

Uh huh~
What are YOU planning to do here?

I'm quite curious~

Planning..?

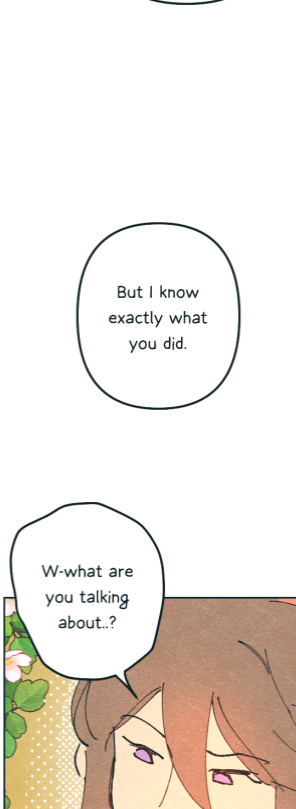

Oh, don't act all innocent now, you came to MY wedding with the Mad Dog!

Of course you have an agenda of your own, no..?

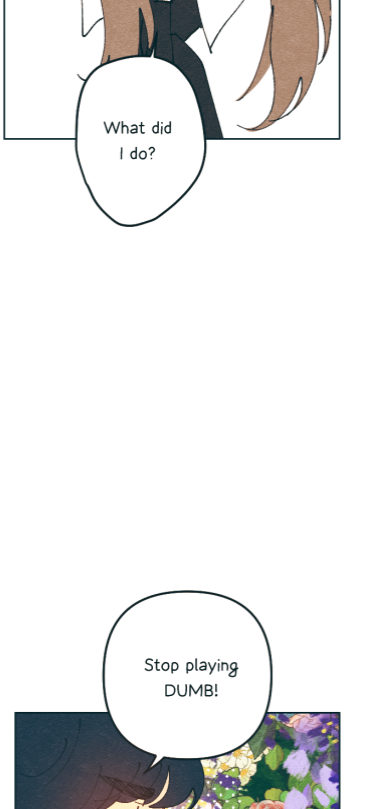

What agenda??
Y-You invited him, didn't you?

A-and I'm his boyfriend..

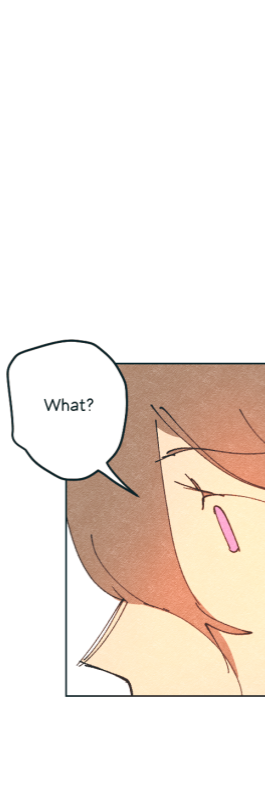

Ugh, Look at you stuttering.. I hate bad liars..

You still expect me to believe you two are dating..?

Neither of you could even say "I love you" to each other properly..!!

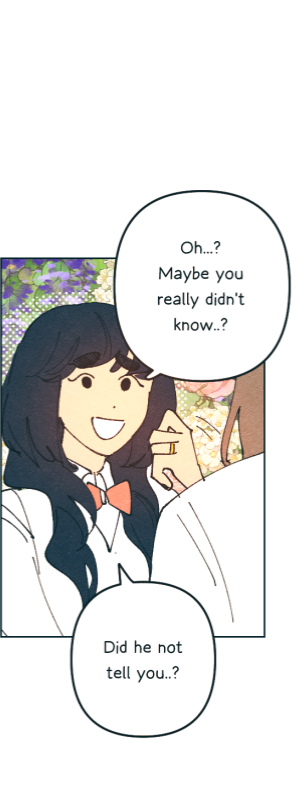

SHIT.
HE FIGURED IT OUT???

I know who you are, okay?

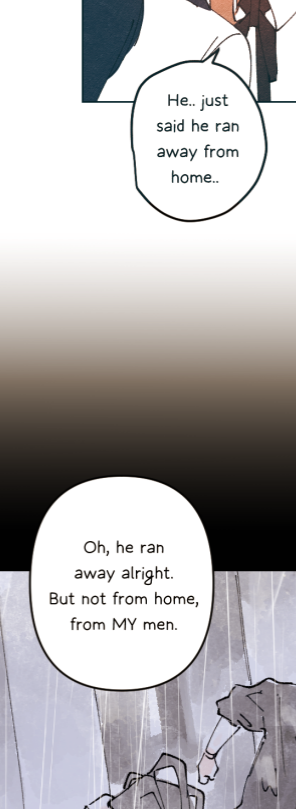

Singco did a good job erasing all of your records.

But I know exactly what you did.

W-what are you talking about..?

What did I do?

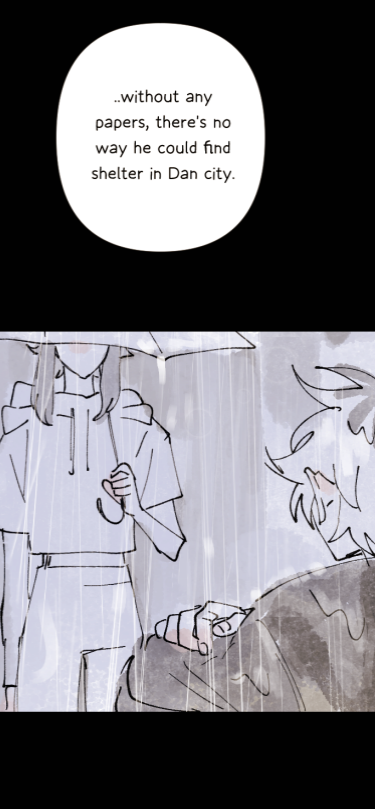

Stop playing DUMB!

I know you saved Crush's life three years ago!!

What?

What are you talking about?

I saved Crush's life..?

Oh...? Maybe you really didn't know..?

Did he not tell you..?

You never asked him why he showed up at your doorstep that day..?

He.. just said he ran away from home..

Oh, he ran away alright. But not from home, from MY men.

I secretly ordered a hit on Crush after he was granted a one year release.

But that bastard got away, we only managed to rob his stash.

Easy target, really. He had just recovered from his injuries,

so he was too weak to fight back..

..but too tired to run very far.

..without any papers, there's no way he could find shelter in Dan city.

..So I really have to wonder

What kind of person

would let a dog into their house just like that?
