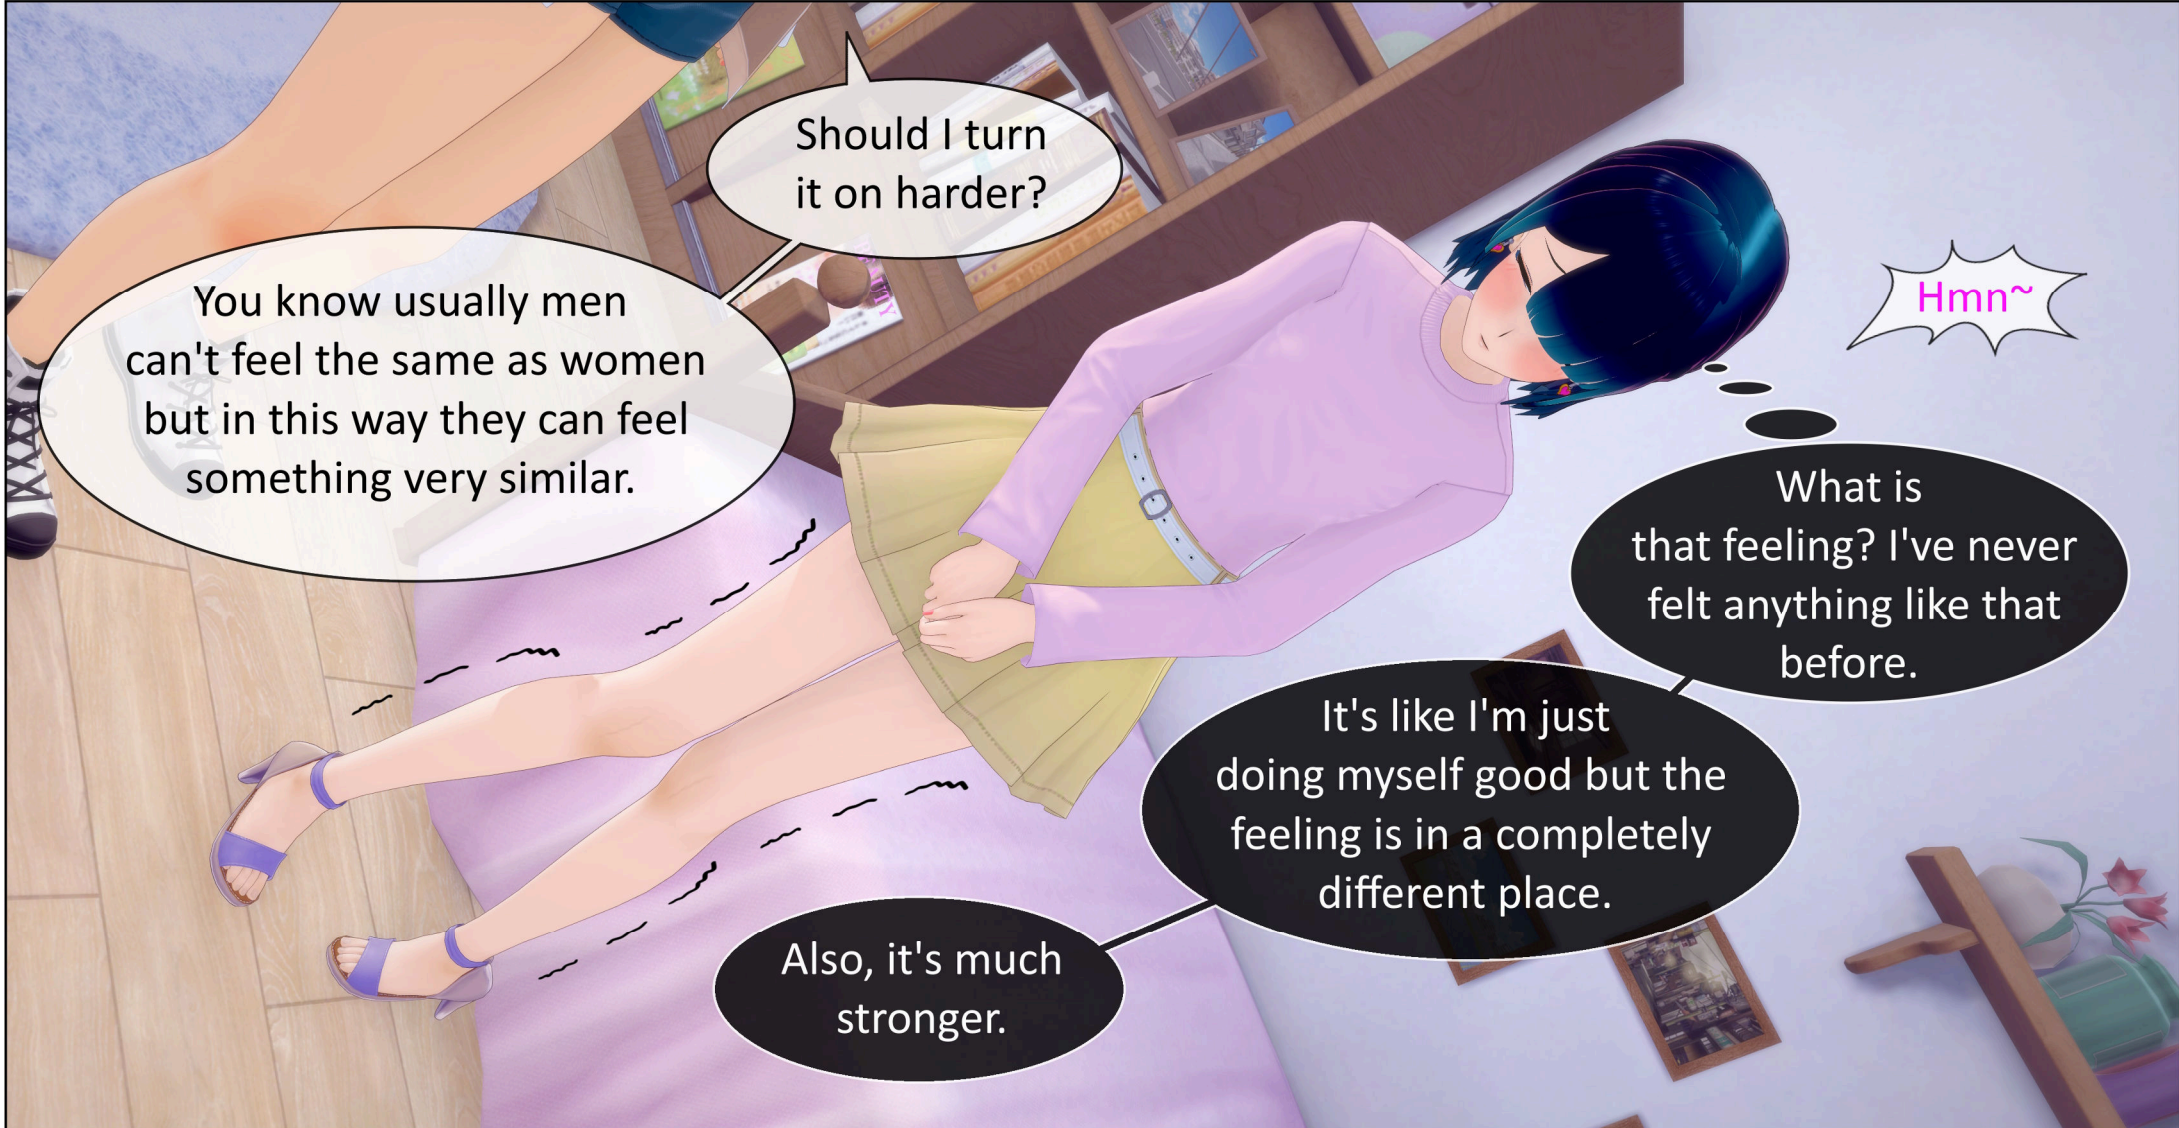

How should sticking something like that up my arse help me?

And how does that help me relieve myself? Apart from the fact that I have something in my bottom I don't feel any special difference.

Should I turn it on harder?

You know usually men can't feel the same as women but in this way they can feel something very similar.

Hmn~

What is that feeling? I've never felt anything like that before.

It's like I'm just doing myself good but the feeling is in a completely different place.

Also, it's much stronger.

So what, do you want to finally relieve yourself? If not then we can end this.

Hehe. Of course, that was only one. You'll see what happens on three.

Naomi told me about it recently. I don't really know why but I knew it would be just right for you.

So without a second thought I immediately ordered it online.

And can you turn it on a little ... harder this time?

Where did you get that thing from anyway?

I just hope she doesn't know I'm a guy.

No worries, even if she knew, with her memory she would have forgotten about it in no time.

She has trouble remembering even names, so no worries.

Now let's get back to you, hmm....

Maybe let's give the three right away.

Really?

Hoooo~

I knew you'd like it.

Sure. hehe

Well, to control it you need a special app for your phone, I'll install it for you soon.

Unbelievable that I really came from something like this.

Can you tell me exactly how it's controlled?

I don't like it at all, but it's the only way I can relieve myself right now.

Thanks

Meanwhile, at Hiro's house...

What!

She went  
somewhere together  
with Zero Two.

**\*Mad\***

Couldn't she have  
stopped her somehow? She  
said she would help me.

That nasty viper,  
she stole my date with  
Hina-chan again.

We agreed not to get in  
each other's way, after all.

How could she  
trick me like that, I was the one who was  
supposed to trick her in the end and take  
Hina-chan for myself.

I promised to help not that I would do everything for you.

Besides, she took Hina-chan straight from work, how was I supposed to do anything?

You need to try harder next time.

Come up with something. And don't forget, love is war.

Ah~But how? What should I do, she's always one step ahead of me.

This could be my chance.

She went somewhere together with Hiro-kun and Zero Two.

After all, who's going to know more about Hiro-kun and thus Hina-chan than his friend from his previous school.

And that might give me the advantage over Zero Two that I so desperately need.

You know, Hina-chan has never told me before that she has a cousin. I wonder what he's like.

That means he's not here either, too bad.

Again, that damned Zero Two.

Me too, Hiro never said anything that he has a cousin.

Some time later...

You mean that she is a lesbian?

Of course she was lying neither she nor Hina-chan is a lesbian.

Yes, after all, Hina-chan has it written on her profile that she has a boyfriend so there's no way she's a lesbian.

I don't believe her to be a lesbian either, she was too interested in Hiro.

What do you think she was telling the truth?

Do you really think so?

**\*Shocked\***

In fact she was very interested in almost everything about him.

The next day  
at the studio...

I still can't  
believe Saki-chan  
wasn't mad at me  
yesterday.

I was sure she was  
going to make a fuss at me  
for not coming to our date.  
Instead, she just said that  
nothing happened.

Do you think something  
happened last night?

I expected  
that too.

What surprises me  
more is that she said it  
was a good evening.

Surely, just a  
question of what?

Although on the other hand, who cares.

At least she didn't complain all day that you didn't come.

By the way, where did you lose your breasts?  
Hehe

You know very well that they weren't breasts, but bags of rice.

Plus they were terribly heavy and not comfortable.

Ah, so that's the point.

*\*embarrassed\**

Yes, sorry I had hair extensions put on.

I also wanted to enhance my bust a bit.

But I don't think that's a problem, let's just do the pictures again.

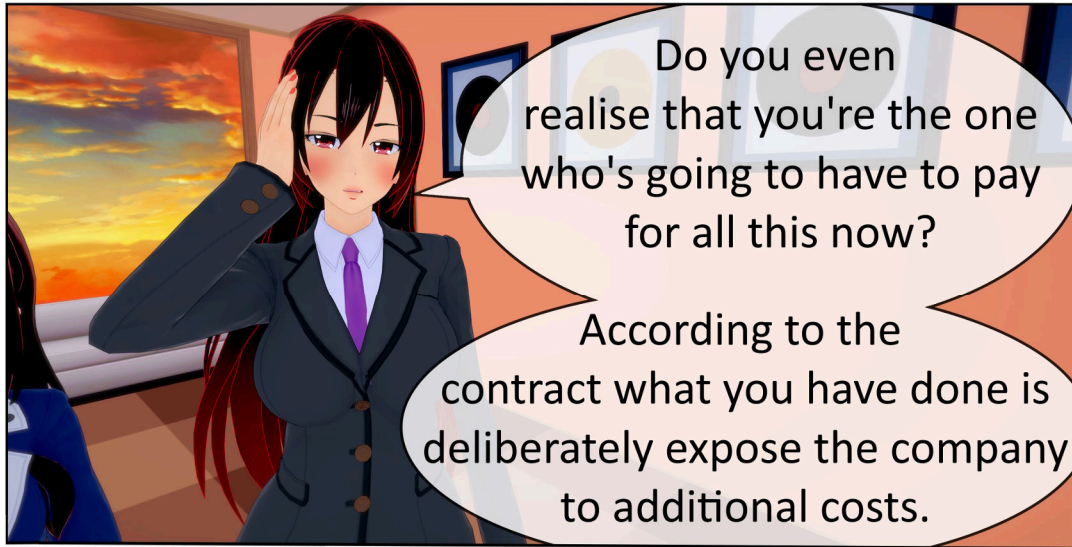

*\*sigh\** It's not that simple.

Our company has already invested a fortune in your promotion.

All the social media accounts, the fake followings, the posters.

Do you know how much that costs?

Some time later...

Top of  
the top!

Top of the  
world!

Top of the top!  
(CUZ I AM THE BEST OF  
THE BEST!)

This time it was  
great. Alright that's enough  
for today.

*\*embarrassed\**

Why do I always end up in these situations?

The worst thing is that I have no choice.

Either that or I'll have to pay some huge fine.

And on top of all that, there are these fake breasts.

Gosh, they look like the real thing after all.

A little earlier in the locker room....

Is this your solution?

Fake breasts?

*\*Shocked\**

Yes, now 100 per cent no one will notice there's anything wrong.

Of course, we still just need to cover up the blending with make-up.

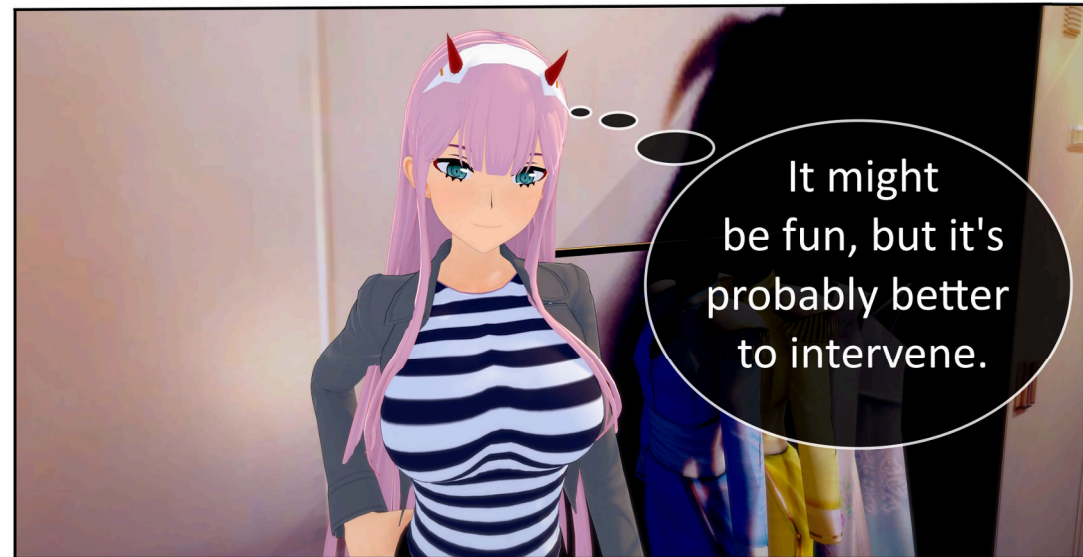

Now you know what it's like to have big breasts. hehe

Back to the present...

It's finally over.  
I still can't believe I'm  
going to have to wear  
this from now on.

Don't remind me.  
I feel like every time I try  
to do something right,  
I only make it worse.

You owe it to  
yourself, you shouldn't  
cheat.

Look on the  
bright side.

Hey Zero Two , what are you doing, we are not alone here.

No, hmm~

I wonder what it would be like if they were real.

\*Squeeze\*

\*Squeeze\*

You have beautiful big breasts now. hehe

You prefer a more secluded place. Besides, what kind of reaction is that?

Have you forgotten that they're not real?

You just thought what it would be like if they were, didn't you?

Unfortunately as it turned out this was a bad idea.

Plus I probably picked the worst time to do it.

Do you really think so?

Please don't joke about it.

I see, well you owe it to yourself but no worries you really do look great.

Yes, many girls would like to look like you.

In the bathroom...

**\*embarrassed\***

After Naomi hid the silicone-skin connections with makeup, it really looks like I have breasts now.

Because of one little lie I will now have to wear this.

Wow, I think this time it all really went too far.

And to think it was all because of one little lie.

But like Zero  
Two said, at least now no  
one will have any doubt  
that I'm a girl.

Luckily it's nothing  
permanent and I can  
take it off at any time.

After all, I'll be  
wearing it a lot now.

Although I don't  
know if I should be  
happy about it.

But I guess I'll have to  
get used to it for now.

To be continued...
