OTHER, HM?

GUESS SO.

End

!! LOVE! HALLOWEEN! TROPES!!! I don't see enough of it in doujin and it breaks my heart so I must make these to feed myself (and you). I wonder how weird people think this one is... I think it's pretty vanilla but I also had a heavy rotation in the Teen Wolf fandom eons ago so my perspective on werewolf sex tropes is skewed.

As some of you probably already know, my next webcomic (River St) after Avialae (don't worry we have almost 2 years of pages left) is going to be about vampires and spooky shit. Doing this just made me want to start drawing it NOW because I promise you the sex scenes in that will be as creative as this. Probably more so. :)

Hopefully returning to the valkyrie doujin for the next one! Where Gannet also has pointy teeth because I just can't let go.

Thanks so much for the support as always!!
