

She said we could hug for one minute, and it was precisely one minute.... No more, no less...

It's not a bad thing, right?

It's dangerous. The closer I get to her, the more my greed becomes stronger

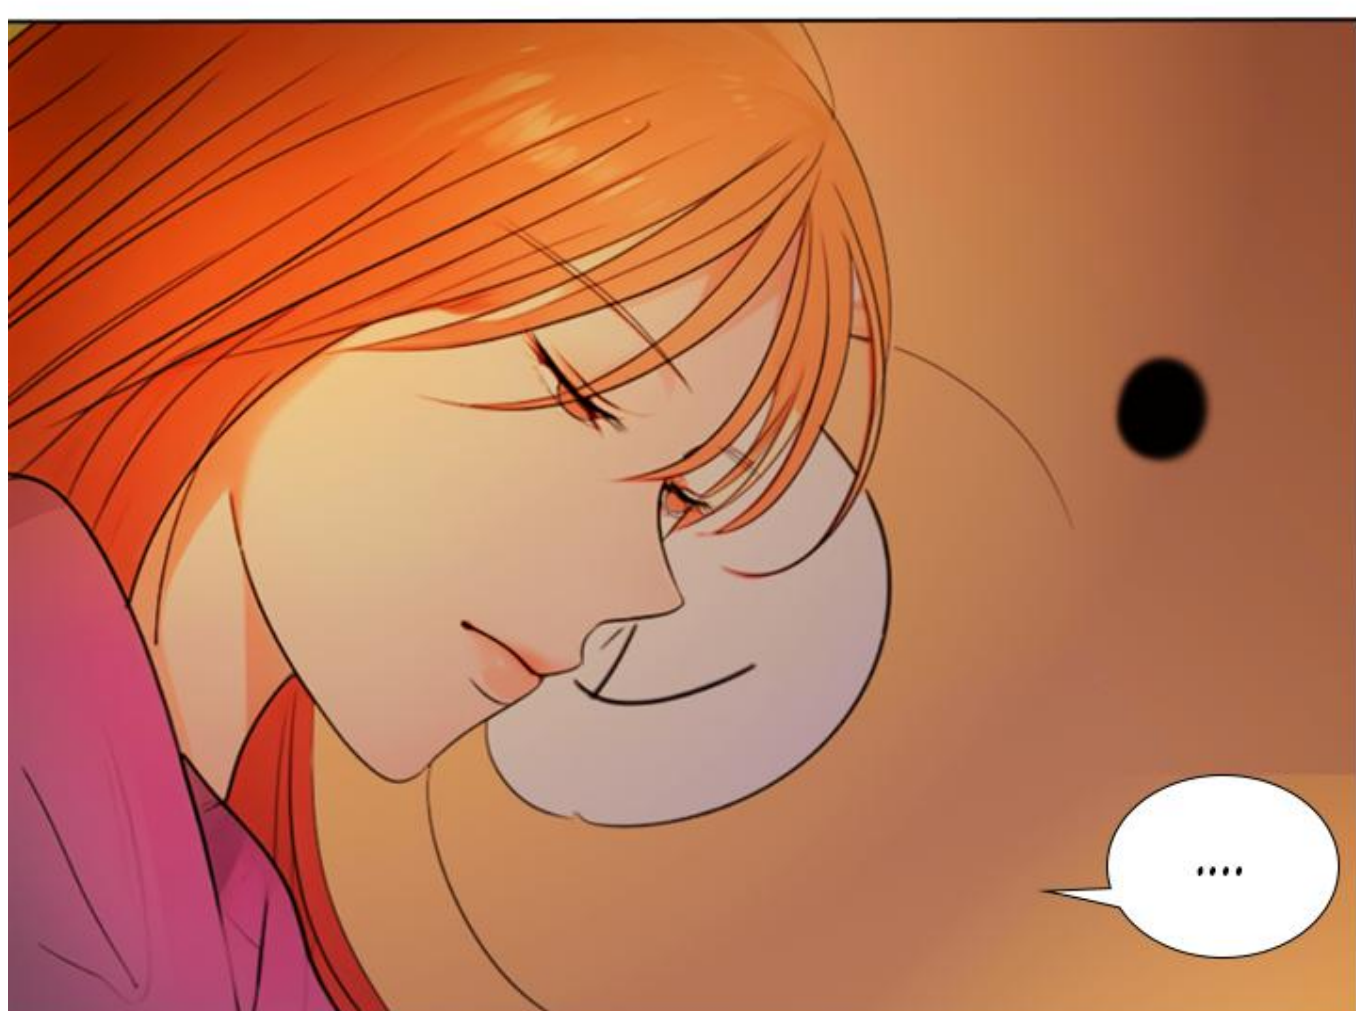

Sometimes...
I despise myself for it,

Aerin ah,
How was your mom?

....

Why suddenly ask about her?

Ack... I don't know

I just...think.. maybe she wouldn't wish to see me come over your house during winter break

What do you want to know about my mom?

It's fine if you don't want to t-

Oh? I mean.... Because we're going out, I'm not sure if she..

It's hard to say. My mom was always controlling every aspect of my life.

If you're on her blacklist, I wouldn't be here right now

She didn't allow you to have friends?

You can say so... I never had any friends until I met Jihyun unnie in middle school. She became my go-to person for everything,

At first, my mom was fine with it. Until one day, Mom told me she hated Jihyun unnie, yet she refused to tell me why

So it's better
if we just stay like
this

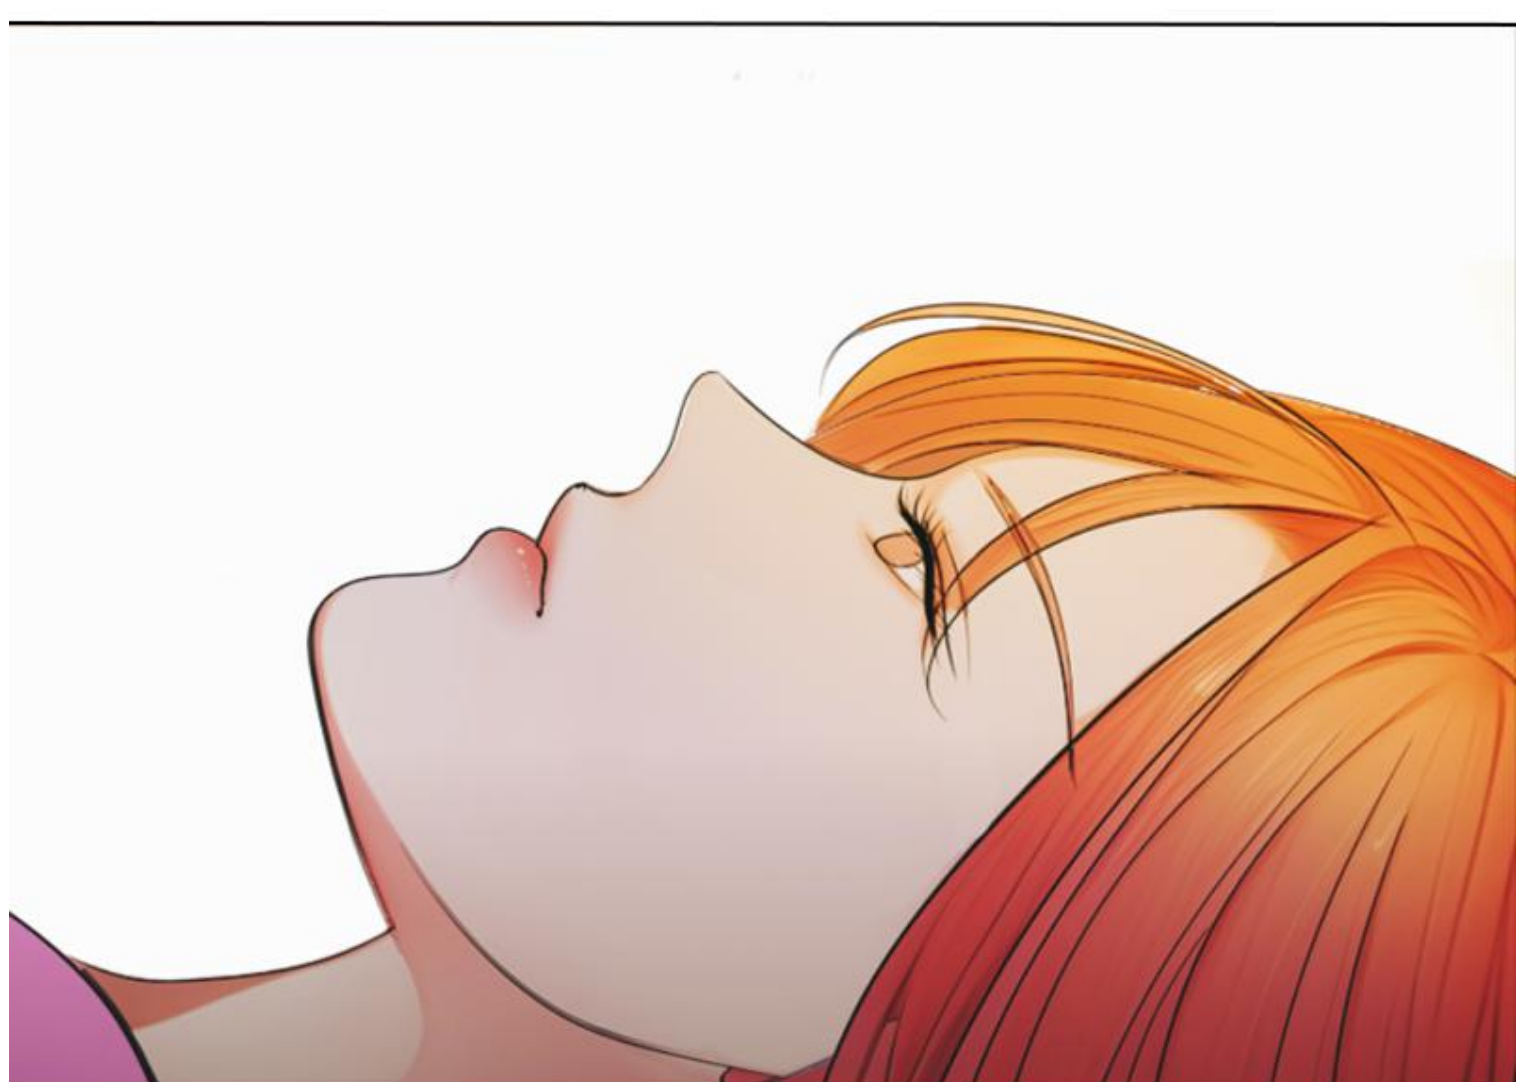

As for now,
Let's keep our relationship
on a down low

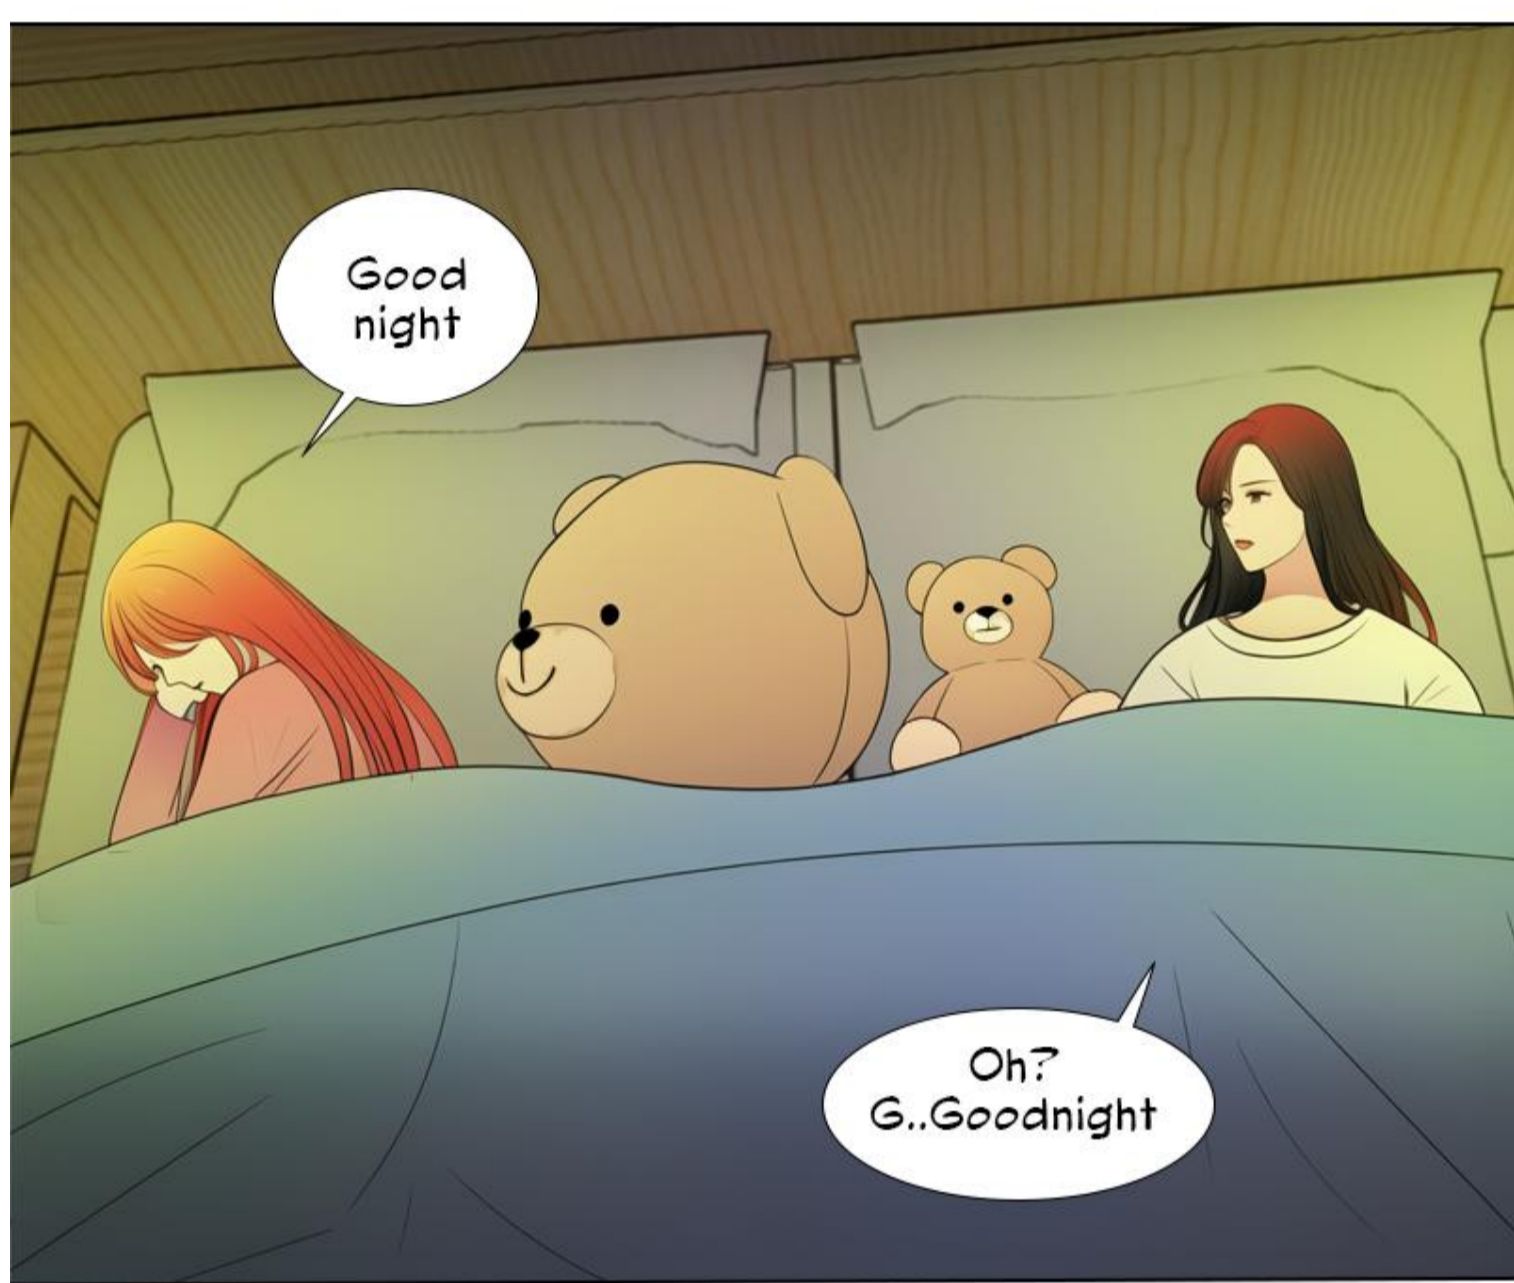

What are you
thinking of?

Of course
I'll make sure
she knows nothing
about us.

Thank you,

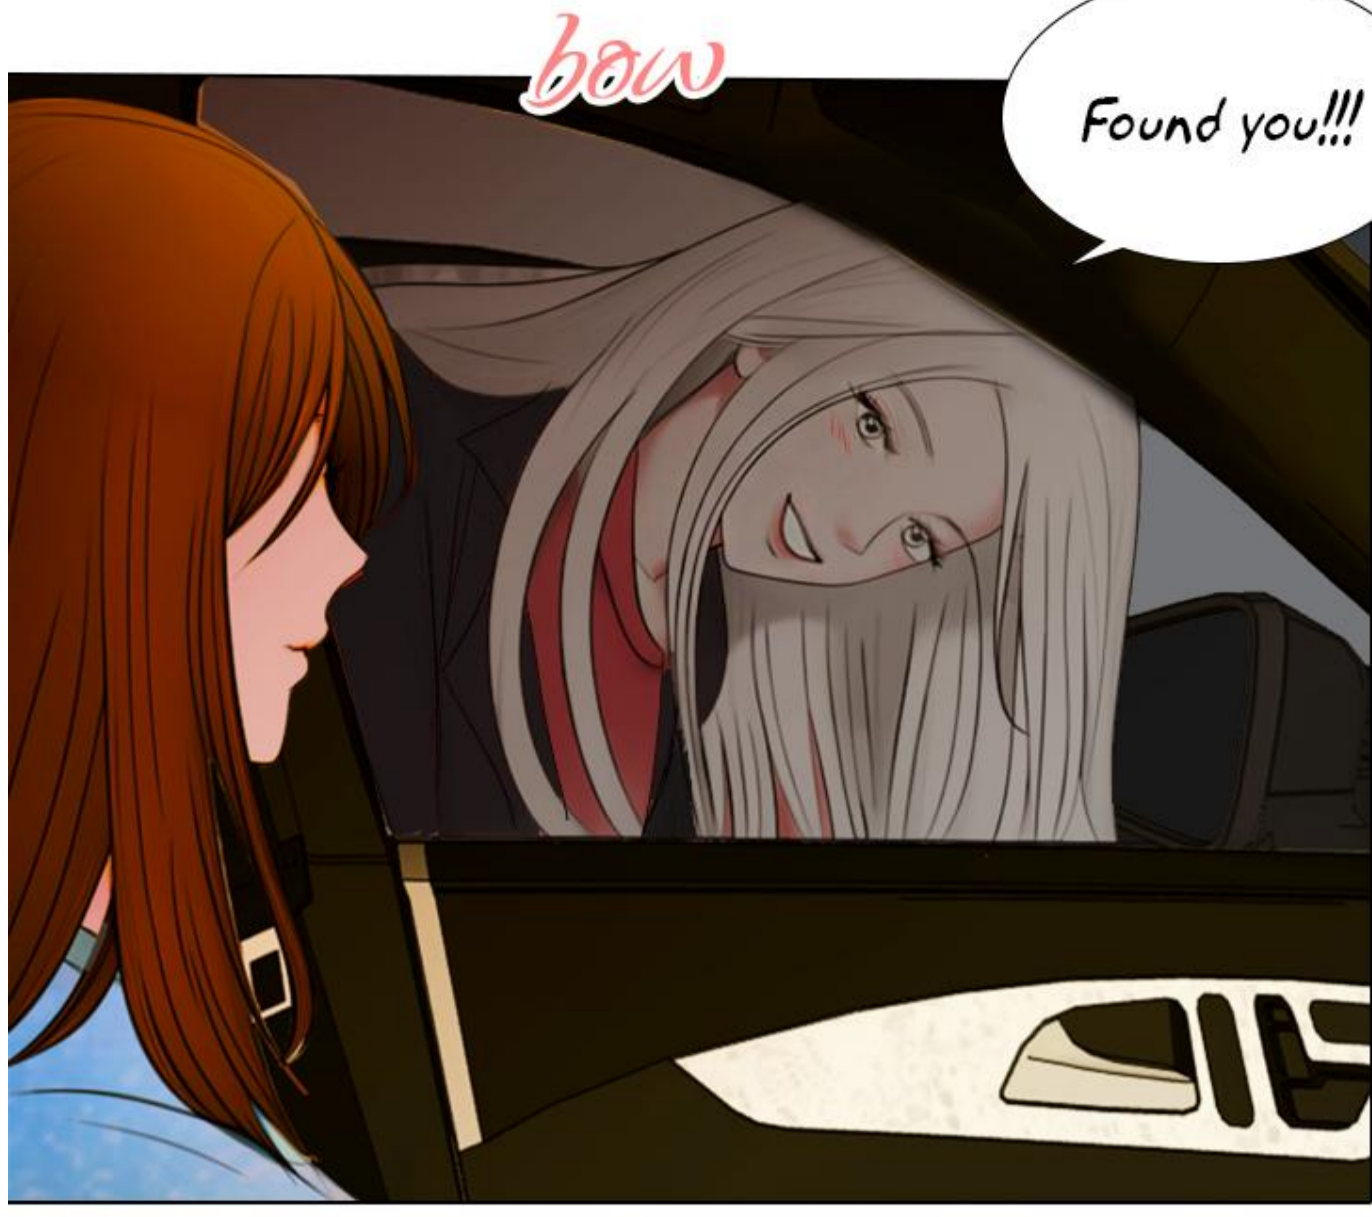

I guess she doesn't want to pursue the topic any further

walk

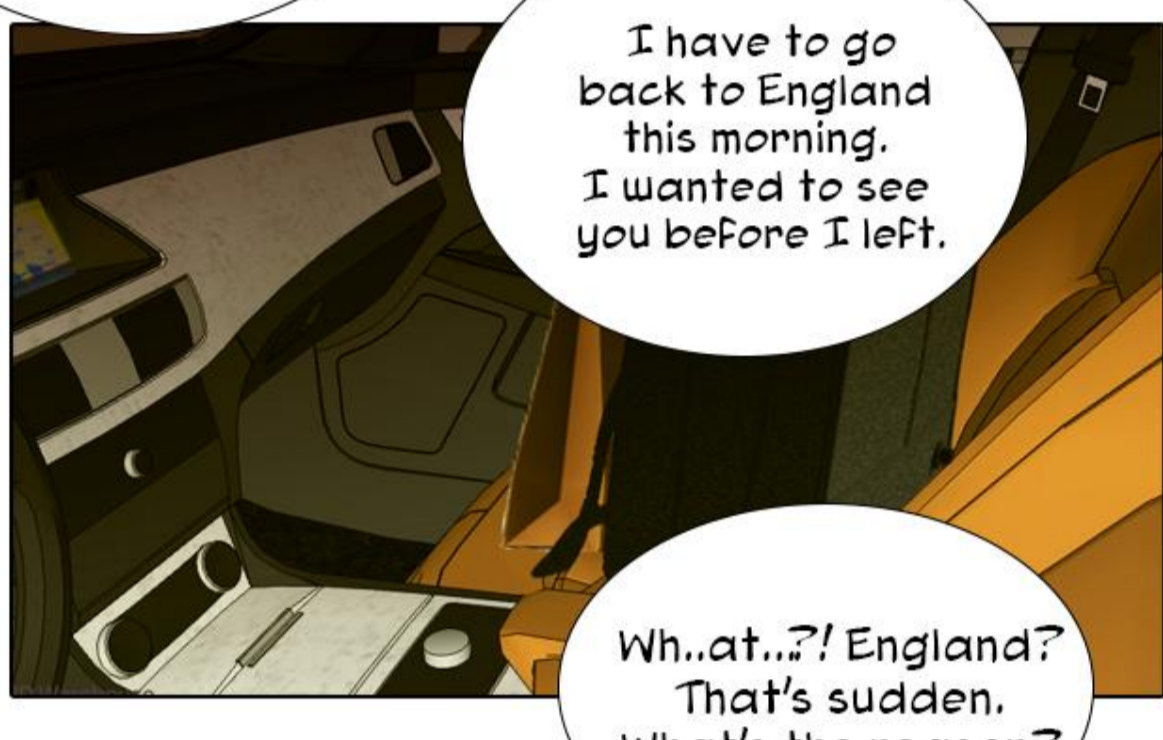

Found you!!!

bow

Teacher,
why did you come
all the way here
yourself?

I have to go
back to England
this morning.
I wanted to see
you before I left.

Wh..at...?! England?
That's sudden.
What's the reason?

Family stuff
You know my dad,
I just got some urgent
calls from him

You could have
just left a message
or video chatted.
It's too tiring to
drive all the
way here

Don't you want
to see me?

How could
it be~

I want to see you
more than anyone
else.

gently

What's with that look?
What do you want?

....Ah?
Why are you still asking?

I graduated~

TEACHER~

smile

....

Can I stop calling you teacher from now on?

I don't want to be your immature student anymore.
I just want to be your lover and stand beside you

You can, but
let's wait until after your
graduation ceremony.
It's best to remain
unnoticed for now.

snuggle

Until that time,
You can call me however
you want.

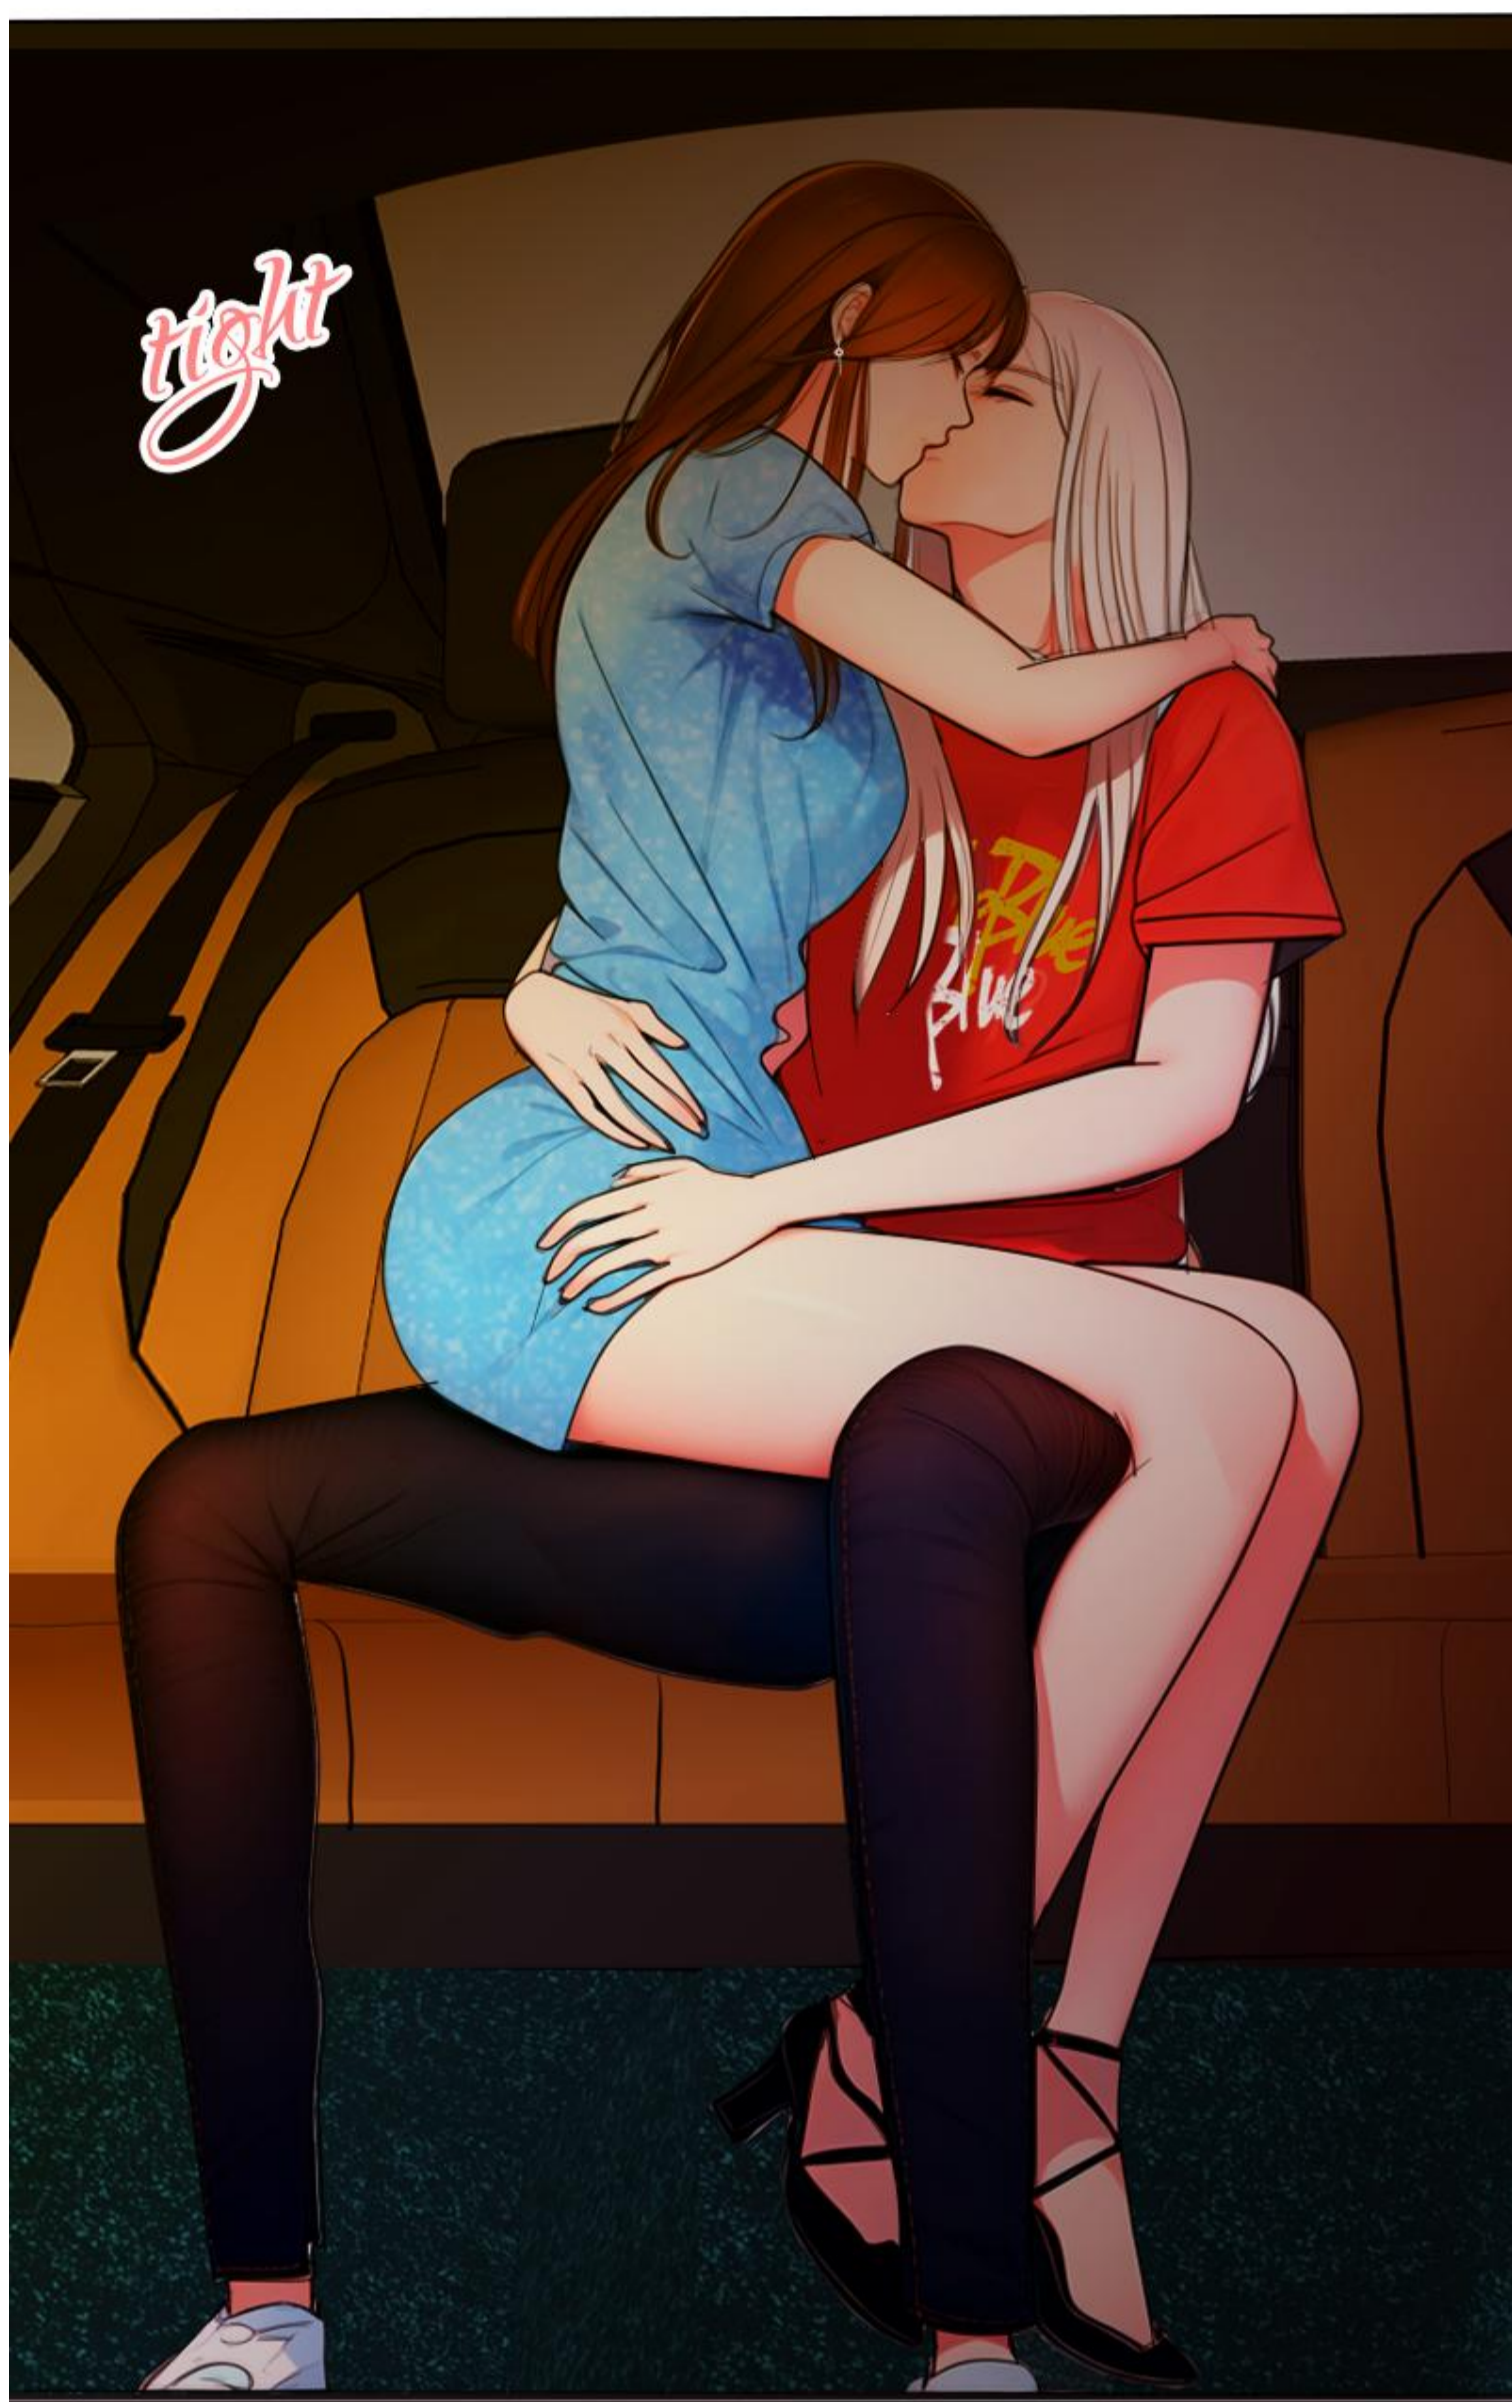

Can I seal the deal
with a kiss?

chuckle

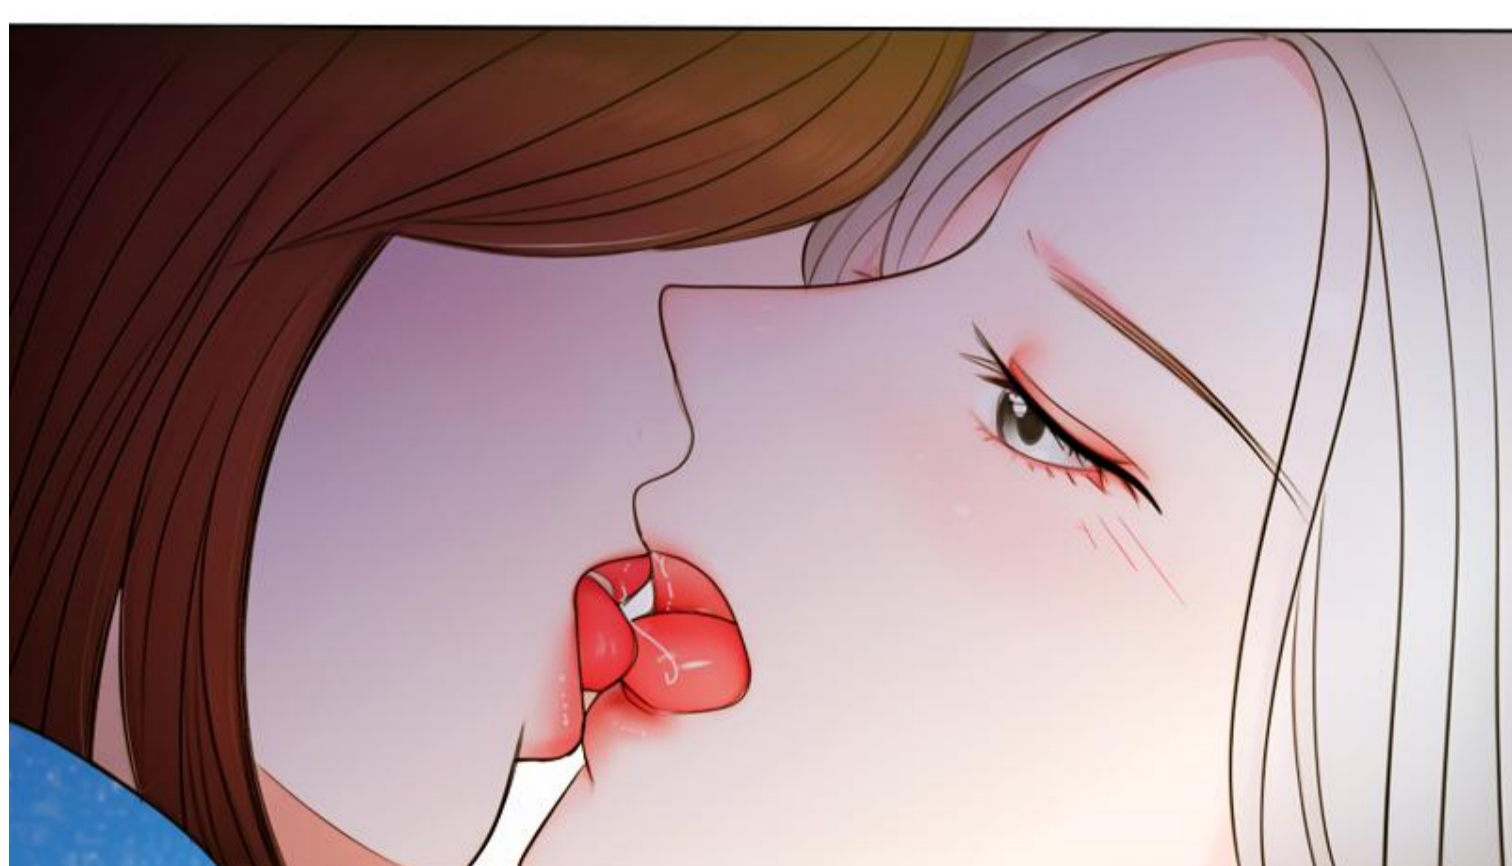

You don't even
have to ask

....

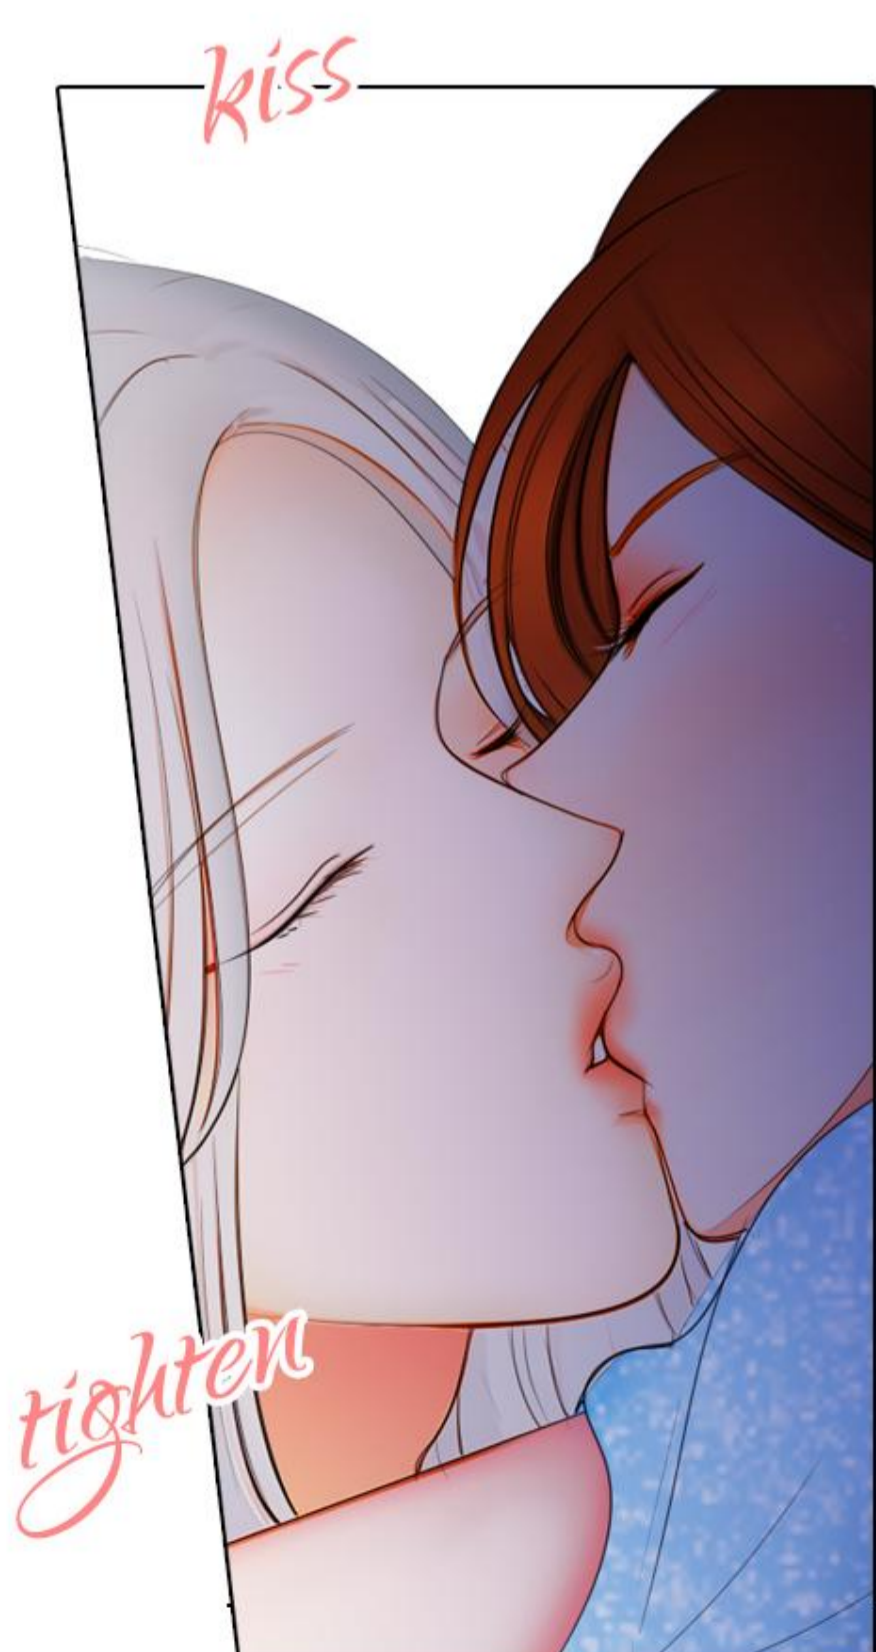

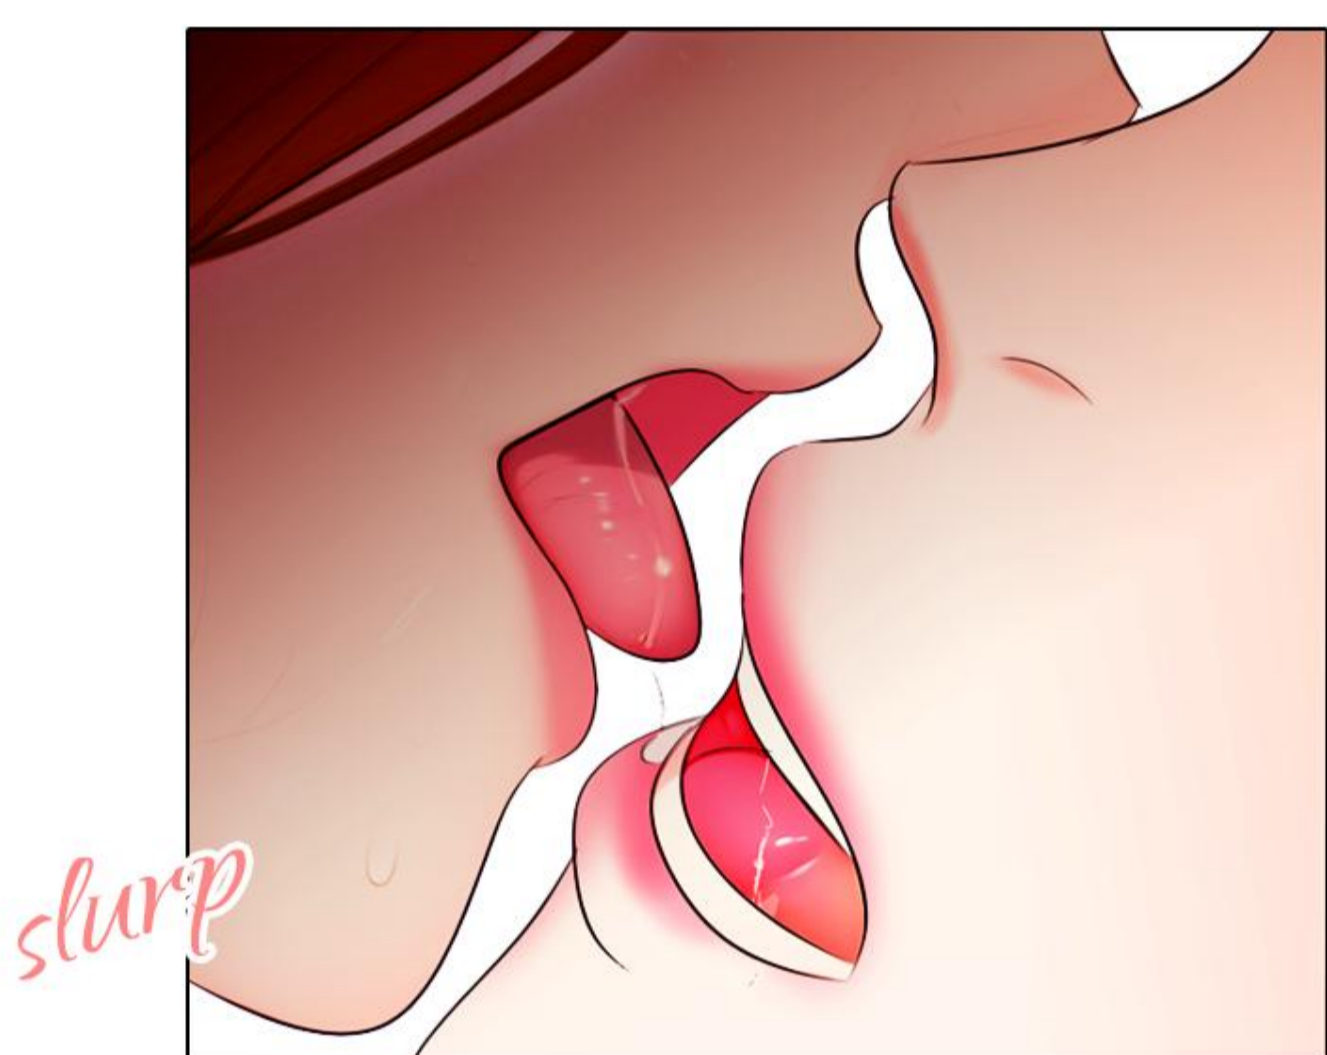

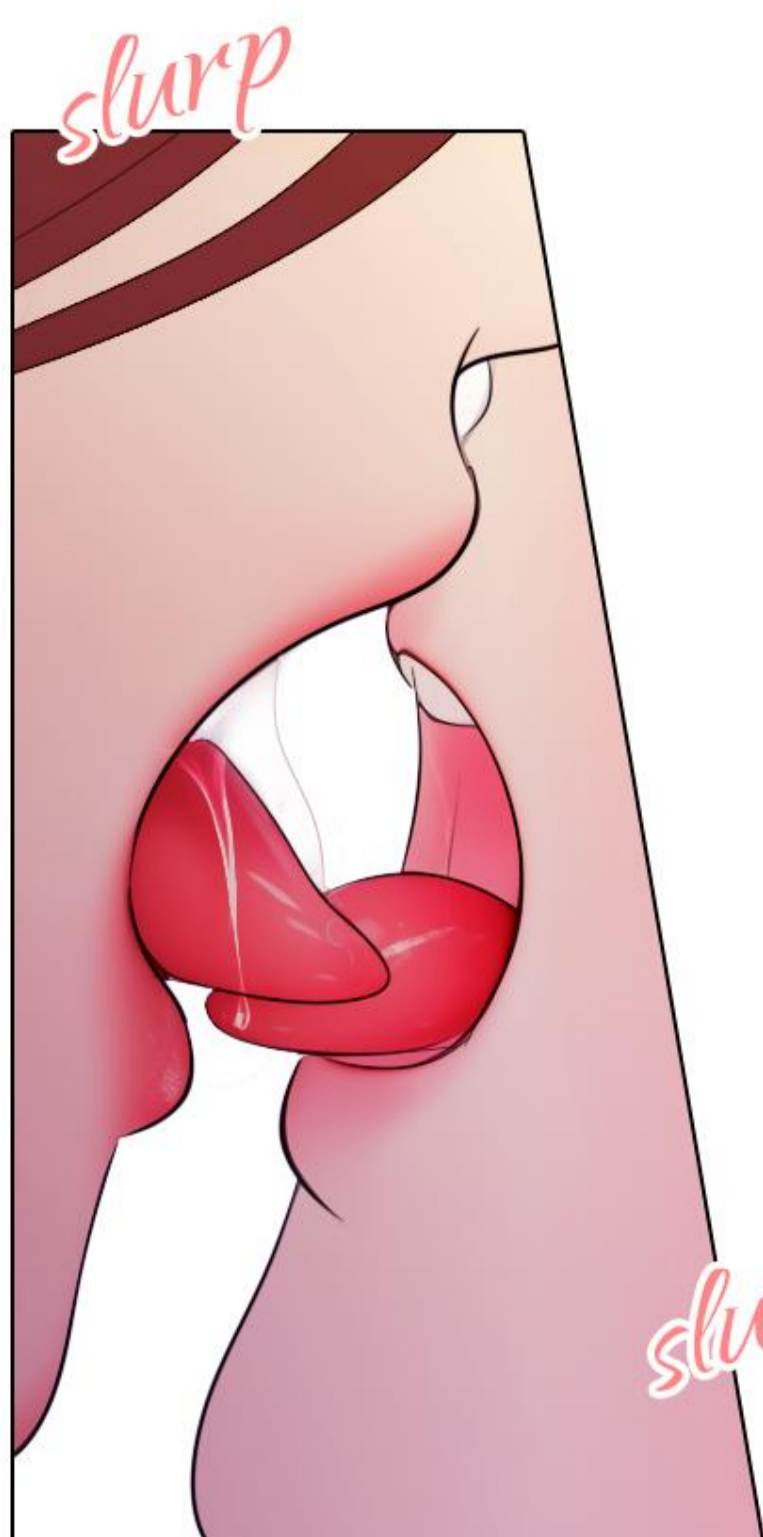

lift

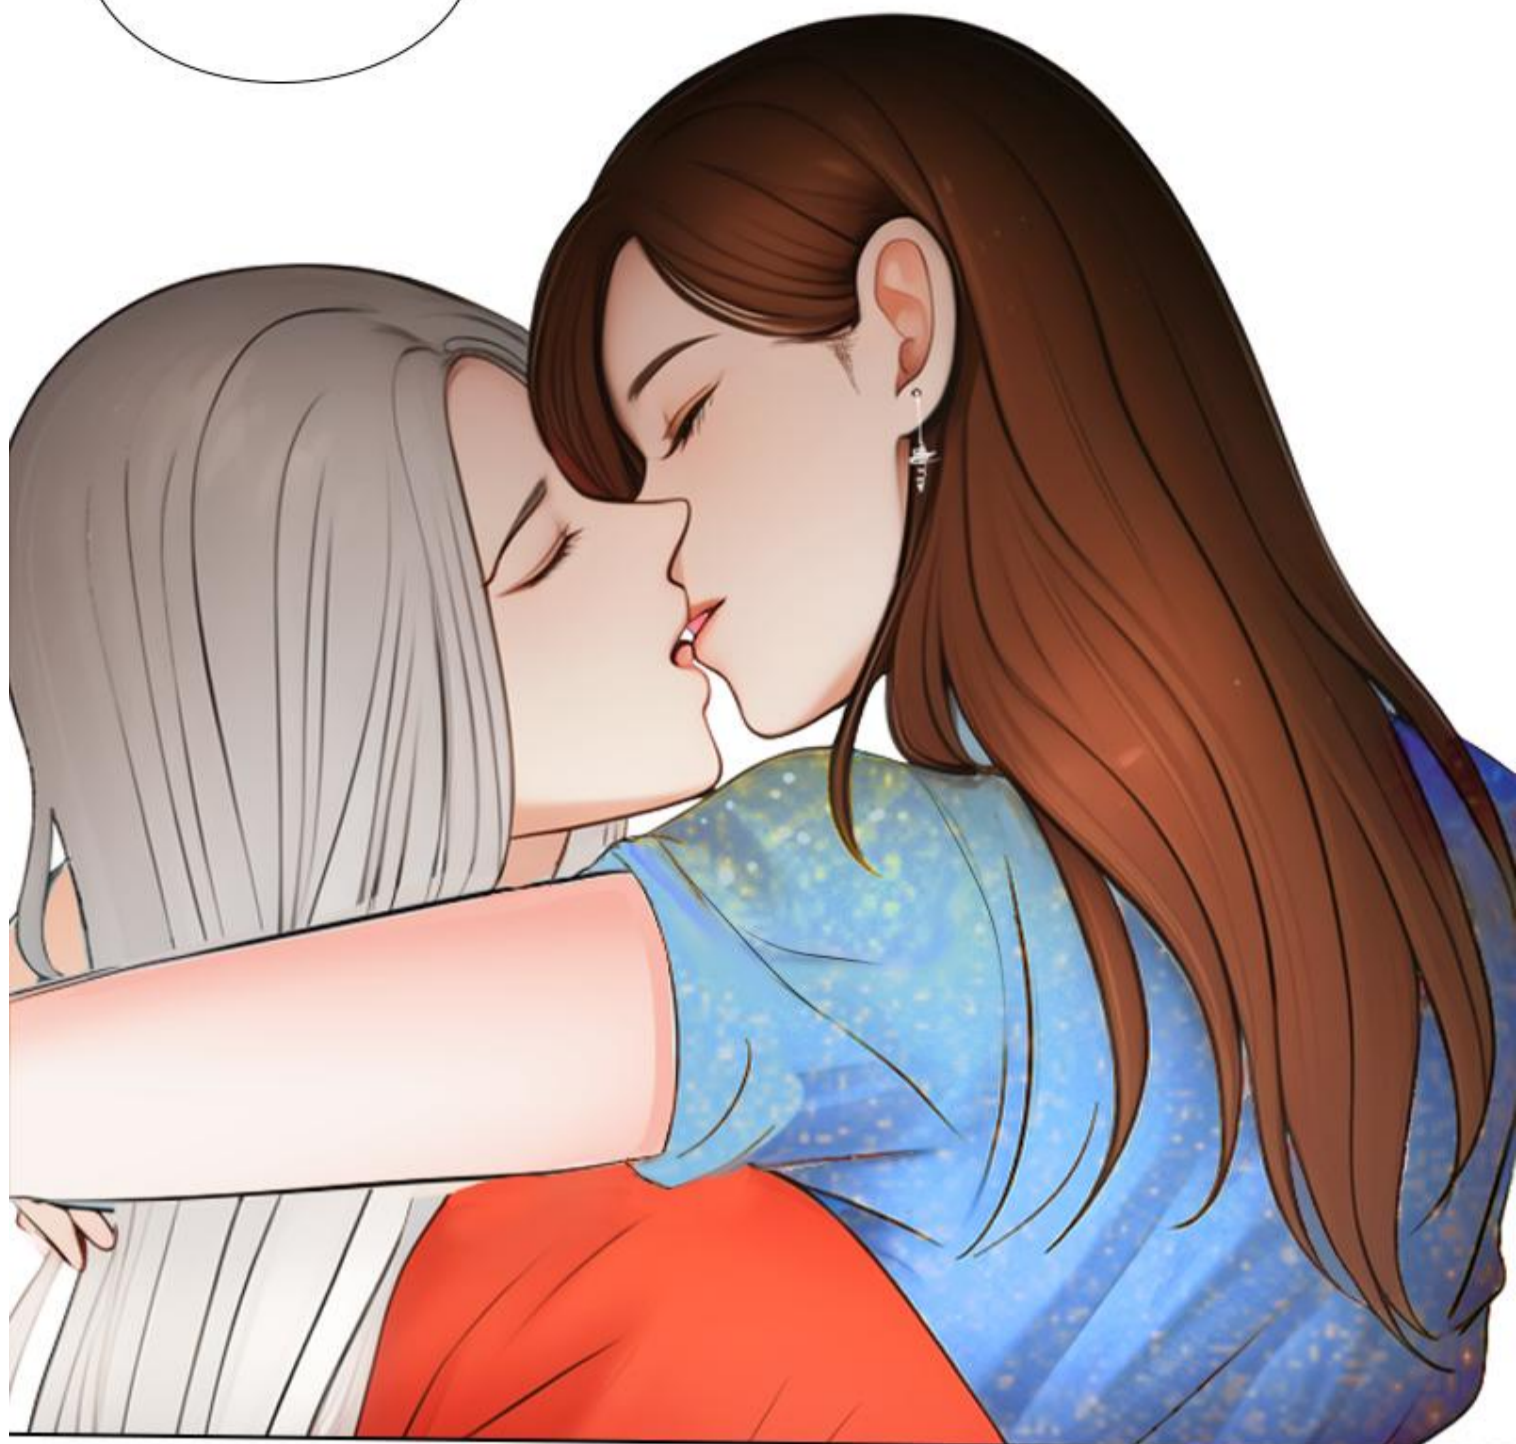

What...

...She is being so forward today

Jihyun ah,

Do you feel like
trying it out
in the car?
