[Succubus]

m Yess, just like that *m* brilliant, keep going *m* It's working wonderfully, make me bigger *m* and bigger and bigger *m* awesome~ keep it coming *m* we're still nowhere near to *m* breaking your house yet, my *m* feet should span the road first *m* and they don't even make it half way yet. *m* So you just have to make me even bigger *m* grow me even faster *m* we've gotta make me huge *m* so I can crush what's left of your *m* tiny little house, and then *m* Ahaha~ and then *m* we can do soo much more! *m* I'm getting excited just thinking about it *m* A succubus's power is their form *m* and you're making my form gigantic *m* All this power, it's so intoxicating *m* soo many tiny humans can see my huge growing body *m* and it's making me more and more powerful *m* yesss, keep going! *m*

[Succubus]

With all this power, I can *m* make my growth even stronger *m* grow even faster! *m* My feet are half way across *m* the road now, if we keep *m* going like this, I'll be *m* big enough in no time! *m* We're actually getting really *m* high up now, all the buildings are *m* already down below my knees *m* and still getting smaller and *m* smaller, Ahaha~ *m* yes, my growth is still getting stronger *m* stronger and faster *m* awesome! Keep growing! *m* Yesssss, this is awesome *m* We're almost there now, just a little more *m* one more spurt, here goes *m* Ahhh~ We did it!

[Succubus]

My feet now spans the entire road. Actually, they're a bit larger than that, I got a little carried away, anyway! Now it's finally time to finish off your house... Get ready, here I go~

[Succubus]

Ahaha~ Look at that, just one stomp and the whole house is practically gone. But there's a whole row of little houses down there, let's see...

[Succubus]

Yes, the second goes down just as easy! And so does the third! Oh this is such fun~ Nothing stands in my way anymore, thanks to you, I'm the most powerful being in this town. I can walk around and crush them all, building by building, just like this... but, I think I might have a more fun idea.

[Succubus] *sits down*

Ahhh~ That's better. Why waste energy walking around when I could just sit on my ass and grow into them all, that'll be far more exciting, don't you think? It looks like you're already good to go, so let's do this once again *m* time to outgrow this tiny town of yours! *m*

[Succubus]

Ohh yes, can you hear it? *m* the sounds of my legs and feet and butt *m* growing into all of those tiny buildings *m* and knocking each of them down like *m* a house made of cards, ahaha *m* it's just too easy, I don't even *m* need to try anymore! They just *m* crumble away against my huge and *m* swelling body! The power game on it's own is *m* so exciting. But I need you to *m* make me swell even faster than this *m* Make me grow faster and faster *m* yess, just like that, I've gotta *m* get huuge~ gotta outgrow this *m* teeny little town. I've got somewhere much *m* bigger in mind for our next *m* destination, and I need to be *m* big enough for it!

[Succubus]

I'm almost there *m* My feet are getting pretty close to the edges of the town now *m* then once I've grown a little bit bigger *m* this entire town will be crushed under my *m* enormous butt, ahaha~ In fact *m* While we're at it, why don't you *m* Oooh~ I see you're already ahead of me *m* Yess, just like that, make my butt even better *m* Look at it go~ It's crushing so many houses *m* you're good you are, I'll have to hang onto you *m* but don't slack now, we're almost there, *m* there's just a few more houses left, *m* yes, one last surge, here it comes *m*

[Succubus]

Ahh~ Look at that! My huuge butt is covering the entire town~ And, it's even bigger than it was. I really will have to hang onto you.

[Succubus]

Now then, we have an appointment to keep. Let's see if the 'big' city is anywhere near as big as I am. And, if it is, then I'm sure it won't be for long~ Ahahaha~
